The following communications were received and read:

Board of Adjustment,
City of Newark,
City Hall,

May 12th, 1927.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:—

The Board of Adjustment has considered the application of Maurice J. Zucker, et al. to amend the Building Zone Ordinance so as to change Shepherd Avenue between Clinton Place and Osborne Terrace from a "D-30" District to a "B-50" District, so that apartment houses may be erected.

After visiting the premises the Board of Adjustment is of the opinion that this entire street should not be changed at this time and respectfully recommend that the application be denied. The Board will, however, be glad to hear applications for individual buildings on this street as they may be made from time to time.

Respectfully submitted,

R. B. Rankin,
Secretary.

Ordered filed.

Association of Exempt Firemen,
Bayonne, N. J.

May 16, 1927.

To the Commissioners of Newark,
Newark, New Jersey.

Gentlemen:—

The above association invite you to take part in our demonstration that is to take place in Bayonne, N. J., on May 18th, at Bayonne Opera House, at 9.45, and parade at 2.15 P. M. Trusting to see you, I am,

Respectfully yours,
Frank Devlin, Sec'y.

On motion the invitation was accepted and the communication ordered filed.

The following petition was received and read:

To the Mayor and Board of
City Commissioners:

We, the undersigned citizens of Roseville, petition your Honorable Body to open and continue First Street along the west side and parallel to the Morris Canal from the present terminus to Park Avenue for the following reasons:

For years past there have been at least five dead end streets which will be opened up and continued through this improvement.

First and Bergen Street in the natural course of events are bound to become a prominent crosstown thoroughfare. It is the only street running direct from the Hill section across Newark to the County Line and this should be carried out, to connect with Park Avenue and seashore traffic..

We are of the opinion this is the proper time to make this improvement and hence we petition your Honorable Body to consider the need of this street opening.

(Signed by 131 property owners.)

Ordered referred to Mayor Raymond.

Mr. George R. Jackson, 106 Broad Street: May it please you honorable gentlemen, I represent the Citizens' Committee of Roseville to further the extension of First Street. I have with me this morning a petition signed by 141 property owners and residents of that locality and nearby, who have for some time past lived in the hopes that some day First Street may be extended to alleviate that desolate condition that exists up there today due to the reason of only one outlet. Gentlemen, there are up in that section five dead end streets, which is First Street, Second Street, Third Street, Seventh Street and Sixth Avenue, and which is used considerable by the motorists and the people in that locality, and they all go down to one point and they find themselves in the same position as the young fellow dressed up on Sunday afternoon with nowhere to go; they are in a blind alley and don't know which way to

turn. Aside from that, the keynote and the reason why this is essential that this First Street be extended, is the great problem which concerns Newark and other larger cities today, is traffic. Aside from Broad Street there is no other street line which runs through the city until you hit the East Orange line on Grove Street. We understand today, due to preparation which has been made to have First Street and Bergen Street extended over from Belleville Avenue a straight line from Belleville into the Hillside section, and that is essential from the standpoint of traffic. There is no question about it that property owners may derive a certain amount of benefit, but it will have increased valuation, and, gentlemen, so far as the taxpayers, they have been taxpayers for years and they have been tied up there hoping it would be opened any time, and I have to submit to your Honorable Board this petition, and ask that you give it every consideration possible in the hope we may gain our point. As far as the school is concerned, we feel there is sufficient room for the school and also for this street; it is only sixty feet wide.

Commisisoner Howe: Is there room to erect the school and still improve the street?

Mr. Jackson: There is, Commissioner.

Commissioner Howe: Without the school being made to buy additional property?

Mr. Jackson: I think so.

Mayor Raymond: The Vocational Board says there isn't. They say there isn't. That is their judgment, and I suppose that is final, so far as we are concerned.

Hon. Paul J. Moore: Gentlemen, supplementing the remarks of Counselor Jackson, in the interests of the citizens of Roseville I think that it is an improvement that should be taken up immediately and put through. Now, the general opinion of the property owners in that vicinity is opposed to the erection of the school there, but in the interest of education and advancement they did not protest; they entered no protest at all, and we think it is unfair on the part of the school authorities now when we come up and

petition this body for relief, for them to object to something that is much needed in the interests of the general public, particularly the residents of Roseville, and on behalf of the Committee I petition, along with the Counsellor and the rest of the Committee here, that this matter be taken up and given serious consideration.

Mr. W. P. Macksey, 360 Roseville Avenue: Coming in the interest—as a realtor, I want to state I do not own property in the immediate vicinity whatever; I have no connections in any way whatever, but the citizens in Roseville, so far as I have been able to find out, have called me up and asked me if I would not appear here, and I am thoroughly in favor of it. Last week when Mr. Hood was talking, he brought up the question and seemed to dwell upon it in both of his arguments that this street would surround, if it was placed on it, would surround the school by streets. When the vocational school took their first property at Roseville Avenue and Third Avenue and Seventh Street, it was entirely surrounded by very very busy streets, Roseville Avenue being especially a busy street. They do not take into consideration that if that was a splendid site, the only reason why that site was abandoned, I am informed, was because the Freeholders thought at that time the price was a trifle high. They did take into consideration then that there was a great deal more traffic on that street today than there will ment goes through. They are ready and men goes through. They are ready and willing to place the school over there even with all the existing traffic as it exists today. Another thing, Roseville Avenue is the only thoroughfare that we can get up to Bloomfield Avenue through the streets of Roseville. You have had a petition here about street improvements on Roseville Avenue; people have come down here and hollered about the assessment they would have to pay for the improvement of that street. It is going to relieve these people on Roseville Avenue of a great deal of traffic if this improvement goes through; it is going to relieve our residential districts and our side streets where a great many people have lived in quite and peacefulness, where there is a great deal of congestion now. This will border the park and the

canal, and it is a city property—that is, I understand it belongs to the Acqueduct Board and the property that the Vocational School are obtaining now doesn't cost them anything; they are getting it free, and even though they had to get two or three adjoining properties; it will be very cheap property for the vocational school if they do acquire a few properties. It would be almost eighty per cent. cheaper than the Roseville Avenue site would have been which they were perfectly willing to purchase at that time for their vocational school, and from plans that I have seen this street won't permit the proposed building that they had on it, although I would say myself they could acquire possibly two or three other properties there to fill out a certain corner, and if they did they can go to condemnation and acquire those properties probably cheaper than you or I if we went to buy them individually, and it would not be but very little expense. The expense would be very small on the Vocational Board, and I think all the rest of the citizens from Roseville want this very much needed improvement for the extension of First Street.

Mr. Leroy Hanlon, 228 Third Street: Mr. Mayor, and gentlemen of the Commission, I am a taxpayer and a property owner, living directly opposite the lots where the school is to be built. The neighbors in that particular vicinity were against the erection of the school in the beginning, because we rather enjoy the large open space in front of our homes, but we don't want to stand in the way of progress and education so we made no protest against it. But we do feel that the County Board of Education is standing in the way of progress when they oppose the opening up of these blind streets. On behalf of my neighbors I petition your Honorable Body to extend these streets as outlined. I thank you.

Mr. Lincoln A. Virtue, 228 Third Street: I find myself, gentlemen, flanked on all sides by my good friends, the Democrats of the Eleventh Ward, and I felt that I should come down as a Republican and say a word about this representing the Republicans—

Mayor Raymond: That is called

Democracy Street; nobody else wants it.

Mr. Virtue: I was afraid they would steal part of it from it if I didn't say something. I want to come down representing Mr. George W. Heath, a manufacturer on First Street, and a large property owner on First Street and Second Street. Mr. Heath feels that as you are improving First Street and Bergen Street from the North end of the city and the southerly end of the city, that it ought to be continued on as far as possible, Park Avenue or Bloomfield Avenue. He was very much alarmed only on Saturday between the hours of six and seven, Director Brennan, if you please,—we had to call for the Fire Department. The Department had to go clean out to Orange Street from Fourth Street down to First Street, and back to Seventh Avenue to reach that call. That whole district,—and I lived there 27 years, Mr. Mayor—I am sorry to say I don't own any property there—I did, but I sold it—that whole district is in that predicament where really it is a life or death for him when the fire department at some time or other—you cannot turn Sixth Avenue and Third Street; it is sawed off—the apparatus couldn't do it. They cannot turn into Seventh Avenue unless they come right down to almost a dead stop. They have to go to Orange Street where the street is wider, where they can make a turn. That is the predicament we are in, and Mr. Heath, likewise myself own residences there, appeals to this Commission to give this a thorough consideration and put this road through for us. I thank you.

Mr. John J. McLean, 226 Second Street: Mr. Mayor and Honorable Board of Commissioners, I think that I have the right to say, because I happen to be one of the owners of a house on that dead end of Second Street. I can remember back fifteen years when the Park Commission was about to make the improvement which we thought should take place bringing the park to Seventh Avenue, and we went along with the intentions that the street to be cut through to give us an outlet. I understand from what I hear in this discussion, if this school is to go up there we will have a brick wall. Naturally, it will be on my street more than First Street or Third

Street, and I want to say this, gentlemen, it isn't a matter of any discussion of politics. Last evening I made a canvass, a canvass of every residence on that Street, and I didn't meet one person who was not willing to come here this morning and also sign their name on that petition to be in favor of it. I might say, I was born and raised right in the place when I am at present, and I think it would be a wonderful improvement to have, and those streets have some end to go out. I thank you.

Mayor Raymond: Any other gentlemen wish to be heard? I will give it my serious consideration, but my view, as Director of the Department having control of the opening of streets, I will take it up with my colleagues, who have not been enthusiastic about it up to date, but I don't know, after your eloquence they may feel differently.

Commissioner Howe: Mr. Mayor, I think it might not be a bad idea if the Commissioners would inspect the location. I personally looked at it yesterday. My position prior to today was that I understood that this place, if it was to have been opened, could have been opened at any time in the past ten years, and the idea never came to the people up there about putting this street through. That is the impression that was given to me by those who were interested in the school,—until they had decided to put the school there, and as Mr. Hood told me, they allowed them to go to the Legislature and get legislation to make it possible and put them to considerable expense, time and trouble, and only then this attempt was made to block it.

Mayor Raymond: Are you in favor of it or against it?

Commissioner Howe: I have been opposed to it.

Mayor Raymond: Up to date. How are you now?

Commissioner Howe: I would like to go up there with my colleagues and see it.

Mr. Congleton: Commissioner Howe, I would like to correct you on that statement that we could have done this for the last ten years. That isn't so.

Commissioner Howe: I say that is what I was told.

Mr Congleton We ought not to let that impression go abroad. The care, custody and control has been in the Park Commission. Commissioner Gillen will bear me out on this: we tried to assert some rights on some other property they weren't using and we went to the Court of Errors and Appeals and the Court of Errors and Appeals said we couldn't take that care, custody and control away from them, and they had the same control over this piece as the piece we litigated about, and so far as the Legislature is concerned the County Vocational School didn't do much on that; we prepared the bill and lobbied it through for the purpose of getting back the care, custody and control.

Mayor Raymond: And now we have got it.

Mr. Congleton: The Park Commission are ready to turn it back, but they haven't done so.

Mayor Raymond: What is your objection, Commissioner Howe? Are you objecting to it as a geographical improvement?

Commissioner Howe: No, if this can be done without interfering with the school—

Mayor Raymond: But it cannot be done without interfering with the school. Then the question arises is that sufficient reason to stop it?

Commissioner Gillen: The School Board, as has been said here time and time again, all the school board has to do is buy two or three properties on the south side and then they will have more than enough room. Now, something has been said about why didn't we do this before. Well, I was in the old Board of Works for many years, and we had charge of these street matters. I also lived in Roseville, belonged to the Roseville Improvement Association, and those were matters that used to come before us for discussion. We frequently discussed then and we also considered that it would be a crime to permit those deadend streets to remain deadend streets. It has been stated time and again, that Bergen Street and First Street constitute the longest street in the City of Newark. It goes clean down to the southerly end of the city, and down into Hillside, and it would be malfeasance or non-

feasance—I don't know what you would call it,—if we permitted this thing to be closed up at this time and not extend First Street. We always considered that some day or other the Morris Canal would be abandoned and there might be some combination of surface street made there. Since that seems to be in such an indefinite form, and since now comes the proposition to block this street—

Mayor Raymond: Here is where you and I can talk about it.

Commissioner Gillen: We ought to extend First Street.

Mayor Raymond: Suppose you have your way, and suppose we can find people who are willing to put a railroad under there. Suppose you have your way and put a street over this canal, then this would be a waste of property.

Commissioner Gillen: It would not, it would give you a wider street, which they are calling for.

Mayor Raymond: At one point.

Commissioner Gillen: At that point, and at such other points as you may seek to widen it.

Commissioner Murray: If you are going to widen First Street to relieve the dead end of First Street, why ignore Second and Third Streets without continuing them to meet this new street?

Mayor Raymond: Yes; they will be in it.

Commissioner Gillen: You cannot extend Second Street; you would have to go through the houses. This is all the more reason if one street is closed you should not close other streets.

Mayor Raymond: Get a map, will you?

Commissioner Gillen: You are talking about widening Norfolk Street and widening of Jones Street. You know by this time of the hundreds of thousands of dollars it costs to widen those streets; millions it will cost to widen that street. You know what it cost to widen Washington Street. Suppose you permit them to put up a million dollars building there, how are you going to extend First Street when you want to; you will never be able to do it again, and simply be-

cause Mr Hood or somebody else has this little hobby in their mind they do not want to extend this street around thirty feet or forty feet; they would, I submit leave that part of the city tied up with traffic. It is an outrage.

Mr. Congleton: I think one of the most convincing arguments can be seen at anytime if anyone will go there and watch they will see that people using it now have to go around; people are using it constantly.

Commissioner Gillen: The traffic congestion there ought to be relieved by all means.

(Discussion)

Commissioner Gillen: Bear in mind. Mr. Mayor, that the County Vocational Board will also get this plot up here, another vacant plot up here for playground purposes, which they cannot get anywhere else in the City.

Mayor Raymond: Well, of course, if the Vocational Board says it won't have anything to do with this property, I do not see that that is a calamity either. If we had to we could put Second Street up to it, so far as that goes. I haven't had a chance to find out what the objection is to this improvement.

Commissioner Gillen: The objection that I heard stated was that somebody was interested in real estate; that some of our colleagues got it into their heads that the gentlemen who were interested in real estate wanted this property. It doesn't make any difference whether anybody is interested in real estate or not; if the improvement is a needed one it ought to go through.

Mayor Raymond: The first day I got back this was brought up. I thought it was a fine idea. I said I would bring in an ordinance and I found they were all against it—that is, three of us were against it. Now, I do not see yet any objection to this improvement. It seems to me it is a good improvement.

(Discussion.)

Commissioner Gillen: It is an improvement that should not be overlooked at this time, because if you do you will have trouble with it later on.

Mayor Raymond: What do I understand, Mr. Congleton, we can just lay

that through without cost, we own the land? Or isn't that desirable?

Mr. Congleton: That is the property we were going to give to the school; it is vacant land.

Commissioner Murray: We own the land; we have the fee and—

Mayor Raymond: That is my idea.

Commissioner Howe: What is the use of having a deadend here any more than here?

Commissioner Murray: Commissioner Brennan wants to know can we get that from the Park Commission for street purposes. Mr. Congleton says he thinks we can.

Mayor Raymond: They have only got to return the care, custody and control to us; we own the fee; they only have the care, custody and control.

Commissioner Gillen: I move, Mr. Mayor, that an ordinance be prepared to carry out this proposal to extend First Street.

Mayor Raymond: Will you include in that motion the extension of Second Street?

Commissioner Gillen: You can include it if you wish, but if the Vocational School has the idea of buying down below and extending down below, and you wish to let the Vocational School build there, you cannot open Second Street. Second Street would preclude the building of the Vocational School.

Mayor Raymond: Why should they take a plot where they will block up a street.

Commissioner Gillen: The opening of First Street would give the relief that is needed. Second Street would have to go around the corner.

Commissioner Murray: Mr. Hood said they were particularly anxious to avoid the traffic that would come here.

Mayor Raymond: I do not think they will use the land for a school now that we have taken—

Commissioner Murray: We might as well know at the beginning.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Not Voting. Commissioner Murray

Commissioner Howe not voting unless it includes Second Street. If it includes Second Street I will vote aye.

The City Clerk presented An ordinance to provide for the grading and paving of Prospect Row from Prospect Street westerly a distance of about 240 feet to its westerly end with concrete pavement, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

Mr. Henry E. Ebhard, representing Newark Gear Cutting Co., Prospect Street: We have a factory adjoining this Prospect Row—it is called a street—it really is a blind alley. Now, there is someone there who wants that place

covered with cement, and it is all right for them to do it, but we do not think that we ought to help pay for it, as this is the side of our factory. It has absolutely nothing to do with us. We never go in it. We have no trouble about drainage. If he wants drainage he can put a little sewer pipe there. That doesn't bother us at all, the drainage; it isn't our property.

Mayor Raymond: What is that, Prospect Street?

Mr. Ebhard: It is called Prospect Row. It is not a thoroughfare; that is, you cannot go through it; it is a blind alley.

Mayor Raymond: I think it would be a good idea for the Commission to lay it over for a week and give me a chance to look into it with the Engineer.

Mr. Ebhard: I think you are perfectly right in that respect.

Mayor Raymond: We will see what is the trouble there.

Mr. Ebhard: We have no objection to its being paved, but—

Mayor Raymond: But you do not think you ought to pay for it?

Mr. Ebhard: If it was our property we would simply have it done, and say no more about it.

Mayor Raymond: Did you say you formerly owned it and sold it to these people?

Mr. Ebhard: Our family formerly owned this property. I have lived in this neighborhood almost seventy-six years, and I ought to know something about it, and I always paid my taxes and don't owe anybody a dollar today.

Mayor Raymond: We don't want to force these things on people.

Commissioner Brennan moved that the ordinance be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance

entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by extending the Business District, the 85 foot height district and the "B" area district so as to include the areas described as follows:

Bounded on the south by a line 100 feet south of and parallel to Clinton Avenue; on the west by the City Line; on the north by a line 100 feet west of and parallel to Clinton Avenue; and on the east by Johnson Avenue and Stratford Place;

Bounded on the west by a line 100 feet west of and parallel to High Street; on the north by Springfield Avenue; on the east by a line 100 feet east of and parallel to High Street; and on the south by Clinton Avenue;

and that the Use, Height and Area District Maps which accompany said ordinance to which this ordinance is an amendment, be and the same are hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion

was declared adopted by the following votes.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that May 31st, 1927, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquisition by the City of Newark of lands known as the Morris Canal, in the City of Newark, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That all of the right, title and interest of the Morris Canal and Banking Company in and to the lands known as the Morris Canal, and more particularly described in a contract dated April 5, 1927, between Morris Canal and Banking Company, a corporation of the State of New Jersey, of the first part; and, The City of Newark, a municipal corporation of the State of New Jersey, of the second part, shall be acquired for the purposes more particularly set forth in said contract.

Section 2. That the total cost of the purchase of said lands shall not exceed the sum of Four Hundred Twenty-Five Thousand Dollars (\$425,000.).

Section 3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark, in an ag-

gregate principal amount not exceeding Four Hundred Twenty-Five Thousand Dollars (\$425,000.), bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 4. The sum of Four Hundred Twenty-Five Thousand Dollars (\$425,000.), to be raised by the issuance of such temporary loan bonds, is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that May 31st, 1927, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the opening of First Street from a point 225 feet north of Seventh Avenue northerly to the easterly side of Fourth Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That First Street from a point 225 feet north of Seventh Avenue northerly to the easterly side of Fourth Street shall be opened as a public street or highway as follows:

Excepting from the above described tract of land such portions thereof which may lie within the limits of Third Street and of Sixth Avenue as now open.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1263-0, dated May 4th, 1927.

Under and by virtue of the provisions, of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act referred to.

Section 3. That the sum of \$5,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$5,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements

thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Howe: I vote aye on that conditionally.

Mr. Congleton: This is first reading.

Mayor Raymond: How does that effect the ordinance?

Commissioner Howe: A gentlemen's agreement.

Mayor Raymond: Well, if you gentlemen would rather have the provision made for Second Street extension first before that is put in, why not do that so you have no problems in mind? Of course, a conditional vote like that I do not think it is any good; it means you have the right to vote against it on second reading; you don't commit yourself to it definitely.

Commissioner Murray: It seems to me the Vocational School could very well buy a couple of pieces and have a very nice plot between Second and Third Street. I don't see why they can't do it, and we can open up those three streets and it will be a very fine thing.

Commissioner Howe: And still have a square block.

Mayor Raymond: I do not think I am worrying very much about the school; the school is in the hands of an excellent board,—an excellent board,—made up of decent people, and I think we can leave it to them to find a proper site for a school if we need to use this location for higher purposes.

Commissioner Murray: I think Second Street should be included in it and the whole thing should be done at once.

Commissioner Gillen: I do not think, Mr. Mayor, you can conclude it unless you say to the school board, "You can not locate there." For a year they have had their mind on taking up this location and building a school there, and they have gone to the trouble to negotiate with the Park Board, and also having a bill introduced at Trenton, which was enacted into a law, to cover the whole situation, and I did not know that they had given up the idea of building a school there. If they are going to build a school there, they will need that portion of Second Street north of Seventh Avenue, and I do not think we should at this time preclude their chances.

Mayor Raymond: Do you think it is well to leave the map of the City with a dead end like that? I don't think it is good housekeeping.

Commissioner Gillen: I think First Street open would answer the situation.

Mayor Raymond: But you have got Second Street there with a dead end.

Commissioner Howe: You couldn't turn a hook-and-ladder in it.

Commissioner Gillen: It isn't a dead end in the way First Street is dead end. First Street ends at the canal; that made it dead end.

Mayor Raymond: I did not take it, Commissioner Gillen, from what Judge Hood said, that he was very much worried about it one way or another; what he wanted to know is whether they could go there or not, or whether they had to go some other place. He said, as I understand it, they could not use the property if we use First Street.

Commissioner Howe: They objected to the noise.

Commissioner Gillen: Suppose you go ahead with First Street and allow the Second Street situation to remain open for a couple of weeks. That would not injure the matter very much one way or another; it would still leave the matter open for the County Vocational Board to make up their minds whether they want to locate there or somewhere else. It would cost them a barrel of money if they go somewhere else; they would have to buy up buildings. Here they have

vacant land which is not of much use to anybody.

Mayor Raymond: We have the fee simple of this land. We could sell the land and we would have the value of that land ourselves, which would be very valuable land.

Commissioner Gillen: If the County Park Board relinquishes their claim; they have not done so yet. They said they would relinquish their claim provided the school—.

Mayor Raymond: Well, the clerk will call the roll on the motion to pass the ordinance on first reading. This is First Street, and the motion is the adoption of the title of the ordinance on first reading. Commissioner Howe has voted and says he votes conditionally.

Commissioner Murray: If it goes through the way it is embodied in this ordinance you exclude Third Street—

Mayor Raymond: Second Street.

Commissioner Murray: It would exclude Second and Third both.

Commissioner Howe: Third is open.

Commissioner Murray: Then Second is the only one. About 125 feet from Seventh Avenue Second Street stops.

Commissioner Gillen: Yes.

Commissioner Murray: Then we can get that information and take it up with them.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe: Aye conditionally.

Commissioner Gillen moved that June 14th, 1927, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Jabez Street from the north side of Wilson Avenue to approximately 360 feet southerly.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch pipe sewer for storm water only shall be constructed in Jabez Street from the north side of Wilson Avenue to approximately 360 feet southerly, together with all the appurtenances necessary to complete the same in accordance with the plans, specifications and profiles dated May 20th, 1927, and now on file in the office of the Department of Public Affairs, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$2,400.00 is hereby appropriated to pay the cost of said improvement, and for the pur-

pose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$2,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving and resurfacing of First Street from Orange Street to Warren Street

and Bergen Street from Warren Street to Hawthorne Avenue with asphalt pavement (1½" top-1½" binder) on a new concrete base or on the old concrete base built up with new concrete, outside the street railway track area, where new track construction is placed. Where old track construction remains, the street railway track area shall be repaved with napped reclipped granite block pavement on the old or on a new concrete foundation, as directed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That First Street from Orange Street to Warren Street and Bergen Street from Warren Street to Hawthorne Avenue shall be repaved and resurfaced with asphalt pavement (1½" top-1½" binder) on a new concrete base or on the old concrete base built up with new concrete, outside the street railway track area, and within the street railway track area where new track construction is placed. Where old track construction remains, the street railway track area shall be repaved with napped reclipped granite block pavement on the old or on a new concrete foundation, as directed, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 23, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the ne-

cessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof, shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$503,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$503,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

That Leslie Street from Chancellor Avenue to the City Line shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 20th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the

same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be made as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$21,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$21,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Board of Adjustment,
City Hall.

Newark, N. J., May 19, 1927.

The Board of Commissioners
of The City of Newark.

Honorable Sirs:

The Board of Adjustment has considered the application of Mr. George J. Reach to amend the Building Zone Ordinance so as to change property on Chapel Street at the Canal from Industrial to Heavy Industrial, and which was referred to your Honorable Body for recommendation and report.

The Board of Adjustment respectfully recommends that the Heavy Industrial be extended so as to include all of that section of the "Island" bounded by Chapel Street, Lister Avenue, Lockwood Street and the bed of the Morris Canal.

Respectfully submitted,

The Board of Adjustment,
R. B. Rankin, Secretary.

Commissioner Brennan: I move that the recommendation be concurred in and the communication referred to the Law Department to draw ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

State of New Jersey
State Highway Commission

Trenton, N. J., May 17, 1927.

Mr. William J. Egan,
City Clerk,
Newark, N. J.

I am directed by the State Highway Commission to forward to you the enclosed certified copy of a resolution adopted by the Commission taking over the South Street Approach and Stockton Street, providing connections with ramp at South Street and Wilson Avenue.

As directed by the Commission, detailed descriptions of the portions here taken over will be prepared and forwarded to you.

Very truly yours,

A. Lee Grover,
Secretary.

Referred to the Mayor.

Mayor Raymond: Any person desire to be heard?

Mr. Nathan Goldsmith, 2 Stradford Place; I notice in last night's paper that you are again considering the opening of Ward Street from Canal to River Street, and I thought to bring at this time to the Commissioners' attention that the property that I own, which no doubt is known to all of you, is about to be vacated, and I am in course of negotiations—

Mayor Raymond: That was the State Highway Commission's suggestion, rather than the City's.

Mr. Goldsmith: Then the City isn't contemplating—

Mayor Raymond: Well, the City has contemplated, but the City is in doubt about what to do until it knows more about it. Last night's paper referred to the State Highway's proposition to use the street. Now, you have got two governmental agencies interested in it.

Mr. Goldsmith: On account of the negotiations that are now pending with regards to my property it may change the question of valuation considerable if I obligate myself. Those premises are going to be vacated very shortly—

Mayor Raymond: Yesterday, you may have seen by the paper, was the first day that the City government has had definite information as to what the Pennsylvania Railroad would do. The City Commission is now entirely satisfied with what the Pennsylvania Railroad is willing to do, and when the Pennsylvania Railroad matter is settled we will then have to lay out streets there, but until that is done it would be unwise, we think, to do it, putting the cart before the horse, and that is why we have done nothing. I know it is bad for you, Mr. Goldsmith; I don't know what to do to relieve you; I don't know what to say to you; I am afraid you will have to go on and do as you like.

Mr. Goldsmith: I simply thought I would go on record. The idea is simply this, I have been through this with the Commissioners once before, and you are familiar with the past experience—

Mayor Raymond: The whole thing has changed since you first took that up.

Mr. Goldsmith: The idea is—

Mayor Raymond: Two years ago this Pennsylvania matter came up.

Mr. Goldsmith: It is very costly to me, and I don't want to do anything again that was going to embarrass me, so therefore I thought I would let you know just what the truth of the situation is down there.

Mayor Raymond: I sincerely hope that we can arrive at a conclusion about this Pennsylvania situation in a short time, and if we do, then the road is clear for everybody, but until we know about it positively, with contracts signed, we are not in a position to lay out streets there. That is my feeling. All the property owners are in an uncertain position because we are.

Commissioner Gillen offered the following resolution:

After half a century of service in his native City of Newark, the Rt. Rev. John J. O'Connor, D. D., has been called to his everlasting reward.

It seems therefore only fitting that this Community through its popular representatives constituting the City Commission should go on record in an expression of their appreciation of the beneficial and enduring service rendered by this distinguished prelate of the Catholic Church, who for more than twenty-five years exercised the exalted office of Bishop of the Catholic Church in the Diocese of Newark.

The passing of this worthy priest and theologian has drawn from our citizens of all denominations expressions of mournful sympathy, and the City Commission joins in extending its condolences to the bereaved clergy and people of the Diocese of Newark over whom the late Bishop O'Connor exercised his pastoral care.

Commissioner Gillen: Mr. Mayor, I offer this as an expression of sympathy on the death of Bishop O'Connor, and I move that the Board consider it as such and have it incorporated in the minutes.

Mayor Raymond: I am pleased to vote for this resolution. I think it is only fitting that this body should take notice of the death of so eminent a prelate and such a splendid citizen as Bishop O'Connor was.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan: I move that the meeting adjourn.

JNO. F. MURRAY, JR.
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N J, May 31, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commission Chamber, City Hall, Newark, N. J., at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of May 24th, 1927 were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Charles R. Hardin appeared and presented the following petition protesting against the repaving of Mt. Prospect Avenue as a local improvement:

We, the undersigned, owners of property abutting on Mt. Prospect Avenue, between Bloomfield Avenue and Abington Avenue; hereby object in writing to the repaving of said section of Mt. Prospect Avenue as a local improvement as proposed by ordinance introduced and passed on first reading by the Board of Commissioners of the City of Newark on May 10, 1927, copy of which proposed ordinance is annexed hereto, and we present the following reasons for our objection:

(1) Said proposed ordinance is substantially the same as another pending ordinance previously introduced and passed on first reading by said Board of Commissioners on January 25, 1927, final consideration of which was, on February 15, 1927, adjourned to March 15, 1927, and on the latter date, further adjourned to September 13, 1927.

(2) Said ordinance introduced on May 10, 1927, does not provide what proportion of the cost of said repaving shall be paid, or what fixed sum be contributed to the cost of the City.

(3) The present paving on said avenue is durable, substantial and adequate.

(4) The present paving is in the same condition in which it has been for many years.

(5) The use of abutting property for residential purposes, to which such property is now principally devoted, would not be improved by the proposed paving.

(6) The proposed repaving would principally be for the unnecessary accommodation of fast through traffic.

(7) Adjacent parallel streets are paved with smooth surfaces and adequately meet the needs of fast through traffic:

(8) The proposed ordinance requires abutting owners, many of whose properties are single lots of over 100 feet in frontage, to install, or pay for the installation of connection with sewer, gas and water mains to the curb line for each 25 feet of frontage.

(9) We believe and submit that the owners of more than two-thirds in value of the lands proposed to be assessed for alleged benefits resulting from the proposed repaving, object to the proposed repaving.

Signed by Louis Hood and 48

other property owners.

Ordered referred to Mayor Raymond.

He also presented letters from T. G. Frelinghuysen, owner of property at 257 Mt. Prospect Avenue, and John W. Herbert, owner of property at 316 Mt. Prospect Avenue, protesting against the repaving of this street as a local improvement.

Ordered referred to Mayor Raymond.

Mr. Charles R. Hardin, Prudential Building; Mr. Richard F. Mattia, 219 Mt. Prospect Avenue, and Mr. William S. Righter, 196 Market Street, appeared and protested against the repaving of Mt. Prospect Avenue.

Section 1. That a system of sewers to be known and designated as "The Millbrook Relief Sewers and Branches" shall be constructed as follows: In Clay Street from a point approximately 300 feet east of High Street to High Street, in High Street from Clay Street to Eighth Avenue, in Eighth Avenue from High Street to Clinton Avenue, thence westerly through the southerly end of the Southern Division of Branch Brook Park for a distance of approximately 1200 feet to intercept the Duryee Street Sewer in location

shown on map filed with the Essex County Park Commission, together with a branch connecting said sewer with the main Milbrook Sewer, and a sewer in Central Avenue from Duryee Street to Morris Avenue. The sewer in Clay Street, in High Street and in Eighth Avenue to a point approximately 250 feet west of Factory Street to be a sixty (60) inch concrete sewer; the sewer in Eighth Avenue from aforesaid point westerly to a point in the southerly end of the Southern Division of Branch Brook Park approximately 1200 feet westerly from Clifton Avenue to be a seventy-two (72) inch concrete sewer, the connecting branch with the main Milbrook Sewer to be a thirty-six (36) inch concrete sewer, and the sewer in Central Avenue from Duryee Street to Morris Avenue to be a thirty (30) inch concrete sewer. Together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 4th, 1927, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be paid by the City of Newark.

Section 3. That the sum of \$173,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$173,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be deter-

mined by the Director of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Beardsley Avenue from North Eleventh Street to the City Line with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That Beardsley Avenue from North Eleventh Street to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections

and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 27, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring

of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

WHEREAS, The Board of Commissioners of Assessments for Local Improvements of the City of Newark, made an award of Thirty-Two Thousand Dollars (\$32,000.), to Robert E. Richter and an award of Three Thousand, Four Hundred Dollars (\$3,400.) to the estate of Louis Lederer, de-

ceased, for lands and real estate and rights and interests therein taken by the City of Newark for the opening of Commerce Street from Broad Street to Market Street on the northern side thereof in the City of Newark, under and by virtue of the provisions of an ordinance entitled "An Ordinance to open and widen Commerce Street from Broad Street to Market Street on the northerly side thereof", adopted October 9, 1923, by their report duly made in accordance with law, such awards being designated therein respectively as awards Nos. 9 and 11; and,

WHEREAS, since the making of said award said Robert E. Richter has purchased the lands on said street formerly belonging to the said estate of Louis Lederer, deceased;

WHEREAS, said awards were duly confirmed by the Board of Commissioners of the City of Newark by resolution adopted February 5, 1924, except as to the said Robert E. Richter the estate of Louis Lederer, deceased, and others who objected thereto and the said objections of said Robert E. Richter were, after due proceedings thereon in accordance to the law, dismissed and the said award made to Robert E. Richter was by order of the said Essex County Circuit Court made on November 17, 1926, duly confirmed and there is now due from, The City of Newark to the said Robert E. Richter for lands taken for said improvement the sum of Thirty-Five Thousand, Four Hundred Dollars (\$35,400.) together with interest thereon from said date of confirmation amounting to the sum of One Thousand, One Hundred and Forty Dollars and Fifty-Six Cents (\$1,140.56) making a total of Thirty-Six Thousand, Five Hundred and Forty Dollars and Fifty-Six Cents (\$34,540.56);

AND WHEREAS, tender of said sum has been duly made according to law to the said Robert E. Richter and the said Robert E. Richter has refused to accept the same, and this Board is now advised that by reason of the refusal of said Robert E. Richter to receive said amount so tendered uncertainty exists as to the disposition of said fund and that the said award should be paid into the Court of Chancery of New Jersey to be there dis-

tributed to the person or persons entitled thereto according to law;

THEREFORE BE IT RESOLVED, That said sum of Thirty-Six Thousand, Five Hundred and Forty Dollars and Fifty-Six Cents (\$36,540.56) be paid to the order of "Chancellor of New Jersey", and delivered to the Clerk in Chancery, and said sum is hereby appropriated to the Chancellor of New Jersey, being the amount of said award;

BE IT FURTHER RESOLVED, That the Corporation Counsel of The City of Newark be and he is hereby directed and authorize to sign the Acting Auditor's receipt book for said award and to endorse the warrant therefor and thereafter to cause such award to be paid to the Clerk in Chancery of New Jersey, to be distributed according to law.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark, in the County of Essex, State of New Jersey, as follows:

That this Board of Commissioners hereby applies to the Board of Chosen Freeholders of the County of Essex to improve Central Avenue in said City of Newark from Warren Street to the Newark-East Orange Line (said Central Avenue being a public road or portion thereof located within said City of Newark within the County of Essex, and being extension of, or connecting with some improved County road or State road, to wit: Central Avenue, East Orange) under Section 1128 of Chapter 185 of the Laws of 1918 as amended by Chapter 32 of the Laws of 1920. Said Central Avenue between Warren Street and the Newark-East Orange Line to be improved by the setting in concrete of new 5x6" four cut curb on the gutter lines; by the setting of new 5x16" granite header curb along the outer rails of the railway track of the Public Service Railway Company; by the placing of large radius corners at all street intersections; by the alteration and construction of sewer inlet basins as required; by the laying of a new napped-reclipped granite block pavement on a concrete base in the railway area between the header curbs outside the railway tracks; by the laying of a new asphalt pavement (1½" binder-1½" wearing surface) between the header curbs along the railway tracks and the gutter curbs, and at street intersections, on the old concrete base repaired or replaced where necessary; and any other work or appurtenances incidental to the completion of said improvement.

RESOLVED: That as a condition of such improvement the City of Newark hereby undertakes to pay twenty-five per cent. of the cost of the pavement

between gutter curbs including the pavement at street intersections, 25% of the cost of the header curbs to be set along the rails of the Public Service Railway Company tracks, the entire cost of the granite curb to be set at the gutter lines including the large radius corners at street intersections, the entire cost of the alterations to or construction of new sewer basins and inlets as required, and the entire cost of new cement sidewalk or sidewalks or repairs to existing sidewalk or other work incidental to the setting of the new granite gutter curbs or new granite radius corners; it being understood that said Board of Chosen Freeholders shall hereafter submit to this Board of Commissioners for execution, a cost-sharing agreement with plans and specifications attached;

RESOLVED: That the Clerk be and he is authorized and directed to deliver a certified copy of this application to said Board of Chosen Freeholders.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

June, 1927

Newark, N. J., June 7, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of May 31st were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. William Krieger, 60 Park Place: Some months ago I made application for change of zone for Sanford Avenue. Subsequently the Board of Adjustment reported favorably to that, but I have not heard anything since then. Might I ask the Board of Commissioners what has been done on that since March 22nd?

Commissioner Murray: Didn't the Board concur on that?

Mr. Krieger? Yes.

Mayor Raymond: It is a mere matter of history you are trying to find out?

Mr. Krieger: Yes, sir.

Mayor Raymond: What is the history of that?

Mr. Krieger: I understand it was referred to the Department of Public Safety.

Mayor Raymond: That would be out of the course of affairs of Public Safety. It would go to the Law Department for preparation of an ordinance. I don't know why Commissioner Brennan should get it.

Commissioner Brennan: When did you say it was?

Mr. Krieger: March 22nd.

Commissioner Brennan: I don't recall anything relative to that being referred to my Department.

Mayor Raymond: Let us have a motion referring it to the Law Department.

Commissioner Murray: I move the matter be referred to the Law Department for its consideration.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mr. Frederick H. Groel: I come here representing the Canal Improve-

ment Association, an association composed of owners of property abutting Morris Canal, such as the Kresge Department Store, Splittorf Electric Company, General Speedometer Company, Mennen Company, and others. We have been following with great interest the work of the City Commissioners in connection with the canal improvement, and we felt that we had a few suggestions that we would like to submit to them in regard to its development. In the first place; I want to say we wish to commend you very strongly, that is, the property owners who have great interest at heart in this thing, for the work that has been done by this Commission so far, and we feel if the work is continued with the same satisfaction that it is at the present time that great development will come from this. Our idea in a nutshell really comes down simply to this. We are rather opposed to the idea of an open ditch. That is the primary thing we stand for. We would like to see the canal bed covered at least as far as Park Avenue and turned into a boulevard. Now, as to whether it shall be leased to the Public Service, or any other Public Utility, we have no concern with that at all, and we are just as well satisfied that the project be carried out, but our thought is simply this, that if the canal could be turned into a boulevard placed on the surface above High Street, it would be a great advantage, not only to the property owners, but to the citizens of Newark at large. For example, take the one open ditch in the sense we have in Newark at the present time, which goes through the Roseville Section. You all know, as well as everyone else who has followed that situation, that the property owners along that ditch, we might say along that section, have not gained tremendously by it, nor has the city gained any realty values at all. If it were to be covered up, to be turned into a boulevard, it would redound tremendously to the benefit of the people living along there, and the city at large. If the canal could be made a boulevard on the surface all the way up to Park Avenue, we feel the City would gain tremendously in ratables, and property owners would too, and that the whole community would be benefitted thereby. There

is one other thing, which is the question of cost. We realize that in projects like this, such as the development of the Union Station and the Morris Canal, that millions and millions of dollars are involved; that it costs a great deal to carry all these things out, and as a suggestion for the methods in which this thing might be handled, we suggest that the State Highway Commission be brought into the picture. You may recall that Major Sloan in his original report on this question of the state highway system to be developed in the recent bill that was passed in the Legislature, suggested a route which would run from the Hollard Tubes, come into Newark at Passaic Avenue, and then run down along Center Street to Broad Street, and up Central Avenue, and he suggested a viaduct, or elevated steel road. This was opposed by a number of the citizens because they didn't like the idea of marring Military Park, or putting a bridge across Broad Street. We suggest they could take that route number 10 as laid out by Major Sloan, get the route started at Farmers Plaza, proceed up the canal as far as High Street, underground with the Public Service Railway two subsurfaces below that and accomplish the purpose set out by Major Sloan and have the state highway route run through this section and at the same time get a contribution from the State Highway Commission of four, five, perhaps six million dollars. That is the point I think that is well worth considering. The State Highway System naturally, if it ran up the canal bed, would have to be under the surface. It would not interfere in any way with the Public Service or any other public utility running a rapid transit system underneath that, and when it came to the surface at High Street and went up Central Avenue in that section, we feel it would be a great boon to the city at large, and if we can secure four or five million dollars from the State Highway System, I think we ought to look into the thing and see if it is possible to use this money for the development of the subway.

Mayor Raymond: That would be by legislation, wouldn't it?

Mr. Groel: That would be by legislation.

Mayor Raymond: You didn't get it through last winter.

Mr. Groel: I might say this, that I have talked to the members of the State Highway Commission, and I have talked with a number of people in Trenton, and I do not think we would have any difficulty in getting the legislation that would help Newark in that regard. Major Sloan is heartily behind the proposition, and some of the other State Highway Commissioners are interested in it, and I think we could get the necessary legislation that would be required there.

Mayor Raymond: Where would your highway start?

Mr. Groel: At the Holland Tubes in Jersey City, and come into Newark along Passaic Avenue, run down Morris Canal underground as far as High Street, and come up at the surface at High Street and proceed on the surface as far as Central Avenue. From there it would go out Central Avenue in a westerly direction toward Dover. This is the so-called route number 10 of Major Sloan.

Mayor Raymond: What is that route they did lay out by legislation?

Mr. Groel: That runs through Harrison, Kearny—

Mayor Raymond: Ogden Street and River Road?

Mr. Groel: That is another route.

Mayor Raymond: Then you have got another route that goes out from Harrison to Park Avenue?

Mr. Groel: Yes.

Mayor Raymond: That is the one you have shifted over?

Mr. Groel: That is the one to shift, it over to Central Avenue.

Mayor Raymond: That is in the law books now, isn't it?

Mr. Groel: That is right, but I do not think there would be any difficulty in changing it, especially in view of the Park Avenue situation.

Commissioner Murray: Park Avenue opposes the change?

Mr. Groel: They are opposed to the present layout, and I think they would favor the proposition.

Commissioner Murray: I think that is a very worthy suggestion.

Mr. Groel: I think there are a few

other members of the association who just want to say a word or two. Would you Commissioners be pleased to hear them at this time?

Mayor Raymond: Glad to hear them.

Dr. Henry Vander Roest, 10 Orchard Street: You gentlemen are quite observing, and you do not have to be told that in the City of Newark in the morning and afternoon we are in a bottle, we can not get out, we are tied up, we are sewed up. Attempt to move from Lafayette Street to Canal Bridge, from Market Street station to High Street, and I wager to say you can walk faster than you can drive; as a matter of fact, I know that you can. Now, the City of Newark, to my way of thinking, has the best opportunity it has ever had in the history of the City. We have an opportunity that will never appear again, and I do hope that you gentlemen will take advantage of it. The canal is our property, so to speak. It belongs to us. Now, what shall we do with it, and how shall we convert it? As to your railway system, I am not interested as far as the Public Service or anyone else is concerned, but I am interested in better traffic. I am interested three ways; first let us have a boulevard from Madison Street, which you have already constructed a road to Madison and Canal Street,—let us construct a boulevard from there out to Central Avenue or Park Avenue. Now then, what are we going to gain if we do that thing? We are going to gain a highway that is going to relieve Market Street congestion. We are going to gain by our assets as to valuation. Someone told me that the commission objected to the expenditure of two million dollars, said it would cost probably two million dollars to do that and the commission did not see how they could raise that fund. It occurs to me that, I think you will bear with me, when I say that a boulevard sixty foot wide from Madison Street to Park Avenue will more than repay that two million with compound interest.

Mayor Raymond: Where do you get the figures of two million?

Dr. Vander Roest: Someone told me that the commission—I don't know, Mayor, where the figures came from, it is hearsay probably, or newspaper talk.

Mayor Raymond: I don't think that possibly could be done for two million dollars from Madison Street to Park Avenue.

Dr. Vander Roest: Well, let us say five million.

Mayor Raymond: That would be better.

Dr. Vander Roest: It don't mean anything to me because I haven't got them.

Mayor Raymond: We haven't got them but we have to raise them.

Dr. Vander Roest: The Mayor has the ability of doing those things.

Mayor Raymond: It is a very expensive proceeding.

Dr. Vander Roest: Let us say it is an expensive proceeding, what is going to happen in ten years from today if we put a sixty foot boulevard from the point I mention to the point I mention, in assets alone. That isn't all, let us call in the State Highway Department; apparently they are willing to assist us as far as finances is concerned, and that is going to relieve the taxpayers to an awful extent.

Mayor Raymond: Of course, they will pay it the other way; the taxpayers pay it eventually.

Dr. Vander Roest: Yes, but they pay it in mill taxes; they don't mind it.

Mayor Raymond: It would be nice to get some of the money we pay for taxes for roads. We don't get much of it now.

Dr. Vander Roest: The Canal Commission, which I am interested in, and the taxpayers, feel that there is so much property abutting on that canal that today is absolutely valueless, is of no value at all, and the City of Newark can make it valuable, and at the same time give us an outlet and not bottle us up in the center of the town. If the engineering feat is possible, I think it would be a very good thing today, that is, to put a subway for through traffic from where the canal starts at River Street to High Street, and there come out on the plaza, and let the through traffic enter Broad Street out on these ramps the same as they have those bridges crossing Long Island. That would be the second relief. It occurs to me the opportunity is here, and if we will

avail ourselves of it, I hope you gentlemen will make the best of it.

Commissioner Gillen: Might I ask a question of Assemblyman Groel?

Mayor Raymond: Surely.

Commissioner Gillen: You have been in Trenton, Assemblyman, and you know something about the attitude of the State authorities towards this highway through Newark. You have conferred with the State Highway Commission on this matter?

Mr. Groel: I have.

Commissioner Gillen: The Commission seems to be very sympathetic toward a boulevard?

Mr. Groel: They are sympathetic toward it. I might say Major Sloan is heartily in favor of the proposition.

Commissioner Gillen: As I understand, they want a subway under Broad Street from Market Plaza to High Street?

Mr. Groel: Yes.

Commissioner Gillen: How about the surface?

Mr. Groel: The surface, beyond High Street they are satisfied to have it on the surface.

Commissioner Gillen: How about the surface through the center of the City?

Mr. Groel: I think they have no interest, because if the City wants to take that over and use that for a surface line, that is perfectly satisfactory. Major Sloan's idea is this: that state highway traffic should be run along streets where there are no intersections and where it can go right straight through, and he says as soon as you start to have intersecting streets through the center of the cities, the whole theory of state highway falls down. Therefore, his idea is to have it underground from Farmers' Market Plaza to High Street so Broad and Mulberry Street and Washington Street traffic will not interfere with the through traffic going along there. There is nothing in the world to prevent a street being constructed on top of that besides that, as far as that is concerned.

Mayor Raymond: What does he propose about our disposal of our passenger vehicles from the new station? Where are they to go.

Mr. Groel: They can go into the subway.

Mayor Raymond: Through the lower subway?

Mr. Groel: Or they could go on the surface. The subway would only be down about twenty feet, I imagine.

Mayor Raymond: That would make fifty feet for the other. What about that, Mr. Costello?

Mr. Costello: The subway experts claim that is impossible to construct because of the low level, lower than fifty feet below the level of the street for transit trains. Because now as it is they will be forty-two feet below at the station with their loop layout.

Mr. Groel: Would it be possible to run that on the side? That is, for example, to have trolleys or whatever the highspeed line, rapid transit system is, on one side, and the motor vehicles on the other, because your width around there from where the Goldsmith concern is, is very nearly 100 feet.

Commissioner Gillen: Yes, but it narrows west of Broad Street.

Commissioner Brennan: What are you going to do west of Broad Street.

Mr. Groel: The only difficulty is where the Postoffice is now. If it is run under the surface, and the postoffice is changed,—and there is legislation in Congress now to effect that,—that part can be taken,—or you can still sell that site to the postoffice and it could be used as at the present time except motor vehicles would be running in part of the basement of the postoffice.

Commissioner Gillen: I don't think that would work out on one width. You would have to have your lower width, you would have to have one width for rapid transit purposes, it seems to me. If you are going to put public traffic of all kinds in there you wouldn't have that.

Mayor Raymond: If you wanted to make it a State Highway route for all passenger traffic, and also a place for the trolleys or rapid transit trains, you would have to have it very wide, assemblyman.

Mr. Groel: I think you would, except Major Sloan said he would only want sixty feet.

Mayor Raymond: That would take Mr. Kresge's lower regions from him.

Mr. Groel: I cannot speak for Mr. Kresge. He is willing to do anything he can; he says he will help the commission in this thing.

Mayor Raymond: Of course, there is a big building, and engineering questions arise of what you can do where the building is built now, and I don't know. It is a serious problem.

Mr. Groel: The Postoffice bank though, that is what we have in mind.

Mayor Raymond: We have got a problem in Newark which nobody can dispute. That is the problem, we have got to get a passenger car service to take people from the new station across Broad Street. Now, we cannot have that on the surface. We cannot have two great masses of traffic going over each other at the same time, we have got to use below or above for the disposal of the vehicles to take the general mass of the public west. Now, there is a problem we have got to meet. If the State Highway comes in and takes it from us, I don't know how it is going to be done.

Commissioner Gillen: The State Highway could operate on the surface.

Mayor Raymond: That is one way they could do. Then they have got to cross the traffic on Broad Street, and they won't do that.

Commissioner Gillen: Well, they have to cross it no matter where they go.

Commissioner Murray: That may be an incident capable of adjustment.

Mayor Raymond: Although some people think so, I do not think the canal bed is a panacea for all ills. It is helpful, but we cannot put everything in the canal bed, although we used to. We put everything dead in there formerly; now we would like to put live stuff in it. That is the trouble. We have got so many incidents, but, of course, the city's definite plans are, as far as we know, to cover the canal bed from the new station as far as Broad Street, certainly,—probably as far as Washington Street. I think Commissioner Gillen said he would like to see it go as far as Plane Street, didn't you?

Commissioner Gillen: Yes.

Mayor Raymond: Then you have got a grade.

Commissioner Gillen: I would like to see it all the way, eventually:

Mayor Raymond: Then you have got a grade. What are you going to do with that, your state highway?

Mr. Groel: It isn't a severe grade, is it?

Commissioner Gillen: It is no worse than Academy Street or Bank Street.

Commissioner Murray: About seven or eight per cent.

Mayor Raymond: No., Transit facilities would have to tunnel under.

Commissioner Murray: The cars would have to go through.

Mayor Raymond: That has got to be tunnelled for any kind of transit, and it is a wonderful scheme from the point of view of the State Highway, but our new Passaic Avenue indicates what you can do.

Commissioner Gillen: It seems to me that it would be more economical for the State Highway to build an elevated road across Broad Street and in keeping with your High Street grade.

Mr. Groel: The State Highway has no objection to doing that, but there is so much objection from our citizens about bridging Broad Street. They come up and say, "You are marring the beauty of Broad Street." That is the reason the sub-surface suggestion is made.

Mayor Raymond: I didn't know beauty was ever considered these days. These seems to be practical days, when beauty has to be passed by. I used to talk about beauty, but I don't any more.

Commissioner Gillen: I was going to suggest that the City authorities might confer with the State Highway, but I don't see where there would be much advantage.

Mayor Raymond: Unless you build a bridge there.

Commissioner Gillen: It wouldn't hurt to have the engineers discuss it.

Mayor Raymond: We could make a bridge over it.

Commissioner Murray: There are some very beautiful viaducts in New York.

Mr. Groel: There is one at Pershing Square that is very beautiful.

Mayor Raymond: You have got a loop down at the railroad station. Whatever you have there in the way of transit you have got to run around a loop and run back. We have got a loop and that takes up a great deal of space underground. How you can work it around that loop, or how you could work it out at the Kresge Store and Post Office is beyond me.

Mr. Groel: That is engineering.

Mayor Raymond: It seems as if the engineers have thought of it and it doesn't fit in very well.

Mr. Groel: I wonder if the City Engineer couldn't look into this matter with the State Highway?

Mayor Raymond: Certainly, but I want to ask you one question, Mr. Costello: Doctor Vander Roest brought up the question of the cost of covering the subway from Madison Street to Park Avenue and said he thought it would cost two million dollars. I thought that was kind of low on it. Of course, we would like to get your contractor to do that. How much would that cost? Paved sixty foot highway over the canal bed from Madison Street to Park Avenue?

Mr. Costello: With a subway underneath?

Mayor Raymond: Whatever underneath you want.

Mr. Costello: Our estimate is twenty-five million.

Dr. Vander Roest: I will go to sleep.

Mayor Raymond: That is a lot of construction. We bandy millions around here, but it has got to come when we have got to find it.

Mr. Groel: Would it cost twenty-five million to construct the surface part of it?

Mayor Raymond: You have got to have it strong enough to hold up traffic, and if you fill it in it is all right.

Mr. Groel: My thought is that—

Mayor Raymond: But it is too precious a right of way to fill it in. It would be cheaper to fill it in than it would be to dig it, because it is a very shallow affair now, and it is cheaper to fill than dig it.

Mr. Groel: My thought was if we are going to put a rapid transit system on the bed, how much more would it cost to cover over the remainder and build a highway? I think that is what the Doctor had in mind.

Mayor Raymond: Assuming you have got a subway underneath—I will never let that assumption out of my mind—I am assuming we will use that for kind of transportation purpose—you haven't here those separate figures?

Mr. Costello: No.

Mayor Raymond: The minute you start to cover it you have got side walls to consider, which you have not got to consider if you have it open.

Mr. Costello: Where you have got your subway walls built it costs \$105. a foot to cover the surface, but there is not side walls planned beyond High Street only where it is necessary to hold up buildings and structures along there. \$105. additional over the cost of the side walls.

Mr. Groel: You don't know how many feet will be required?

Mr. Costello: It is about two miles long. I can get it for you.

Mr. Groel: We do think if we could have that covered up it would be a big boom of itself all the way through, as far as property values are concerned, and so forth.

Commissioner Gillen: You think in any case it should be covered. Of course, the cost would be prohibitive to do at once; it might be a plan that could be carried out piecemeal.

Mr. Groel: We would like to have it covered and made into a boulevard. Do you think there is any merit in the suggestion of seeing the State Highway authorities with the possibility—

Mayor Raymond: Yes, but Mr. Groel, the State Highway will have to meet us with the idea of having a lot of money in its pocket. Our estimate made in my Department for the cost for the extra land necessary for the sixty foot highway there is two and a half million, just to acquire the land for a sixty foot highway. Two and a half million on Sussex Avenue, which is a part of the land to put it in. Then you have got no construction question to consider at all. It is a tremendously expensive proposition. It

is a thing a city with ratables such as New York has got could take up. The State might do it, and I hope the State can do it, and I would love to see that boulevard there as well as anybody, if it is possible to get. My engineers will certainly co-operate with the State Highway Commission. We always have.

Mr. Groel: That is my experience.

Mayor Raymond: But there is lots of money to be picked up somewhere for it.

Mr. Groel: My thought was that we could get about five or six or a contribution of maybe ten million dollars to the proposition from the State, if we could get that we ought to take.

Mayor Raymond: We will have Mr. Sloan and our Engineer, Mr. Costello, work on it and see what we can do.

Mr. Henry Hamblar, 970 Broad Street, appeared and presented the following petition:

To the Honorable Thomas Raymond
and Board of Commissioners of the
City of Newark, County of Essex,
and State of New Jersey:—

Petition of Jacob Loubet.

Respectfully shows:

First: That your petitioner is the owner of a vacant plot of land, located at the southwest corner of Cottage Place and Stuyvesant Avenue, Irvington, New Jersey, as described on Schedule "A" hereto annexed.

Second: That on January 21, 1898, the Mutual Land and Home Company, a corporation of New Jersey, granted to the Enterprise Water Company, a corporation of New Jersey, the exclusive right and privilege to maintain, lay and operate water pipes in that portion of the lands owned by the Mutual Land and Home Company in Vailsburg, South Orange and Clinton Townships, County of Essex and State of New Jersey, as appears more fully in a deed recorded in BK X31 of Deeds for Essex County, on pages 461, etc.

Third: That on February 15, 1899, the Enterprise Water Company assigned, transferred and sold unto the Mayor and Council of the Borough of Vailsburg all its right easements and franchises mentioned in the second paragraph herein contained, and which appears more fully in BK B70 of

nue? How would you suggest that we widen it, cut down the sidewalks?

Mr. Klein: We have a very wide sidewalk.

Commissioner Brennan: I want to get a suggestion from you.

Mr. Klein: The pedestrians today are riding, they don't want to walk. We feel it can stand it easily.

Commissioner Howe: Your windows would be spattered more, the roadway will be closer to you.

Mr. Klein: We would be willing to clean the windows if we got more business.

Mayor Raymond: We will have Mr. Costello see if he cannot get you more light.

Mr. Klein: The condition between the trolley tracks is terrible. It is cobble stones.

Mayor Raymond: I have been trying to have all the streets paved right across, but it is problem for the engineers, a serious problem, and as the trolley rails are laid so poorly and you can not make the Public Service do anything without fighting—we think every street should be paved right straight over with smooth pavement. Suppose you see what you can do about that? You have got a narrow street there. Now you are practically kept off the middle of the street by bad pavement.

Commissioner Murray: When the trucks pass by they throw muddy water up on the windows.

Mr. Klein: May I ask one question? Right in front of my store we have a rut hole that is at least—well, we will say four by five feet—that has been there for a year or more. The street is sagged, really. The city keeps on filling in a little, whatever it may be called—it is washed out and broken up in a few days. You make efforts but it doesn't hold. Now, every time a truck passes there, down it goes up against our windows.

Mayor Raymond: What is your number?

Mr. Klein: 126 Springfield Avenue, furniture store.

Mayor Raymond: There must be something wrong underneath.

Mr. Klein: Well, it is sagged. It is right adjacent to the tracks.

Mayor Raymond: I wish we had paved that street in asphalt.

Mr. Klein: There is an awful lot of traffic on that street going up through Morristown and back. We don't want to take up any more time.

Mayor Raymond: We are glad to have your suggestions. We will take up at once your question of lighting and we will take up the question of your streets. If trolley companies are going to use our streets they are going to put proper bedding in for their tracks.

Commissioner Murray: West of Belmont Avenue they have just relaid the whole road.

Mayor Raymond: We ought to have every street in the city paved straight across.

Mr. Klein: Between High and Belmont is the busiest section. What about widening the street?

Commissioner Brennan: I want your suggestion. The crowd of people I have oft-times seen on busy business nights, I was wondering whether you gentlemen wouldn't tell us we were making a mistake.

Mr. Klein: The sidewalk is broad enough to take two or three feet on each side. On a Saturday the street is just closed when everybody is out to drive. If a bus and trolley stops everything stops. Now, I might ask for one more suggestion. I don't know whether I am in the proper place. At Springfield Avenue and South Orange Avenue at the junction is one of the things that came to my mind very recently. It is a very dangerous corner and we feel that the South Orange Avenue and Springfield Avenue junction ought to be policed, particularly at rush hours. It is one of the most dangerous corners that you have in the City of Newark. I noticed last evening—I take this interest because I am in that neighborhood for 36 years, and fire engines have gone up Springfield Avenue, a gentlemen came down to the right—he didn't see the engines down below. He just avoided an accident. It is just at that point there that South Orange and Springfield Avenue cars are coming down from all directions not only when the engines are out, but last night it was dangerous. I happened to be there. Some-

thing ought to be done to police that particular corner at rush hours because it is congested at times for an hour at a time. That is a minor thing, but it ought to be done. I believe it is more necessary to have an officer at that corner than at High and Springfield Avenue.

Commissioner Brennan: I admit it is bad.

Mayor Raymond: I would like to say a word before you go as far as I am concerned. If we narrow the sidewalks there we cannot make a good job of it, you know, without repaving that street. Now, repaving the street will certainly be an improvement to you as a business street. How do you feel about that?

Mr. Klein: We feel that the street isn't in such bad condition. The street has only been repaved, and the fact of the matter is that streets have been neglected through Public Service Railway in the center and they repair it, but of course, it isn't what it ought to be.

Mayor Raymond: If we take out the curb and set the sidewalk back we have got space to pave and you cannot make a good job of it.

Mr. Klein: I appreciate that due to the fact that it is a concrete proposition.

Mayor Raymond: You cannot get a good job, can you Mr. Costello?

Mr. Costello: No.

Mayor Raymond: Mr. Costello tells me you will have seepage of water. I think it is a mighty good street to narrow the sidewalks.

Mr. Klein: We are, of course, bringing this situation to you for future consideration. We do not expect that we can get everything at once, but we may be able to do something in the near future and leave it to your consideration.

Mayor Raymond: It is a great highway, and there is no doubt but what repaving and widening the roadway would help immensely. I will advise with Mr. Costello and see what the cost would be for repaving and setting back the sidewalks. Your Committee can come down some Monday morning.

Mr. Klein: Yes. You have our

address I want to thank you for your kind consideration.

Mayor Raymond: Your are welcome, sir, I am sure.

The City Clerk presented an ordinance to provide for the construction of a system of sewers to be known and designated as "Mt. Vernon Place sewer and Branches, Section 4", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a system of sewers to be known and designated as "Mt. Vernon Place Sewer and Branches, Section 4".

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections.

Title declared opened to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commisisoner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

tion of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions,' 'adopted December 31, 1919", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners, Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners, Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading?

The clerk then read the ordinance as follows:

An ordinance to provide for the opening and widening of First Street at the northeast corner of Hartford Street by the addition thereto of a triangular strip.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That First Street at the northeast corner of Hartford Street shall be opened and widened as a public street or highway, by the addition thereto of the following described strip:

Beginning at the intersection of the easterly line of First Street with the northerly line of Hartford Street; thence along the easterly line of First Street north 28° 51' east 106.50 feet to a point in the division line between lot No. 18 and lot No. 20, Block 1838 on Newark City Tax Map; thence south 8° 41' west 109.76 feet to the northerly line of Hartford Street; thence along the same north 66° 23' west 38 feet to the place of Beginning.

All as shown on a map prepared under and the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1264-0, dated May 9th, 1927.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefitted by said improvement in proportion to the benefits received, and in no case shall any assessment for said improvement exceed in amount such peculiar benefit under and by virtue of the provisions of the act above referred to.

Section 3. The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of South 13th Street from Sixteenth Avenue to Eighteenth Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam as a foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That South Thirteenth

Street from Sixteenth Avenue to Eighteenth Avenue shall be resurfaced with asphalt pavement (1½" top-1½" binder) on the existing macadam as a foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 6th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$25,000.00

is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$25,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. New York, May 26, 1927.

Mr. W. J. Egan,

City Clerk of the City of
Newark, N. J.,
City Hall, Newark, N. J.

Dear Sir:—

We take pleasure in enclosing herewith five signed copies of our report on the audit of the accounts of the City of Newark, N. J., for the year 1926.

As required by law, we are sending a certified copy of this report to the Commissioner of Municipal Accounts at Trenton.

Yours very truly,

Price, Waterhouse & Co.
J. H. Bowman,

Registered Municipal Accountant.

Received and report ordered published and filed.

New Jersey State League of
Municipalities
34 West State Street,
Trenton, N. J., June 1, 1927.

To the Honorable Governing Body.
Gentlemen:—

In May, 1924, your body subscribed, together with thirty-three other municipalities, to a special fund being raised, to contest the New York Telephone Company Rate Case, and sponsored by the League of Municipalities. This was carried through the courts by the Associated Municipalities together with the Public Utility Board. All expenses of this litigation have been met. About one-half of the original fund remains, over five thousand dollars in the aggregate, which has been held by our Treasurer with the thought that there might be further litigation or appeals to higher courts. The remaining balance is now returnable to the original contributing municipalities in due proportion, as the possibility of further calls on this fund now seems at an end.

However, a great need for the expenditure of this fund has now arisen. The voters of this state will vote upon the zoning amendment to the constitution on September 20. If this amendment is to be adopted, which alone will save zoning in our state, it is imperative that a state-wide campaign of education be undertaken.

A committee is being formed, sponsored jointly by the State Chamber of Commerce, the League of Municipalities, State Federation of Labor, several of the state women's organizations and others. It is hoped to reach every voter in the state by every available means of publicity, including billboards, the radio, speakers, newspaper articles, editorials and advertisements, moving pictures, circulars and letters. Organizations will be set up in every county. It is proposed to expend many thousand dollars to save zoning in this state, if the funds can be raised.

I am directed, therefore, by the Executive Committee of the New Jersey State League of Municipalities to ask your permission to use the small unexpended balance now due you from the telephone fund in this campaign to educate the voters as to the meaning and importance of the zoning amendment. If a majority of the contributors to this fund will agree to this, and we believe they will, it will enable the organization work to start immediately and will take care of the League's proper proportion of the expenses. The committee hopes for your permission to use your share of the money at your earliest convenience.

Respectfully yours,

Sedley H. Phinney,
Executive Secretary.

Received and ordered referred to Director of Finance.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N J, June 14th, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of June 7th, 1927, were read and approved.

Mayor Raymond: Does any citizen wish to be heard?

Mr. Nathan Goldsmith, 2 Stratford Place: I am ready and prepared to erect a building at Canal and Cherry Street costing upwards of two millions of dollars. The nature of this building is a club-hotel, with all the modern facilities of a modern hotel, plus a gymnasium, swimming pool and roof garden.

Mayor Raymond: Where are you going to build that?

Mr. Goldsmith: Corner of Canal and Cherry. The rooms in this hotel will rent for \$9 a week upward. Of course, the present status of affairs doesn't permit entering into contracts not knowing what disposition is going to be made of the Canal. I say this because unless the canal was made a boulevard it would not be practical to erect this building. In calling the attention of the Commissioners at this time to this proposed building, it is so they can visualize the increase in valuation of property in that immediate section if the canal is covered and made a boulevard—

Mayor Raymond: This has no bearing on your difficulties within the Ward Street opening. This is another proposition?

Mr. Goldsmith: Of course, I have all that property there.

Mayor Raymond: This wouldn't interfere with the widening of Ward Street, this hotel.

Mr. Goldsmith: Well, we would arrange—in bringing this to the attention of the Commission at this time it is for the purpose of trying to learn what the contemplated plans are, the approximate time of its consummation, and to assist the Commission, and if Ward Street is to be opened, so that we leave that portion required for Ward Street out of our

plans. The property owners in that particular section for the past five years have been in a peculiar position, due to the contemplated change there, the increase in taxes that we have been asked to pay, and the uncertainty of developments. Now, we don't in any way criticize the delay, but simply are trying to bring to the attention of the commission the enormous suffering of loss that we are encountering due to not knowing just how or what disposition to make. You take for instance in my situation. I have a factory which is to be vacated in December. Whether to continue that as a factory property and make the necessary changes for factory property I am not permitted at this time to make a decision because if I continue it as a factory property and enter into long leases, the proposed covering of the canal would then again make my taxation so severe that I would suffer a terrific loss, so I thought it might be practical and feasible to show you just what I had in mind and that I could get some assistance or some knowledge of how soon—

Mayor Raymond: I think I can say, Mr. Goldsmith, I think the commission would probably be one on this,—that there will be a boulevard on there, Canal Street will be made a boulevard. I do not think that question is in doubt; I do not think anybody has any argument against that. What shall be done underneath it may be the subject of argument.

Mr. Goldsmith: The idea is this: we thought if we started in January—

Mayor Raymond: Now, so far as Ward Street is concerned, you can see the difficulties yourself. I think that question was—I think the Commission would probably support my statement by one way or another—through some agency, some public agency, Ward Street will be widened and made a general thoroughfare right through. Whether that will be done by the City Commission or the State Highway Commission we do not know. We think the State Highway Commission should do it, and as I understand it, the Legislature last winter made it mandatory,—that is made it mandatory for a north and south route.

Mr. Goldsmith: Can the Commission

tell me about how long it would be before the canal would be covered?

Mayor Raymond: Well, now, there is a poser.

Mr. Goldsmith: Would it be by January, 1929?

Mayor Raymond: I should hope so, yes; I should hope so. We will probably get that done first because that is very important.

Mr. Goldsmith: The people that I have associated with me, if they could get some assurance that they—

Mayor Raymond: There is no doubt the City will have to do it, and the City might as well get at it and do it. There is no question about who shall do that.

Mr. Goldsmith: Now, the sidewalks along there is rather narrow. Has there been any thought as to the widening of the sidewalk?

Mayor Raymond: Mr. Kane, what is your plan about the sidewalk on Canal Street? Have you made any layout of that sidewalk and the roadway?

Commissioner Murray: The street is supposed to be eighty feet wide. There is an awful lot more than eighty feet between those buildings. How much is there between your building and the market, Mr. Goldsmith?

Mr. Goldsmith: I am not alongside of that.

Commissioner Murray: I know, but your building line and the line of the market, a great deal more than eighty feet.

Mr. Goldsmith: The market sidewalk?

Commissioner Murray: No, the boulevard there.

Mr. Goldsmith: Yes, I think it is more than that.

Mayor Raymond: Suppose you wait a minute. We will have the maps here and then go ahead with them.

The City Clerk presented an ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

Mr. Henry Hebel, 550 Bergen Street: Mr. Mayor, I have got a petition here about four thousand feet of Bergen Street residents along the street. We haven't had time to get them all yet, and we are here, those petitioners, to protest against the paving of Bergen Street.

Mayor Raymond: Do you realize, Mr. Hebel, do you and the other protestors realize that 80 per cent. of that will go on the City at large, and 20 per cent. on the property owners.

Mr. Henry Hebel: No, we didn't know that.

Mayor Raymond: And that it is go-

ing to make a very valuable street for you.

Mr. Hebel: Mr. Mayor, some of those property owners feel if the street should be paved it should be widened.

Mayor Raymond: Ten per cent. on each side of the street.

Mr. Hebel: There should be taken three feet off the sidewalk all the way through on each side. Now, the pavement in general on both sides of the street is in very good condition, outside of the car tracks.

Mayor Raymond: You mean the stone pavement?

Mr. Hebel: It is very good condition. There might be a few places all the way along from First Street to Hawthorne Avenue which needs repair, but you take the general condition of the street on both sides, the pavement is good. The car tracks needs repairing. We believe in case it should be done that the street should be widened and make a boulevard out of it.

Mayor Raymond: You mean the street should be widened?

Mr. Hebel: Yes, sir.

Mayor Raymond: By taking property or by reducing the sidewalk?

Mr. Hebel: Reducing the sidewalk. If it is possible we would like to lay this matter over two weeks to get the signatures of the rest of the property owners. We haven't had time to get them all, but we have got 4,000 feet of property owners here.

Mayor Raymond: We have no objection to laying it over, but I wish you would also consider those other facts, Mr. Hebel, the cost of the other, it is estimated to be about \$17. a lineal foot. Now, the pavement you say is good pavement; good for that kind of pavement, but it is no good for anything else. It wouldn't be considered a good pavement anywhere, would it?

Mr. Hebel: Well, the pavement, Mr. Mayor, there is a heavy traffic on Bergen Street, particularly from two o'clock in the morning on, heavy trucking, all those big trucks, milk trucks, going along that line, heavy traffic all the way through.

Commissioner Murray: It would be a splendid thing if that three feet could be added on either side.

Mayor Raymond: It would make the property more valuable, improve the property and make it more valuable.

Mr. Hebeler: The sidewalks are pretty broad, and it would be easy to cut off the sidewalk—cut off three feet easily.

Commissioner Brennan: Would there be a sufficient sidewalk?

Commissioner Howe: In some places over by Warren Street there isn't over three feet on the side. That is going to cost a lot of money. You will have to give damages, won't you?

Commissioner Murray: The stoops are outside of the building line; they are encroachments.

Mr. Hebeler: You take along from Springfield Avenue on over, Commissioner, you will find very wide sidewalks there all the way over to Hawthorne Avenue.

Mayor Raymond: There are certain places where you can widen, and places where it has been widened, from Renner to Lyons Avenue.

Mr. Hebeler: I know about that.

Mayor Raymond: But the rest of it isn't, the sidewalk is too narrow. What have you to say about that? This is an important improvement; it would make the property much more valuable to the owners; I don't see why they should object.

Mr. Hebeler: If you will allow us to lay this matter over and have a meeting—

Mayor Raymond: Yes, think it over in the light of what I have told you.

Commissioner Brennan: I move the ordinance be laid over two weeks.

L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 10th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of

excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$10,800.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$10,800.00, under and by virtue of the provisions of an act entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof which bonds or notes shall bear interest at the rate of not to exceed 6 per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances incon-

istent with the provisions of this ordinance, be and the same are hereby repealed.

The following reports of City Officers were received and ordered filed: Overseer of the Poor for April and May, 1927.

Mayor Raymond: Mr. Goldsmith, we have got the map here, and the sidewalk there, for instance, at the market line, is set back so much.

Mr. Kane: We can make it 16 to 20 feet and still have lots of room for the roadway.

Mayor Raymond: You have got a width of street of 103.9 feet from property line to property line. The market is set back a little further, that is 5 feet back, the market is; that gives you an additional 5 feet. Of course, I think we want to get it done as soon as we possibly can, as far as we are concerned, but we have got to arrive at agreements. We cannot tell what will be done with the top until we know what is going to be done at the bottom. We ought to be able to arrive at a conclusion, Mr. Goldsmith, I should think, in a month. Ward Street is out of our control in a way; the State Highway Commission, I think, is going to do that. That is out of our hands; that is, I think it will be out of our hands.

Mr. Goldsmith: You think it is about a month?

Mayor Raymond: You see, the structure upon which this road will be built has got to be built underground, and that will depend upon the character of what is underneath how it is constructed. Commissioner Gillen, you are going to sell, some day, that land?

Commissioner Gillen: Some day? Some day is right.

Mayor Raymond: Someone said you were planning to do it soon, are you?

Commissioner Gillen: Yes.

Mayor Raymond: You see, Commissioner Gillen is planning to sell from Broad Street down to Mulberry. That will put that in the hands of new development.

Mr. Goldsmith: It will be more valuable as soon as the contracts are signed.

On motion, the matter was laid over for one month.

A communication dated June 8th, 1927, from Joseph L. Smith, acknowledging the receipt of resolution on the death of his father, Honorable James Smith, Jr., was received and ordered filed.

A report on Water Transportation Lines for the Wanaque Supply made to the North Jersey District Water Supply Commission by George A. Johnson, Consulting Engineer, March 29, 1927;—analysis of report by Arthur H. Pratt, Chief Engineer, and Morris R. Sherrerd, Consulting Engineer, April 7th, 1927;—Reply by George A. Johnson, April 13th, 1927;—and Memorandum on Reply by Arthur H. Pratt and Morris R. Sherrerd, April 21, 1927;—was received and ordered referred to Mayor Raymond.

A Transcript of notes taken at a meeting of the members of North Jersey District Water Supply Commission and representatives of municipalities participating in the Wanaque project, at the offices of the Commission, 24 Commerce Street, Newark, New Jersey, was received and ordered referred to Mayor Raymond.

Mayor Raymond: Gentlemen of the Commission: I do not know when a death has affected the City at large with the grief and sense of loss that the death of Mr. Peter J. O'Toole has caused. In his rather enclosed life in the newspaper office he made thousands of friends in this city. I counted his personally among my most dear friends. It was only a week ago today at this hour that he was chatting with me in my office across the hall about his future and my future, and I personally feel a deep sense of grief in the loss of this very fine man. His spirit of kindness, his absolute charity for all, I think left him so that he had no enemy in the world, I fancy. I said to one of his colleagues on the Newark Evening News the other day, "You know, I loved Pete O'Toole." He said, "Well, who didn't love Pete O'Toole?" And I said, "I guess that is right." Now, I haven't prepared reso-

lution this morning, but I would like to have resolutions prepared, and in view of the fact that Mr. O'Toole was in the City Hall for many years, and took a great interest in the development of our city, and watched each step in the progress of our City as the steps were taken, and always acted with the deepest sympathy and kindness towards the city officials, in every way that he could, I would like to have a resolution moved that a proper resolution be prepared and properly engrossed and sent to his family that they may have reserved there some record of the feeling of the officials of the City of Newark.

Commissioner Murray: I move such a resolution be prepared.

The following petition was received and read:

Newark, N. J., June 8, 1927.

To the Honorable

Mayor and Commissioners of
The City of Newark.

Having noticed that there has been a resolution passed on first reading for resurfacing road on South Thirteenth Street from 18th Avenue to 16th Avenue, we, the undersigned property owners, jointly wish to voice our protest against same. We truly believe it unnecessary and know that a proper filling up of the holes in the road with a hard enough road material and the necessary binder together with an occasional oiling will be entirely satisfactory to us.

Signed by 31 property owners.

Ordered filed.

The City Clerk presented an ordinance to provide for the resurfacing of South 13th Street from Sixteenth Avenue to Eighteenth Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam as a foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan: I move the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging, paving and resurfac-

ing of Third Avenue west from Roseville Avenue to North 13th Street with asphalt pavement (1½" top-1½" binder) partly on a new six (6) inch concrete foundation and partly on the existing macadam as a base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard?

Mr. William H. Jamouneau, 380 Roseville Avenue: This matter, Mr. Mayor, was introduced about two months ago, and the total cost, as advertised, was an item of \$34,000, and the property owner up there thought that a very excessive amount for a resurfacing job, because we did not think the street needed an entirely new pavement. We objected and we had 100 per cent. petition, and the matter was killed. Now it has been re-advertised at a nominal cost of \$27,500.00 which is a reduction of about 20 per cent. We didn't know a certain part of this cost would be put on the city at large. Mr. Andres informed me that the city at large usually pays one-third on a resurfacing job, and he explained to me that the block between Twelfth and Thirteenth Street was going to be cut through. That is an entirely new operating, grading, and entirely different from that work, and that cost would be kept separate and assessed against the property benefitted exclusively, and the neighbors I have talked to object to having a contract to embrace two entirely classes of work. I don't know that it has ever been done. You are going to resurface four blocks and cut through a new street, and the only way, it seems to me, to make it fair, is to advertise two separate contracts.

Mayor Raymond: Well, the actual cutting of the street through, of course is also contractor's work. It might be a better price that way than the other way.

Mr. Jamouneau: It wouldn't lower the cost to the resurfacing portion; it might help the other part, and Mr. Andres further informed me that the costs would be kept very carefully and that the Assessment Commissioners would have the items so that they could

assess the costs against the property actually benefitted, and if that is the case, why, we shouldn't object to having it done that way, provided it is legal.

Mayor Raymond: I will refer it back to the engineers.

Commissioner Murray: That is legal.

Mayor Raymond: I will ask the Commissioners to lay it over for a couple of weeks.

Mr. Jamouneau: We have no objection then. When the ordinance was turned down two months ago, Commissioner Howe suggested that we get in touch with the Engineering Department and see if we couldn't come to some arrangement to reduce the cost, and I must say that they have submitted a plan of resurfacing partly on the old foundation that brings the cost down, making allowances for this extra block, taking that out, separating it—and not charging us for changing the radius of the curb, it is a city improvement and the one-third, practically \$7 a lineal foot, and I told Mr. Andres that so far as I was concerned, and I was the largest individual property owner on this street, I would accept that price and thought it was a fair price, and willing to have it done. I am only authorized to speak for myself, but there is one thing I think ought to be spoken of here. Now, that street has been absolutely ruined by the workmen of the Public Service in putting in gas. That pavement was laid 16 years ago; it was a tar-bound pavement—what they call Tarvia—and was cut and has been torn up in forty or fifty places. The city put in water and sewers, and that was all taken care of by the City and the Roseville Realty Company, but the Public Service has torn it up and piled up a heap of dirt and let nature take its course, and the street is absolutely ruined. Now, the City did not protect the interests of the property owners—whoever is responsible for that don't know what department it is—just let them get away with it, and we think it isn't fair to the property owners who suffered that damage to pay for a new street, and I would suggest to the Commissioners—and we want to be just and liberal—we don't want to be like on Roseville Avenue—we are willing to be

assessed 50 per cent, and I think that would be fair to compensate us for the negligence of some prior city officials, and we will accept that 50 per cent. instead of the 30, or one-third. With that objection, why, we are perfectly satisfied to have this improvement go ahead, as far as I am concerned.

Commissioner Murray: That is a very important development and it means a great deal to the adjacent property to get that street through. No matter what mistakes were made in the past your properties are going to be benefitted at once.

Mr. Jamouneau: It connects us with East Orange.

Commissioner Howe: Why delay it?

Mr. Jamouneau: I am in favor of having it done, as far as I am concerned personally.

Mayor Raymond: We cannot bargain on that, Mr. Jamouneau; that goes to Assessment Commissioners.

Mr. Jamouneau: Well, you can recommend it, perhaps; you might help us with the Commissioners.

Mayor Raymond: We can take it up with them, but this is a bad pavement, and I am pleased you are satisfied with our methods and with our department.

Mr. Jamouneau: And we are very much pleased with the co-operation we get from the Engineering Department and Mr. Andres in getting what we wanted.

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging, paving and resurfacing of Third Avenue west from Roseville Avenue to North 13th Street with asphalt pavement (1½" top-1½" binder) partly on a new six (6) inch concrete foundation and partly on the existing macadam as a base.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amend-
ment.

Section 2 declared open to amend-
ment.

Section 3 declared open to amend-
ment.

Section 4 declared open to amend-
ment.

The ordinance was declared open to
amendment in all its parts.

Commissioner Murray moved that
the ordinance be adopted on second
reading.

The roll being called, the motion
was declared adopted by the following
votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that
said ordinance be ordered to a third
reading.

The roll being called, the motion
was declared adopted by the following
votes:

Yeas: Commissioners Brennan, Gil-

The following petition was received
and read?

Newark, N. J.—

Hon Commissioners of

The City of Newark, N. J.

Gentlemen:—

We, the undersigned, property owners
of Bergen Street Newark, N. J., pro-
test paving Bergen Street and request
repairing.

Signed by 266 property owners.

Ordered referred to the Mayor.

The City Clerk presented an ordin-
ance to provide for the repaving and
resurfacing of First Street from Orange
Street to Warren Street and Bergen
Street from Warren Street to Haw-

thorne Avenue with asphalt pavement, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard?

Mr. Henry Hebel, 550 Bergen Street. Mr. Mayor, and Commissioners We got here a petition of about 53 per cent. of the property owners of Bergen Street on the pavement of that street. Now, that is some of them isn't opposed to this repaving of the street, getting it in proper shape, but we feel there should be something else done on that street at the present time that the street should be widened. Now, I have been talking to some of the engineers, and they tell us that certain places the street can be widened and certain others it cannot. Of course, I don't know what consideration you have taken in this matter. After the street is paved we feel it should be something done and widened. It might be some of the places where it can be three feet taken off the sidewalk, some possibly about two feet; of course, I haven't looked over these properties, but there is no doubt in my mind in case the City should decide to pave Bergen Street, and widen it, that the job can not be done this year. The statement you made to us last week that the citizen only pay about ten per cent. on each side—

Mayor Raymond: That is right, because this is a public improvement. We will do all the widening we possibly can. We will be very glad to have your advice in the matter.

Mr. Hebel: Well, I haven't—just the way I am saying, Mr. Mayor and Commissioners—I haven't gone over the entire thoroughfare. I know in some of the places it can be widened a good deal.

Mayor Raymond: We will try to make the best job we can. We will try to make it as wide as we can. When the plans are drawn you can come in and look at them.

Mr. Hebel: We got this petition here, Mr. Mayor, and we will leave it here with you.

Mr. Herman Meyer, 328 18th Avenue: Now, Mr. Mayor, I got these petitions

from the property owners, and it is about 80 to 90 per cent. of them was in favor of repairing the street, but it is simply because they thought the expenses would be too high, but if it is only 20 per cent. basis, what would that mean in dollars and cents for 25 foot?

Mr. Costello: \$3.25 a foot.

Mr. Meyer: If that is the cost you may just as well take and waste the petition. We expected about ten or twelve dollars assessment, which would be too much.

Mayor Raymond: No, it won't be anything like that. We will give you a nice job. If it was ten or twelve dollars a foot it would be too much for some of the people, but if you go to repair it it will cost more than \$3.50 a foot to repair it.

Mr. Meyer: If we get a new street at that price and in case we can widen it, we would be in favor of that too.

Commissioner Brennan: It will cost a little more, according to the engineer's estimate, for the opening.

Commissioner Murray: It won't go over \$5 anyhow, over with the widening.

There being no one else to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving and resurfacing of First Street from Orange Street to Warren Street and Bergen Street from Warren Street to Hawthorne Avenue with asphalt pavement (1½" top-1½" binder) on a new concrete base or on the old concrete base built up with new concrete, outside the street railway track area, and within the street railway track area where new track construction is placed. Where old track construction remains, the street railway track area shall be repaved with napped reclippped granite block pavement on the old or

on a new concrete foundation, as directed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

City of Newark, do ordain:

Section 1. That Old Spruce Street
from the southerly side of Springfield
Avenue in a general southeasterly di-
rection to the former boundary line
between the City of Newark and the
Township of Clinton, shall be vacated
as a public street or highway, except-
ing from such vacation all those parts
of the above described Old Spruce
Street lying within the limits of East
Fairmount Avenue, Highland Street
and Bergen Street, as shown on a map
on file in the office of the Chief Engi-
neer, Department of Public Affairs,
known and designated as No. 1043,
under and by virtue of the provisions
of Section 1, sub-division (b), of
Article XXII, of an Act of the Legis-
lature of the State of New Jersey, en-
titled "An Act Concerning Munic-
ipalities" approved March 27, 1917, and
the acts amendatory thereof and sup-
plementary thereto.

Section 2. That this ordinance shall
take effect immediately and all or-
dinances or parts of ordinances incon-
sistent with the provisions of this or-
dinance, be and the same are hereby
repealed.

The roll being called, the motion was
declared adopted by the following
votes:

Yeas: Commissioners Brennan, Gil-

of Midland Place from about 200 feet
south of Woodbine Avenue to about
717 feet south of Ivy Street with as-
phalt pavement (1½ top-1½" binder)
on a six (6) inch concrete foundation.

The Board of Commissioners of The
City of Newark, do ordain:

Section 1. That Midland Avenue from
about 200 feet south of Woodbine Ave-
nue to about 717 feet south of Ivy
Street shall be graded, curbed, flagged
and paved with asphalt pavement (1½"
top-1½" binder) on a six (6) inch con-
crete foundation, with the necessary
new curbing or resetting of curb, to-
gether with all other appurtenances
incidental to the paving of said street,
including the laying of concrete side-
walks at street intersections and else-
where wherever needed, and the laying
or relaying of a sidewalk or sidewalks,
or such portion or portions of side-
walks as may be disturbed or may
become necessary or expedient, or the
grade of which may be affected on ac-
count of the laying of the pavement
or the setting or resetting of the curb,
under and by virtue of the provisions
of an act entitled "An Act Concerning
Municipalities," approved March 27,
1917, (P. L. 1917-319) and the supple-
ments thereto and amendments there-
of, in accordance with the plans, spec-
ifications and profiles dated June 20th,
1927, and now on file in the office of the
Department of Public Affairs.

In order to avoid the necessity of ex-
cavating and tearing up the improved

portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$35,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$35,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this or-

dinance, be and the same are hereby repealed.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Schley Street from Chancellor Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Schley Street from Chancellor Avenue to the City Line shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 17th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved

portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

A communication dated June 22, 1927 from the Colconda Temple No. 24 of the Mystic Shrine, extending an invitation to the Board of Commissioners to attend the 28th Annual Session of the Imperial Council of the Ancient Egyptian Order of Nobles of that organization, on August 29th, 30th and 31st, 1927, in the City of Newark, was received and read, and on motion referred to Mayor Raymond.

A communication from the Atlantic Deeper Waterways Association, relative to the Twentieth Annual Convention of the Association, to be held at Baltimore, Maryland; September 9th to 15th, 1927 was received and read and ordered filed.

Mr Harry H. Daniels, 380 Warren Street: I have a petition, sir, from different property owners surrounding the corner of Warren, First and Hartford Streets, and this new improvement that is going through. I believe I am late, which I apologize for.

Mayor Raymond: We meet at 11 o'clock and we did meet at 11 o'clock and we passed the ordinance.

Mr. Daniels: I might get a hearing on it just the same? I have a petition **here—**

Mayor Raymond: Are you against it or are you for it?

Mr. Daniels: We are for the improvement, but if you will read this petition gotten up by the immediate property owners, we claim it is a general improvement and not a local improvement.

Mayor Raymond: And you don't want to be stuck too much on it.

Mr. Daniels: We don't want to be stuck entirely for the improvement, but if the company would give us transportation in that neighborhood and continue to leave it as a business neighborhood—

Mayor Raymond: You will have a chance to present your arguments to the Assessment Commission who will have entire charge of it. You will have notice of that, and you can present your arguments to the Assessment Commission.

Mr. Daniels: There is no use arguing before the thing is passed.

Mayor Raymond: The passing of it—we passed the improvement, but the fixing of the price of the improvement has not been done yet; that would be done by the Assessment Commissioners. You are in favor of the improvement but you are interested in the price.

Mr. Daniels: Yes, providing that the street is continued to be a business street. They are taking all our transportation off that street with the exception of one trolley every fifteen **minutes** running to the Penn. Station.

Commissioner Murray: The point apparently is they are not getting sufficient transportation.

Mr. Daniels: To warrant us to pay for a new improvement.

Commissioner Murray: The improvement is not being made for the benefit of the trolley company.

Mr. Daniels: It is being made for the benefit of the property owners, but we claim we are not getting any improvements now. We have thirty stores empty from Wallace Place to Central Avenue now at the present time. People are continually moving.

Mayor Raymond: As far as the development of the street goes, that has nothing to do with the ordinance. You say we are taking away your 'bus service'?

Mr. Daniels: The busses from Central Avenue to Warren Street have been removed and they run on Bank Street. The trolleys on Wallace Place to Central Avenue have been taken off, leaving us with one trolley approximately every 20 minutes, sometimes 11 minutes, running to the Penn Railroad only, where heretofore we received transportation on the line from busses and trolleys running to the Penn Railroad and Terminal, and the busses dropped on that. Now we have nothing but the trolley every 15 minutes or more. Naturally that is creating an absolute condition where there is no business on Warren Street from Central Avenue to Wallace Place, leaving us with about 30 stores vacant, and business has been good, and this improvement comes along which we don't object to, but if there is no business to pay for that improvement where are we going to get the money from? That is our whole comeback, and naturally no one is going to—

Mayor Raymond: Do you remember how this service was taken off?

Commissioner Murray: They switched the Market line to Bank Street instead of First Street.

There are 30 odd vacant stores now. That is a matter for the Transportation Department. They can make this complaint without regard to the improvement because lack of transportation is killing their business.

Mayor Raymond: Take it up with Mr. Crawford.

The petition was then read as follows:

Newark, N J

June 17, 1927.

Honorable Commission of
City of Newark.

Gentlemen:

We the undersigned owners of property near the corner of Hartford and First Sts., consider the alteration now in progress to be a general improvement and not just a local improvement as stated in your recent notice which was mailed to us.

We therefore claim that this expense should be part of the general improvement appropriation fund, thusly out of consideration for us it should be charged against the above account.

Furthermore whatever benefits this immediate neighborhood might have received have been obliterated by the removal of the Market Bus Line and the rerouting of the Orange Cars, leaving us with a conveyance service that is really deplorable. The cars run to the P. R. R. only and the headway schedule ranges between 10 and 15 minutes.

The above condition has practically made Warren St. from Wallace place to Central Avenue a residential neighborhood, which heretofore was a business thoroughfare. At the same time property values have decreased accordingly consequently we are taking this means as formal protest.

With confidence and faith in the decision you will make and eagerly awaiting your reply,

We remain,

Respectfully yours,

(Signed by 19 property owners).

The petition was then ordered filed.

The following communication was received and read and ordered referred to the Mayor:

Commissioner of the City
of Newark,
Municipal Bldg.,
Newark, N. J.

Dear Sir:

We are about to establish a University of Aviation. It is not intended as a money-making scheme, but an enterprise which will systematically and thoroughly train future flyers for both Army and Navy and commercial flying. We need a certain amount of land on water front, and I understand the City of Newark owns a very desirable piece of land for such a purpose.

I am wondering whether such an undertaking would appeal to the people of Newark sufficiently to lease such land to us on moderate terms for a number of years, as, of course, we would have to erect buildings and probably level off and fill in the ground.

I would be very grateful to you if you would give me some information, and your ideas of such an undertaking, which undoubtedly would be of civic interest and advancement. Should you desire, I will gladly come over and talk our plans over with you.

Thanking you in anticipation, I am

Very truly yours,

M. B. BOYD.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance to provide for the repaving of Madison Street from Market Street to Lafayette Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond I desire to withdraw this ordinance; will one of you gentlemen move that the ordaining clause be stricken out?

Commissioner Howe moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presentend An ordinance to provide for the repaving of Clinton Street from Mulberry Street to Lawrence Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Mr. H. Murphy, 78½ Clinton Street: Several years ago I tried to get a sewer put in that street; the street has no sewer in that block there. This last week when I saw this ordinance taken up, I took it up with Mr. Rankin, and he thought it would be a good idea at that time to overcome our opposition to my getting a sewer in that block, and I think this would be the opportune time to put a sewer in there. There is not so much opposition to it now, but in our place we are connected with a private sewer, and I don't think there would be much objection. The property owners want it.

Mayor Raymond: Do you know anything about this, Mr. Costello? I think it would go along with that paving proposition. Take it up with Mr. Costello, Mr. Murphy. You don't object to the paving?

Mr. Murphy: No, but I think we ought to have all the improvements.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Any citizen wish to be heard?

Mr. William L. Greenbaum, 164 Market Street: I represent the American Retail Ice Dealers Association, an organization consisting of about 500 ice dealers of Newark and vicinity. I think there are some 350 or 400 in Newark, and I have the signatures of about 350 of these men who are in favor of the proposition that I am about to ask for, and that is this: that we would like very much to have this commission to pass an ordinance somewhat of a similar type that is now in effect with regard to butchers and barbers in closing on Sunday. These men work during the week and they would like very much to have a day of rest the same as every other citizen, but unfortunately are unable to do so because there are two or three men who insist on selling ice on Sunday, and, of course, in order to keep their trade, the rest of these men work on Sunday. Two or three years ago they didn't sell ice on Sunday; they all agreed on that, and just a few of the men went out, and in order to retain the customers the rest of the men had to go out on Sunday. I have a draft of an ordinance that I would like to submit to you gentlemen and ask if in consideration of these men you wouldn't pass this ordinance so these men could have their day of rest the same as anybody else. I might say this: somebody might have some objection because on some occasions some person might be sick and want to have ice on Sunday. I am willing to go on record that every member of our organization will be only too glad to give ice free to any person who is sick and who needs it on Sunday, without any charge whatsoever. I would like to submit, Mr. Mayor, draft of the ordinance which I have drawn, and ask your consideration. Any question any of you gentlemen would like to ask I will answer them. I have

about 350 signatures on these petitions of members of the Ice Dealers Association of Newark.

Mayor Raymond: How does it affect the business?

The City Clerk then read the Petition and proposed ordinance as follows:

To the Honorable Board of
City Commissioners of
the City of Newark.

Honorable Sirs:

The undersigned, citizens of the City of Newark, all of whom are Ice Dealers doing business in the City of Newark, respectfully request your Honorable Body to pass an Ordinance prohibiting the sale of Ice on Sunday.

Your petitioners shown that they are engaged in their work, from twelve to eighteen hours a day, and while the vast majority of Ice Dealers of the City would be willing to refrain from selling Ice on Sunday, they are unable to do so because of the fact that there are five or six men in the entire City who insist on selling Ice on Sunday, and that in order to retain their trade, all of the other Ice Dealers are obliged to do likewise.

Your petitioners further show that they are members of the American Retail Ice Dealers Association, a duly organized society in this City, consisting of a membership of approximately Five Hundred members, which organization has gone on record as being in favor of prohibiting the sale of Ice on Sunday.

(350 Signers)

An ordinance regulating the sale of ice in the City of Newark on Sunday and providing for penalties for violation thereof.

BE IT ORDAINED by the Board of Commissioners of the City of Newark as follows:

Section 1. It shall be unlawful for any person or persons, firms or corporations to sell or offer to sell ice on Sunday.

Section 2. Any person or persons, firms or corporations violating any of the provisions of this ordinance shall be subject to a fine of Five Dollars for the first offense; to a fine of Ten

Dollars for the second offense, and to a fine of Twenty-five Dollars for the third, and each subsequent offense.

Section 3. It shall be lawful for any Constable, Police Officer, or any citizen, upon discovery of a violation of the provisions of this ordinance to make a complaint before any Police Judge of the City, and to prosecute the offender according to law.

Section 4. This ordinance shall take effect immediately.

Commissioner Howe: How about the ice cream companies, can they supply their own stores with ice?

Mr. Greenbaum: Oh yet, we are only talking about selling ice on Sunday.

Commissioner Howe: You mean in bulk?

Mr. Greenbaum: Yes.

Commissioner Howe: But ice cream companies like the Puritan or Castles—

Mr. Greenbaum: It doesn't affect them any in any way whatsoever. They are not selling, they simply furnish to keep their cream in condition.

Mayor Raymond: What is the pleasure of the Board?

Commissioner Murray: I move it be referred to the Law Department.

Mayor Raymond: There are a lot of poor people who cannot store their ice up; you have to meet with that. The congestion is getting greater and greater all the time, and the necessity for ice is greater with the congestion. I think we ought to think very seriously about it before we penalize people for selling ice to the poor on Sunday.

Commissioner Howe: If all but two or three are willing to quit, why don't they quit and let those two or three—

Mr. Greenbaum: They will lose all their trade.

Commissioner Howe: Oh no, they won't.

Mr. Greenbaum: Oh yes, we will; we have been through it.

Commissioner Murray: Would it be against their plans to limit their time on Sunday to two hours, from 7 A. M. to 9 A. M., so those who have ice boxes not big enough to carry ice over 48 hours—

Mr. Greenbaum: In order to meet the objection, if there is objection that poor people cannot stock up on Saturday, I suppose we will have to meet the situation.

Mayor Raymond: You ran free ice wagons, didn't you, Commissioner Gillen?

Commissioner Gillen: We tried to. We used to have a lot of ice stations open on Sunday where you could go out and get ice.

Mr. Greenbaum: I think you ran those stations, Mr. Gillen; I think you were the originator of that proposition.

Commissioner Gillen: No, I originated a number of things, but not that.

Commissioner Brennan: The Mountain Ice Company used to run those.

Mayor Raymond: You are approaching a very serious subject. You see it, of course, yourself. Now, we have simply got the comparatively few men who work in the ice business on Sunday compared with the number of people who need ice for the baby's milk and the health of the family.

Mr. Greenbaum: I think the suggestion of Director Murray would probably eliminate that objection, because the minute he wants ice he can get it within certain hours of the morning. If we cannot have the whole day—

Mayor Raymond: We will leave it to the Law Department.

Commissioner Murray: Selling of ice after nine o'clock on Sunday morning—

Mayor Raymond: As far as the legal aspects, but there is a policy which this commission has got to determine.

Commissioner Gillen: You need some place for the sale of ice.

Mayor Raymond: Myself, I couldn't conscientiously vote for such an ordinance.

Mr. Greenbaum: Even if you limit it to certain hours of the day, sir?

Commissioner Gillen: You can not do that.

Mayor Raymond: I wouldn't deprive the poor from buying ice on Sunday and punish a person for selling them ice. How can you ask us to do that?

Mr. Greenbaum: They can get

to close on Saturday to last them the next day.

Mayor Raymond: Well, that is my first impression.

Commissioner Brennan: There are hundreds of poor families who haven't ice boxes large enough to carry a supply of ice.

Commissioner Murray: Some of them just have it with a sheet over it.

Mayor Raymond: How many people are engaged in the ice business do you figure?

Mr. Greenbaum: 350 to 400.

Commissioner Murray: Those are dealers.

Mayor Raymond: How many are there, employees and dealers, have you any figures?

Mr. Greenbaum: I have no definite figures.

Commissioner Howe: There aren't a hundred. The wagons don't run on Sunday.

Mayor Raymond: I guess you are right. You don't see an ice wagon out on Sunday.

Mr. Greenbaum: Oh yes, you do. That is what we want to eliminate.

Mayor Raymond: I think it is just passing the buck to put this up to Mr. Congleton. I think the best thing to do would be to have a hearing on this and let Mr. Greenbaum come in and let the other people, and decide it here before we put the buck up to Mr. Congleton. He has got enough things to do.

Commissioner Gillen: I move we have a public hearing two weeks from today at 10:30 A. M.

JNO. F. MURRAY, JR.

W. J. EGAN,
City Clerk.

Newark, N. J., July 12, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen Howe, Murray, Mayor Raymond.

The minutes of meeting of July 5th, 1927 were read and approved.

The City Clerk presented An ordinance providing for the vacation of a triangular strip on the westerly side of Avenue "P" described as follows: Beginning at a point in the westerly line of Avenue "P" distant southerly 536.72 feet from the southwesterly corner of Avenue "P" and Allegheny Avenue; thence running along the westerly line of Avenue "P" south 17° 58' west 215.93 feet to a point in the division line between lands of the Central Railroad of New Jersey and the Amalgamated Dyestuff and Chemical Company; thence along said division line south 63° 49' east 10.12 feet to the westerly line of Avenue "P" as the same is laid out by the City of Newark Ordinance of November 12, 1924; thence North 15° 19' 40" east in the extension of the last mentioned line of Avenue "P" 217.61 feet to the place of Beginning, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until August 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented "An ordinance providing for the resurfacing of Central Avenue from Warren Street to the City Line. The Area outside of the headers, to be placed along the outer rails of the street railway tracks, to be resurfaced with asphalt pavement (1½" top-1½" binder) on the old foundation and the area between the headers to be paved with napped re-clipped granite block pavement on the new concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Howe moved that the ordinance be laid over until July 26th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Any citizen wish to be heard?

Mr. Robert J. Metzler, 15 Mechanic Street: Gentlemen, I would quickly like to bring something to your attention and ask just what to do. Another gentleman and I own a piece of property on the river front, the Passaic River front, known as Commercial Wharf, running 540 feet from Lexington through Mott Street, where you filled in the Morris Canal, and you have put up a fence on Passaic Street and our property runs from the Canal below the water mark. We have been paying taxes on that property for a good many years. We cannot get in on our property now where you filled in the canal, and we would like you to direct us how we can get in on our property, whether you will allow us to go through your fence or whether you will continue the streets, Mott and Lexington Streets across the canal, so we can get into our property.

Mayor Raymond: I think you had better take that up with Mr. Costello this morning. He is here and I know he will be glad to help you.

Mr. Metzler: Have you any policy what you are going to do with the canal right there, if you are going to dispose of it to the property owners?

Mayor Raymond: We are not going to dispose of it; we are reserving it for future use.

r. Metzler Will we have a frontage then again?

Mr. Congleton: Frontage on the canal?

Mr. Metzler. Frontage on the canal.

Mayor Raymond: Isn't that what you have got now? We are going to leave the title in the canal undisturbed.

Mr. Metzler: I have been to the Fidelity—we have spent a lot of money—had lawyers working on this—we cannot determine where our line is. You have filled in the canal and these old markers that are there we cannot tell where our lines are, and if the city would only mark that property now so we can own the property and know where it started and where to finish—the Fidelity, we have a policy but they won't assure us what the city intends to do.

Mr. Congleton: I can say to Mr. Metzler that we have here in the City Hall a copy of the maps showing all of the canal through from Passaic River through to Bloomfield, with all the Lehigh Valley Title papers, and if some time you or your attorney will come in, I think perhaps we could assist you.

Mr. Metzler: Could I make an appointment right now for our attorney to meet you?

Mr. Congleton: I would have to look at my diary.

Mr. Metzler: We want to do something there; we are about to do something, but we don't know how to go about it.

Commissioner Howe: Why don't you arrange with Mr. Congleton later at a time that will be convenient to him?

Mayor Raymond: Mr. Metzler, we will be through here shortly, if we do not have any oratory. We do not know whether there is any today or not. Without oratory we ought to be through in five or ten minutes and then you can visit the City Counsel in his office, and he will be glad to take this up for you and get it settled before you go out of the Hall. Anybody else here this morning that wishes to be heard?

(No response).

Commissioner Brennan introduced

the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of part of McKenzie Street from Waverly Avenue northerly about 900 feet to its terminus.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That all that part of McKenzie Street lying west of the westerly line of Livingston Street as the latter was opened 50 feet in width by ordinance approved by the Mayor, May 27, 1874, shall be vacated as a public street or highway, said vacation to extend from the northerly line of Waverly Avenue northerly about 900 feet to the terminus of said McKenzie Street, excepting from such vacation all that portion of the above described part of McKenzie Street lying within the limits of Eighteenth Avenue, all as shown on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1350-V, under and by virtue of the provisions of Section 1, subdivision (b), of Article XXII, of An Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced
the following ordinance and moved its
adoption on first reading.

The clerk then read the ordinance as
follows:

An ordinance granting permission to
David Jacobson and The Southern
Lumber Company to construct, operate
and maintain a single track siding at
grade in Clifford Street and Wheeler
Point Road.

The Board of Commissioners of the
City of Newark, Do Ordain:

Section 1. That permission be and
the same is hereby granted to David
Jacobson and The Southern Lumber
Company to construct, operate and
maintain a single track siding at grade
in Clifford Street and in Wheeler Point
Road, as follows:

Clifford Street: Beginning at a point
in the easterly line of Pulaski Street
at a point therein distant 3.12 feet
northerly from the northeasterly corner
of Pulaski Street and Clifford Street;
thence South 58° 40' East parallel with
Clifford Street 751 feet; thence south
57° 7' East 125 feet more or less to the
northwesterly corner of Clifford Street
and Wheeler Point Road.

Wheeler Point Road: Beginning at
the northwesterly corner of Wheeler
Point Road and Clifford Street; thence
south 57° 7' east 50 feet more or less
to a point in the easterly side of
Wheeler Point Road.

The above described lines are the
center lines of the single track siding.

Section 2. That said permission be
and the same is hereby given upon the
condition and provisions that the said
single track siding shall be removed
within ninety (90) days after the re-
ceipt by the said David Jacobson and
The Southern Lumber Company, or his
or its successors, of notice from the
City of Newark ordering the discon-
tinuance of said single track siding;
and upon the further condition and
provision that the said single track
siding shall be changed in grade to
correspond to any changes that may
be made in the grade of Clifford Street

and Wheeler Point Road, and upon the
still further condition that the portion
of the single track siding within the
limits of Clifford Street and Wheeler
Point Road shall be constructed with
nine inch Trilby rail and the area be-
tween the rails shall be paved with new
granite block pavement on a concrete
foundation with asphalt and sand filled
joints, and that a watchman with
proper signals shall be stationed at the
crossings whenever necessary to give
warning of the passing of cars or
locomotives.

Section 3. That the said permission
is given upon the further condition
that the said David Jacobson and The
Southern Lumber Company shall at
their expense make all changes in the
pavement, curb and sidewalk, includ-
ing sewer basin work, made necessary
by the installation of said single track
siding at grade to the satisfaction of
the Director of the Department of Pub-
lic Affairs.

Section 4. That the said David
Jacobson and The Southern Lumber
Company shall indemnify and save
harmless the said City of Newark, its
officers, agents and servants from any
and all claim or claims whatsoever for
any damage to any person, firm or
corporation arising from or in any way
connected with the granting of said
privilege or by reason of the location,
grade, maintenance and existence of
of said single track siding at grade.

Section 5. That such permission be
and the same is hereby granted upon the
further condition that the said David
Jacobson and The Southern Lumber
Company shall file with the Clerk of
the City of Newark their written ac-
ceptance of the provisions of this or-
dinance within thirty (30) days of the
date on which it takes effect and shall
pay on demand of the City of Newark
the amount of the cost and expenses to
the City of all official publications of
this ordinance.

Section 6. That this ordinance shall
take effect immediately and all or-
dinances or parts of ordinances incon-
sistent with the provisions of this or-
dinance, shall be and the same are
hereby repealed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That McClellan Street from Frelinghuysen Avenue to Evergreen Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or

expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or re-setting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 16, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$76,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$76,600.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements

thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Section 1. That Norman Road from about 200 feet south of Woodbine Avenue to Putnam Street shall be graded, curbed, flagged and paved with asphalt pavement (-1½" top-1½" binder) on a

new six inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 16, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$69,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improve-

ment, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$69,600.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that August 9th, 1927, 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The following communication was received and read:

Morris Wosnitzer,
24 Commerce Street,

Newark, N. J., July 16, 1927.

City Commission,
City Hall,
Newark, N. J.

Gentlemen:—

As a citizen of this City I want to say that I am unalterably opposed to the passage of an ordinance prohibiting the sale of ice on Sunday.

The reason I am opposed to this is: ice is as necessary at times to sick people and to infants as medicine. Some ice boxes cannot carry enough ice over Sunday because of their small capacity.

I do not believe that this ordinance is being proposed by such people as have the best interest of the citizens at heart. I have spoken to at least twenty-five people all of whom agree that the sale of ice should not be prohibited on Sunday. Not one person disagreeing.

I know that your Commission will take such course of action as is for the benefits of the greatest number of citizens of this City.

Respectfully yours,
Louis Spielnagel.

Ordered filed.

Public hearing of a petition for a proposed ordinance prohibiting the sale of ice on Sunday.

Mayor Raymond: Does anybody wish to be heard in this proposed ice-selling ordinance?

Mr. William L. Greenbaum appeared and pressed his suggestion for the passage of this ordinance because of the fact that he didn't believe there will be any objection today.

Mr. Jaegel, representing the Mountain Ice Company, appeared and favored the passage of this ordinance.

Mayor Raymond: I wouldn't vote for this ordinance. We can go with-

out a shave or a haircut, but I am not going to vote for an ordinance that will deprive the people of the right to get ice. We have got enough laws now on the books to last for a million years. Why don't you people get together and make terms in your own business? I am not going to vote for it.

We have got a lot of trolley car conductors and bus drivers who work on Sunday. What special privilege have you people got? Why don't you ask us to shut up the delicatessen stores where people who can't store up food for over Sunday have to buy something to eat? Bus drivers don't ask us to give them Sundays off. Other people who serve the public convenience don't ask us. Why don't you regulate your own business?

I am in favor of a free living in this world, if you can get it.

Commissioner Murray: If you make the statement that only three or four do this business it should be a very simple matter to identify them and not sell them ice any day in the week. If you know them and there are only three or four you ought to be able to identify them and the wholesalers should be friendly enough with the great majority of you to cut them out entirely. Then you fellows would be relieved of the necessity of going out on Sunday. You are not worried about the men who do a regular business, but you are worried about the fellows who are going around Saturday night to get their ice, and who go out on Sunday like a bunch of gorillas to steal the business of the regular dealers.

Mr. Greenbaum: May I withdraw this application at this time. I would rather have it done that way. I withdraw this application.

The petition requesting the passage of an ordinance prohibiting the sale of ice on Sunday was withdrawn.

An ordinance regulating the sale of ice in the City of Newark on Sunday and providing for penalties for violation hereof was also withdrawn.

Commissioner Howe offered the following resolutions:

Commissioner Howe introduced the following resolutions:

WHEREAS, the Board of Commissioners of Assessments for Local Improvements of the City of Newark, made an award of Seventy-Four Thousand, One Hundred Dollars (\$74,100.00) to South Orange and Norfolk Company, a corporation of New Jersey, for land and real estate and rights and interests therein to be taken by the City of Newark for the opening and widening of Norfolk Street in said City under and by virtue of the provisions of an ordinance of the Board

of Commissioners of the City of Newark, entitled "An ordinance to provide for the opening and widening of Jones Street, from Springfield Avenue to South Orange Avenue; the opening and widening of Norfolk Street, from South Orange Avenue 100 feet north-erly; and the opening of Fourteenth Avenue, from Hayes Street to Jones Street," adopted July 29, 1926, by their report duly made in accordance with law, such award being designated therein as award No. 1; and,

WHEREAS, said award was duly confirmed by the Circuit Court of the County of Essex on June 18, 1927, and this Board is now advised by the Corporation Counsel of the City of Newark that by reason of uncertainty as to the person or persons entitled there-to, such award should be paid into the Court of Chancery of the State of New Jersey to be there distributed to the person or persons entitled thereto ac-cording to law;

THEREFORE BE IT RESOLVED, that the sum of Seventy-Four Thou-sand, One Hundred Dollars (\$74,100.00) be paid to the order of the Chancellor of New Jersey, and delivered to the Clerk in Chancery, and such sum is hereby appropriated to the Chancellor of New Jersey, being the amount of said award;

BE IT FURTHER RESOLVED, that the Corporation Counsel of the City of Newark, be and he is hereby directed and authorized to sign the acting auditor's receipt book for said award and to endorse the warrant therefor and thereafter to cause such award to be paid to the clerk in Chancery of New Jersey, to be distributed ac-cording to law.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., July 26, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of July 19th, 1927 were read and approved.

Mayor Raymond: Any citizen wish to be heard? Senator Parry, I see you are with us this morning.

Senator Parry: I just wanted to see about some street improvements.

Mayor Raymond: Any other citizen wish to be heard?

Commissioner Murray: A couple of gentlemen were here about some amateur golf outfit, who wished to be heard. Weren't there two gentlemen here who wanted to be heard on some public golf affairs? Well, they are not here.

The City Clerk presented An ordinance providing for the vacation of a triangular strip on the westerly side of Avenue "P" described as follows: Beginning at a point in the westerly line of Avenue "P" distant southerly 536.72 feet from the southwesterly corner of Avenue "P" and Alleghany Avenue; thence running along the westerly line of Avenue "P" south 17° 58' west 215.93 feet to a point in the division line between lands of the Central Railroad Company of New Jersey and the Amalgamated Dyestuff and Chemical Company; thence along said division line south 63° 49' east 10.12 feet to the westerly line of Avenue "P" as the same is laid out by the City of Newark ordinance of November 12, 1924; thence North 15° 19' 40' east in the extension of the last mentioned line of Avenue "P" 217.61 feet to the place of Beginning, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until August 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An or-

dinance providing for the resurfacing of Central Avenue from Warren Street to the City Line. The Area outside of the headers, to be placed along the outer rails of the street railway tracks, to be resurfaced with asphalt pavement (1½" top-1½" binder) on the old foundation and the area between the headers to be paved with napped re-clipped granite block pavement on a new concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until August 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClellan Street to Pennsy Place with asphalt pavement (1½" top-1½" binder) on a new 6" concrete base.

The Board of Commissioner of the City of Newark, Do Ordain:

Section 1. That Garibaldi Avenue from McClellan Street to Pennsy Place shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments there-

of, in accordance with the plans, specifications and profiles dated July 22, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefitted by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$10,900.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$10,900.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 2, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4 That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

August, 1927

Newark, N. J., August 2, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of July 26th, 1927, were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Herman W. Brams: Mr. Mayor, and Gentlemen, I represent the Broadway Association. The Association has been working for the past year to try to build up Broadway in every possible way. They are using all their efforts to get to that street, new businesses, new apartment houses, and they have succeeded very far in that work. Broadway, as you gentlemen probably know, is one of the widest streets in this city, and we have running over it trolley cars as well as the North Newark busses. The residents of this street, as well as the business people, feel that that North Newark Line is a necessity and they feel that by tak-

ing away this line you are going to do irreparable damage to them.

Mayor Raymond: This is a matter of departmental regulation. It is a matter in the hands of the Department of Public Affairs. You had better go to the department.

Mr. Brams: But I thought the matter had gone past that stage.

Mayor Raymond: It is a matter of departmental regulation. The matter is delegated to the Department of Public Affairs. You can take it up with me. There is no use taking up the time of the Commission with this matter. I will take it up with you.

Mr. Brams: The citizens have asked me to appear here.

Mayor Raymond: It is only a matter of departmental regulation.

Mr. Brams: I was under the impression that the entire Commission would decide the matter.

Mayor Raymond: No, they have delegated it to me. I will be glad to take it up with you this morning after I am through here.

Mr. Carl J. Lehmann: Gentlemen, I am here representing the owners and

merchants of South Orange Avenue, and we would like to present to your Commission, and particularly to the Mayor's Department, the question of lighting. South Orange Avenue has been sadly neglected. The taxes were increased. They were doubled within the past three or four years. South Orange Avenue has had no attention whatever, and it is probably in your program, but we would like to present to you at this time the signatures of the four hundred signers to the petition.

Mayor Raymond: I thought you would be around.

Commissioner Murray: They need lights up there now; they have got to have them.

To The Commissioners of
The City of Newark:
Gentlemen:

We, the undersigned, being tax payers of the City of Newark, New Jersey, having property and—or business on South Orange Avenue, respectfully show:

1. South Orange Avenue is an essential traffic artery and business street in the City of Newark.

2. South Orange Avenue is inadequately and poorly lighted.

3. On account of the enormous traffic on South Orange Avenue, and because of the lack of sufficient lighting, a hazardous condition exists and accidents on South Orange Avenue have been numerous; several having resulted fatally.

4. It is vital to the business, social and economic welfare of the merchants, residents and property owners of South Orange Avenue, as well as to the citizenry of Newark generally, to make South Orange Avenue a well and thoroughly lighted highway.

WHEREOF, your petitioners respectfully pray that:

1. A survey be made with all convenient speed of the lighting requirements of South Orange Avenue, with a view toward increasing the present candle power and of providing for a more even and brilliant diffusion and distribution of light, and of enhancing the attractiveness of South Orange Avenue by the installation of new and

uniform poles from which the lights and reflectors are to be suspended.

2. That the surveyors to be appointed make their report promptly and that your Honorable Commission give this petition diligent consideration and speedy action.

Yours respectfully

South Orange Avenue Progressive
Merchants Association.

By James P. Smith.

(Signed by 400)

Ordered referred to Mayor Raymond.

The City Clerk presented An ordinance providing for the vacation of part of McKenzie Street from Waverly Avenue northerly about 900 feet to its terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

No one appearing. Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the ordinance be taken up on second reading:

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the title of "An ordinance providing for the vacation of part of McKenzie Street from Waverly Avenue northerly about 900 feet to its terminus," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of part of McKenzie Street from Waverly Avenue northerly about 900 feet to its terminus.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance to provide for the opening of Richelleu Terrace, 50 feet in width, from Ivy Street northerly about 75 feet to its southerly terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Charles J. Patterson: Gentlemen, I am here as an owner of twenty-five feet of fifty which are to be condemned, and according to your advertisement in the paper you are to issue bonds for \$3,800. for the fifty feet. Now that would net about \$75. a foot, and I have twenty-five feet there. Now out of that you will have expenses, your advertising and such, which would bring it down—

Mayor Raymond: \$75. a foot?

Mr. Patterson: Yes, sir. This is perfectly agreeable to me, but where I fit in I own an adjoining lot which would be a corner lot. Now the assessments on that corner lot would come to about \$1,000. for that street opening, and instead of getting \$75. a foot I would get but about \$35. I don't think it is right that I should be the sufferer and have a realty company come in there that has been paying taxes on dead lands, and have the benefits of it.

Mayor Raymond: Are you opposed to the opening?

Mr. Patterson: I would like to have it laid over until I can be taken care of.

Commissioner Murray moved that the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance to amend an ordinance entitled "An ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof", adopted January 5, 1926, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over for two weeks.

Commissioner Brennan offered the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Howard Street from Springfield Avenue to Bank Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, after removing the existing pavement.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1 That Howard Street from Springfield Avenue to Bank Street shall be repaved, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, after removing the existing pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 27, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet or frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3 That the sum of \$42,500 00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$42,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark N. J., August 9, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray Mayor Raymond.

The minutes of meeting of August 2nd were read and approved.

Mayor Raymond: Does any citizen desire to be heard? If not, the Clerk will proceed with the regular business of the Board.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Richelieu Terrace from about 173 feet south of Lenox Street to Varsity Road with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Richelieu Terrace from about 173 feet south of Lenox Street to Varsity Road shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 6th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owner of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances incon-

sistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that August 30th, 1927, at 10 A. M. Standard Time, 11 A. M. The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Is there any citizen who desires to be heard on the McClellan Street ordinance?

Mr. Stuart Lindley: I am the President of the Natural Carbonic Gas Company, McClellan Street and Frelinghuysen Avenue. Of course, we recognize the importance of making a good street out of McClellan Street, which will be a part of the State Highway, I suppose, but we feel; the advertisement says that the expense is to be borne by a local assessment. If that means by an assessment on the abutting property owners, we feel that it would be a far greater expense than will be of benefit to the company. We would like to have a good road through there, but to make a road one hundred feet wide, including sidewalks and curbing and guttering, the property would not be benefitted anything like the cost of that improvement, and therefore we should like to oppose, at any rate, the assessment of the cost on the locality, especially on the abutting property owners. I think that is all I have to say. The road will be an advantage to the State and City.

Commissioner Murray: That cost will be distributed. You would have very little to pay on that.

Mayor Raymond: That is a matter for the Board of Commissioners of Assessments.

The following communication was received and read:

DEPARTMENT OF PUBLIC WORKS,
City Hall,
Newark, N. J.

August 8, 1927.

To The Board of Commissioners
of the City of Newark.

Addressed.

Gentlemen:

I expect to leave the City on August 10th, 1927, to be absent for a short time, and in order that there may be

some one to sign payrolls and attend to other matters relating to my Department, I would request you to designate Mr. Joseph K. Ebert to act in my place and stead during such temporary absence.

Yours respectfully,

Jno. F. Murray, Jr.,
Director.

Ordered filed.

Commissioner Murray offered the following resolution:

WHEREAS, John F. Murray, Jr., Director of the Department of Public Works, intends to temporarily leave the City; and

WHEREAS, no person is now by law authorized to perform the duties of said office during his temporary absence; and

WHEREAS, said John F. Murray, Jr., has requested the Board to designate Joseph K. Ebert, Deputy Director of the Department of Public Works, to sit in his place and stead during his temporary absence;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that under and by virtue of

Section 19, of Article XXXVII, of Chapter 152, of the Laws of 1917, as amended by Section 3, of Chapter 319, of the Laws of 1920.

Joseph K. Ebert, be and he is hereby designated to act in the place and stead of John F. Murray, Jr., Director of the Department of Public Works, during his temporary absence; and that the acts of the said Joseph K. Ebert shall in all respects be legal and binding as if done and performed by said John F. Murray, Jr.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

BE IT RESOLVED, by the Board of Commissioners of the City of Newark, in the County of Essex, State of New Jersey as follows:

That this Board of Commissioners hereby applies to the Common Council of the City of East Orange under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27th, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof to improve North 14th Street from the southerly line of Seventh Avenue to 100' north of the northerly line of Sixth Avenue, said street lying partly within the City of East Orange and partly within the City of Newark, by paving said street with asphalt pavement, 1½" asphalt binder, 1½" asphalt wearing surface on the existing telford macadam as a base after scarifying and grading as required together with the necessary setting of new curb, resetting of old curb, relaying of sidewalks, repairing of brick gutters and alteration of existing or construction of new sewer basins as found necessary and appurtenances or other work incidental to the improvement.

RESOLVED, that as a condition of such improvement the City of Newark hereby undertakes to pay fifty per cent. of the cost of said improvement between the centre line of Eaton Place and 100' north of the northerly line of Sixth Avenue and all of the cost of the improvement south of the centre line of Eaton Place; it being understood that said Common Council shall hereafter submit to this Board of Commissioners for execution, a cost-sharing agreement with plans and specifications attached.

RESOLVED, that the Clerk be and he is authorized and directed to de-

liver a certified copy of this application to said Common Council of the City of East Orange.

JOHN HOWE,

Director of Revenue and Finance.

Ordered filed.

Mayor Raymond: I would like to say to the citizens and people who came down here on the changes in traffic regulation, that we are going to make a study of the entire report and we will use our judgment on that entire matter, and until we have studied that we won't put any changes into effect at all. We will give notice if we intend to put any changes into effect.

Commissioner Murray moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

APPROVED:

THOMAS L. RAYMOND

JOHN HOWE

W. J. BRENNAN

CHARLES P. GILLEN

JNO. F. MURRAY, JR.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N J August 16, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners, Brennan, Gillen, Howe, Mayor Raymond.

The minutes of the meeting of August 9th, 1927, were read and approved.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClellan Street to Pensy Place with asphalt pavement (1½" top-1½" binder) on new six (6) inch concrete base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

Hon. William H. Parry appeared, representing property owners on Gardibaldi Avenue, and favored the adoption of the ordinance.

There being no one else to be heard, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClellan Street to Pensy Place with asphalt pavement (1½" top-1½" binder) on new 6" concrete base.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClellan Street to Pensy Place with asphalt pavement (1½ top-1½" binder) on new 6" concrete base," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClellan Street to Pensy Place with asphalt pavement (1½" top-1½" binder) on new 6" concrete base.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The City Clerk presented an ordinance to provide for the opening of Richelieu Terrace, 50 feet in width, from Ivy Street northerly about 76 ft. to its southerly terminus, and stated that today was the time fixed for hearing on the same.

Mayor Raymond: Any citizen wish to be heard?

Mr. Charles Patterson, 10 Ivy Street: Yes, sir. I stated my case at the previous meeting.

Mayor Raymond: Anybody else in favor of it here?

Commissioner Gillen: He has a double lot there.

Mayor Raymond: Does anybody appear in favor of this ordinance?

Mr. Costello: You are willing to have the improvement made if you are free from assessment on the corner?

Mr. Patterson: Yes. I don't want to lose any money onto it.

Commissioner Howe: You have no objection to the improvement if you are not assessed for it?

Mr. Patterson: Not if I am not assessed for it.

Commissioner Gillen: I move the ordinance be laid over for four weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The City Clerk presented an ordinance to amend an ordinance entitled "An ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof", adopted January 5, 1926, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan: I move the ordinance be laid over four weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The City Clerk presented an ordinance providing for the resurfacing of Central Avenue from Warren Street to the City Line. The area outside of the headers, to be placed along the outer rails of the street railway tracks, to be resurfaced with asphalt pave-

ment (1½ top-1½" binder) on the old foundation and the area between the headers to be paved with napped re-clipped granite block pavement on a new concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan: I move the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The City Clerk presented an ordinance to license and regulate cartmen, expressmen and porters at farmers market, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

Mr. Michael Breitkopf, 790 Broad Street: Opposed to the ordinance, and appearing for eight men who have been working in the Center Market as carriers, averaging approximately eighteen years in service, some having twenty, twenty-five, eighteen, fifteen, and so forth, years of service in that market. These men have been working there under the rules and regulations which are now laid down under and Pamphlet Rules and Regulations of the Department of Public Works and Public Property. In addition to the men whom I represent, I have signed petitions bearing the names of approximately 100 farmers for whom these men work exclusively. They do not work for the City, they work for the incoming farmers who bring their produce into the city and pay license fees for their parking space in the markets. After they are parked there these men are employed to cart the goods to wherever they are sold.

Commissioner Howe: What do you mean, on their shoulders, or backs, or wagons?

Mr. Breitkopf: On their backs and on their shoulders. They carry merchandise from the trucks of the farmers to whoever purchases same, in their other trucks.

Mayor Raymond: Are you opposed to it?

Mr. Breitkopf: Yes, sir.

Mayor Raymond: Will you state the reason of your objection?

Mr. Breitkopf: The reason of the objection is this: first, the regulation asked for is useless because of the fact that they are already regulated. Secondly, the ordinance is passed purely for the purpose of regulating certain men out of that market. These men have been employed there; they have no connection whatsoever with the city; they do their work for outsiders; they are laborers working hard in the early hours of the morning—no need of regulating these men. The amount involved is small; it is a matter, as I understand it, of \$2 per man, which doesn't mean anything. It is merely made for the purpose of harassing and annoying these men, these particular men, and I respectfully submit these petitions.

Commissioner Brennan: What are these men, the men who carry stuff from the wagons to the purchasers?

Mr. Breitkopf: Yes, sir. The ordinance is for the purpose of making these men take out licenses to work in that market.

Commissioner Brennan: What is the idea, Commissioner Gillen?

Commissioner Gillen: You see, these carriers, we have been trying to regulate them for many years. Before I had charge of the market the others who had charge of the market previously had the same difficulty. These men are hard to regulate, and they are working in the City Market on city property, and we did promulgate certain rules and regulations, but in discussing it with the Law Department we find we haven't the power to enforce those rules and regulations without passing this ordinance, so the Law Department has prepared an ordinance for this purpose.

Commissioner Brennan: Who employs those men? Aren't they employed by the farmers who come in?

Commissioner Gillen: Yes, they pay them the fee and the purchaser pays them a fee. If you are a butcher or grocer of some kind, you buy goods and pay them a fee. The city doesn't pay the carriers anything, but it is the regulation of the market we are interested in. These men are hard to con-

trol, in fact, some of them are quite Bolshevik, so to speak.

Mayor Raymond: Why do you want to control them?

Commissioner Gillen: If we don't control them we might as well turn the market over to them.

Mayor Raymond: But why do you want this ordinance?

Commissioner Gillen: If they don't behave themselves, if they try to run the market, we can get rid of them, but we have no intention of getting rid of anybody at present, but if they don't behave themselves we will get rid of them.

Commissioner Howe: Why don't you lock them up if they are disorderly?

Commissioner Gillen: We have difficulty. When Mr. Boyle was market clerk, he put a carrier out of the market, a carrier who wouldn't submit to regulation, and I think he brought suit in the courts and created a lot of trouble for Mr. Boyle, market clerk. The City has got to run this market, not the carriers—a number of these carriers are all right, and a number of them want to run the market, and we cannot permit them to run the market. We either have to close up the market, or regulate them in the proper way.

Commissioner Brennan: Haven't you got a right to revoke their badge?

Commissioner Gillen: We haven't issued a badge yet. We prepared those rules and regulations and we came to the conclusion without the ordinance we couldn't enforce them. There is no desire on my part to harass anybody—

Mayor Raymond: I don't see why you want to make these people—

Commissioner Gillen: It is a place where there is a great deal of confusion. There are hundreds of farmers who come in there at night with their products, and there are hundreds of dealers who come to buy, and the matter has to be run in an orderly way and regulated. We need this ordinance to do that.

Commissioner Howe: Can't you call those men in and give them to understand what they have got to do?

Commissioner Gillen: No.

Mayor Raymond: "No person or

persons shall carry or transport" * * * —that means if I went in there I would have to have a license granted to me first if I wanted to carry any goods in.

Commissioner Gillen: The Law Department did that.

Mayor Raymond: I think that is rather broad.

Commissioner Gillen: If you do not put it in that way I suppose anybody can walk in and go in the business of carrying without taking out a license with the Market Clerk. We don't want to regulate anybody, but we have to run the market in an orderly sort of way, and we can not do it; that is about the whole sum and substance of it.

Mr. Breithopf. These men get in there in the early hours of the morning and they are too busy to regulate or run the market. They do their work and don't bother anybody.

Commissioner Gillen: Let me say that they terrorize the market police, they have terrorized the market employes, they have made a joke of every regulation we ever tried to enforce up there, and they are either going to run the market or the city is going to run it.

Mr. Breitkopf: These men don't attempt to run the market, Mr. Commissioner, and they don't propose to do it or care anything about it except doing their little work. They get down to their work during the early hours in the morning and carry their boxes around on their shoulders and get paid for their labor, but apparently the men who are supervising this work seem to be of the impression that they must czarize the work, or otherwise it won't go over. That is the whole situation there.

Mayor Raymond: You are opposed to any regulation of the people or farmers using the Farmers' Market?

Mr. Breitkopf: Of course not. We don't ask that the farmers in any way be not regulated; in fact, they are regulated now; they pay for their stand.

Mayor Raymond: What is your objection?

Mr. Breitkopf: Our objection is that these men who carry these boxes from the farmers' wagons and who are paid

by the farmers, should not be regulated by the city of Newark because they are only employees, they are workers, that is all.

Commissioner Gillen: But you see, they are running our market and with that as it is now, we haven't got sufficient power to regulate them. Any man can go in and become a carrier and then if he want to disturb everything in the market he can do it.

Mr. Breitkopf: I wouldn't oppose an ordinance which would tend to make any person who interferes with the help there, or the city help, liable to punishment; I wouldn't oppose anything of that sort, because we don't do those things.

Commissioner Gillen: You have got to regulate them or give up your market. I didn't draw the ordinance, Mr. Myers, I think, drew it.

Mayor Raymond: You couldn't go on the place if you carried anything. (Reads ordinance.) I don't think that is quite what you mean, Commissioner. I think the ordinance might well be drafted to cover the case more specifically.

Commissioner Howe: You have no objection, Counsel, to anything that will maintain law and order there?

Mr. Breitkopf: Absolutely not.

Commissioner Howe: But you don't want any working man to have to pay for the privilege of working?

Mr. Breitkopf: Absolutely.

Mayor Raymond: Why couldn't you have the ordinance that employes of farmers shall do so and so, and so and so.

Commissioner Gillen: We want to keep out any men who has no right to be there. Any man working there now can get a permit from me, but we want the right to regulate them.

Mr. Breitkopf: The only difficulty with that is this: if a farmer came into the market under a provision of that sort, with his own helpers on the wagon, the men that work for him would have to take out a license to cart his goods which he brought in from some outlying district.

Commissioner Gillen: That isn't the intention of the ordinance.

Mayor Raymond: It is under the terms of it.

Commissioner Howe Under the wording here it would.

Commissioner Gillen: I move it be referred back to the Law Department for study and revision, if necessary, and laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

A petition protesting against the passage of ordinance to regulate cartmen, expressmen and porters at the Farmers' Market and providing for their licensing was laid over for one week.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Wood Street from Sixteenth Avenue northerly to the southerly line of the street formerly known as Peat Street; and Peat Street from South 14th Street for about sixty feet easterly.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Wood Street, as shown on Map of Property of Isaac Winans from the northerly line of Sixteenth Avenue northerly to the southerly line of the street formerly known as Peat Street; and Peat Street from South 14th Street east sixty feet as shown on a map on file in the office of the Chief Engineer, known as No. 1058-V, shall be vacated as public streets or highways under and by virtue of the provisions of Section 1, subdivision (b), of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities" approved March 27, 1917, and the acts amendatory thereof and supplemental thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of the ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan moved that September 6th, 1927, 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Fourth Avenue East from Passaic Street to the Passaic River with an eight (8) inch reinforced concrete pavement.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Fourth Avenue East from Passaic Street to the Passaic River shall be graded and paved with an eight (8) inch reinforced concrete pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or re-laying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917. (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 13,

1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$13,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$13,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordin-

ances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The following communications were received and read:

STATE OF NEW JERSEY
STATE HIGHWAY COMMISSION,
TRENTON

August 12, 1927.

Mr. William J. Egan,
City Clerk, Newark, N. J.

I am directed by the State Highway Commission to forward to you the enclosed copy of resolution as adopted by the State Highway Commission at its meeting held on the 9th instant, with further revised description of the line of State Highway Route 1 Extension between Jersey Avenue, Jersey City, and Doremus Avenue, Newark.

Very truly yours,

A. Lee Grover.

WHEREAS: The State Highway Commission did by resolution on July 14, 1925, designate a Route for State Highway Route No. 1 Extension between Jersey Avenue and Collard Street, in the City of Jersey City; and

WHEREAS, The State Highway Commission did by resolution of May 12, 1925, designate a Route for State Highway Route No. 1 Extension between the Hudson County Boulevard in the City of Jersey City and a point about 500 feet West of the Passaic River at Doremus Avenue in the City of Newark; and

WHEREAS: The State Highway Commission did by resolution of August 10, 1923, make certain changes in that part of the above route which lies between Oakland Avenue, Jersey City, and Doremus Avenue, in the City of Newark, and

WHEREAS It is now deemed advisable to make certain further changes in that part of the above adopted route which lies between Oakland Avenue, Jersey City, and Doremus Avenue in the City of Newark:

BE IT RESOLVED: That such part of the above mentioned Route or Routes as lies between Oakland Avenue, Jersey City, and the center line of Doremus Avenue in the city of Newark, be and the same is hereby abandoned, and

BE IT FURTHER RESOLVED: That the State Highway Commission of the State of New Jersey does hereby designate the following route for State Highway Route No. 1 Extension from the westerly side of Oakland Avenue in the City of Jersey City through the City of Jersey City, the Town of Kearny, to the centre line of Doremus Avenue in the City of Newark

CENTER LINE OF LOCATION.

BEGINNING at the westerly building line of Oakland Avenue, Jersey City, County of Hudson, at a point in the center line of location as adopted by Resolution of the Commission of July 14, 1925, the center line runs in a northwesterly direction, having a bearing of N. 41° 22' 40" W, parallel to the monumented center line of the four tracks of the Erie Railroad in open cut and 140 feet, measured at right angles, northerly from said center line, for a distance of 1610 feet, more or less; thence turning to the left on a curve, having a radius of 1700 feet and a central angle of 50° 55' 52.4", for a distance of 1511.16 feet; thence turning to the left on a curve, having a radius of 13,719.90 feet and a central angle of 1° 29' 47.6", for a distance of 358.36 feet; thence continuing on a line being tangent to said curve and having a bearing of S. 86° 11' 40" W, for a distance of 1276.589 feet; thence turning to the left on a curve having a radius of 4000 feet and a central angle of 9° 48' 46.4", for a distance of 685.07 feet; thence continuing on a line being tangent to said curve and having a bearing of S 76° 22' 53.6" W. for a distance of 11,150 feet, more or less, to a point in the Town of Kearny, County of Hudson, about 112 feet northerly of the center line of Lincoln Highway,

measured at right angles thereto, and about 415 feet easterly of the center line of Jacobus Avenue, measured at right angles thereto; thence turning to the right on a curve having a radius of 1500 feet and crossing said Lincoln Highway; thence continuing on a line being tangent to said curve, parallel to and 175 feet southerly of the center line of the Lincoln Highway bridge over the Passaic River to the center line of Doremus Avenue, City of Newark, County of Essex; which last point is the beginning of the location adopted by resolution of the Commission on April 6, 1926.

RIGHT-OF-WAY

The width of right-of-way to be acquired for the Highway and its appurtenances and for construction purposes between Oakland Avenue and Doremus Avenue is as follows:

From Oakland Avenue, Jersey City, to Collard Street the width of the right-of-way will be 102 feet 9 inches, 34 feet of which will be on the southerly side of the center line of location and 68 feet 9 inches on the northerly side thereof.

From Collard Street to the westerly building line of Hudson County Boulevard the northerly right-of-way line is parallel to the center line of location and 36 feet distant therefrom, while the southerly line of the right-of-way follows a curve, the easterly end of which is 36 feet and the westerly end 72 feet distant from the center line of location, measured at right angles thereto; provided, however, that additional land will be required for a roadway, following the line of Underwood Place between Bevan Street and Hudson County County Boulevard, and for construction purposes in and adjacent to the open cut of the Erie Railroad.

From the westerly building line of Hudson County Boulevard to the easterly building line of Tonnelle Avenue the width of right-of-way is 230 feet the northerly line of the right-of-way being parallel to and 130 feet distant from the center line of location, and the southerly line parallel to and 100 feet distant from said center line of location.

From the easterly building line of Tonnelle Avenue to a point near the easterly line of Van Wagenen Ave-

nue, the right-of-way is bounded by a circular curve with a radius of 165 feet and with its center 54 feet northerly of the center line of location and 30 feet, more or less, westerly, of the westerly building line of Tonnelle Avenue, except that additional land will be required at the westerly side of Tonnelle Avenue, said land extending 130 feet northerly of the northerly line of the right-of-way hereinbefore described and being bounded to the east by the easterly building line of Tonnelle Avenue, to the north by a line perpendicular to said easterly building line and 60 feet in length and to the west by a line extending for a distance of 110 feet from said northerly boundry line to a point on the circular curve hereinbefore described, 25 feet, more or less, westerly of the west building line of Tonnelle Avenue, measured at right angles thereto.

From said point near the easterly building line of Van Wagenen Avenue to the center line of Seaman Avenue the width of right-of-way is 115 feet, the northerly line of the right-of-way being 82 feet and the southerly line 33 feet distant from and parallel to the center line of location.

From the center line of Seaman Avenue to the center line of Larch Avenue the northerly line of the right-of-way follows a straight line, the easterly end of which is 82 feet and the westerly end 110 feet northerly of the center line of location, measured at right angles thereto; and the southerly line of the right-of-way is parallel to and 33 feet southerly of the center line of location.

From the center line of Larch Avenue to the westerly line of Charlotte Avenue the width of the right-of-way is 115 feet, the northerly line of the right-of-way being 82 feet and the southerly line 33 feet distant from and parallel to the center line of location.

From Charlotte Avenue to a point at or near Halleck Avenue, the width of the right-of-way is 66 feet, the center line of the right-of-way coinciding with the center line of location.

From said point at or near Halleck Avenue, Jersey City, the center line of the right-of-way coincides with the center line of location and the width of the right-of-way is 120 feet for a

distance of 1600 feet and thence 100 feet to Doremus Avenue, Newark, except that at or near the easterly side of Passaic River additional land may be required for ramp connections.

BE IT FURTHER RESOLVED: That the State Highway Commission does hereby take over as a part of the State Highway System so much of the above described route as may be included in existing streets.

I HEREBY CERTIFY the above to be a true copy of a resolution adopted by the State Highway Commission at a meeting held August 9, 1927.

A. LEE GROVER,

Secretary.

Ordered referred to Mayor Raymond.

STATE OF NEW JERSEY
OFFICE OF THE

ATTORNEY GENERAL

Trenton, New Jersey,

August 2, 1927

Walter R. Darby, Esq.,

Commissioner of Municipal Accounts,
State Office Building,
Trenton, New Jersey.

Dear Sir:

I have yours of the 22d ult. in which you ask to be advised as to whether or not the Public Service Railway Company may deduct, under Section 7, P. L. 1906, p-644, from franchise taxes, moneys paid by that company to various municipalities for snow removal.

These deductions may not be made. The taxes imposed under the 1906 Act are franchise taxes and are payable only by street railroad corporations using or occupying public streets.

"This is indicated by Section 7, which provides that money payable by a street railroad company to a taxing district, pursuant to any contract, "shall be paid notwithstanding this act" but that the amounts so paid shall be deducted from the tax assessed under the act and apportioned to such district under its provisions. Moneys paid under such contracts are usually agreed to be paid in consideration of the granting by the municipality of the franchise to occupy its streets. Such provision is tantamount to an expression that

the privilege upon which this tax is levied and the privilege for which such moneys are paid under such contracts are, to some extent, at least, similar," Philipsburg R. R. Co. vs. Board of Assessors, 82 Law 49 at pp-54, 55.

In order to substantiate the view that taxes levied under this Act are franchise taxes, Justice Trenchard resorts to the language of Section 7 and points out that the Legislature must have intended that the taxes levied under the act were for the use and privilege of occupying the streets inasmuch as the contracts therein referred to were of the same character and for the same purpose. It is quite natural, therefore, that if moneys paid in pursuant of such contracts are really franchise taxes, they should be deducted from other franchise taxes payable under the act.

If a street railway company purchases its water from a municipality, that company can not deduct the amount so paid for water from the franchise tax due under the act. Where the company receives an equivalent in value for the thing for which it pays, no deduction can be made.

There is no liability upon municipal authorities to remove snow from the public streets; neither is there any liability upon a street railway company, or any other user of the highway, to remove snow from the public streets. There is, however, a duty upon the railway company to run its cars and that duty necessitates the removal of accumulated snow from the area of the highway occupied by its tracks. The law is well settled that the railway company cannot deposit the snow, so removed from its tracks, where it will obstruct the use of the highway to others who have a right to travel the same. See Elliott, Roads and Streets (4th Ed.) Section 964. As a practical proposition, therefore, it is better business for the company to have the municipalities remove the snow from its tracks at the same time that the municipality is clearing the rest of the street. If the municipality does not do this, the company not only has to remove the snow from its tracks at its own expense, but it is under obligation to deposit the snow, so removed, at a place where it will not

interfere with the rights of others using the public highway. There can be no question that in paying for snow removal by the municipality, the company is not making payment in the nature of a tax, but is paying for value received. It is paying to the municipality what it would have to pay to someone else for doing the same thing in the case the municipality refused to undertake the work. An easy way to test the question is to have these municipalities, who are under no obligation to remove the snow, refuse to do so, and compel the railway company to make a proper disposition of the snow which it removes, or causes to be removed, from its tracks.

I advise you, therefore, that under Section 7 of the 1906 Act, deductions can be made from franchise taxes only when moneys paid under contracts referred to in said Section are in the nature of franchise taxes, moneys paid really for the privilege of using the public streets. This section does not authorize any deduction where the railway company pays for commodities supplied or services rendered. Your department, therefore, should instruct the collecting officials of the various municipalities that those officials will be held to the collection of the franchise taxes due without any deductions for moneys paid by the Public Service Railway Company for the removal of snow.

Yours very truly,

Edward L. Katzenbach,
Attorney-General.

Ordered referred to Mayor Raymond.

City Commission,
City of Newark,
City Hall, Newark, N. J.

We, the undersigned property owners and residents of First Street, in the City of Newark, County of Essex, State of New Jersey, do hereby request that some action be taken by your Honorable Body to the end that drainage conditions on First Street, between Orange Street and Sussex Avenue be improved, as after each storm considerable water lays in the street at

the point hereinbefore mentioned and becomes stagnant.

Signed by 15 property owners.

Ordered referred to Mayor Raymond.

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

APPROVED:

THOMAS L. RAYMOND
W. J. BRENNAN
JOHN HOWE
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N J, August 23, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Mayor Raymond.

Absent: Commissioners Howe and Murray.

The minutes of meeting of August 16th were read and approved.

Mayor Raymond: Any citizen wish to be heard this morning.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Parkhurst Street, from Dawson Street to Avenue "D" with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen wish to be heard?

Mr. Archibald F. Slingerland, Prudential Building, appeared.

Mayor Raymond: Are you in favor of it?

Mr. Slingerland: Opposed to it.

Mayor Raymond: There are a tremendous number of citizens against this pavement. If there are any citizens in favor of it, we would like to hear from them. Forty-five per cent. of the citizens are against it, and the rest are for it. There doesn't seem to be anybody here in favor of it. Will one of the Commissioners move that the ordaining clause be stricken out?

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

The City Clerk presented An ordinance to provide for the repaving of Howard Street from Springfield Avenue to Bank Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, after removing the existing pavement,

and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

(No response).

No one appearing, Commissioners Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving of Howard Street from Springfield Avenue to Bank Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, after removing the existing pavement.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Commissioner Gillen moved that the title of "An ordinance to provide for the repaving of Howard Street from Springfield Avenue to Bank Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, after removing the existing pavement", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Howard Street from Springfield Avenue to Bank Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, after removing the existing pavement.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

The City Clerk presented An ordinance providing for the vacation of a triangular strip on the westerly side of Avenue "P" described as follows: Beginning at a point in the westerly line of Avenue "P" distant southerly 536.72 feet from the southwesterly corner of Avenue "P" and Allegheny Avenue; thence running along the westerly line of Avenue "P" south 17° 58' west 215.93 feet to a point in the division line between lands of the Central Railroad of New Jersey and the Amalgamated Dyestuff and Chemical Company; thence along said division line south

63° 49' east 1012 feet to the westerly line of Avenue "P" as the same is laid out by the City of Newark Ordinance of November 12, 1924; thence North 15° 19' 40" east in the extension of the last mentioned line of Avenue "P" 217.61 feet to the place of Beginning, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the hearing on this ordinance be laid over until September 20th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

The City Clerk presented An ordinance to license and regulate cartmen, expressmen and porters at Farmers Market, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to license and regulate carriers in and about Farmers Market.

The Board of Commissioners of the City of Newark, Do Ordain:

1. No carrier shall carry or transport for hire or pay any merchandise, goods, or articles of any description for any person or persons, firm, corporation, farmer or merchant in and about Farmers Market without first having obtained from the Department of Parks and Public Property of the City of Newark a license for that purpose.

2. The term "Carrier" as used herein is defined to be one who carries or transports merchandise, goods, or articles of any description to or from any vehicle in any part of the property owned by the City of Newark, known as Farmers Market.

3 All applications for licenses shall contain the full name and address of the applicant, together with the names and addresses of two responsible citizens of the City of Newark.

4. Every person obtaining a license to carry or transport merchandise at Farmers Market shall wear conspicuously on the right breast of his outer coat a metal badge or shield, containing his official license number, which badge shall be exhibited at any time upon demand of any person, and it shall not be loaned to any other person.

5. The fee for the issuance of the license herein referred to shall be the sum of two (\$2.00) dollars.

6. Any license may be revoked or suspended at any time for cause.

7. The license shall expire on January 31st next succeeding the date thereof, unless sooner suspended or revoked.

8. The provisions of this ordinance shall not apply to or affect any person in the regular employ of any farmer or merchant.

9. The Director of the Department of Parks and Public Property is hereby authorized and empowered to adopt and promulgate rules and regulations for the purpose of carrying into effect the provisions of this ordinance.

10. Any person or persons found guilty of violating any of the provisions of this ordinance shall be liable to a fine of not less than \$2.00 nor more than \$25.00.

11. This ordinance shall take effect immediately.

Mayor Raymond: Do you want to be heard today, sir?

Mr. Michael Breitkopf, 790 Broad Street: I would like to be heard today. I haven't a copy of the ordinance—

Mayor Raymond: We are going to advertise the hearing for a week from today and then that will be the time it will come up for hearing, if we put it through today on first reading.

Commissioner Gillen: We will get a copy of it for you.

Mayor Raymond: Have you seen it?

Mr. Breitkopf: I saw it for a few minutes, but I haven't had a chance to read it over carefully. The only difficulty is this: of course, I don't know

how you proceed here, but these men who work all night long, have been here two weeks in a row, and we have got some of the farmers who bring their produce into the market, and they are here this morning to let the Commission know just what the situation is. I thought that was on amendment of the other ordinance for second reading this morning.

Mr. Congleton: It wouldn't come up for passage on amendment because you would have to re-advertise it.

Mayor Raymond: The ordinance as now drafted here, covers distinct class of persons. "No carrier shall carry any merchandise * * *". The term "carrier" is defined to be "One who carries and transports merchandise (reads ordinance). It is certainly more definite.

Mr. Breitkopf: Excepting paragraph 8 would vitiate the whole thing again. I imagine. There is another paragraph there—

Mayor Raymond: "This ordinance shall not apply or affect any person in the employ of any farmer or merchant." That is a fair provision isn't it? That makes it so fair—

Mr. Breitkopf: I say that is inconsistent.

Mayor Raymond: How?

Mr. Breitkopf: In this way: our men that this ordinance is aimed directly at are in the employ of these farmers.

Mayor Raymond: They are not affected.

Mr. Breitkopf: Then there is no reason for the ordinance.

Mayor Raymond: Then what are you kicking about? What are you objecting to? If it doesn't affect your people, what do you care about it?

Mr. Breitkopf: Excepting this: that I object to it for this reason: it would in a great sense affect my men because they would be put in a position where they would be harassed to take out licenses and so forth, and so on.

Mayor Raymond: If they are working for themselves around the Farmers Market, owned by the City, and the administration of the market thinks it wise to have them licensed and have some evidence or symbol on them evidencing what they are doing there

they can place the responsibility, I do not see how that is unreasonable or how you can make an argument against that. Is that unfair?

Mr. Breitkopf: Of course, it would not be unfair if the regulation was needed. If the regulation was needed I would say yes.

Mayor Raymond: The market authority say it is needed. You say it isn't needed?

Mr. Breitkopf: Exactly.

Mayor Raymond: Have you been there yourself?

Mr. Breitkopf: I have 300 farmers who signed a petition, and they are the men these men work for, besides the men who work there. Of course, before the passage of the act we shall have an opportunity to be heard on it?

Mayor Raymond: Oh yes.

Commissioner Gillen: There is no rush about it.

Mayor Raymond: I was just wondering if you are satisfied with it as it is. Will next week be convenient to you?

Mr. Breitkopf: That will be satisfactory.

Mayor Raymond: It will come in the natural course next week.

An ordinance to provide for the grading, curbing, flagging and paving of Ellery Avenue from Ivy Street to

Richelieu Place with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Ellery Avenue from Ivy Street to Richelieu Place shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or re-laying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 19th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owner of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed against the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefitted

by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$24,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$24,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Mayor Raymond: I would like to say a word this morning concerning one of the resolutions put in here which affected a lease to Franklin-Port Newark Lumber Company, a local concern of Newark business men—Mr. Morris Rachlin, and other members of the Rachlin family, well known business people here, and it is the first lease that we have made to a Newark

business concern, and the terms of the lease are very satisfactory to the City. In the course of the twenty years the lease has to run, it will pay \$100,000 of rentals, which is an average of about \$7,500. per year, and amounting to about six per cent. an acre, capitalizing an acre at about \$25,000. In addition to that, there will be dockage receipts amounting, it is estimated to \$200,000, or amounting to \$100. a day, and the City naturally feels very much gratified that Port Newark is going along so successfully and has its first Newark tenant.

Mayor Raymond offered the following resolution:

WHEREAS, The Mayor-Director of the Department of Public Affairs has negotiated a lease with the Franklin-Port Newark Lumber Company, a corporation of the State of New Jersey, for certain lands located at Port Newark Terminal in said lease more particularly described, for the term of twenty years, with the option in favor of said tenant to renew said lease for a further term of ten years, and has reported the matter to this Board; and

WHEREAS, it is the judgment of this Board that it is for the best interest of the City that it enter into a lease with the said Franklin Port Newark Lumber Company upon the terms and conditions stated by the said Mayor-Director of the Department of Public Affairs, more fully appearing in a copy of said lease hereto annexed:

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the Mayor-Director of the Department of Public Affairs and the City Clerk be and they are hereby authorized to execute the said lease on behalf of the City of Newark upon the signing of this resolution.

The following communication was received and read:

THE CITY OF EAST ORANGE,
NEW JERSEY

OFFICE OF THE CITY CLERK
RE: UNION OUTLET SEWER.

August 16, 1927.

City Clerk,
Newark, New Jersey.

My Dear Sir:

I HEREBY CERTIFY that the following is a true and correct copy of a resolution unanimously adopted by the City Council of the City of East Orange, at a meeting held on August 8, 1927, and approved by the Mayor on August 9, 1927:

IN WITNESS WHEREOF
I have hereunto set my
hand and affixed the corporate seal of said City of East Orange this 16th day of August, 1927.

LINCOLN E. ROWLEY,
Clerk.

"WHEREAS: The City of Orange has for a number of years maintained and operated an outlet sewer, known as the Union Outlet Sewer, in the Valley of the Second River, and now serving as an outlet for some or all of the

sewage from the City of Orange, the Town of Montclair, the Borough of Glen Ridge, and the Town of Bloomfield, which sewer now discharges into the Passaic Valley Sewer near the line between Belleville and Newark, and is inadequate for the future needs of these municipalities; and

WHEREAS: The sewage from portions of the City of Newark, the Town of Bloomfield, and the City of East Orange, is now discharging through the Meadow Brooks Sewer into the Meadow Brook, which is a tributary of the Second River; and

WHEREAS: The Town of Belleville now discharges sewage into the Second River; and

WHEREAS: It is deemed mutually advantageous to the above mentioned seven municipalities to join in the enlarging or supplementing of the Union Outlet Sewer as a means of affording proper outlet for the sewage of the municipalities and parts of municipalities above mentioned, and the conduct of such sewage to a discharge into the Passaic Valley Sewer; and

WHEREAS: A plan to accomplish this has been devised and recommended by Alexander Potter, a Consulting Engineer.

NOW, THEREFORE BE IT RESOLVED: That the City Council of the City of East Orange does hereby express its determination that East Orange join with the other municipalities above mentioned, upon terms to be hereafter agreed upon, for the purpose of enlarging or otherwise increasing the capacity of the Union Outlet Sewer, hereinbefore mentioned, for the purpose hereinbefore set forth, pursuant to an act of the Legislature entitled: "An Act to authorize two or more municipalities of this State to

jointly construct and maintain outlet or trunk sewers, and to authorize every such municipality to construct local sewers within its corporate limits connecting with or discharging into such joint outlet or trunk sewers," approved March 15, 1899, and amendments thereto, and to this end the City Council does hereby approve negotiations for a contract between East Orange and the aforementioned other municipalities agreeable to the provisions of said Act of the Legislature; and

BE IT FURTHER RESOLVED: That Mr. William S. Levins, Chairman of the Sewer Committee, be and he hereby is appointed as representative of the City of East Orange, for the purpose of negotiating terms for said contract; and

BE IT FURTHER RESOLVED: That before any such contract is completed, the same be submitted to the City Council for its approval and for such other action as may be necessary in its premises."

Referred to Mayor Raymond.

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for June and July, 1927.

Upon motion regularly made and seconded, the meeting adjourned.

APPROVED:

W. J. BRENNAN
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., August 30, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioner's Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Mayor Raymond.

Absent: Commissioners Howe and Murray.

The minutes of meeting of August 23rd were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. William Griggsby, Chairman of the Local Committee of Entertainment of the Order of the Nobles of the Mystic Shrine: We, the local committee that is entertaining the Order of the Nobles of the Mystic Shrine in this City for the next two days, appear before this very august body to ascertain if an invitation from our General Committee has been extended to you for an official review of the parade which is to be held beginning at six o'clock. We are just fearful that that has not been attended to, although it is a late hour now to make that attempt. We are checking up on some things and we find they have not been attended to, and for fear that it might be omitted, or overlooked, we come here to ascertain if such an invitation had been extended, and if not, to ask you to review us in our demonstration, if that is within your purview.

Mayor Raymond: We surely appreciate the invitation very much. The Commissioners. I am sure, if they possibly can, will review the parade as it passes.

Mr. Griggsby: It will pass City Hall this evening, leaving Lincoln Park at six o'clock sharp. I understand, as Chairman of the General Committee sometime ago, that the City would erect a grandstand or reviewing stand for that purpose. but I learn now that no such notice has been given and no such action taken.

Commissioner Gillen: There was no request made to put up the reviewing stand, as far as I know. I have been away for a few days myself, but the hall will be decorated, the front of the Hall, because we know of the parade. I move, Mr. Mayor, that the invitation

be accepted and as many of the Commissioners as can will attend and review the parade.

Commissioner Brennan: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Raymond.

Mr. Griggsby: We thank you very much.

Mayor Raymond: We wish you all success in your convention.

The City Clerk presented An ordinance to license and regulate carriers in and about Farmers' Market, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen: I move that be laid over for one week. There are some changes desired.

Mayor Raymond: The motion is it be laid over one week to make certain changes in the ordinance.

Mr. Breitkopf appeared for the carriers.

Mayor Raymond: Do you wish to inform the gentleman any further?

Commissioner Gillen: No.

The roll being called, the motion was declared adopted by the following votes:

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of the street railway track area on Springfield Avenue from High Street to Jones Street with asphalt pavement (1½" top-1½" binder) on the old base built up with concrete.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the street railway track area on Springfield Avenue from High Street to Jones Street shall be repaved with asphalt pavement (1½" top-1½" binder) on the old base built up with concrete, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks as street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, of the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 23, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$30,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$30,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

PASSAIC VALLEY SEWERAGE
COMMISSIONERS
24 Branford Place,
Newark, N. J.

August 24th, 1927.

Hon. Mayor and
Board of Commissioners,
of the City of Newark,
City Hall, Newark, N. J.

Gentlemen:

Under the terms of the contract entered into between the City of Newark and other municipalities and the Passaic Valley Sewerage Commissioners, bearing date May 15, 1911, it was duly provided that each of the municipalities hereto agrees to pay yearly in advance to the Passaic Valley Sewerage Commissioners, within sixty days from demand, its respective proportion of the cost of maintenance, repair, cleaning and operating of same, including salaries and other expenses, as may be determined and certified to by the Passaic Valley Sewerage Commissioners."

The estimate of the cost of operation and maintenance, cleaning and repair for one year beginning August 1, 1927, has been determined by the Chief Engineer as \$675,000, and certified to by the Passaic Valley Sewerage Commissioners at their meeting held August 23, 1927. This estimate is based on the actual cost of operation during the twelve months preceding August 1, 1927, with an estimated allowance for

additional cost due to the natural growth of the district, together with an estimate of cost of necessary new equipment, building and repairs.

Enclosed herewith is a blueprint bearing Acc. No. L-5144 the same being an allocation of the estimated expenditures for the coming year for the maintenance and operation of the system. This shows your proportionate share for the ensuing year to be \$234,778.06 payment of which is hereby respectfully requested.

There is also sent you herewith enclosed a statement of your account to date, which shows your net liability to be \$191,911.57.

It is respectfully urged that you take this matter up at your earliest convenience as these funds are urgently required for the payment of labor and other items necessary for the successful operation of the sewerage system.

Yours very truly,
Passaic Valley Sewerage
Commissioners,
By B. W. Terlinde,
Chairman.

Referred to Mayor Raymond.

STATE OF NEW JERSEY
BOARD OF
PUBLIC UTILITY COMMISSIONERS
TRENTON

August 25, 1927.

In the matter of the application of the Public Service Railway Company for authority to remove men employed to operate derail switches at certain railroad grade crossings.

Mr. William J. Egan,
City Clerk,
Newark, New Jersey.

Dear Sir:

The Public Service Railway Company has represented to the Board that at certain steam railroad crossings, over which it operates trolley cars at grade, derailing apparatus is maintained and that the company provides derail attendants. In addition to this it is stated the railroad company maintains flagmen or gatemen, or both, to guard the crossings. The Company claims that the employment by it of

men to operate derail switches is an unreasonable expense and burden.

The company asks the Board of Utility Commissioners to authorize the discontinuance of the employment of railway derailleurs at the following steam railroad crossings, all of which it states are protected for the full period of their operation by railroad crossing attendants:

Newark Avenue, Jersey City—Pennsylvania Railroad

Pavonia Avenue, Jersey City—Erie Railroad

Paterson Plank Road, North Bergen—New York, Sus. & Western R. R.

Frelinghuysen Avenue, Newark—Pennsylvania Railroad Co. and L. V. R. R.

Paterson Avenue, Carlstadt—Erie Railroad Co.

Paterson Avenue, Carlstadt—New Jersey and N. Y. R. R.

Main Street, Paterson—Erie R. R. and D. L. & W. R. R.

Market Street, Paterson—Erie Railroad

Westfield Avenue, Camden—Pennsylvania R. R.

Cass Street, Trenton, Pennsylvania R. R.

The company also asks for authority to discontinue the derail-men at the following railroad crossings during the time railroad crossings attendants are on duty:

Avon Avenue, Newark—Penn. R. R. from 7 A. M. to 4 P. M.

Clinton Ave., Newark—Penn. R. R. from 8 A. M. to 12.00 midnight

Elizabeth Ave., Newark—Penn. R. R. from 8 A. M. to 12.00 midnight.

First Ave., Elizabeth—Central R. R. Co. of N. J. from 7:45 A. M. to 5:45 P. M.

Broad, Elizabeth—Central R. R. Co. of N. J. from 7:45 A. M. to 5:45 P. M.

Third Street, Elizabeth—Central R. R. Co. of N. J. from 6:45 A. M. to 4:45 P. M.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

September, 1927

Newark, N. J., September 6th, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe.

Newark, N. J., August 31, 1927.

Hon. John Howe,
City Hall,

Newark, New Jersey.

My Dear Commissioner;

I note that an ordinance for the resurfacing of Broome Street from Kinney Street to Springfield Avenue will

be up for final passage at a meeting of the Board of Commissioners on September 6th, 1927.

I represent my folks who have owned real estate on Broome Street between Court and Mercer Streets for the past twenty years. I have also been approached by other property owners on the said street, who seriously object to the resurfacing of that portion of Broome Street inasmuch as the street is in excellent condition and it would be sheer extravagance on the part of the City of Newark to improve that which needs no improvement. The surface of the street at present consists of red brick just as Runyon Street, Hillside Avenue and parts of Belmont Avenue.

The present condition of the street is excellent and the tax payers claim that they will be burdened with further assessments without benefit. The city can ill afford to spend money upon that which does not require it and that portion of Broome Street as described in the ordinance certainly requires no repairs or resurfacing.

It would be folly to add the additional burden of an assessment upon the real estate owners of that street inasmuch as its present condition war-

rants no change The surface is in excellent shape and if you will recall it was not very many years ago that that portion of Broome Street was resurfaced with the red brick.

I trust you will give the matter the same consideration as any business man would in the conduct of his own business and that is, to avoid unnecessary expenditures.

Respectfully yours,

Samuel O. Offen.

Ordered filed.

The City Clerk presented an ordinance to provide for the resurfacing of Broome Street from Springfield Avenue to West Kinney Street with asphalt pavement on the existing brick prepared as a foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen desire to be heard?

Mr. Michael Levine, 93, Mercer Street: Mr. Mayor, and the Honorable Board of Commissioners, we are here in reference to a protest in behalf of the repaving of Broome Street from Springfield Avenue to West Kinney Street. I have here a representative body of owners of Broome Street to protest, which you see right before you, a great honorable body of men, and while there are intervals of the street that ought to be repaired, and that is about all, and we trust that such will be the case.

Commissioner Gillen: I move that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

JOHN HOWE,

Director of Revenue and Finance.

Commissioner Howe: Any citizen wish to be heard? If not, a motion to adjourn will be in order.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan Gillen, Howe.

A P P R O V E D :

JOHN HOWE
W. J. BRENNAN
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., September 13, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioner's Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Absent: Commissioner Murray.

The minutes of the meeting of September 6th, 1927, were read and approved.

Mayor Raymond: Does any citizen wish to be heard this morning?

The following resolution was received and read:

WHEREAS, it appears that the Ironbound Section of our City has been, for a long time, neglected, insofar as the beautification of that section is concerned, and that the majority of its citizens are vitally interested in the question now before the public, in reference to the final disposition of the Morris Canal and surrounding property from Madison Street to Freeman Street; and

WHEREAS, it further appears that the purification process of the Passaic River is now being carried on and that it is the hope of all those concerned that it will shortly be returned to its crystalline flavor and favor;

THEREFORE BE IT RESOLVED, that we, the members of St. James Holy Name Society assembled on this eighth day of September earnestly petition the Honorable City Commissioners of this City to favor the utilization of the Passaic Riverbank from Madison Street to Freeman Street for the purpose of according recreation, enjoyment and as an aid to the physical well being of the residents of the congested Ironbound Section;

We suggest to your Honorable Body the building of a recreation pier, not projection into the river, but along its banks.

This resolution is the voice of the people who reside in the Ironbound District and not those who reside in other parts of the City or State but have their business in the Ironbound Section.

We therefore earnestly request your Honorable Body to give this resolution the utmost of consideration.

Signed by

Matthew Mahon,

Chairman of Resolution
Committee and Officers.

Mr. John A. McLaughlin, Secretary of St. James Holy Name Society, 250 Lafayette Street, Newark. If your Honor please, we have here a resolution that was adopted by the St. James Holy Name Society at their monthly meeting on the eighth day of September. With your Honor's permission I will read it.

(Reads resolution).

There was at our July meeting another resolution passed, a copy of which I have not with me at the present time, but that resolution was in regard to the extension of the Ironbound Transportation bus line along Lafayette Street and extending down Jefferson Street to Port Newark. We believe that it would be to the best benefit of the citizens of the Ironbound section that that bus line be so extended, and we earnestly request your Honorable Body to give that resolution the utmost of consideration also. I will send a copy of the resolution into the City Clerk at my earliest convenience, if your Honor please. Thank you.

Commissioner Gillen: I move the matter be referred to the Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan Gillen, Howe, Mayor Raymond.

Mayor Raymond: Does any other citizen wish to be heard?

Mr. John L. O'Toole, Public Service Corporation: I just want to say a word in answer to the statement of the gentlemen who just now spoke, that application has been made by the Public Service and it is in the hands of the Transportation Department, and has been for sometime, for re-routing the Port Newark Line, which would afford the facilities that have been asked for in the latter part of the gentleman's statement, and I wanted to appear on record as saying that the

service could be rendered by the company.

Commissioner Gillen: I move that be referred to the Mayor also.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan Gillen, Howe, Mayor Raymond.

The City Clerk presented an ordinance to provide for the opening of Richelieu Terrace, 50 feet in width, from Ivy Street northerly about 76 feet to its southerly terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Charles F. Patterson, 10 Ivy Street, appeared.

Mayor Raymond: You were here before, weren't you, Mr. Patterson?

Mr. Patterson: Yes, Mr. Mayor.

Mayor Raymond: You own a piece of property there and you don't want this street opened?

Mr. Patterson: I would like to have it opened, Mr. Mayor, but it is going to mean a loss to me in case it does go through. I have here two full-sized lots and they are taking one of them and leaving me with one of them, which is only 22 feet in width in the rear.

Commissioner Howe: How wide is the front?

Mr. Patterson: 40 feet in front and 22 feet in the rear.

Commissioner Howe: Have they given you the price per foot of the part taken?

Mr. Patterson: The appropriation is \$3800, and if they divide or pro rate it,—they are taking 50 feet—they will allow, I suppose, \$1900 each, with the expenses off, and I understand—

Commissioner Howe: Your lot seems to be wider in the front than in the rear, and if you should sell the front is considered worth two-third of the rear of any lot.

Mr. Patterson: They are impairing the value of the lot by cutting down

those three feet in the rear, or four feet, or whatever it is.

Mayor Raymond: I think we will hear the other side, Mr. Patterson, and hear what they have to say.

Mr. Peter Gunne, 45 Grumman Avenue, Newark: I am a builder in Newark and own some property on this street, and just as soon as it is opened I am ready to go in there and build a number of houses. The cost will be anywhere from \$16,000 to \$19,000, and will add a good deal to the City's assessed valuation, and also, I think that it would be a good way to relieve Sanford Avenue on traffic, and the children going to the schools, instead of using Sanford Avenue would use Richelieu Terrace. I think it would help the traffic to a great extent there, and I am in favor of opening it and paying my part of whatever the cost would be assessed back against my property.

Mr. Harold Herman, of Braelow & Tepper, Industrial Building, Newark: We represent the Joseph Realty Company, who own about 240 feet on Richelieu Terrace, and we have now plans in our office to go ahead with the building of five two-family houses of \$18,000 a piece, and we are vitally interested that this street be opened and result in benefit to all the property in the neighborhood down there, and, of course, we are absolutely in favor that this street be opened to increase the valuation there and the possibility of development.

Mr. Max Grundfast, 50 Sheridan Street, Irvington, N. J., also appeared.

Mayor Raymond: This is a development, isn't it?

Mr. Herman: Yes, sir.

Mayor Raymond: Well, the better way of doing it, to come right down to earth, is to buy this land from Mr. Patterson and remove this objection. He is on the corner there and he will have his lot taken from him and he will be paid what it is worth and then assessed benefits. Then he will be the worst off of all of you. He hasn't got anything coming from this, gentlemen.

Mr. Gunne: We have already made that offer; we have offered Mr. Patterson a very fair value, much more than

property around there is worth, and he wants much more, which we can not get our people to pay. There are 25 or 30 owners there and some will pay, some will not pay. I think the best way, as long as Mr. Patterson won't take a fair value for his land, I think the best way would be to have the City take it and we will pay our proportion, as long as we can not get together and agree.

Mr. Patterson: Mr. Mayor, in refuting this gentleman's statements, why, the first I heard from him was last night. He came around to the house and made me a ridiculous offer and he has offered me what he paid for land adjoining, which is 14 feet less in depth than mine, and in the meantime the land has gone up in value. Now, he has offered me \$65 a foot, including all street assessments, and I contend that I will be out about \$2500 if they take that land; it will be that loss to me.

Mayor Raymond: How far in are you going to extend Richelieu Terrace?

Mr. Gunne: Varsity Road; that will take you right out to South Orange Avenue.

Mayor Raymond: Of course, Mr. Patterson, you are in the same position everybody else is who happens to own land that is needed for public improvement. Why should we assume he is going to lose on the proposition? He will have a fair value given to him by the Assessment Commissioners. How can we assume that?

Commissioner Gillen: Suppose we allow him \$1800, we will say, for his lot. They take his lot and then they assess him \$1,000.

Mayor Raymond: Well, that is an outrage.

Commissioner Gillen: Well, they will have to. He is an owner there—

Mr. Patterson: Mr. Mayor—

Mayor Raymond: Just a minute; I want to ask Commissioner Gillen his view.

Commissioner Gillen: He would have probably \$800 or \$900 left for a lot which is worth about a couple of thousand dollars.

Mayor Raymond: Every development is for the benefit of the City, and

these people are in the same position a lot of other developers would be. They have got to get this lot. If we are to assume that the man comes out a loser as a result of our financial operations in compensating him and charging him, then we ought to change the system.

Commissioner Gillen: This is a peculiar situation. You see, if his lot were entirely in the street and they took the whole lot away from him, he would not have to pay any benefits and he would get his money from the City and then he would be clear of the transaction, but if he has to sell the lot and then pay half back to the City, he is out so much money.

Commissioner Howe: The only advantage is that he is placed on a corner of the remaining property. Whether the corner there would be a benefit to any great extent, is questionable.

Mayor Raymond: You have got two nice lots. Now, when he gets through with this proceeding for your benefit, he will have one lot left on the corner, and he will have all this expense to pay. The equity of this thing ought to appeal to the Commissioners. You gentlemen ought to adjust these equities so we gentlemen won't have it on our consciences. There isn't much difference in price between you, is there?

Mr. Grundfast: From what Mr. Gunne says there is probably thirty to forty dollars a foot on the price.

Commissioner Gillen: Suppose we lay it over for a week and see if they can not get together.

Mr. Gunne: The sewer and everything is in there, and I think the Assessment Commissioners could take care of the injuries to Mr. Patterson when they come to take the whole thing into consideration in assessing the property. We are willing to pay our equal benefits up there, and I think the Assessment Commissioners are the people to handle it.

Commissioner Gillen: They can not discriminate. They can not make an exception in this case.

Commissioner Howe: The only possible thing they can do is to spread the cost over a greater area.

Mayor Raymond: How many lots

have you in that development, Mr. Gunne?

Mr. Gunne: Myself I have only about 240 feet left, but there is about 25 owners all through.

Mayor Raymond: It is a good sized development. We like to encourage you to develop these lots, but as I look at it, you may be able to settle it if you talk to Mr. Patterson.

Mr. Grundfast: What does Mr. Patterson want?

Mayor Raymond: I don't know.

Mr. Grundfast: What do you want, Mr. Patterson?

Mr. Patterson: I think I would be out \$2500.

Mr. Grundfast: How much do you want a foot for the ground?

Mr. Patterson: \$100 for the 25 feet.

Mr. Grundfast: There you are, when you can buy land for about fifty or sixty a foot.

Mr. Patterson: There is no use of arguing about it. You can not do anything of the kind.

Mr. Grundfast: Don't say you can't.

Mayor Raymond: This is very good land there, gentlemen.

Commissioner Howe: Is the street paved?

Mr. Gunne: No, but a sidewalk.

Mr. Patterson: The front of my property is paved; fully improved lots.

Commissioner Howe: It isn't worth anything when you come before the Tax Board.

Mayor Raymond: Put yourselves in his position and see where you would be. If you want to make this development try to settle it with him. The motion is it be laid over for a week.

Mr. Grundfast: His price is out of the question.

Commissioner Howe: Why don't you people step back and see if you can not come to some agreement? The City wants the street open and we want to give you a chance, if we can.

The ordinance was temporarily laid over.

The City Clerk presented an ordinance to amend an ordinance entitled "An ordinance providing for the regu-

lation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan: I move that this ordinance be laid over to September 20, 1927.

An ordinance to provide for the construction of a 15" pipe sewer for storm water only in Sandford Place from Eastern Parkway to Norman Road.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch pipe sewer, to be used for storm water only, shall be constructed in Sandford Place from Eastern Parkway to Norman Road, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 25th, 1927, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$1,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$1,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission" approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance who

is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of Seymour Avenue from Clinton Avenue to Avon Avenue with asphalt pavement on the existing macadam foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Seymour Avenue from Clinton Avenue to Avon Avenue shall be resurfaced with asphalt pavement on the existing macadam foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may

be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 1, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improve-

ment commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

A communication from the Borough of Glen Ridge, enclosing certified copy of resolution concerning outlet sewer system, was received, read and on motion ordered referred to Mayor Raymond.

Commissioner Gillen: Mr. Mayor, I want to say a word about zoning at this time.

Mayor Raymond: Are you going to make a political speech at this time? I haven't heard one of your political speeches in a long time, Mayor, and I will be glad to hear it.

Commissioner Gillen: This Board has gone on record time and again as favoring zoning in the full sense of that term. We found that many of the ordinances that we have passed and many of the rules and regulations that we have promulgated have lacked force because of the decisions of the courts. The Legislature, of which Mr. Groel was a member, passed a law providing for a referendum on a constitutional amendment which, if adopted by the people of New Jersey, would give the governing bodies of municipalities the power to pass all the ordinances and regulations that may be required, in a reasonable manner, to properly protect the interests of the citizens. On next Tuesday this amendment will come before the people of this community and before every other community in New Jersey, for a vote. I think that inasmuch as we have always favored zoning, considering that it was for the best interests of this city generally. I think that we should now call upon the citizens to support this amendment and vote in favor of it. In order to bring this before the Board, I offer the following motion:

Moved, that the governing body of

Newark respectfully recommend to the citizens of said community that they vote in favor of the zoning amendment on next Tuesday in order that we may have full power to properly and legally enact the necessary ordinances that may be required for the protection of the property owners and residents of the City of Newark.

Mayor Raymond: That sounds good to me.

Commissioner Howe: Is that the one or the four?

Commissioner Gillen: That is the one.

Mayor Raymond: I think some of us can go along with that, don't you, Commissioner Howe?

Commissioner Howe: Cheerfully.

Mayor Raymond: Very well put, and I congratulate you, Mr. Commissioner,

Commissioner Brennan: Let me ask you, if this amendment is adopted—

Mayor Raymond: Do you want to know if there is any trick in it?

Commissioner Brennan: No, but I just want to know because of the recommendation I received from the Superintendent of Buildings. If this is adopted is it effective in any manner?

Assemblyman Groel: It becomes effective immediately.

Commissioner Howe: What does the law provide, Assemblyman?

Assemblyman Groel: Under the constitution, in order to amend it it has to pass both houses of the Legislature, be advertised and then be submitted to the people at a special election, which will be on the 20th. That is the end of it.

Commissioner Brennan: Well, I am asking this for information, because it will affect possibly my department more than any other in respect to issuing permits in the Building Department. I have a recommendation on my desk from the Superintendent of Buildings suggesting that the Commission appoint a committee to codify immediately the existing zoning ordinances and prepare amendments such as are provided for under the zoning amendment, if adopted, so as to prohibit the possible tie-up of numbers of buildings, or otherwise, if we are

minus the proper ordinances under which—

Mayor Raymond: Anticipating the passage of the amendment? To be prepared to pass them?

Assemblyman Groel: It has to be passed by the Legislature.

Commissioner Brennan: Before we can do anything.

Assemblyman Groel: In other words, you can not make valid these laws that you might say are invalid at this time. This is authority to the Legislature to pass laws authorizing zoning.

Commissioner Brennan: In that case there is lots of time. I was only anxious lest it might on adoption become operative.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

The City Clerk presented An Ordinance to provide for the opening of Richelieu Terrace, 50 feet in width, from Ivy Street northerly about 76 feet to its southerly terminus, and stated that today was the time fixed for hearing on the same.

Mayor Raymond: Gentlemen of Richelieu Terrace, are you ready to talk to us?

Mr. Herman: An adjustment has been made. The contract of sale is now being prepared.

Mr. Gunne: Mr. Mayor, rather than hold the Commission up we would ask to let it go over for one week.

Commissioner Gillen moved that the ordinance be laid over to September 20, 1927.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Brennan: I move that the meeting adjourn.

A P P R O V E D :

THOMAS L. RAYMOND
W. J. BRENNAN
JOHN HOWE
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., September 20, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of September 13th, 1927, were read and approved.

The City Clerk presented an ordinance to license and regulate carriers in and about Farmers-Market, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Commissioner Gillen: I move it be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the vacation of a triangular strip on the westerly side of Avenue P, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Commissioner Brennan: I move it be laid over for three weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the vacation of part of Irving Street from a point 219 feet west of Washington Avenue 547 feet more or less westerly, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of part of Irving Street from a point 219 feet west of Washington Avenue 547 feet more or less westerly.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the title of "An ordinance providing

for the vacation of part of Irving Street from a point 219 feet west of Washington Avenue 547 feet more or less westerly," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of part of Irving Street from a point 219 feet west of Washington Avenue 547 feet more or less westerly.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen wish to be heard on this ordinance?

Mr. Saul Cohn, 972 Broad Street: We are appearing for Jacob Gross, Mr. Gross is the owner of a plot of ground 200 by 200 running from Vanderpool Street to Poinier Street. He has a railroad siding leading into the premises—

Mr. William P. Hurley: I represent the DuPont Company. I would like to say that I inquired of Mr. Swain as to advertising of this ordinance and find that by a mistake at the newspaper office it has only been advertised once. The Act of 1926 requires two advertisements, Laws of 1926, page 378.

Mayor Raymond: You want this ordinance advertised properly?

Mr. Hurley: I do, and I would like to have this re-introduced and re-advertised.

Mr. Cohn: No objection.

Mr. Hurley: Why not re-advertise it.

Mayor Raymond: If he wants it re-advertised let us have it.

Commissioner Gillen: I move the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the repaving of the street railway track area on Springfield Avenue from High Street to Jones Street with asphalt pavement (1½" top-1½" binder) on the old base built up with concrete, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen wish to be heard?

Mr. Louis Suskind, 215 Springfield Avenue. I would like to be heard.

Mayor Raymond: Are you opposed to this ordinance?

Mr. Suskind: Yes, sir. I think that the repaving on that part of Springfield Avenue should be not assessed against the property owners, and, in fact, I personally think that it is in fair shape if it was fixed up here and there.

Mayor Raymond: This is the street railway track area?

Mr. Suskind: Our pavement is good in front of our property.

Mayor Raymond: How about the tracks?

Mr. Suskind: That is it, the tracks.

Mayor Raymond: Is the pavement satisfactory between the tracks?

Mr. Suskind: Yes, sir. The pavement is good. I think if it was kept in repair, but you see when it is ripped up they put it back the thing settles and creates a cavity. But the pavement is in fairly good shape to my mind and I want to voice my objections. I do not feel as if I would want to pay for the repavement of that part of the street. I think we have

other men here from Springfield Avenue and you can hear them.

Mayor Raymond: Is there anybody in favor of this from Springfield Avenue?

Mr. Emil Wolfort, 62 Springfield Avenue. I would like to ask you Honor to lay this ordinance over for one week.

Mayor Raymond: Very glad to Mr. Wolfort.

Commissioner Murray: Does anybody up there want it?

Mr. Wolfort: I can't speak for the rest of them; I speak for those gentlemen who are here, and we will give you the information next week.

Commissioner Murray: There doesn't seem to be anybody up there that wants it?

Mr. Wolfort: No, there doesn't, Mr. Commissioner.

Commissioner Murray: I move that the ordinance be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to amend an ordinance entitled "An ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Commissioner Brennan: I move that be laid over four weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the opening of Richelieu Terrace 50 feet in width, from Ivy Street northerly about 76 feet to its southerly terminus, and

stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Have you settled this matter yet?

Mr. Harold Herman, of Braelow & Tepper, Industrial Building, Newark: I understand that the gentlemen did not come to a conclusion or reach an agreement as we had contemplated. This seems to be the difficulty; they are offering Mr. Patterson \$3400 for his property if they receive from the City—I understand the appropriated amount of \$1900. That is what Mr. Patterson wanted and they were perfectly in agreement to give him that provided they get \$1900. from the City.

Commissioner Murray: That is the opening of what?

Mr. Harold Herman: Richelieu Terrace and Ivy Street.

Commissioner Murray: Patterson's claim there seemed to be very just, for while he would get a certain price for his land the assessment against it for the improvement would cut down the price of it, and although he would be benefited somewhat by having his property on the corner, it would leave him the loser. He has had the property for some time.

Mayor Raymond: He was here last week and that was demonstrated. Both parties went off and tried to effect a bargain. Have you put it in writing so you are satisfied now? Mr. Patterson isn't here, is he?

Mr. Harold Herman: I don't think he is.

Mr. Harry Herman: There remained \$1500. for the corner, and for \$1500. I have that corner sold for Mr. Patterson, subject to all assessments; he will not have to assume any assessment and that is the price he wanted.

Mayor Raymond: He isn't here. He evidently thinks it is settled, doesn't he?

Mr. Harry Herman: Well, that is how it is, Mr. Mayor. You see, the question is will the City give us the amount they have appropriated in that case?

Mayor Raymond: That is a matter

the Assessment Commission I don't think we can say that now.

Commissioner Gillen: You have agreed to buy Mr. Patterson's two lots?

Mr. Harry Herman: The City has taken 25 feet. That leaves remaining 40 feet for the corner.

Commissioner Howe: If you do take it you assume any and all assessments?

Mr. Harry Herman: Yes. I have that corner sold. I have a deposit on his lot and he has agreed to take that amount and everything is straightened out.

Commissioner Brennan: Let me understand this: Is that agreement predicated on the City giving that amount?

Mr. Harry Herman: Of \$1900, yes, sir.

Commissioner Brennan: We cannot say any such thing as that. That is entirely a matter for the Assessment Commissioners.

Commissioner Howe: We have no authority or jurisdiction.

Mr. Harold Herman: Wasn't there a specific amount appropriated?

Commissioner Howe: It doesn't make any difference what is appropriated; the Assessment Commissioners can fix the amount. Take it up with them.

Commissioner Brennan: I move that the ordinance be laid over to September 27, 1927.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Street from Commercial Street to Market Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Commerce Street

from Commercial Street to Market Street shall be graded, curbed, flagged, paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 10th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$16,000.00

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., September 27, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Gillen, Howe, Murray.

Absent: Commissioner Brennan, Mayor Raymond.

The minutes of the meeting of September 20th, 1927, were read and approved.

The City Clerk presented an ordinance to provide for the repaving of the street railway track area on Springfield Avenue from High Street to Jones Street with asphalt pavement (1½" top-1½" binder) on the old base built up with concrete, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen wish to be heard?

Commissioner Murray: This is a Jewish holiday and I suppose those men have not come here on that account. I move it be laid over to a week from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

The City Clerk presented an ordinance to provide for the opening of Richelieu Terrace 50 feet in width, from Ivy Street northerly about 76 feet to its southerly terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Have you folks come to an agreement up there yet?

Mr. F. J. Tansey, 164 Market Street. No, sir, we have not, and as far as we are concerned we are not interested in whatever offer they make there, and we just want to enter our appearance and voice our objections.

Commissioner Gillen: You represent whom?

Mr. Tansey: Mr. Patterson.

Commissioner Murray: Patterson's claim was that while he would be awarded a certain amount by the Assessment Commission for the damages to his property, the assessment upon the remainder of his property would just about cancel that so he would have nothing for his land. Is that right?

Mr. Tansey: It would also leave him with a 22 foot property there of no value at all.

Mr. Congleton: In the awarding of damages that would be taken into consideration he would not only be paid for the land taken, but also for damages to remaining land, and that always goes into these cases and that is where the City gets stung substantially. We had that over at the corner of Market and Washington Streets where the remaining piece was valued only at \$70,000, but they recently sold it or leased it on a basis of \$250,000.

Mr. Tansey: This seems to be the second case that my client has been placed in this position. The other is on the property on Ellery Avenue and Ivy Street where he was left with a 20 foot property and he was allowed but \$800 and against that property he had an assessment of \$1,000. In other words, he gave the City \$200 and has a property that cannot be disposed of.

Commissioner Gillen: I move it be laid over one week. The Mayor isn't here anyhow.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

Commissioner Howe offered the following resolution:

RESOLVED, that the sum of Three thousand, four hundred thirty-two dollars and eighty-one cents (\$3,432.81) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance as follows:

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

October, 1927

Newark, N. J., October 4th, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of the meeting of September 27th, 1927, were read and approved.

The City Clerk presented an ordinance to provide for the repaving of the street railway track area on Springfield Avenue from High Street to Jones Street with asphalt pavement (1½" top-1½" binder) on the old base built up with concrete, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any person desire to be heard on this ordinance?

Commissioner Howe: I move that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the opening of Richelieu Terrace 50 ft. in width, from Ivy Street northerly about 76 feet to its southerly terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen wish to be heard?

Mr. Francis J. Tansey: Mr. Mayor, I wish to enter my appearance for Mr. Patterson and protest the opening of this street. The commission has so informed us, I believe, that the only results that we can obtain is when it comes before them officially. Unofficially they can not do anything in the matter at the present time, so I just wish to make my appearance today and protest the opening.

Mayor Raymond: You say what?

Mr. Tansey: The city is taking Mr. Patterson's property without a sufficient award.

Mayor Raymond: There is no award made yet.

Mr Tansey I understand \$3900 has been set aside.

Commissioner Howe: For how many feet?

Mayor Raymond: Not by us.

Mr. Tansey: For 50 feet.

Commissioner Howe: That is practically \$80 a foot.

Commissioner Murray: Back on that he gets an assessment.

Commissioner Howe: He won't get an assessment if he sells his whole lot at—

Mayor Raymond: We can not hold back improvements this way.

Commissioner Murray: It isn't fair to keep the improvement back, neither is it fair to take the man's lot and take it away from him and leave him on a corner with a small piece of land and assess that for the benefit of the improvement.

Mayor Raymond: You are assuming he won't be treated fairly.

Commissioner Murray: He is assuming it; I am not assuming anything.

Mayor Raymond: You said it wasn't fair.

Commissioner Murray: I say it isn't fair to give him \$3900 and assess him \$2,000.

Mr. Tansey: And leave him with a short lot there.

Commissioner Howe: What reason have you to believe that he will be assessed even a thousand dollars?

Mr. Tansey: It is problematical at the present time, but it is something that will happen.

Mayor Raymond: Who do you represent?

Mr. Tansey: Mr. Patterson.

Mr. Congleton: I think the gentleman is laboring under a misapprehension. When it comes to the Commissioners of Assessments to assess benefits, if he is left with a little bit of a gore, or a small narrow lot, because it is a corner property he doesn't get assessed like if it were a 50 foot lot that he can do something with.

Commissioner Murray: I think probably he has been misinformed somewhere.

Mr Tansey I understand that, Mr Congleton—

Commissioner Howe: Anything—

Mr. Congleton: No one can tell what he will be assessed; it will be up to the Board of Assessments and you will have an opportunity to argue and show that your property is not benefited.

Mr. Tansey: That is what I say, and I am just making my appearance.

Mayor Raymond: You said something had been settled unofficially.

Mr. Tansey: Well, I understood an appropriation of \$3900—

Mayor Raymond: \$3800..

Mr. Congleton: That is for taking that land. That is only what we pay. Now, when we come to assess for benefits, that is a little different.

Commissioner Murray: Somebody up there told him that they would assess him about \$2,000.

Commissioner Gillen: That is about the way it works out, generally speaking.

Mr. Tansey: Mr. Patterson had a corner property and the city left him with a lot of 20 foot—

Commissioner Howe: I looked at the map; he has got a 40 foot front lot.

Mr. Tansey: You are asking about the \$1,000 assessment. The city left him with a 20 foot lot on Ellery Avenue and Ivy Street. They allowed him \$800 and he had an assessment of \$1,000.

Commissioner Howe: Was it paving and opening? He is figuring on what he would be assessed for the paving there. He would be assessed for the paving whether he owned 20 feet or 100 feet.

Mayor Raymond: He can not be assessed for his side—

Commissioner Howe: You won't get the total of that.

Mr. Patterson: I will get 50 per cent. or 60 per cent. or 70 per cent.

Mayor Raymond: He will have two sides to be paved; now he only has one.

Commissioner Howe: This assessment can be spread over the area of the territory benefited.

Mayor Raymond: What do you want?

Mr. Tansey: We just want to enter our appearance, Mr. Mayor. At the proper time we will submit our evidence as Mr. Congleton suggested.

Mayor Raymond: Then we ought to put this through or else there won't be any proper time arrive. Does anybody else wish to be heard on this notorious ordinance?

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the following ordinance be taken up on second reading:

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to license and regulate carriers in and about Farmers Market, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: What is the pleasure of the gentleman who proposed this?

Commissioner Gillen: I move for the adoption of the ordinance.

Mayor Raymond: Does any person desire to be heard on this ordinance?

Mr. Michael Bretkopf: Gentlemen of the Commission, and Mr. Mayor: I represent the market carriers who work in the Centre Market—Farmers' Market. I oppose the passing of this ordinance on the ground, first, that it is a useless regulation. There is no necessity of the ordinance. The badges and the licensing of men who are laboring every night for hours, carrying parcels for farmers, and not for the City of Newark, is unnecessary for these men who have been in this market for years. There are no new men there; there are no new men coming in day in and day out like in any other employment. This is a special employment, and these men are working for the farmers and not for the City of Newark. They don't interfere in any way with the City of Newark, or the officials running the market. There have been some allegations made that they attempt to run the market. That isn't so. They aid and they assist in every way the officials who conduct the market, and it is merely a case of a disgruntled official in the market who is trying to legislate some of these men out of their jobs. I know that after all the publicity and the hearings that we have had in this matter that the Commissioners will vote against it. I have a lot of other circumstances surrounding this, but I do not believe the Commission would care to hear them at this time.

Commissioner Gillen: Mr. Mayor, and gentlemen: This ordinance is

absolutely needed for the regulation of the Farmers' Market. I want to bring your attention now very forcibly that I can not operate the Farmers' Market unless I have this ordinance enacted. If you vote against this ordinance I will, at the end of this week, close up the Farmers' Market—I will be obliged to. It is not that I want to do it; I would like to keep fresh vegetables and fresh farm products coming into the Farmers' Market as much as possible for the people of the City of Newark, but if this ordinance is voted down I can not continue to operate the Farmers' Market satisfactorily and will refuse to operate it.

Mayor Raymond: Would you mind telling us why?

Commissioner Gillen: For the very simple reason that I have explained before; that these carriers are trying to run the market instead of the City Officials. They are interfering with every act of the City Officials, and we have constant trouble with them and we simply want the power to regulate them. We have no feeling against them; we do not want to throw anybody out of his job. If they behave themselves and obey the rules of the market we are perfectly willing to have them work there in this Farmers' Market. This Farmers' Market does not belong to the farmers or to the carriers; it belongs to the City of Newark. It is operated for the benefit of the people of the City of Newark and it must be operated in an orderly manner and in a manner which will bring some proper compensation to the City.

Now, I just want to give you a few figures to show you what is back of this whole matter. For some years past the carriers have been actually running this Farmers' Market. They have been designating the position which the farmers must take. They have been half the time, under slipshod arrangements, been collecting fees. They have terrorized the employees of the market so they were afraid to go down and interfere with them. When I inquired of the Law Department if these men could be ejected if they were objectionable, any of them, and if they interfered with the orderly operation of the market, I was informed by the Law Department that we could not do it unless we had

an ordinance passed giving us that power. Then we had an ordinance prepared for that purpose, and we reorganized the Farmers' Market. I realized last year that the City of Newark was not getting the revenue out of the market because of this constant interference with the operation of the market, and we reorganized the forces and reorganized the Farmers' Market, and as a result, in five months the revenues from the Farmers' Market to the City of Newark have been increased \$16,080. over the corresponding five months period of last year. They say part of this increase is due to the fact that we increased the fees. That is true. We did increase the fees to some extent. But aside from that, we have 685 permits in this period as against 525 for last year. I want to say that last year, and in previous years, as a result of the manner in which these carriers have been trying to browbeat everybody and run this market, a good many of the fees were not collected. Now I am in the position where I am charged with running this market, and I bring before you an ordinance which I have been advised is necessary to give me the power to properly run it and regulate it, and I understand that certain powerful politicians came to the Commissioners and told them that this isn't needed at all, that I shouldn't have the right to run the market, that somebody down on Fleming Avenue, or "Down Neck" ought to run the Farmers Market. Well, if the Commissioners want this man to run the market they will have to give him the power to run it. That is satisfactory to me. But while I am here I will run it, and if this ordinance is voted down I will close the Farmers Market.

Commissioner Murray: I think the Law Department is mistaken to say you can not run the market. You have a market police force. I don't see why they can not run them right out of the premises if they don't behave themselves.

Commissioner Gillen: You can not do that. You have to have this ordinance.

Mayor Raymond: You have shown us there has been a great improvement in the conditions there through your

reorganization without the aid of this ordinance. How did you do that?

Commissioner Gillen: We have shown improvement because we have been forcing the issue. We have been using four or five men to collect fees. One man will go down there and he is browbeaten and terrorized and he is in fear of being beaten up. It is a bad condition. I did not bring this ordinance in because of any personal whim of my own.

Mayor Raymond: Commissioner Brennan has some views on this matter, and I think he ought to be here too. Commissioner Brennan has views on it and I would rather vote on this after Commissioner Brennan is back. I don't know who the powerful political influence is. There are very few powerful political influences that control me.

Commissioner Gillen: I don't know

Mayor Raymond: I do know.

Commissioner Gillen: They have been to see you, I do know that.

Mayor Raymond: They have been to see me and left disappointed.

Commissioner Gillen: Why refuse to give me a simple power which any commissioner here would ask for in his department?

Mayor Raymond: I don't like it. I don't like the drastic character of it, myself.

Commissioner Gillen: There is nothing drastic about it. I defy anybody to prove it is drastic.

Commissioner Murray: How will this licensing change the condition?

Commissioner Gillen: We license a carrier to do certain work on the city property, and the moment he is licensed he then comes under the regulations of that market to such an extent that if he does not obey the rules and regulations we can get rid of him.

Commissioner Murray: It seems to me you ought to be able to do that right now.

Commissioner Gillen: I will give you the job. You go down and try it.

Commissioner Murray: I don't want it. I don't envy you a bit, but I don't know why any "rough-neck" should go back of a city employe, and if he does, that fellow ought to be locked up.

Commissioner Howe: Locked up or beaten up.

Commissioner Murray: Beaten up first and then locked up.

Commissioner Howe: That is what I would do if I had the job.

Commissioner Gillen: There is a case on record where Mr. Boyle, the former market clerk, ejected one of the carriers from the Farmers Market and the matter was brought to court and the court decided in favor of the carrier: the carrier had more right in the Farmers Market than the market clerk had.

Mr. Congleton: He got a verdict of \$300 or \$500 from the clerk.

Commissioner Murray: The carrier was in the employ of the farmer, wasn't he?

Mr. Congleton: It was prior to my time.

Commissioner Gillen: Sometimes he works for the farmer and he sometimes works for the purchaser. He is a go-between. As such he is all right; we haven't any objection to him being there; he is a necessary article to be there in the market. It is necessary to have him there and he is all right as long as he behaves himself and obeys the rules and regulations, which are not oppressive. We have no intention of oppressing anybody.

Commissioner Howe: Haven't you been able of late, Commissioner, to reassign men to the different districts?

Commissioner Gillen: We have not. We still have disorderly conditions there and we are still interfered with, and the employes of the market are still in a state of fear down there. They are not able to get the proper regulations.

Commissioner Howe: I would consider that if that was so, I would consider that gang-rule and you should be entitled to call the police.

Commissioner Gillen: I am telling you you have got to have the power. The Law Department tells me what I have to have. If I haven't got the power the Law Department says I have to have, why say I haven't got to have it?

Commissioner Murray: Can't you

eject disorderly persons from the market?

Mr. Congleton: Yes, but the difficulty is this: on Commissioner Gillen's state of facts—you haven't got your evidence with respect to each of your individual men. That is quite different from proving a case in court or the Commissioner sitting as director of the department and having evidence submitted to him as to how these fellows behave, in revoking this license if there is a permit to work there nights if he isn't conducting himself properly.

Mayor Raymond: How are you going to control them if they haven't got the license? Supposing they come in without the license and without the badge and insist upon working, what is going to be done?

Mr. Congleton: He has no right to work.

Mayor Raymond: Suppose they come in without the license and without the badge?

Commissioner Gillen: If you pass this ordinance they have no right to go there..

Mayor Raymond: He hasn't the right to go there in a disorderly way now, and if he does he can be put out. Suppose he goes there without his license and badge? He is there without a legal right. Who is going to put him out then?

Commissioner Gillen: If you have this ordinance on your books you can bring your man to court and bring the ordinance in and refer to your ordinance.

Mayor Raymond: I think it is a pretty tough proposition to charge a man \$2. to go in the Farmers' Market. This ordinance says, "No carrier shall carry or transport for hire or pay any merchandise, goods, or articles of any description for any person or persons, firm, corporation, farmer or merchant in and about Farmers' Market without first having obtained from the Department of Parks and Public Property of the City of Newark a license for that purpose," that seems to be pretty broad. "The term 'carrier' as used herein is defined to be one who carries or transports merchandise, goods, or articles of any description to or from

any vehicle in any part of the property owned by the City of Newark, known as Farmers Market." Now, I don't know; I don't like to vote for that sort of thing.

Commissioner Gillen: You don't like to vote for anything that gives me the power to regulate the Farmers' Market.

Mayor Raymond: I like to help you all I can, to help you run your market.

Commissioner Gillen: That doesn't look like it.

Mayor Raymond: I don't know that I want to vote for a thing like that that costs a man \$2 to go on city property and do business there.

Commissioner Gillen: I will have to close up the Farmers' Market if you don't vote for it.

Mayor Raymond: I don't know whether you have got a right to; we will see about that. I don't know whether we have to be confronted with a threat like that, Commissioner Gillen. I don't believe we have to be confronted with a threat like that.

Commissioner Gillen: Well, if you want to take the market over, you take it over. That is no threat, that is an invitation.

Mayor Raymond: I accept the invitation for myself or one of the other Commissioners, if that is the way you feel about it. This is too broad and sweeping in its scope.. I don't think we ought to charge these poor carriers \$2 to lug a bag of vegetables, and make them wear a badge on front of their coats. We got along many years without doing that and I don't see why we need it. You yourself show, sir, that you have done remarkably well with conditions as they are. Why do you wish this restraint?

Commissioner Gillen: I have explained it.

Mayor Raymond: I want to congratulate you.

Commissioner Gillen: I have explained we have done this under adverse circumstances and against opposition.

Mayor Raymond: I don't see why these problems can not be solved in another way. Why can't you have some ordinance passed authorizing you to have market police there with power

to act in case of disorder? I dislike this sort of thing. I think you might hamper the use of the Farmers Market by traders by demanding that each workman there who carries a barrel of vegetables has to have a badge on front of his coat.

Commissioner Gillen: You don't understand the condition; it isn't in your department. There are in the Farmers' Market hundreds of farmers that come in there at night, hundreds of trucks coming and going all the time. There are dozens and dozens of carriers. We have just one or two policemen that we can assign to that particular work. It would be an impossibility under the most favorable circumstances to supervise that Farmers' Market. If you put in a police force such as you are talking about, you would have to employ about 15 or 20 policemen to do that. You don't know anything about the Farmers' Market.

Mayor Raymond: (Referring to Commissioner Gillen's Financial Reports). Here you show remarkable success; you have managed this with great success. You have done remarkably well.

Commissioner Gillen: I say it is managed in the face of defiance, in the face of all sorts of opposition, that the employees of the market are still browbeaten and terrorized, and they are in, and have been, constant fear down in that Farmers' Market, and the Market Clerk doesn't want to order one of these men out because he would be subject to the same difficulty Mr. Boyle had; he would probably go to court and have to pay three or four or five hundred dollars out of his pocket.

Mayor Raymond: That demonstrates to me that Mr. Boyle was wrong. Mr. Boyle tried to terrorize the users of the market and the courts sustained the users of the market.

Commissioner Gillen: That is a ridiculous mistake, Mr. Mayor. If the City is going to run the market you have got to give somebody the power to regulate those who are in the market. You have to have the power to regulate the buyer, seller and carrier, and anybody using the market. What is the use of saying nobody should have that power?

Mayor Raymond: He shouldn't have the power to run it as a tyrant.

Commissioner Gillen: He has to run it in an orderly manner, because it is a very busy place, because it is a place that needs a great deal of regulation in order for the city to get its money out of—

Mayor Raymond: Why wouldn't it solve problem if in the case of an obstreperous man who interfered with the city employes that the Department of Public Safety be called upon for a regular policeman to lock this man up for disorderly conduct? That isn't ordering him off the market.

Commissioner Gillen: You would have to have half of the police force there to do that.

Commissioner Murray: How many carriers are there?

Commissioner Gillen: Dozens of them.

Commissioner Murray: I suppose they are not "high-hat" and you have to fight them with their own weapons.

Commissioner Gillen: Mr. Boyle tried to do that and they got a verdict against him in the courts. Mr. Boyle was Market Clerk at the time.

Mayor Raymond: That shows Mr. Boyle was in the wrong. If Mr. Boyle ejected this man from the market the court said he had no right to.

Commissioner Gillen: You were a judge and you are still somewhat of a lawyer.

Mayor Raymond: Not much, Association with City Affairs for the last thirteen years has ruined by law practice.

Commissioner Gillen: If you were sitting as a judge in the court, and I brought a man in on a charge of doing something there is no law for doing, then you have no jurisdiction. If, on the other hand, if Mr. Boyle had the right to regulate that market as he should have regulated it, and this man acted in a disorderly manner, and there was an ordinance which gave Mr. Boyle the power to regulate that market properly, he could have ejected him from the market and the man could not have come back and got a verdict of \$500 against him.

Mayor Raymond: Haven't you got market rules?

Commissioner Gillen: We make rules and then we are informed and advised by the Law Department that those rules are not enforceable. That is what I have been explaining for three months.

Mayor Raymond: This is the first time you told me.

Commissioner Murray: You are going to regulate the men who do not work for you. How can the City regulate men by ordinance who work for somebody else?

Commissioner Gillen: It is City property. You are a lawyer, too. It is City property—

Mayor Raymond: You ought to join the new law school.

Commissioner Gillen: If the City is going to run the market, and they are, it should be run by the City and the City ought to have the power to regulate anybody who comes in on that property.

Commissioner Murray: If a man is disorderly and interferes with the employees in the market, you have him arrested and I will kick in \$100 on account of the \$300 they would lose.

Commissioner Gillen: Your market officials will not take that chance. There are other sides to it. The moment a man is working for the market and he goes down and tells these fellows to do such and such they just laugh at him. They have no respect for the City of Newark at all, or any of its representatives, in this market. I don't mean all the carriers, this is just a few of them.

Mayor Raymond: I don't see the use of tying the market up that way and making it impossible to go into the market without all this rigamarole of getting a license and paying \$2 for it and wearing a badge on the front of your coat to do this. I don't believe in that method of doing business. I think you had better think out some better way of doing it. I am perfectly willing to go along with you—

Commissioner Gillen: There is no other way.

Mayor Raymond: If the people

have to take a license out that way and pay a couple of dollars—

Commissioner Gillen: That is as it should be, because both the farmer and the purchaser, the butcher and grocer, who come there to buy their goods, they are both doing business with the City of Newark. These carriers come and are sort of a go-between between the two, and it is up to the City of Newark to see that the carrier properly does his business. Whatever work he does in this market ought to be done properly and in accordance with the regulations of the city. It cannot be done without this ordinance.

Mayor Raymond: You have done pretty well without it. You have shown us great improvement in the business without it.

Commissioner Gillen: Well, of course, I can not control your personal likes or dislikes or your whims, or whatever they may be, but I am telling you the facts.

Mayor Raymond: You say the great majority of the men who work there are all right, and yet you are penalizing them by putting this regulation on them.

Commissioner Gillen: There is no severe penalty. It is only \$2 a year, no penalty at all; it simply covers the costs of the badge and making out the application. There is no cost. We license people throughout the City of Newark. We license storekeepers, we license poolparlors, restaurants and things of that character. What right have you to license them? Simply to have the power to regulate them in case they do not behave themselves. Here are men working in city property and butting into the business that the City is doing and we have no power; we simply ask for the power to regulate them.

Mayor Raymond: I think you had better lay this over until Commissioner Brennan comes back and in view of the serious threat that is made here that the Farmers' Market be closed.

Commissioner Gillen: I have simply got to close it.

Mayor Raymond: I suppose the better way to do it is to wait until Com-

missioner Brennan comes back and we can meet together, all of us, and see what we can do in the matter. I don't know what you gentlemen think Commissioner Howe, you haven't expressed any legal opinion yet. Not being a lawyer you ought to be able to get away with it.

Commissioner Howe: Not being a lawyer I suppose I could do it without being called down.

Mayor Raymond: What is the pleasure of the Commission?

Commissioner Murray: My opinion is that if you haven't the power now that ordinance won't give it to you.

Commissioner Howe: What do you suggest, that we lay it over?

Commissioner Gillen: Your opinion is contrary to the Law Department.

Commissioner Murray: I sometimes differ with the United States Supreme Court. I did on the Volstead Act.

Mayor Raymond: So did Commissioner Gillen.

Commissioner Gillen: The Volstead Act is still in force—to some extent.

Commissioner Howe: They say it is in California.

Commissioner Murray: I haven't been anywhere where it was. What harm would it do, Commissioner Gillen, to wait until Commissioner Brennan comes back?

Mayor Raymond: I don't think there is any harm in that. That is the only thing that has been said this morning that hasn't been objected to.

Commissioner Gillen: I don't see why there should be so much ado about nothing. If every department in the City of Newark were refused these simple powers that I ask you, the government would be in—

Mayor Raymond: Suppose I charged everybody \$2 that went in Port Newark and made them wear a badge, would you think that was good?

Commissioner Gillen: If you were selling goods in Port Newark.

Mayor Raymond: I am selling goods.

Commissioner Gillen: And you had a lot of men working there you would have to charge them, you would have to regulate them.

Mayor Raymond. Well, I will never bring in such an ordinance myself; I will have to get along without it. I don't like the ordinance and I don't like to vote for it.

Commissioner Gillen: I thought you were slightly opposed to it.

Mayor Raymond: I still am. I tried to make that clear. What is the pleasure of the Board?

Commissioner Murray: I move it be laid over until November 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Howe, Murray, Mayor Raymond.

Nays: Commissioner Gillen.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Poinier Street from Avenue B easterly about 550 feet shall be vacated as a public street or highway, the part to be vacated being described as follows:

Beginning at the northeasterly corner of Poinier Street and Avenue B, thence easterly along the northerly line of Poinier Street 550 feet to the division line between lots 1 and 27 of Block 1172 of the Newark City Tax Maps; thence southwesterly crossing Poinier Street in a straight line to a point in the southerly side thereof, which last mentioned point is in the division line between lots 1 and 66 of Block 1173 of the Newark City Tax Maps; thence westerly along the southerly line of Poinier Street 534 feet to the southeasterly corner of Poinier Street and Avenue B; thence northerly along the easterly line of Avenue B 60 feet to the place of Beginning, as shown on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1343-V, under and by virtue of the provisions of Section 1, sub-division (b), of Article XXII, of an Act of the

Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities" approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that October 25, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Second Avenue east from Broadway to Summer Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Second Avenue East from Broadway to Summer Avenue shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed,

and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 19, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$24,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$24,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of

indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. This ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of sidewalks on the northerly side of Central Avenue from Warren Street to South Seventh Street and requiring the removal of obstructions, projections, or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the side-

walks on the northerly side of Central Avenue, from Warren Street to South Seventh Street, is hereby changed and established as follows:

The width of the sidewalks on the northerly side of Central Avenue, from Warren Street to South Seventh Street, shall range from 13½ feet at Warren Street to 20 feet at South Seventh Street.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises, respectively, abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate or cause to be taken out, removed and abated any vault, platform, area, sign, or any post or erection, or any projection or otherwise, in over and upon said Central Avenue between the limits herein stated, contrary to the provisions of this ordinance, and the expense thereof shall be recoverable of the owner or owners of the premises abutting thereon.

Section 3. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Section 4. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of North 14th Street from Seventh Avenue to about 100 feet north of Sixth Avenue with asphalt pavement on the old macadam as a base.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That North 14th Street from Seventh Avenue to about 100 feet north of Sixth Avenue shall be resurfaced with asphalt pavement on the old macadam as a base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P. THE CITY OF NEWARK
NEW JERSEY
LAW DEPARTMENT

October 4, 1927.

The Board of Commissioner of
The City of Newark,
Addressed.

Gentlemen:

By virtue of the authority of an act of the Legislature of the State of New Jersey, entitled:

"An Act to establish a Law Department in cities of the first-class in this State," approved April 5, 1920.

and an ordinance entitled:

"An Ordinance to establish a Law Department in the City of Newark."

I, Jerome T. Congleton, Corporation Counsel of the City of Newark, do, with the consent and concurrence of your Board, appoint Charles M. Myers, a Counsellor at Law of the State of New Jersey, First Assistant Corporation Counsel of the City of Newark, to fill the vacancy caused by the resignation of Joseph G. Wolber, Esquire, and J. Harry Henegan, Second Assistant Corporation Counsel of the City of Newark, at an annual salary of six thousand dollars, and Frederick H. Groel, a Legal Assistant, in the Law Department of the City of Newark, at an annual salary of six thousand dollars; said appointments to take effect at once.

Yours respectfully,

JEROME T. CONGLETON,
Corporation Counsel.

Commissioner Howe offered the following resolution:

BE IT RESOLVED: By the Board of Commissioners of the City of Newark that the action of Jerome T. Congleton, Corporation Counsel of the City of Newark, in appointing Charles M. Myers, First Assistant Corporation Counsel, of the City of Newark, to fill the vacancy caused by the resignation of Joseph G. Wolber, Esquire, and J. Harry Henegan, Second Assistant Corporation Counsel of the City of Newark, at an annual salary of six thousand dollars (\$6,000.) and Frederick H. Groel, a Legal Assistant, in the Law Department of the City of Newark, at an annual salary of six thousand dollars (\$6,000.), said appointments to take effect at once, be and the same is hereby ratified and confirmed.

Thomas L. Raymond
Charles P. Gillen
John Howe
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe offered the following resolutions:

WHEREAS, the City of Newark on July 27, 1927, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of One Million, Seven Hundred Sixty-Two Thousand Dollars (\$1,762,000.00) for money expended for Market Construction, said Temporary Loan Bonds being numbered 1185-1186-1187-1188-1189-1190-1191-1192-1193-1194-1195-1196-1197-1198-1199-1200-1201-1256-1257-1258-1259 and 1260 and dated July 27th, 1927, and payable October 27th, 1927;

AND WHEREAS, the improvement for which said One Million, Seven Hundred Sixty-Two Thousand Dollars (\$1,762,000.00) was issued was for Market Construction and is an improvement for which the City is authorized by Chapter 252 of the Laws of 1916, to issue bonds, and the City is without funds to pay said One Million Seven Hundred Sixty-Two Thousand Dollars (\$1,762,000.00) of Temporary Loan Bonds;

THEREFORE BE IT RESOLVED, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission", approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of One Million Seven Hundred Sixty-Two Thousand Dollars (\$1,762,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said One Million Seven Hundred Sixty-Two Thousand Dollars (\$1,762,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to One Million Seven Hundred SixtyTwo Thousand Dollars (\$1,762,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED: That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par either all at one time or from time to time.

The following communication was received and read and ordered referred to the Mayor:

Sept. 27, 1927.

Hon. Thomas L. Raymond,
City Hall,
Newark, N. J.

Dear Sir:

I have the honor of making an appeal to you at this time, which if granted, will be of considerable advantage to me in my business which is situated on an unnamed street running for a few hundred feet within the City of Newark and which is a continuation of Madison Street in Elizabeth. If you will be kind enough to give this street a name the writer will greatly appreciate your action, which, he feels, will increase business considerably.

Thanking you in advance for any interest you see fit to give this matter, I am

Most respectfully yours,

(Signed) A. Lensiman,
McClellan St. & Evergreen Ave.

C. Merten,
269 Evergreen Ave.

Commissioner Gillen: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioner Gillen, Howe, Murray, Mayor Raymond.

The Board of Commissioners
of the City of Newark, N. J.

W. J. EGAN,
City Clerk.

1. The first part of the document is a list of names and titles, including the names of the authors and the titles of the works. The names are listed in a column on the left, and the titles are listed in a column on the right. The names are written in a cursive script, and the titles are written in a more formal, printed script. The list is organized alphabetically by the authors' names.

Newark, N. J., October 11th, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners, Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of the meeting of October 4th, 1927, were read and approved.

The City Clerk presented an ordinance providing for the vacation of a triangular strip on the westerly side of Avenue P, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen wish to be heard?

Commissioner Murray: I move that it be laid over to November 15th, 1927.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging, paving and repaving of Commerce Street from Commercial Street to Market Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen wish to be heard?

Mr. Robert D. Richter, 581 South 18th Street. Yes, sir.

Mayor Raymond: Are you opposed to this ordinance, Mr. Richter?

Mr. Richter: Yes, sir. I would like to say a few words in regards to the paving. As soon as the contemplated improvement will take part of the property along Commerce Street, I would be put to additional expense to have this debt for the short period until this improvement would be made. I would say there is still a greater

point that I would like to bring out at this time and that is to the widening of Commerce Street. As you gentlemen know, on July 27th the City came in with police and entered these premises and threw out my machinery and so on, and took down 16 feet of that building and shored up 9 feet of it. By doing that, of course, it was contrary to the entire proceedings. The entire proceedings were originally that the entire building 25 by 42 shall be sold at auction, public auction, and that was the same case also in 199 Commerce Street, the entire building 42 foot long was to be sold at auction. Now I find the City has not complied with the confirmation which it had confirmed this matter in 1924. Later on, 175 Commerce Street the building had been left in a state where the 9 foot four-story building was placed in such a dangerous position as to endanger my life and employes, as well as the city at large. I believe the City Commissioners are responsible for this condition, and not only that, they have deposited money in the Court of Chancery, Mr. Congleton stating that the reason that this money was placed in the Court of Chancery—

Mayor Raymond: What has that got to do with this case, Mr. Richter?

Mr. Richter: It has this to do with it, your Honor: The city has left a one-story portion of this 9 foot wide building and naturally preventing my employe to make any improvements whatsoever. Even though Commerce Street would be widened I would still have that 9 foot strip building and the City of Newark only took this property, and since I don't own it, naturally the City would be compelled to remove this portion that is here, and I am asking that the City move it, or I would have to move it at the City's expense, because it simply interferes with my business.

Mayor Raymond: I will refer this to Mr. Congleton to answer.

Mr. Congleton: I would like to say when this property was taken for the widening of this street, Mr. Richter litigated the matter all the way through, and it was finally confirmed, and he refused to take the money and the money was paid into the Court. We endeavored in every way possible

o-operate with Mr Richter He had been awarded damages for the land taken and for the total demolition of his building. He absolutely refused to let us go upon his property after we had given him formal notice. He had locked the property against us on the land owned by the City, and paid for by the City. There was nothing left for us to do but to go down there and cut the buildings off to the line of the street we had taken and paid for and where the award had been confirmed by the Circuit Court, after litigation by Mr. Richter. We wanted to take the entire building down and he wouldn't let us, and he still being the owner of the remainder of the land, technically I didn't think we had any right to go upon it, and we didn't go upon it, and he did everything that he could possibly do to hamper us. We gave him plenty of time; we consulted with three or four different lawyers that he employed from time to time, and finally when we asked him again, and he was representing himself, we wanted to proceed in the manner that we believed the statute points out, and the money was paid into the Court of Chancery, with interest during the time the matter was in litigation, and we had to take possession in the manner in which we did.

Mayor Raymond: This is an ordinance to pave the street. That is all we are concerned with this morning about this matter. Those are matters of law that you will have to take to your counsel.

Mr. Richter: I would only ask this one question, since I have proof, positive proof in writing that the confirmation in 1924 by this Board was that the entire building shall be sold at auction, and it has not been done. I offered at that time \$2500 for that 16 foot of the building. It never was accepted and the City permitted Van Kueren to go in there and take that material which I so patiently asked you to give me in this thing. Now, as to the money in the Court of Chancery, I might state that Mr. Congleton is in error when he says that I have not tried everything possible to avoid the clash. Now he states in the application to Chancellor Walker, "Take Notice, pursuant to an order of the

Chancellor made in the above entitled matter on the second day of June, 1927, I, the undersigned, on behalf of the City of Newark, have paid into the Court of Chancery the sum of \$38,540.56." I might say as to that, there is two separate awards—

Mayor Raymond: I don't see what that has to do with what we are talking about now, which is paving the street. This is all we are concerned with. These are legal matters you have contested in court and we have nothing to do with it. We think that street has got to be paved, and your advice, Mr. Congleton, is that the street must be paved?

Mr. Congleton: Yes, sir, in order to complete the improvement that the ordinance called for and to assess it upon the property owners.

Mayor Raymond: That is mandatory that we do it.

Mr. Richter: Would I be justified in asking the city to remove that one-story portion remaining on the land? I can not accept this money now under the present condition—

Mr. Congleton: We offered to do it and you locked the building against us and we had to break in the property.

Mr. Richter: I wasn't in the premises at the time. You came in without anyone present and you had the police there and the police entered all over my place. And there is only one thing—

Mr. Congleton: We wanted to take the entire building down and Mr. Richter wouldn't let us.

Mayor Raymond: He wants us to take down that part we condemned?

Mr. Richter: I want you to take down that 9 feet remaining.

Mr. Congleton: That would be taking the entire building, and we paid him for the entire building. All we had the legal right to take down—when this situation was created, in my opinion, was that part of the building which encroached upon the land which we had purchased, and if Mr. Richter doesn't relent in the matter, to condemn the latter portion and Mr. Richter will have another lawsuit—

Mayor Raymond: Has Mr. Richter

any right to call upon the City to do that?

Mr. Congleton: No, sir, not now.

Mayor Raymond: Would the city be authorized to do it?

Mr. Congleton: You can always settle any dispute.

Mayor Raymond: Do I understand you want to settle the matter and get it out of the way?

Mr. Richter: I want to encroach not upon any other rights that I may have just as to paving the street. I would like you to remove that part that the City has paid for. I don't want to have anything that doesn't belong to me. When you remove that portion that is there now you are opening up my entire place, and that is what I am fighting for. It costs me \$100,000 this, and I think I am entitled to some consideration. You removed the three-story building and you made it unsafe, and naturally you are responsible for the remaining part of it.

Mayor Raymond: Well, we have nothing to do with that. This is an ordinance to pave the street. We have taken your property for street purposes and the rest of it we haven't anything to do with it.

Mr. Congleton: All the questions about damages Mr. Richter has litigated in the Circuit Court and the assessment has been confirmed. The question of his \$100,000 of damages—

Mr. Richter: I would just like to ask you one question, Mr. Congleton. Why did you make a false statement when you submitted this money into the Court of Chancery and you stated in your application to the Chancellor, as I was about to read to you—

Mayor Raymond: Well, you look up the papers and we will go on with the other business.

Mr. Richter: I have it right here, your Honor, and it says further, "Being the award—"

Mayor Raymond: I don't think you can ask the Corporation Counsel a question like that, "Why did you make a false statement?" I don't think you can ask such a question here.

Mr. Richter: I ask him why he put in the application the statement—

Mayor Raymond: You can ask him

why he made the statement, but you needn't say it is false.

Mr. Richter: I am just saying that he stated in this application as follows: "The said payment was made by reason of the fact that uncertain as to who is entitled to the award for said tract and rights in land, and interest thereon, because of certain leaseholds, interests of certain tenure which appeared therein, and the City of Newark can not safely pay the amount awarded to such person." There never was any leases at any time. Judge Albano put out the tenants which I should have my rents upon my land and be compelled to pay the unjust bill that I have received from the Commerce Street widening.

Mr. Congleton: I stand by the statement.

Mayor Raymond: Well, you had better get a lawyer.

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the resurfacing of Central Avenue from Warren Street to the East Orange Line with asphalt pavement (1½" top-1½" binder) on the old concrete foundation between the header and gutter curbs and with napped reclippped granite block pavement on a new six (6) inch concrete foundation in the railway track area between the header curbs, within the City of Newark, as a local improvement, and authorizing the making and execution of a contract with the County of Essex for the doing of the work and for the apportionment of the cost thereof.

The Board of Commissioners of The City of Newark, do ordain: Section 1. That Central Avenue from Warren

Street to the East Orange-Newark Line, shall be resurfaced with asphalt pavement (1½" top-1½" binder) on the old concrete foundation between the header and gutter curbs and be repaved with napped reclippped granite block pavement on a new six (6) inch concrete foundation in the railway track area between the header curbs, together with all other appurtenances incidental to the repaving of said street, as a local improvement and the cost thereof to be assessed against the property benefited in proportion to the benefits received, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be made by the County of Essex, in accordance with an agreement between the County of Essex and the City of Newark, setting forth the work to be undertaken, the plans and specifications therefore and the proportion of the costs thereof to be borne by each, now on file in the office of the Director of the Department of Public Affairs of the City of Newark, which contract provides:

1. That the County of Essex, in accordance with specifications attached to said contract, shall cause Central Avenue from Warren Street to the East Orange-Newark Line to be resurfaced with asphalt pavement (1½" top-1½" binder) on the old concrete foundation between the header and gutter curbs and to be repaved with napped reclippped granite block on a new concrete foundation in the railway track area between the header curbs.

2 The City of Newark shall pay to the County of Essex 25% of the cost of paving between header curbs and gutter curbs, including street intersections, 25% of the cost of the header curbs to be set along the rails of the Public Service Railway Company tracks, the entire cost of removing block pavement and constructing the napped, reclippped granite block pavement, including concrete base in the railway area between the header curbs, the entire cost of the granite curb to be set at the gutter lines including the

large radius corners at street intersections, the entire cost of the alterations to or construction of new sewer basins and inlets as required, the entire cost of new cement sidewalk or repair to existing sidewalk or other work incidental to the setting of the new granite gutter curbs and new granite radius corners, and to make payment on account thereof as often as an estimate shall be certified by the County Engineer showing the completion of a definite portion of such work passed and approved for payment by said Board of Chosen Freeholders, certifying to said City the total quantity and cost of such work covered by estimate and the proportion thereof payable by it under this contract.

It is further agreed that an engineering and inspection charge of five per centum of the total cost of said improvement shall be included in the final estimate, to be paid as part of the total cost thereof, in the manner hereinabove set forth. The City assumes full responsibility for the removal of the track structure including rails, ties, ballast and base, and rebuilding the track structure in good condition to conform with the improvement under said plans and specifications, except between 12th Street and 14th Street, as indicated on said plans.

Section 3. That upon the passage of an ordinance providing for said improvement, the Director of the Department of Public Affairs and the City Clerk are hereby authorized and directed to execute a contract with the County of Essex on behalf of the City of Newark, containing the provisions above set forth.

Section 4. In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street, within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be

made by the Department of Public Affairs in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 5. That in order to temporarily finance said improvement, the sum of \$83,000.00 is hereby appropriated and temporary bonds or notes shall be issued from time to time to meet the cost thereof, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission" approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 6. That this ordinance shall take effect immediately and all ordinances and parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Commissioner Howe moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

A P P R O V E D :

THOMAS L. RAYMOND
JOHN HOWE
CHARLES P. GILLEN
JNO. F. MURRAY, JR.

The Board of Commissioners of
The City of Newark, N. J..

W. J. EGAN,
City Clerk.

Newark, N. J., October 18, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioner's Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of the meeting of October 11th, 1927, were read and approved.

The City Clerk presented an ordinance to amend an ordinance entitled "An ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen wish to be heard?

Commissioner Howe: I move that the ordinance be laid over to November 1st.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Pennsylvania Avenue from Haynes Avenue to Fenwick Street.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That Pennsylvania Avenue from Haynes Avenue to Fenwick Street as shown on map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1369-V, dated October 15, 1927, shall be vacated as a public street of highway; under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey entitled "An Act

Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that November 15th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Polk Street, from a line parallel to and distant 20 feet measured northerly at right angles to Market Street, to Passaic Avenue, and for the vacation of Ferguson Street, from a line parallel to and distant 20 feet measured northerly at right angles to Market Street, to Passaic Avenue.

The Board of Commissioners of The City of Newark, do ordain: Section 1. That Polk Street, from a line parallel to and distant 20 feet measured northerly at right angles to Market Street, to Passaic Avenue, and Ferguson Street, from a line parallel to and distant 20 feet measured northerly at right angles to Market Street, to Passaic Avenue, as laid out on map

n file in the office of the Chief Engineer, Department of Public Affairs, known and designated as 1356-V, dated September 21, 1927, shall be vacated as public streets or highways, reserving, however, to the City of Newark the right to enter upon the lands to be vacated for the purpose of inspecting, repairing, rebuilding, reconstructing or maintaining the sewer and the water pipe, their manholes and appurtenances now laid between the lines of the said streets; under and by virtue of the provisions of Section 1. sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto. Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that November 15th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Boards' meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Commissioner Gillen: Mr. Shirley wanted some changes made in the City Hall Annex. It would involve an expenditure of \$3,000 or somewhere in the neighborhood of \$3,000.

Mr. Cephas I. Shirley, Business Manager of the Board of Education: I was just speaking to the architect to refresh my mind as to just what the changes are, Mr. Mayor, and it seems on the fourth and third floors there are two lavatories shown there that it would seem wise to place in another location, and put the wardrobe provided for in another spot in their place.

Mayor Raymond: If Commissioner Gillen recommends it, we have no objection.

Commissioner Gillen: I just wanted to bring it before the Board, because if the work is to be done it has to be done this week. I will bring in next week a resolution providing for it.

Commissioner Howe offered the following resolutions:

WHEREAS, the Board of Commissioners of Assessments for Local Improvements of the City of Newark made an award of twenty-nine thousand dollars (29,000.) to Sarah Ginsberg for lands and real estate and rights and interests therein to be taken by the City of Newark for the Opening and Widening of First Street at the northeast corner of Hartford Street by the addition thereto of a triangular strip in said City, under and by virtue of the provisions of an ordinance of the Board of Commis-

ioners of the City of Newark, adopted June 28th, 1926, by their report duly made in accordance with law, such award being designated therein as Award No. 1; and

WHEREAS, said award was duly confirmed by the Circuit Court of the County of Essex on October 1st, 1927, and this Board is now advised by the Corporation Counsel of the City of Newark that by reason of uncertainty as to the person or persons entitled thereto, such award should be paid into the Court of Chancery of the State of New Jersey to be there distributed to the person or persons entitled thereto according to law;

THEREFORE, BE IT RESOLVED, that said sum of twenty-nine thousand dollars (\$29,000.) be paid to the order of "Chancellor of New Jersey" and delivered to the Clerk in Chancery, and said sum is hereby appropriated to the Chancellor of New Jersey accordingly;

BE IT FURTHER RESOLVED, that the Corporation Counsel of the City of Newark be and he is hereby directed and authorized to sign the acting auditor's receipt book and to endorse the warrant for said award and thereafter to cause the same to be

THOMAS L. RAYMOND
JOHN HOWE
JNO. P. MURRAY, JR.
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN
City Clerk.

Newark, N. J., October 25, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of the meeting of October 18, 1927, were read and approved.

A petition, signed by about 58 residents of the Roseville section, protesting against the erection of an open air school on property bounded by Second Street and Third Street and the Morris Canal, was received, read and on motion ordered filed.

Mayor Raymond: There are a lot of people here this morning. I fancy on this Board of Education application for the transfer of ground at Second Street. If that be the case we might as well let you have your say now and not waste any more time. Now, what is the proposition? There is an application by the Board of Education to use Second Street property for a tubercular school, is that it?

Mr. Peter A. Cavicchia: No, sir; it is a fresh air school. We avoid the use of the word.

Mayor Raymond: What about the fact?

Mr. Cavicchia: There are children who are susceptible of tuberculosis, that is why we have this school, so they can have fresh air. I understand there are objectors here. I don't know why. The school has been in the Weequahic section for years, and the only reason we want to go away from there is there is no room for expansion. There is no danger. Doctor Ill is here. I don't understand quite what the opposition is and I would like to hear what the objectors have to say in opposition.

Mayor Raymond: You would like to hear the objections before you state your proposition? You state your proposition now.

Mr. Cavicchia: The Board of Education would like to have the City deed to us this piece of property that is bounded by the Morris Canal so we

can erect thereon a fresh air school to take the place of the present fresh air school which is on Elizabeth Avenue at the corner of Chancellor Avenue. and the reason we want to make the change is because this a larger piece of ground and we need a larger school and there is no room for expansion on the present quarters.

Mayor Raymond: Well, now, that is all there is to that. Now, is there any objection to it?

Mr. LeRoy Hanlon, 228 North Third Street. Mr. Mayor and Gentlemen of the Commission: I represent a delegation of property owners and neighbors in this immediate vicinity. We have a few here this morning. We could have a delegation large enough to reach from here to Broad and Market Streets, but we thought that the Commission would not have time to go out and inspect them: I have a petition signed with about 50 names. We also could have had many thousands of names on that petition. When it was proposed sometime back to build a vocational school on this property the people of Roseville, the people of Third Street, made no objection to that; but we feel that it will be an imposition on the part of the city to give this property over for such a purpose where we have this dreaded disease right in front of our homes. The women who have children in Roseville, particularly those in Third Street, and also Roseville, are very much wrought up over this idea. And on their behalf, and of the property owners of Third Street and the people of Roseville in general, I protest this honorable body against the consummation of this proposition. This property has been used for years by the people of that vicinity as playground. There are no playgrounds in Roseville and I believe that this property should be continued for such a purpose, for the benefit of the children and the men and women of Roseville, and we should continue this ground for playground purposes.

Mayor Raymond: You have got a park up there; you have got Branch Brook Park.

Mr. Hanlon: Also, Mr. Mayor, and gentlemen, it would be a detriment to the great and beautiful Branch Brook

k to have this school put right at the entrance of this park.

Mrs. W. M. Doherty, 234 Third Street. Gentlemen: I have come to represent the mothers of this Street. I have three children of my own, and I feel very keenly the situation from that standpoint. There are by actual count, 38 children of play age on this street, and I am not counting those who are not of play age, and it seems that to have those children in contact with children of the sort that would be at that school, is extremely dangerous, and I think that the feeling of men and women of the world for the health of children in general is very strong and I am making that appeal. The children of normal health would benefit greatly by playing in that playground, but it is such a lot of property it seems to me inadvisable to give it to children of a tubercular nature. And also, the future of the section; the canal bed section as transportation means would perhaps be a detriment to the children of a tubercular nature. But again, I would like to make the appeal that the playground be kept as such, or be made into a more regular playground for the normal children of that neighborhood, rather than a school for tubercular children.

Mr. Hanlon: May I say one word more, please? The people in Third Street and the vicinity there have worked for years to accumulate the homes that they have, and we feel and we know that if this school was erected there it would certainly greatly depreciate the property we own.

Mayor Raymond: Any other person wish to be heard?

Dr. Edgar III: I would like to say a word.

Mayor Raymond: Doctor, I suppose you are for it?

Dr. III: Yes, I am.

Mr. J. M. McLean, 226 Third Street: Mr. Mayor, Honorable Board of Commissioners of the City of Newark: I live within 100 feet of this proposed improvement that the Board of Education is trying to put up there. On this spot of ground I have learned to play ball, and we have had it since I was born in that neighborhood as a

playground I know, gentlemen, I can remember back 15 years this piece of ground there. Naturally, to me, I have always longed to see Second Street cut through there. It is the street I live on. Now, that has been granted by this honorable body and I think that certainly this section of Newark should not be the dumping ground of the Board of Education. We are fair, we want to co-operate with the Board of Education, but I don't think under any consideration that this plot of ground is the right place for that tuberculosis school. We certainly want to protect our neighbors, and the idea of this school coming right after our fight of twenty year to have a footpath put across on the entrance of Branch Brook Park, to have this school come up. There are plenty of sections in the City of Newark this school can go, and certainly if the Board of Education would take and consider the people and get together and let us have a little conference before they come for these improvements--

Commissioner Murray: Mr. McLean, is it your opinion and the opinion of the objectors to this school that it is contagious, or something of that kind?

Mr. McLean: I really believe that myself. Personally, I believe that the children playing in that section—we haven't had a place that I can remember—and we have a chance to play football or baseball or quoits or anything of that sort. We now have two or three lawn tennis courts on there, Commissioner Murray, and that is what it has been used for a great number of years.

Hon. Paul J. Moore, 351—7th Avenue. As one of the objectors to this project, I think that it is only fair that the Board of Education lay off that particular neighborhood. It looks to me as if it is a case of getting something for nothing. There is plenty of ground available in other parts of the county and there are busses to bring children to other places where there is more open ground than what there is there at the present time. From a contagious standpoint I think that it would be very bad to the neighborhood, and that is the principal reason why the people in that partic-

ular neighborhood are objecting to the erection of this school here.

Mr. W. P. Macksey, 360 Roseville Avenue: Mr. Mayor, I am objecting on another standpoint also. I don't see, if we are going to make those improvements and we are running a boulevard that is cut through there, and that boulevard runs directly by this building. There is also the rapid transit within 60 feet of it across the street from this boulevard, and there will possibly be more traffic on that one boulevard than any other boulevard in Newark. The noise, for the benefit of the children that will be in school there during the day, with this congestion on Third Street, Sixth Avenue and the proposed new boulevard going by there, and the rapid transit, I don't see how in the world the Board of Education could have picked out a worse place where children that are tubercular and that need quiet, with no recreation grounds, no shade—there isn't a particle of shade within 300 feet of this plot of ground. It is pretty hot during the day, during the summer months and early spring, and there would be no reason whatever for a school of this kind for the benefit of the children to be located in this place.

Mayor Raymond: Does any one else wish to be heard?

Mr. R. H. Virtue, 228 Second Street: Mr. Mayor, and gentlemen: I lived 35 years—that is more than half of my life—in Roseville and in that section—

Mayor Raymond: You can't tell us that. We can't let that go unchallenged.

Mr. Virtue: I am named after Abraham Lincoln! look up his dates. Some of my neighbors have asked me to appear here today and protest against this. Knowing the ground. Mr. Mayor, I don't think it is fit ground to put this class of school on. Mr. McLean said he used to play ball there. That is true, on one section. The other section there is a brook runs there and the Board would have to go down 30 feet for a foundation. There is no concrete, there is no weather-proofing, that would hold out the gases and the dampness. Therefore. I think it is advisable to put this class

of school somewhere else. And my neighbors feel this, that if First Street property that we bought was good enough to buy it is good enough to build on. I thank you.

Mayor Raymond: Does any one else wish to be heard?

Dr. III: In the first place, the Board of Education is no dumping ground. These children in our schools are not being dumped anywhere. I don't like the term. In the second place, this thing has been on now for five years. The Board of Education has discussed this thing time and time again. We have had meetings, it has been in the papers, and there has never been a protest. It is a good site for this reason: In the first place, these children are not a danger, they are not tubercular, they are not seriously sick. They have incipient tuberculosis and we are taking those children out of the schools where they aren't a danger to other children who are normal. This is a school of prevention, not a school of treatment. The children who are very sick go to Soho, City Hospital, and so forth. This is a school to prevent tuberculosis among normal children. Now, the reason for the site. There are probably about 300 children in Newark, in the first place, who have this kind of tuberculosis, and about 50 in the schools at the present. That is one reason. Another reason for the site is this: it is on the park and it has a permanent southern exposure, and it is high above the park, high above Branch Brook Lake, high above the canal, and the drainage certainly must be good. Now, it is in the center of the City. I think the center of Newark is Nesbitt and Orange, isn't it?

Mr. Macksey: Where this site is?

Dr. III: The corner of Nesbitt and Orange Street.

Commissioner Howe: Geographically.

Dr. III: At the present time we have children coming almost from Belleville, almost from Vailsburg, almost from Forest Hill down to Weequahic Park. It is a strain on these children, and they are not seriously sick. We bought a site there and the site was not good because we have to spend a large sum of money for a retention wall alongside of the canal. Here we

Don't have to do that. It isn't a danger to the other children in the neighborhood at all. You might say the City Hospital is a danger; move it out to the Orange Mountains. It isn't fair. We have cases at the City Hospital a good deal worse than these are. These children are not playing in the street, they are being kept away from normal children. We need that site.

Mayor Raymond: Doctor, what is your professional opinion as to danger of contagion?

Dr. Ill: There is no danger, in my opinion.

Mayor Raymond: It is alarming to most people to learn there is a school where tubercular cases are collected in the neighborhood of homes.

Dr. Ill: Yes, but isn't it better to have them there than to have them scattered among normal children?

Mayor Raymond: Is that the only place you can go?

Dr. Ill: It is the most available place for that reason.

Mr. Cavicchia: No matter where you go you will have objections. Years ago when we opened up at the corner of Chancellor Avenue and Elizabeth Avenue, people in the Weequahic section thought it was objectionable, but they have had it there and they are satisfied with it.

Mayor Raymond: Why not leave it there?

Mr. Cavicchia: We haven't room enough. We only have room for about 50.

Commissioner Murray: You are not at Seventh Avenue and First Street—

Mr. Cavicchia: Yes. This will take a retaining wall that will cost a small fortune to put up on account of the canal bed there, and that other site will obviate that objection.

Commissioner Murray: It is only a couple of blocks away.

Dr. Ill: We haven't any playground as this there, which is a very important part of this school.

Commissioner Murray: Can't you buy a little more? Supposing the City closes Seventh Avenue?

Dr. Ill: That isn't going to help us out very much.

Commissioner Murray: Mr. Mayor, there is psychology works in a case of this kind that people are afraid of anything that smacks of subnormality in health. It doesn't make any difference what kind of a hospital or school it is, if it is for subnormal people they are afraid. You have got to fight that, and oppose that and I cannot blame the people up there at all. I think they are perfectly right about it inasmuch as you have this unobjectionable site down below there within two blocks.

Mr. Charles M. Meyers: There are houses and people living right across the street from the present proposed site.

Mayor Raymond: That has nothing to do with it. You have got a site where they are not living, where people are living now and they don't want it brought in.

Mr. Myers: On the west side of First Street there are people now living, and there is just as much objection from their point of view to the school here as if they were on Third Street.

Mr. Cavicchia: It doesn't make any difference where we go, you are bound to have people living in the neighborhood come here and complain. We can not go out in the country to do it.

Mayor Raymond: Why not?

Mr. Cavicchia: How are you going to get them there? They are generally of tender years.

Mayor Raymond: There are lots of ways of taking children nowadays.

Commissioner Howe: I have been up at Saranac where 80 per cent. of the people are sick and people go right next door to them to live. If this is a question that it isn't proper place for a school, don't put it there. But I believe you should have a school. I don't think it is right to bring a child from Belleville down to Weequahic, from Vailsburg down to Weequahic. The proper thing to do would be to put several small schools in the different districts, and if the schools are for the children who live in the respective districts, then there can't be objection, and I would vote to put them there, but to put all of them in this

one school I don't think is the best thing to do.

Commissioner Gillen: I move we oppose this proposition, Mr. Mayor.

Commissioner Howe: I think it is an injustice, to carry children from the Belleville line and the Vailsburg line down to Weequahic.

Mayor Raymond: It is probably cheaper to do that than to maintain several schools.

Commissioner Howe: What about the effect on the children?

Mr. Cavicchia: The Board of Estimate would have a lot of objections.

Commissioner Howe: I will vote for several little schools for you.

Mayor Raymond: It isn't so much the fact as the appearance of the fact, I mean medically speaking, it might be possible to introduce competent testimony that it is not at all dangerous to the health of this community, which is all right, but there is a certain unrest caused by the presence of such an institution, maybe. I think we ought to recognize that.

Commissioner Gillen, I move you we oppose this proposition.

Commissioner Murray: I second it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

Mayor Raymond not voting.

A communication from the Board of Education, embodying a resolution requesting the Board of Commissioners to transfer property on Second Street, to the Board of Education, for an open air school was received, read and on motion ordered filed.

The City Clerk presented an Ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard? Are you opposed to it?

Mr. Lionel P. Kristeller: 810 Broad Street: Yes, Mr. Newman was re-

tained this morning in the matter and wanted to ask the commission to postpone it for one week, the final reading.

Mayor Raymond: I think we can lay it over a week. How much do you want

Mr. Kristeller: One week is enough.

Commissioner Murray moved that An Ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet be laid over until November 1, 1927.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray: Just a minute on this school proposition. We have a large tract of land at Ivy Hill. Now, why wouldn't it be a good thing to say we are willing to let the Board of Education take a piece of land up there and put their school on it where it won't be objectionable?

Mayor Raymond: I think that could be done, Mr. Commissioner, between our board and their board.

Commissioner Murray: That would avoid offending any neighborhood.

Mayor Raymond: The city is getting more and more congested. From both angles it may be better. I think that is a good idea, Commissioner.

Commissioner Murray: We can take that up—

Mayor Raymond: You can bring that matter up before the Board, Doctor III; at any time you want; we will call a meeting.

The City Clerk presented an ordinance changing and establishing the width of the sidewalks on the northerly side of Central Avenue from Warren Street to South Seventh Street and requiring the removal of obstructions, projections, or encroachments thereon and stated that today was the time fixed for hearing on the same.

Now, Therefore,

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and the act entitled "An Act permitting boards of commissioners or other governing bodies of any municipality in this State to be relieved of the establishment, maintenance, control and management of public playgrounds and recreation places in said municipalities, and authorizing boards of education of any school district in this state to establish, maintain, control and manage public playgrounds and recreation places," approved April 17, 1919, the sum of \$1,100,000 is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the Schedule contained in the preamble of this ordinance.

Section 2: It is hereby determined that each of the buildings and additions to buildings described in the preambles of this ordinance is of fire-proof construction as defined in Section 76 of said act approved October 19, 1903, as amended, and that the average of the different periods assigned by said Section 76 to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be is-

sued on account of the several purposes, is a period of thirty-three years, beginning December 15, 1927.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark, to be known and designated as "School Bonds," in the aggregate principal amount of \$1,100,000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be eleven hundred in number, numbered from 1 to 1100, inclusive of the denomination of \$1,000 each, dated December 15, 1927, and shall bear interest from their date at the rate of four and one-quarter per centum ($4\frac{1}{4}\%$) per annum, payable semi-annually on June 15th and December 15th in each year until maturity, and shall mature in annual installments or series, payable on December 15th in each year, as follows, viz: \$26,000 of bonds on December 15th in each of the years 1928 to 1941, inclusive; \$34,000 of bonds on December 15th, 1942, and \$39,000 of bonds on December 15, in each of the years 1943 to 1960, inclusive.

Section 4. The said bonds shall be coupon bonds, registerable as to principal only or as to both principal and interest. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of the City of Newark, and the corporate seal of said City shall be affixed thereto or impressed

thereon and attested by the City Clerk. The coupons to be attached to said bonds shall be signed by the facsimile signature of said Director. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. Both principal and interest of said bonds shall be payable in gold coin of the United States of America of the standard of weight and fineness existing on December 15th, 1927, at The National State Bank of The City of Newark.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

WHEREAS, a petition has been presented to the Board of Commissioners of the City of Newark, by Rose Orenstein, setting forth that she is the owner of certain lands and premises in the City of Newark, County of Essex

ate of New Jersey, described as follows:

BEGINNING in the northerly line of Avon Avenue one hundred feet west of the westerly line of Broome Street; thence northerly at right angles to Avon Avenue seventy feet; thence still northerly parallel with Stratford Place (formerly Prince Street) fifty-five feet and seventy-five hundredths of a foot; thence westerly parallel with Avon Avenue twenty-five feet; thence southerly parallel with said Stratford Place (formerly Prince Street) fifty-five feet and seventy-five hundredths of a foot; thence still southerly seventy feet to Avon Avenue, thence easterly along the northerly line of Avon Avenue twenty-five feet to the place of BEGINNING. Being lot number 117 on a map of property known as the CLINTON HILL property on file in the office of the City Surveyor of the City of Newark, N. J.

That the title to the said lands and premises is derived from the Mayor and Common Council of the City of Newark and was conveyed to petitioner by Isaac Blinder and Annie Blinder, his wife, by Deed recorded in the office of the Register of the County of Essex in Book I 68, Pages 228-229.

And that when the lands and premises above described were conveyed to George Stringer by Mayor and Common Council of the City of Newark by Deed dated December 4th, 1885 and recorded in Book T 22 page 577, the deed there-to was made subject to the following conditions.

(a) That no stable, barn, carriage or out house shall be built or erected thereon with in less than 60 feet of the street or front line of said property.

(b) That no factory or manufacturing establishment shall be built or erected thereon, or any business of that kind carried on upon the said premises.

(c) That no building built or to be erected thereon shall be used for the purpose of a liquor store or saloon.

(d) That every dwelling to be built or to be erected thereon shall be located so that the front line thereof shall be at least 6 feet from the front

or street line of the said property, and such dwelling shall be erected at a cost of not less than \$2,000.

On breach of these conditions, or either of them, the estate hereby granted shall cease and determine, and the party of the first part their successors and assigns, shall have the right to enter thereon and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

The said conditions as above stated have greatly hampered and do greatly hamper said petitioner in the enjoyment of said lands, and are an obstacle in the way of selling or mortgaging the same, in consideration of which said petitioner did request the City of Newark to release said lands and premises from the right of entry for condition broken created in the Mayor and Common Council by virtue of the conditions set forth in said Deed to George Stringer.

NOW THEREFORE BE IT RESOLVED, that the proper officers of the City of Newark be authorized and directed to execute in the name of the City of Newark a release to said Rose Orenstein, the owner of the premises above described, and the petitioner mentioned in said petition, which said release shall be drawn so as to release the said lands and premises from the right of entry for condition broken created in the Mayor and Common Council of the City of Newark by said deed from them to George Stringer, by which, on breach of the conditions therein contained, the title to the said lands and premises granted by said deed was to cease and determine, and the said Mayor and Common Council of the City of Newark, its successors and assigns, was to have the right to enter thereon, and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

Provided, however, that said release shall be approved by a member of the Law Department of the City of Newark, and shall be drawn in such a manner as to change the conditions placed upon said land by said deed to said George Stringer from the form of conditions which provide for a for-

feiture of the estate, in case of a breach thereof to the form of covenants to run with the land, and to be binding upon the owners thereof, their successors, heirs and assigns, so that the owners of said lands and premises shall not be released from the obligation to keep and observe all of the restrictions which were attached to said lands and premises by deed to said George Stringer.

MR. CARL F. FEICK, Prudential Building. We are appearing for the owners of 65 per cent of the property owners on that street, which is only a short section of Commerce Street extending away from Railroad Avenue to Market Street, a total distance of about 700 feet. I hope it is not too late to state that in view of the pending improvements in connection with the Pennsylvania Railroad Station there should not be put on the property owners, of whom there are two, the cost of grading, paving and laying sidewalk in this section of Commerce Street. We have no objection to the improvement if it is permanent, but we understand it is only for a short time, that the improvement to be put through for the station will result in closing Commerce Street, or changing the course. Commerce Street at the present time is paved to the entire

width to the opening under the railroad. Increasing the pavement along the side will not increase the capacity of the street, and it seems to me the awarding of the contract should be laid over.

Mayor Raymond: What is the estimated cost?

Mr. Costello: \$13,000. But Mr. Mayor, this paving goes from Commercial Street to Market Street. That is east of the Pennsylvania improvement. That won't touch the improvement.

Mr. Feick: I understood it would. It runs right there at the railroad.

Mr. Costello: From Commercial Street to Market.

Mr. Feick: But the opening will be changed and the grade will be changed.

Mayor Raymond: There will be no opening at all.

Mr. Feick: Why then should these people be called on to pay the cost of paving that section of Commerce Street, which will be closed.

Mayor Raymond: It won't be closed as a street, it will be blocked in the middle, the east and west of the road as it is now. The railroad runs in the middle.

Mr. Feick: Will that not result in changing the grade on this Commerce Street?

Mayor Raymond: It is permanent.

Mr. Feick: If it is permanent we have no objection to it.

Mayor Raymond: And the railroad will extend out on the present east side of New Jersey Railroad Avenue, how far?

Mr. Costello: The present width of Railroad Avenue, about 33 feet.

Mayor Raymond: And Railroad Avenue will be extended therefore and widened on the east side.

Mr. Costello: And a new street of 50 feet—

Mayor Raymond: Beyond that Commerce Street goes to Market.

Mr. Feick: It will result in taking 50 feet of Commerce Street over into this section.

Mayor Raymond: Yes, but there will be compensation for that.

Mr. Feick: I merely wanted to call it to the attention of the Board. If it is permanent we have no objection to it.

Mayor Raymond: The street will still be there as far as we can anticipate.

Borough of East Rutherford, N. J.

September 6, 1927.

Gentlemen:

The following resolution was passed by the Mayor and Council of the Borough of East Rutherford, N. J., at a regular meeting held on Tuesday evening, September 6th, 1927, and ask that your Governing Body forward a like resolution to the Governor of the State, and the Senator and Assemblymen.

RESOLUTION

Borough of East Rutherford
Bergen County, N. J.

WHEREAS, through the action of the Legislature, automobiles have become exempt from taxation causing a tremendous loss to the treasury of this Borough, and

WHEREAS, no provision has been made to remunerate the Borough for the loss thus sustained, and

WHEREAS, large sums of money are collected from the citizens of this Borough under the provisions of the new gasoline tax law, no part of which is returned for local use.

NOW THEREFORE BE IT RESOLVED, that we hereby petition the Governor of the State, and the Senator and Assemblymen from Bergen County to provide by law for an allowance to all local governments of a portion of the funds collected under the gasoline tax law to the end that the amount lost through the exemption of automobiles from taxation may be recouped.

Yours truly,
Wm. E. DeNike,
Borough Clerk.

Commissioner Howe: Mr. Mayor.

we, as the representatives of the largest city in the State of New Jersey, and naturally having more automobiles, and thereby our loss will be greater than any other city in the state as a result of this act of the legislature last year, I think that we should approve of this. It means that we will lose about \$15,000,000 which must be made up in taxes on homes and business property of the city. I think it is a good measure.

Mayor Raymond: Do you want to approve that now, or give it consideration?

Commissioner Howe: I move it be approved now, and that we go on record as approving the stand taken by the Borough of East Rutherford.

Commissioner Gillen: I second the motion.

The roll being called, the resolution was declared approved by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

It was ordered filed.

Mayor Raymond offered the following resolutions:

RESOLVED, that the sum of Seven thousand, five hundred forty-six dollars and twenty-nine cents (\$7,546.29) be and the same hereby is appropriated to the persons named, as per Certified List attached, being the gross amount of bills contracted and chargeable to the Department of Public Affairs as follows:

The Board of Commissioners of the City of Newark, New Jersey

W. J. EGAN
City Clerk.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

November, 1927

Newark, N. J., November 1, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioner's Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennen, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of October 25th, 1927, were read and approved.

The City Clerk presented An Ordinance to amend an ordinance entitled "An Ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

Commissioner Brennan: It is an amendment to the ordinance regulating traffic, as applying to Halsey Street, is it not?

Mayor Raymond: Yes.

Commissioner Brennan: I under-

stand, Mr. Mayor, that the ordinance includes the entire of Halsey Street for two-way traffic. The request is made, as I recall it by the South Halsey Street Business Men's Association. They wish to make Halsey Street south from Market Street. I understand there are some people here opposed to the ordinance being passed as presented. Mr. Kessler, I believe, represents the South Halsey Street Business Men's Association. Was it the intention of your organization—

Commissioner Howe: If it is to cross Market Street and go past the Prudential, where you can not get through now, I want to go on record as opposing it.

Mr. Samuel I. Kessler, 9 Clinton Street:

I was rather surprised this morning when I read the ordinance for the first time, because the South Halsey Street Association in filing their petition asking for this procedure, specifically requested for two-way traffic south of Market Street, and it was my thought at all times that that was the ordinance before the Commission. Much to my surprise, somebody called my attention this morning to the ordinance and indicated that if this ordi-

nance passes in the way it is now drawn it will make it two-way traffic for the entire length of Halsey Street. We do not oppose, but we do not urge it. All we urge is south of Market Street, and we were rather definitely assured by the Commission that it would be done as soon as improvements were made. The improvements are made. I understand the association has been carrying advertisements that the street will be two-way south of Market Street beginning today or tomorrow. They have gone to considerable expense.

Mayor Raymond: Yes. It is hard on them, Commissioner Brennan.

Commissioner Brennan: I appreciate that.

Mayor Raymond: We told you we would have that street done the first of November, and it is done. Now, we don't like to have them and ourselves deprived of the fruits of our labor.

Mr. Kessler: I want to take this opportunity to congratulate the Commission in doing the work in the very close time they agreed it would be done, and it has been done.

Commissioner Murray: Judge Jones was in to see me this morning. He represents the property owners north of Market Street and apparently he is going to take the same steps to provide to have the street widened north of Market Street as have been taken south of Market Street. Is that right, Judge Jones?

Hon. Benjamin F. Jones, 784 Broad Street:

Yes, and I found—

Mayor Raymond: What is it Commissioner Brennan desires us to do about it?

Commissioner Brennan: I am personally opposed to making it a two-way street north of Branford Place, having been charged with the handling of traffic I cannot for the life of me see how it is possible to get anything like a movement of the traffic on the street if they make it a two-way north of Branford Place, unless you prohibit parking on the street. If we start to do that you are going to have every business man on Halsey Street down on my neck again as they were one

time when we tried to make only one side of Halsey Street parking.

Mayor Raymond: It will be a great disappointment for our friends on Halsey Street if this ordinance does not go through today. Our department has worked to get its part done. I suggest that we put the ordinance through with notice that we are going to put another ordinance through limiting the operation of the two-way street to the portion from Branford Place south.

Commissioner Brennan: All right.

Mayor Raymond: Any one who uses Halsey Street from now on north of Branford Place will do so with full notice that this ordinance is going through making it a one-way street.

Mr. Kessler: Mr. Mayor, I think it is perfectly all right with the exception of one block between Branford Place and Market Street. While I agree with Commissioner Brennan, I think it is very evident that Halsey Street between Branford Place and Market Street is very narrow, and it would be difficult to regulate two-way traffic on that block,—

Commissioner Brennan: It would be impossible.

Mr. Kessler: If you have it two-way up to Branford Place you are going to get the people drawn off to go into Market Street. It means they have to go from Branford Place down to Clinton Street and back to Market Street.

Mayor Raymond: They can make a left-hand turn on Branford Place.

Mr. Kessler: I expect you will find very little difficulty on the part of property owners if you make a regulation—and I think it is entirely in Commissioner Brennan's Department—providing for parking on one side, and that would obviate—

Commissioner Brennan: It isn't the parking on one side, as much as the turning of traffic up Market Street. It is a narrow street. It is a difficult task to motor through the lanes of pedestrian traffic who cross from Ramberger's Store and other institutions on that side. Not only that, if you make Halsey Street a two-way street to Market, whereby a turn may be made into Halsey by westbound

traffic, you are going to block traffic over Broad Street. This fellow in trying to make his turn is going to block everything behind. Traffic has to be permitted to cross Broad Street and at Market a turn will tie up traffic at Broad and Market even worse than it is now.

Mr. Kessler: That argument appeals to me—

Commissioner Brennan: I had a discussion with the Chief and Deputy Chief on the problem only yesterday afternoon. My attention was called by the Chief to the suggestions made some years ago of prohibiting any turns on Halsey Street in order to relieve the condition on Broad and Market. A big truck, for instance, in trying to make a turn on Halsey Street south, or across from Bamberger's is tying up everything behind him and thereby stops the flow of traffic at Broad Street. The westbound flow crossing Broad Street—

Commissioner Murray: You permit right hand turns at Halsey now, don't you?

Commissioner Brennan: No.

Judge Jones: May I talk on this improvement? It is very seldom I have an opportunity of appearing before this august body, and I want to say the situation in Halsey Street is probably the most embarrassing one and one of the most peculiar of any city I have ever visited in my life. To see a street which corresponds to Nassau Street in New York, a parallel thoroughfare to the main business section of the city, allowed to be used as a free parking place for impecunious automobilists to save 25 to 50 cents that they would be charged for putting their car in a garage, is an unusual situation. I realize that for years Newark has been conservative, ultra-conservative, in handling traffic. I can remember when any person who got three blocks away from Market and Broad was considered out of the business section. But that day is past. We have got the proposition in this City where the entire length of Broad Street from Washington Park to Lincoln Park has come into its own. Washington Street, through the foresight of this Commission, has been

widened, and it should be so; it is a business street. Yet right in the center, a street that would be the most important secondary business street in the city, is permitted to have its values cut down 25 to 40 per cent. because of the fact that you make it a one-way alley.

Mayor Raymond: You mean about its being one-way? Or are you talking about the parking?

Judge Jones: I am joining them up because one is inevitable in connection with the other. It has been a one-way street because you can not make it a two-way street with a line of automobiles on both sides of the street. Nobody suggests that for a minute, so that the question before this Commission, it seems to me, is whether or not it is fair to allow Halsey Street to be a garage, or whether it is going to be a city street developing as it should be between those two great thoroughfares of Washington and Market Streets and giving the people of Halsey Street a chance to develop their businesses and have it continued as it should be, and therefore my suggestion for the consideration of this Board is to ask that parking be prohibited on Halsey Street.

Mayor Raymond: It certainly should be after what we have done there. It is a fine street for two-way traffic.

Commissioner Brennan: Might I ask the Judge a question? Will the Halsey Street Association stand for an ordinance prohibiting all parking on Halsey Street?

Judge Jones: I will undertake, Commissioner Brennan, to get the signature of a majority of the property owners north of Market Street and up to Washington Park, in favor of just that proposition. I don't know anything about the Halsey Street Association—

Commissioner Brennan: In my opinion the day is coming, and it isn't very far distant, when the City Commission will have to prohibit parking entirely in the downtown district.

Judge Jones: There ought to be a loop section in the downtown section now. We have a million people. The people of Newark always make the mistake of considering Newark 500,000

population, when in fact the Metropolitan area is the entire County of Essex.

Mayor Raymond: Why don't you South Orange people move in?

Judge Jones: You come up there and talk to them, Tom, and probably we will come in.

Mayor Raymond: I have got a lot to do with it.

Judge Jones: But I want to say this: we have had this thing for years and I have been waiting patiently until the people themselves would wake up to the unfortunate situation which we have had in Halsey Street, and when I saw that this Commission widened the southern end of Halsey Street, I said "That is the best job the Commissioners have done in a long time so far as traffic conditions are concerned and as far as the development of the City is concerned." I think the northern part of the street ought to be opened also, so it is as big as the other side and make it a little bit wider, although I think it is as wide now as the southern part is.

Commissioner Murray: No. No.

Judge Jones: Well, practically so. Perhaps a couple of feet on either side would finish the job. Now, there was a time when Bamberger's probably felt they had to use the street to pile up their merchandise and everything, but I understand they have arranged to spend a lot of money to put a basement in their new addition which will entirely eliminate that: I know the Hahne Company has done the same thing, and with Kreske and Goerke and these people building great stores, and display rooms, and the Prudential Building putting display rooms on Halsey Street for retail business, it seems to me it is perfectly obvious we ought to start the ball rolling by at least eliminating parking of cars on Halsey Street, and then you will have an opportunity to make it a two-way street so it will be through traffic for Broad Street. I hope you will give this serious consideration.

Commissioner Brennan: Nothing could give me greater pleasure than to vote for an ordinance prohibiting all parking on Halsey Street. I tried it one time, but the business men came down here at the following City

Commission meeting and the dome of this Council Chamber was almost pulled down.

Judge Jones: There are a lot of people who are using it as a cheap parking place—

Commissioner Brennan: This was done by the business men.

Judge Jones: There are scores of streets running parallel with Market Street where there is practically no business, above Plane Street, where they can park thousands of cars and not block the development of the City. That is what they ought to do.

Mayor Raymond: What is their attitude toward parking? What is the Association's attitude? Commissioner Brennan, why don't you bring an ordinance in to prohibit parking there and see if the dome topples over.

Mr. Kessler: I think I know the sentiment of our association, and I think we agree with Judge Jones in this measure. Experience has shown by actual checkup that the people who are now parking in Halsey Street are not trading in Halsey Street. They either go to an office building or go to Broad Street.

Mayor Raymond: That is the part that is bad.

Mr. Kessler: And we would very much favor an ordinance for half-hour parking, or some such thing that would work out uniformly within this zone.

Mayor Raymond: Why don't you do that and leave the street a two-way street all the way through? You will have a two-way street all the way through and make them park somewhere else.

President of the South Halsey Street Association: We would be in favor of that.

Commissioner Brennan: Well, they have changed their minds.

Commissioner Howe: And the red tickets would be coming in by the hundreds.

Judge Jones: They couldn't come in any more than they are now.

Mr. Kessler: I am very much afraid our association would not favor the elimination of parking at this time from Halsey Street, with this improve-

ment, with this lighting. I think we are going to develop into a very fine retail business street. Limited parking we are agreeable to. Any man there within fifteen or twenty minutes, if he isn't done with his business—

Judge Jones: I would then suggest to try a half-hour, and then reduce it to 15 minutes if it is possible. One hour is what we have now and they violate it ad lib.

Commissioner Howe: If you had a half-hour time limit, the minute that a car pulled out another car would pull in. You might just as well—

Mr. Kessler: You are permitting men doing business in Halsey Street to move in, and we don't object to people using this street as a free parking station if he parks for an hour; it means improvement for us—

Commissioner Howe: We want to help you, but you have got to show us how.

Commissioner Brennan: I want to serve notice now that I will prepare an ordinance prohibiting parking on the entire street.

Mr. T. H. Guthrie, 240 Halsey Street: Does that mean men cannot stop in front of my place to do business?

Commissioner Brennan: It does.

Mr. Guthrie: I am opposed to it. But I am not through; I don't like cars coming from Hoboken or Masahawka to stand in front of my door all the afternoon so that nobody else can use the space. Every night during the year they are there, parked along sixty feet in front of my place. If I want to take my wife out I have got to cart her down four or five blocks one way or the other in order to get her into the machine. The fellow who stands in front of my door tells me if I object "It's none of my business." There is a sign reading "No Parking." Police Department, a few feet away from my shop but they don't mind that. The police can go to Hoboken, or Jersey City, or some other place. This condition is unfair to a man who is trying to do business. He is prevented from it.

Commissioner Brennan: You mean, Mr. Guthrie, that when a man gets a ticket for exceeding the one hour parking limit there it brings some

business man from Halsey Street down here wanting to know why his customer is discriminated against.

Mr. Guthrie: Well, I know it isn't improbable.

Commissioner Brennan: I can say truthfully there has been more objection in one month by the Halsey Street business men to the handing out of tickets than there is in practically a year on Broad Street.

Mr. Guthrie: Tom Guthrie never came to you. I am trying to get tickets on, not take them off.

Judge Jones: Will fifteen minute parking answer the situation and still save the terrible conditions that are down there? 15 minutes parking.

Commissioner Brennan: We tried 15 minute parking one time, Judge, from Mechanic to Clinton. We found it absolutely impossible for us to be fair in the enforcement. As an example: A man goes into a bank to make a deposit or draw some money. Because of people ahead of him at the window he is detained more than 15 minutes. This I recall, Judge, one meeting when Mr. Ripple, a prominent banker whom you know, suggested that we continue the 15 minute parking from the Canal Bridge to Green Street. He said that a man could do business quicker if he would telephone his bank or limit his time to 15 minutes in the bank. Another business man said in answer to Mr. Ripple, "I don't know how many cases of loan negotiations Mr. Ripple handles daily, but if any man here is able to go into a bank and negotiate a loan in 15 minutes with Mr. Ripple, or any other banker, I want to meet him."

President of South Halsey Street Association. We have exactly that problem.

Mayor Raymond: That isn't involved here.

Commissioner Brennan: I am talking on the problem of 15 minutes.

Mayor Raymond: We can bring that question up when the ordinance comes up.

Mr. Strahan, 79 Halsey Street: I am the secretary of the North Halsey Street Association. The proposition that has been put forth by Judge Jones

is rather radical. I am not prepared to say whether it is a good thing or not for our end of Halsey Street. I feel a man enters a street for two purposes in an automobile; the first is to go on that street to stop, and the second is because he thinks it is the quickest way to get through to some place else he is going. Now, if we turn the street into one merely to help traffic through the city. I am not sure whether that is going to help the merchants on Halsey Street. I will grant that a two-way street cannot very well be operated if we are going to have any parking at all, but whether a radical idea of this kind would meet the ideas of the merchants on our street—

Mayor Raymond: You are talking about parking.

Mr. Strahan: I am talking about stopping parking entirely.

Mayor Raymond: That isn't up this morning. We are talking about the two-way street ordinance. We will have to go over this subject again in a few weeks when this ordinance comes up again. Then we will have it altogether. This ordinance as it stands, makes this street a two-way street from end to end. That is all.

Mr. George E. Illsley, 41 Halsey Street: I am located at Bleeker and Halsey Street. There are about four lines of busses go through the street. I think three come down Bleeker Street and turn. To make that a two-way street, from my observation, which I have watched very closely, it is hard to get through as it is, one-way, because those busses are large and a truck comes up to unload goods where they have got to unload them; they cannot park up in Plane Street and carry a case of goods to Halsey Street; they have got to stop in the middle of the street. There is just room for one car to pass. When a bus is there it is hard for them to get through. If you make it a two-way street you are going to have congestion.

Mayor Raymond: You mean all the way through? You want it a two-way street up to Branford Place?

Mr. Illsley: That I have no objection to.

Mayor Raymond: But you don't

want it a two-way street all the way through.

Mr. Illsley: The majority of the members of the Association that I have met recently since this ordinance has come up, are against a two-way street because there is no room on Halsey Street for a two-way street. It is congested all the time.

Mayor Raymond: I understand Commissioner Brennan is going to introduce an ordinance making it a one-way street from Branford Place north.

Commissioner Brennan: Yes.

Mayor Raymond: We want to put this through so they can have the satisfaction of knowing they have what they desire.

Commissioner Howe: When are you going to put it through?

Mayor Raymond: Today, if you want it, so they can have the satisfaction of knowing it is a two-way street south. Otherwise we can lay it over. How long? It will take two weeks to put another ordinance through and advertise it. You can do that, or whatever way Commissioner Brennan sees fit. It is his ordinance.

Commissioner Brennan: It isn't my ordinance.

Mayor Raymond: It is my ordinance. I thought it would please the Halsey Street property owners up there to have this go through today so they would know they have that much simultaneously with the completion of the new pavement and other improvements.

Commissioner Howe: How does it read?

Commissioner Brennan: All the way through?

Commissioner Howe: I won't vote for it. I will only vote for that part relating to Branford Place south only. I spent an hour there yesterday watching the traffic.

There being no one else to be heard, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

Commissioner Brennan moved that the following ordinances be taken up on second reading:

An ordinance to amend an ordinance entitled "An Ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

Commissioned Brennan moved that the title of "An ordinance to amend an ordinance entitled "An Ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

The Clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled "An Ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof," adopted January 5, 1926.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Commissioner Howe not voting.

The City Clerk presented an ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen desire to be heard?

Commissioner Brennan: I move that the ordinance be laid over until November 29th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The following communication was received and read:

Jacob L. Newman
National State Bank Building
Newark, N. J., November 1, 1927.
Attention of
Mr. Egan.
Board of Commissioners,
City Hall, Newark, N. J.
Gentlemen:

Will you kindly adjourn consideration of an ordinance providing for the vacation of Pionier Street, from Avenue B easterly about 550 feet.

I represent Aaron Levin and Jacob Gross, who are the owners of property fronting on Pionier Street, and who are opposed to the adoption of the ordinance, and claim that the City Commissioners have no legal right to adopt the same.

However, I am making application that the matter be adjourned until the next meeting of the City Commissioners, at the request of the office of Mr. William P. Hurley, who represents the petitioners. I understand that Mr. Hurley is now confined to the hospital.

Thanking you for your courtesies in this matter, I am

Yours very truly,
Jacob L. Newman.

NOW, THEREFORE,

THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK DO ORDAIN AS FOLLOWS:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and the act entitled "An Act permitting boards of commissioners or other governing bodies of any municipality in this State to be relieved of the establishment, maintenance, control and management of public playgrounds and recreation places in said municipalities, and authorizing boards of education of any school district in this state to establish, maintain, control and manage public playgrounds and recreation places," approved April 17, 1919, the sum of \$1,100,000 is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the Schedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that each of the buildings and additions to buildings described in the preambles of this ordinance is of fireproof construction as defined in Section 76 of said act approved October 19, 1903, as amended, and that the average of the different periods assigned by said Section 76 to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of several purposes, is a period of thirty-three years, beginning December 15, 1927.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark, to be known and designated as "School Bonds," in the aggregate principal amount of \$1,100,000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated.

The said bonds shall be eleven hundred in number, numbered from 1 to 1100, inclusive, of the denomination of \$1,000 each, dated December 15, 1927, and shall bear interest from their date at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on June 15th and December 15th in each year until maturity, and shall mature in annual installments or series, payable on December 15th in each year, as follows, viz: \$26,000 of bonds on December 15th in each of the years 1928 to 1941, inclusive, \$34,000 of bonds on December 15, 1942, and \$39,000 of bonds on December 15th in each of the years 1943 to 1960, inclusive.

Section 4. The said bonds shall be coupon bonds, registerable as to principal only or as to both principal and interest. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of The City of Newark, and the corporate seal of said City shall be affixed thereto or impressed thereon and attested by the City Clerk. The coupons to be attached to said bonds shall be signed by the fac-simile signature of said Director. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. Both principal and interest of said bonds shall be payable in gold coin of the United States of American of the standard of weight and fineness existing on December 15, 1927., at The National State Bank of The City of Newark.

The Clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Avenue I from Backus Street to Delancy Street with old granite block pavement on a cinder foundation.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Avenue I from Backus Street to Delancy Street shall be graded and paved with old granite block pavement on a cinder foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated October 24, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting

upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$7,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$7,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

and there shall be substituted in lieu
thereof the following paragraph, viz:

"This bond is one of an issue of
bonds of like tenor, except as to
maturity, issued under and pur-
suant to an Act of the Legislature
of the State of New Jersey, en-
titled "An Act to establish a thor-
ough and efficient system of free
public schools, and to provide for
the maintenance, support and
management thereof," approved
October 19, 1903, and the acts
amendatory thereof and supple-
mental thereto, and an ordinance
duly adopted by the Board of
Commissioners of The City of
Newark on November, 1927."

Section 8. The bonds shall be sold at public sale upon sealed proposals, at o'clock, M., on November , 1927, at the office of the Director of the Department of Revenue and Finance of The City of Newark, in the City Hall, after notice of such sale published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published and to receive such proposals, and the power of the Board of Commissioners to award the bonds and reject bids therefor is hereby delegated to him.

Section 9. The notice of sale of the bonds shall be in substantially the following form:

NOTICE OF SALE.
THE CITY OF NEWARK,
NEW JERSEY

\$6,775,000 4¼% BONDS

Sealed proposals will be received by the undersigned at his office in the City Hall, Newark New Jersey, until , November 1927, at o'clock M., when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of The City of Newark of the following authorized issues, viz:

1. \$1,650,000 Water Bonds, maturing, \$30,000 of bonds on December 15th in each of the years 1928 to 1937, inclusive, and \$45,000 of bonds on December 15th in each of the years 1938 to 1967, inclusive;

2. \$1,500,00 Port Newark Improvement Bonds, maturing, \$30,000 of bonds on December 15th in each of the years 1928 to 1947, inclusive, and \$45,000 of bonds on December 15th in each of the years 1948 to 1967, inclusive;

3. \$1,325,000 Public Improvement Bonds, maturing, \$30,000 of bonds on December 15th in each of the years 1928 to 1947, inclusive, \$35,000 of bonds on December 15th in each of the years 1948 to 1962, inclusive, and \$40,000 of bonds on December 15th in each of the years 1963 to 1967, inclusive;

4. \$1,200,000 Street Paving

Bonds, maturing, \$75,000 of bonds on December 15th in each of the years 1928 to 1937, inclusive, and \$90,000 of bonds on December 15th in each of the years 1938 to 1942, inclusive;

5. \$1,100,000 School Bonds maturing, \$26,000 of bonds on December 15th in each of the years 1928 to 1941, inclusive, \$34,000 of bonds on December 15th, 1942, and \$39,000 of bonds on December 15th in each of the years 1943 to 1960, inclusive.

All of the bonds will be of the denomination of \$1,000, will be dated December 15, 1927, and will bear interest from their date at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on June 15th and December 15th, and will be coupon bonds, registerable at the option of the holder as to principal only, or as to both principal and interest. Principal and interest will be payable in gold coin of the United States of the present standard of weight and fineness at The National State Bank in The City of Newark.

The several amounts necessary to be raised by the sale of said five bond issues (exclusive of the amount of any interest accrued on the bonds), respectively, are the maximum authorized amounts of said issues, respectively, as stated above; and no more bonds of any issue will be sold than will produce the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and an additional sum of less than \$1,000 for such issue. If less than the maximum authorized amount of any issue is sold, the unsold bonds of that issue will be those last maturing. The bonds of each issue will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and to take therefor the least amount of bonds of such issue, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds of the same issue, then the bonds of that issue will be sold to the bidder or bidders offering to pay therefor the

highest additional price(such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject any and all bids.

Any bidder may condition his bid on the award to him of two or more of said issues, but in that case, if there is a more favorable bidder for any one of the issues for which he bids, his bid will be rejected.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, of New York, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the United States Mortgage & Trust Company, which will certify to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.

Dated, November , 1927.

JOHN HOWE

Director of the Department
of Revenue and Finance
of The City of Newark.

Section 10. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared and to obtain the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, Attorneys, of New York City, as to the validity of the bonds, to be furnished to the purchaser or

purchasers thereof, and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof upon the receipt of the purchase price.

Section 11. In the blank space before the word "Bond" in the heading of the bond form set forth in Section 6 of this resolution, and also in the blank space before the word "Bond" in the coupon form set forth in said Section, there shall be inserted the word "Water" for identification of the Water Bonds, the words "Port Newark Improvement" for identification of the Port Newark Improvement Bonds, the words "Public Improvement" for identification of the Public Improvement Bonds, the words "Street Paving" for identification of the Street Paving Bonds, and the word "School" for identification of the School Bonds.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: I have a resolution here, gentlemen, that I wish to call special attention to because it has to do with Port Newark and is significant of the continuous growth and desirability of Port Newark land. This is a lease to the Franklin and Port Newark Lumber Company for 2.82 acres in addition to what they now have at Port Newark. It calls for an additional rent of \$82,800.00 making their total rent payable to the city \$232,800 for 20 years. This is so encouraging I want to call the attention of the City Commission to the resolution.

WHEREAS, The Mayor, Director of

the Department of Public Affairs, has negotiated a lease with Franklin Port Newark Lumber Company, a corporation of the State of New Jersey, for certain lands located at Port Newark Terminal, and in said lease more particularly described, in addition to the lands previously leased to said company under lease dated August 22, 1927, for the term of twenty years, with an option in favor of said tenant to renew said lease for a further term of ten years; and,

WHEREAS, it is the judgment of this Board that it is for the best interests of the City that it enter into a lease with said Franklin Port Newark Lumber Company, upon the terms and conditions stated to this Board by the Mayor, and as more fully appear in a copy of said lease hereto attached;

THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the Mayor, Director of the Department of Public Affairs and the City Clerk be and they are hereby authorized to execute a new lease on behalf of the City of Newark, including the lands previously leased, together with additional lands, as in said lease more particularly described, copy of which lease is hereto annexed, on the signing of this resolution; and,

BE IT FURTHER RESOLVED, that the surrender of the lease heretofore entered into with Franklin Port Newark Lumber Company, which lease is dated August 22, 1927, for premises at Port Newark Terminal Development, be and the same is hereby accepted and said lease terminated, and the Mayor and City Clerk are hereby authorized to execute a formal acceptance of said surrender on behalf of the City.

NEW JERSEY STATE LEAGUE
OF MUNICIPALITIES

October 27, 1927.

W. J. Egan, City Clerk,
City Hall, Newark, N. J.
Dear Mr. Egan:

The date of our annual convention has been set for February 3, 1928, at the Robert Treat Hotel, Newark. When you hold your next meeting of the Municipal Clerks' Association, would it be a good idea for you to set the date of your meeting at the same time and place?

Yours very truly,
Sedley Hopkins Phinney.

Ordered filed.

A communication was received from Harry Green, requesting permission to erect a small office building on land opposite the Hall of Records and requesting that zoning be changed.

Referred to the Adjustment Commission

A communication was received from Mayor of York, Pennsylvania, acknowledging greetings.

Ordered filed.

A communication was received from the Bloomfield Town Council, enclosing a copy of resolution approving and ratifying the action of Mayor Demarest in agreeing with representatives from the municipalities of Orange, Montclair, Glen Ridge, East Orange, Belleville and Newark that these representatives engage Alexander Potter as engineer to prepare maps, plans, specifications and ordinances in connection with the proposed extension, enlarging and repairing of the Union Outlet Sewer, and that Bloomfield agrees to appropriate the sum of Twenty-

eight Hundred Dollars (\$2800.) to pay its share of the preliminary engineering work mentioned above, said sum to cover its share of the expenses up to the time the contract for such work is executed, the work of said extension, enlarging and repairs being based on the estimated flow of sewage in the year 1960.

Referred to City Clerk to prepare a letter expressing gratification.

Mrs. Lee Davis, Legislative Chairman of the Centemporary of Newark: I invite all the Commissioners to attend a meeting downstairs in the Second District Court Room, on Thursday afternoon, November 17th, at 2:30. The subject will be "City Government and County Government." An invitation has been extended to Mayor Raymond to present "City Government" and Freeholder Dodd, "County Government." I would like all the Commissioners there to give any report as to their special activities.

Received and all commissioners to attend who can possibly do so.

Mayor Raymond: Tuesday next being Election Day, a motion to adjourn to Wednesday, November 9th, will be in order.

Commissioiner Howe: I so move you.

Commissioner Brennan moved that the ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet be laid over until November 15th, 1927.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

A communication was received and read from Jacob L. Newman requesting that the ordinance providing for the vacation of Poinier Street be laid over.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows.

An Ordinance providing for the regulation and control of vehicular traffic and parking of vehicles on Halsey Street, in the City of Newark.

The Board of Commissioners of the City of Newark, do ordain:

1. That Halsey Street, from Branford Place, north, shall be a one way street and traffic thereon shall move in a southerly direction:

2. That Halsey Street, from Banford Place, South, shall be a two way street and traffic thereon may move both north and south;

3. It shall be unlawful for any person, persons, firm or corporation to cause or permit any vehicle whatsoever to stand at rest in said Halsey Street, in the City of Newark, for a longer period than thirty (30) minutes, and then only when the person, persons, firm or corporation leaving said vehicle have done so for the purpose of transacting business in and along said Halsey Street;

4. Any person, firm or corporation which shall violate any provision of this ordinance shall, on conviction thereof, forfeit and pay a penalty of two dollars (\$2.00) for the first offense, and ten dollars (\$10.00) for each subsequent offense.

5. All ordinances or parts of ordinance inconsistent herewith are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that November 22, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Mayor Raymond: Madam, did you wish to address the Commission this morning?

Mrs. J. Seboyan, 163 Stuyvesant Avenue. Your Honorable Gentlemen: We have been here protesting against a gasoline station on 18th Avenue and Stuyvesant Avenue. We have been down before the Board. We are about sixty people, and all we know it is a very bad corner, and we want to know if we can do something for it, because

it is bad for the children to cross the streets to go to the Catholic School, Lincoln School and Alexander School. Stuyvesant Avenue buses cross going to Irvington, and 54 bus coming down from Broad Stret, and we have to get right off there at that corner.

Mayor Raymond: You should make this application to the Adjustment Board. We can take your complaint and send it to them, but we have no authority in the matter.

Commissioner Brennan: They have already passed on the matter.

Mayor Raymond: If they have passed on it one way can't they pass on it another?

Commissioner Murray: They can reconsider their action.

Mayor Raymond: I should think if they can pass it they can repeal it. I suggest that you take it up with them. They meet here every other Thursday. We have no power to act in the matter. It is out of our hands.

RESOLVED, by the Board of Commissioners of the City of Newark that the salaries of the persons named below, be and the same are hereby fixed at the sum of Forty-five hundred dol-

Mayor Raymond: Do you wish to be heard on this ordinance, Mr. Newman?

Mr. Jacob L. Newman, 810 Broad Street: I think that the situation is this: Mr. Hurley and I have arrived at a settlement in this matter and we won't oppose the vacation. I was wondering whether, however, if it wouldn't be just as well to put this over until next week and pass it, and in the meantime we will have our own arrangements and we will have—

Mr. Hurley: I would prefer we pass it today, and I am writing to make an open statement as a matter of record as to what our terms are. I am going to go right back to my office and give Mr. Newman a letter agreeing on the terms of the settlement.

Mr. Newman: Let it pass. Mr. Hurley's word is sufficient.

Mayor Raymond: You understand the Commission does not enter into any understanding with you?

Mr. Newman: I wish I could hold the Commission.

Mayor Raymond: You have made arrangements with each other. We haven't made any arrangements with you. The matter lies in the discretion of the Commission, after the postponement of one week.

Mr. Newman: No; they want it acted on now.

Mr. Hurley: We want it passed now and we will give Mr.—

Mayor Raymond: I am not prepared to move it today. I will ask one of the commissioners to kindly make a motion to lay it over one week.

Projecting signs other than those attached to fixed awnings or marquees may be erected, provided they shall be at right angles to the street building line, excepting at street corners: They shall not project more than 6 feet: Any sign over 15 sq. ft. which projects more than 4 feet shall for the entire sign present a closed surface, to be affected by wind pressure not exceeding 50 % of the face of the sign: When more than 40 feet above the sidewalk, such signs shall not project more than 4 feet: All such signs shall be designed as herein specified and in paragraphs I, IV, V, VI and VII of this Section.

IV. No projecting sign shall be more than 14 inches in thickness, nor be less than 10 feet above the sidewalk. No sign shall project to within 1 foot of the curb line.

V. Projecting signs not exceeding fifteen (15) square feet in area may extend two (2) feet higher than the structure to which they are attached.

VI. The percentage or surface affected by wind pressure shall be calculated to include all the space bounded by the building line and the top, bottom and outer edge of the sign.

VII. No projecting sign shall be placed nearer to an interior property line than a distance equal to its projection.

Section 2. That Section 395, paragraph I, (Article XXII) of said Ordinance, entitled "Flat or Curved Projecting Signs", be and the same is hereby amended to read as follows:

Section 395—Flat or Curved Projecting Signs.

I. Hollow signs of glass and metal with illuminated letters, fastened for

their whole length parallel to the front of the building and projecting therefrom, may be erected, but shall not be more than 36" in vertical dimension, and shall not project more than 12".

Section 13. That Section 409 (Article XXIII) of said Ordinance, entitled "Fixed Awnings" (See also Sec. 400), be and the same is hereby amended to read as follows:

Section 409—Fixed Awnings (See also Section 400):

1. Fixed awnings and marquees of glass and metal permitted by the Department of Public Works, extending over the sidewalk, shall be not less than ten (10) feet above the sidewalk at any point, and shall not extend on the street walls of a building for more than seventy-five (75) per cent of the length of such wall, nor in any case more than sixty (60) feet. There shall be a clear distance of not less than twelve (12) feet between any two awnings on the same building, and no awning shall be nearer to an interior lot line than a distance equal to its projection. All such awnings and marquees shall be constructed of iron and other incombustible material securely supported and properly drained.

Section 14. That Section 455, (Article XXVIII) of said Ordinance, entitled "Definitions", be and the same is hereby amended by the addition of the following definitions:

Exit—An exit is a doorway not less than 3 feet wide and 7 feet high providing egress directly to a street or to a fireproof corridor, alley, yard or court opening directly on a street.

Story—A story is any space between a finished floor and a finished ceiling, excepting no cellar or basement shall be considered as a story.

2. All ordinances and parts of ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect immediately.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

WHEREAS, in accordance with the provisions of Chapter 115 of the State Laws of 1919, an estimate has been submitted to the Board of Commissioners of the City of Newark by the Engineer in Charge of the Bureau of Sewers showing the probable cost of constructing a sewer in McClellan Street from Devlin Avenue to Madison Avenue for the use of the abutting property only, together with lateral connections to the curb lines of said street, to be \$950.00, said probable cost being based on the best information obtainable as to the probable cost of such sewer;

AND WHEREAS, the entire cost of doing the work will be less than one thousand dollars;

THEREFORE BE IT RESOLVED, That in accordance with the provisions of the said Chapter 115 of the State Laws of 1919, the estimate so submitted and presented be and the same is hereby adopted and ordered filed;

AND BE IT FURTHER RESOLVED, That the Board hereby signifies its intention to construct a sewer in McClellan Street from Devlin Avenue to Madison Avenue, together with lateral connections to the curb lines; and the Director of the Department of Public Affairs of the City of Newark will hear objections to the making of said improvement on Monday, the fourteenth day of November, 1927, at 10 o'clock A. M., at the office of the said Director on the second floor, City Hall, Newark, N. J.

AND BE IT FURTHER RESOLVED, That the Engineer in Charge of the Bureau of Sewers be and he is hereby authorized and directed to mail a copy of this resolution to the last known owner of record as shown by the tax records of the City of Newark, N. J., of property abutting on the portions of the street or highway through which such sewer is proposed to be constructed; and that the Engineer be and he is further instructed to post or cause to be posted a copy of this resolution in the City Hall, Newark, N. J., at least five days prior to the introduction of a second resolution setting forth

the final decision of said Board to construct such sewer.

Harrison R. Van Duyne, Inc.
790 Broad Street,

Newark, N. J., Nov. 14, 1927.

Honorable Board of Commissioners,
City of Newark, N. J.

Gentlemen:—

Representing Dr. William R. Ward who is an owner of 1085 feet of frontage on Chancellor Avenue between Bergen Street and Clinton Place, I respectfully request that your Honorable body rezone said Chancellor Avenue between said above named streets so that apartment buildings can be erected thereon.

I call your attention to the fact that consents have been granted during the past year by the Adjustment Board for the erection of five or more apartments within the limits of these cross streets; also that stores have been built on the south side of Chancellor Avenue near Clinton Place.

Respectfully submitted,

Harrison R. Van Duyne,
Agent.

Ordered referred to the Board of Adjustment.

Mayor Raymond: Maybe I neglected to call upon any citizen here who wishes to be heard, if there is such citizen.

Mr. William DeBaun, Jr., Pine Brook, Morris County, N. J.: Commissioners, I have a great number of farmers that are here today that have come more or less to corroborate what I have to say. It concerns conditions in the Center Market--Farmers Market. I have been a farmer there all my life and I have come here today to tell you gentlemen of the deplorable state of affairs that exists and have existed in that market for the last year. I have never seen things so upset as I have the last year. There has been a great many things that have happened that I claim are entirely out of order and uncalled for, and if I would be given the privilege to state some of those things, I would be glad to do it. I have an article in my pocket that covers a good deal of it, and it wouldn't take more than ten minutes. I don't know as you would care to listen to me that long, but it is pretty much to the point and will cover things quite clearly.

Mayor Raymond: You are privileged to be heard, sir.

Mr. DeBaun: May I read that article?

Mayor Raymond: Certainly.

Mr. DeBaun: The title of this article is "A Farmer's View on Present Market Troubles": "As a farmer selling his produce in Newark Market under conditions as they exist now, and have existed for a year or more. I consider it my duty and a privilege to let the citizens of Newark know of said conditions, as I find them. Sev-

eral news articles have appeared in the press from time to time depicting a great quarrel between the carriers and the market officials affiliated with Commissioner Gillen. These articles have debased the carriers as petty grafters, rough-necks and that they had been guilty of collecting and keeping market fees obtained from the farmers. It was further charged that the farmers were being terrorized by them and that it would be necessary for the City Commissioners, particularly it is Mr. Gillen's view to enact an ordinance to curb the carriers by licensing and placing badges upon them. This, of course, would naturally place them at the mercy of the market officials.

The said carriers object to such an ordinance, claiming that they work for the farmers and also that if the Commissioners were aware of the true prevailing market situation, it would be unnecessary.

As a farmer who has employed the carriers for many years, I know that said charges made against them are false and can be proven so by the said carriers, together with the farmers' organization. The City Commission on October 4th again postponed action on the proposed ordinance of badging the carriers, after which Mr. Gillen said he would have to close the Farmers Market if the ordinance was defeated.

You will understand, I believe, at the end of this article, just why Commissioner Gillen's colleagues have refused to give him any means of support in his proposed ordinance relating to the carriers. In the following paragraphs I will give you Commissioner Gillen's view, simply that you will better understand him and his plans to license the carriers at a nominal fee, thereby providing a means of regulating the carriers to the end that vicious practices shall be eliminated.

In a recent statement, Mr. Gillen says, "The regulation of the Farmers Market is one of those very simple, small details in the City Government which should be left solely and exclusively to the men in charge of the market."

Soon after the proposal of the ordinance concerning the carriers, Mr.

Gillen further states, 'Immediately a number of these carriers, who belong to a political organization, enlist the support of the organization; a lawyer is engaged; influence is brought to bear on the four other commissioners, and the ordinance is held up, the Commissioners pretending to believe that they know more about the running of the market than those in charge of it and the Law Department put together.

These statements may be perfectly right. However, investigations he made, or rather, had made, several months ago, resulted in his reorganizing the Center Market officials.

He practically eliminated Charles Lemmermeier, Market Clerk at that time, placing him in the Retail Market to manage some minor branch. This change was a great blow and surprise to every farmer entering the Center Market, because each and every farmer, as well as patrons and produce dealers, knew Mr. Lemmermeier to be honest and efficient. Mr. Lemmermeier co-operated with the farmers and produce buyers, striving only for what was just and reasonable. He handled the market a great many years successfully before his assistant clerk, Daniel Nusbaum, was appointed. Mr. Gillen, however, retained Mr. Nusbaum when he reorganized the market. At this time the fees for the stands in the Farmers Center Market were doubled in price. The farmers' permits were increased from \$2. to \$5. and the speculators in the market were required to pay \$50. for their permits.

Mr. Gillen claimed that the market revenue was insufficient.

The farmers, bear in mind, were unanimously willing to meet with the Commissioner's increase. They were somewhat sceptical, however, whether it really was necessary or not. They knew Mr. Nusbaum's method of collecting the market revenue and felt that it would only be a year or two and the City would likely increase the fees again in order to make the market pay. Mr. Nusbaum last year collected the market revenue but neglected to give the required City receipts to the farmers, in many instances. Mr. Gillen, retaining Nusbaum, also appointed Mr. Francis E. Corbitt, as his personal representative, of the City Retail

Market, and John J. McSpirit, Director of the Farmers' Market, together with one or two assistant collectors. Soon war on the carriers and dissatisfaction among the farmers developed under these new officials.

The Market Clerk, in former years, went from farmer to farmer to collect the market revenue, but now the farmers are required to leave their trucks and take their fee money up to the clerk, who sits in the second story of the Tower, or "Crows Nest"—the familiar name has been given the Tower during the last year; "Crows Nest"—located in the middle of the Farmers' Market. This "Crows Nest" is reached by a winding stairway wide enough for but one farmer to go up or down at a time. It was here that a large number of farmers were shaken down for five or ten dollars apiece in order to have a steady stand where they could back their trucks of produce and where their trade customers could find them.

Several old time steady farmers were ordered out of their stands and bulldozed beyond endurance when they visited the "Crows Nest" to pay their market fees. I, myself, was threatened that I would lose my stand if I did not stop talking of these conditions. Other farmers have since quit the market and have gone to New York rather than be tyrannically bossed. Fake receipts instead of City receipts were given out. It is reported that one farmer was backed down the stairs with a revolver pointed at him. The farmers could not argue a business matter in a nice way with Mr. McSpirit. I have never experienced such a condition as now exists in Newark Center Market.

The Market cops are seldom seen patrolling the market as before. Occasionally we find one or two helping the clerk take the farmers' fee. I have paid the policemen many a time instead of the clerk; the clerk wasn't there. He usually would land there anywhere from 12 to 1 o'clock in the morning. The farmers have been abused and terrorized beyond belief by these present market officials, and not by the carriers as previous press reports have shown.

It appears in my mind that these market officials have formed them-

selves in a ring or clique of petty grafters, who themselves have charged the carriers of wrongdoing in order to cover up their present guilty practice. As William Proctor, leader of the insurgent carriers puts it, 'A smoke screen to divert suspicion from themselves'.

In a recent issue of the 'News', the carriers declared the fight for what they claim is their rights will be carried on, and that they confidently expect to be able to prevent Director Gillen from putting through his ordinance, November 15th, when it is to come up again before the Commissioners. One of the carriers states, 'It is not the badge we object to, or the proposed \$2. license fee, but the "hooks." He means that under the proposed ordinance they would be hooked and would no longer be independent, but at the mercy of Director Gillen and his market employees, with whom they have long been at odds.

As I have been transacting business during the last twenty years in the market, I feel that I can praise the carriers, trust them to watch and look after my business when I go to eat, and have never known of any one of them to steal or fail to give the farmers or the buyers a square deal. I have farmers here that will verify these statements.

They are invaluable to us and work hard for what they get out of it. Rain or snow, they never fail us." In the time I have been going to market I have been one of the most steady farmers for the last twenty years, I have never been without a carrier. My view of solving these conditions is as follows: Appoint honest and efficient officials that will co-operate just a little with the farmers and carriers, and if at the end of a reasonable length of time City Commissioner Gillen still feels it necessary to license the carriers in order to maintain regulations, all well and good. However, under present conditions I can't blame the carriers for claiming their rights, because they are innocent of the brow-beating accusations that have been cast upon them by the market employes, and knowingly or unknowingly by the Commissioners. I believe the Commissioners will do all in their

power to properly reorganize the market, once they get the correct view of the situation.

These facts, even if they hurt some people, are true, and constitute the farmers' views. With malice toward none above mentioned, I hope and have faith for the betterment of all concerned." I signed my name to that article.

Commissioner Howe: (to Mr. DeBaun) What do you mean by your reference to "the Nusbaum method"? Do you feel that in giving to you those market certificates that the City did not receive its just amount due it?

Mr. DeBaun: Certificates?

Commissioner Howe: Receipts.

Mr. DeBaun: The method—his method of collecting the revenue was to have the book at hand. He would come along and take the market fee and in a great many instances, whether he was forgetful or not, he would fail to give the farmer the required receipt.

Commissioner Howe: What does the City record show, do you know?

Mr. DeBaun: I can't tell you that.

Commissioner Gillen: How long ago was that?

Mr. DeBaun: That was principally last year, Commissioner Gillen.

Commissioner Gillen: How long ago?

Mr. DeBaun: Nusbaum operated more or less last year.

Commissioner Gillen: A year ago?

Mr. DeBaun: Yes, last season.

Commissioner Gillen: Do you know of any instances where there was money paid to him that was not turned into the City?

Mr. DeBaun: We had instances where the fee wasn't given to the farmers in many many instances.

Commissioner Gillen: The receipt, you mean?

Mr. DeBaun: The required City receipts were not handed over.

Commissioner Gillen: Sometime ago you came to my office and you asked for a hearing in behalf of several farmers?

Mr. DeBaun: Yes, sir.

Commissioner Gillen: You said you could bring in fifteen or twenty farm-

ers, and I gave you a hearing, didn't I?

Mr. DeBaun: Yes, sir.

Commissioner Gillen: You came there with I think four or five farmers and two speculators. You made a statement that some graft moneys had been paid to employes of the market. Then when I asked each farmer present if he had paid any, he said no. I don't remember of any specified instance at the hearing where any farmer had paid petty graft to any city employe. But some present said they heard rumors of graft. Have you paid any yourself?

Mr. DeBaun: No.

Commissioner Gillen: If you people have to pay graft, we want to know about it. You haven't paid any?

Mr. DeBaun: No, sir.

Commissioner Gillen: Well, you say they are grafters?

Mr. DeBaun: There has been many men shaken down.

Commissioner Gillen: But you haven't paid any graft yourself?

Mr. DeBaun: No, sir; not even approached.

Commissioner Gillen: Mr. Nusbaum is not collecting any more there, is he?

Mr. DeBaun: No.

Commissioner Gillen: You didn't pay anything to Mr. Nusbaum, did you?

Mr. DeBaun: No, I have paid Mr. Nusbaum the required market fee.

Commissioner Gillen: Did you ever pay any graft to McSpirit?

Mr. DeBaun: No, I did not.

Commissioner Gillen: Did you ever pay any graft to Mr. Corbitt?

Mr. DeBaun: No, sir, I did not.

Commissioner Gillen: Did you ever pay any graft to any other employe.

Mr. DeBaun: Yes, I gave five dollars to Mr. Nusbaum the beginning of last year. I told him, I says: "Have a box of cigars on this."

Commissioner Gillen: Why did you do that?

Mr. DeBaun: I did that for practically no purpose whatever except that I knew that his method was going around and failing to give the required City receipts.

Commissioner Gillen: And you thought you would join in the party, eh?

Mr. DeBaun: I didn't do it in the one respect. I told you one reason.

Commissioner Gillen: Don't you know that is the sort of thing that creates graft and that when you start to hand out money in this manner that you yourself create grafting. You are as guilty as the fellow who takes if he did take it.

Mr. DeBaun: Commissioner Gillen, if you will allow me, I will take back that statement. My personal reason for that \$5. more or less was to get additional room. The stands were cut down a foot on each stand. I had two stands and it was my—

Commissioner Gillen: You wanted to bribe him in order to get the room?

Mr. DeBaun: It was my privilege more or less to be there with two loads of stuff, and I have two wide trucks that wouldn't cover those stands, and I knew there was one stand open there that I possibly could get right in line with my two stands, so that if I had the three together I would have a place where I could carry on my business.

Commissioner Gillen: So you thought you would bribe Mr. Nusbaum to get that additional space?

Mr. DeBaun: I didn't say that statement, Mr. Gillen.

Commissioner Gillen: You handed him a five dollar bill for a box of cigars?

Mr. DeBaun: Yes, I told him to have some cigars.

Commissioner Gillen: Did he ask you for it?

Mr. DeBaun: No, he did not.

Commissioner Gillen: Now, if there is any farmer here who has given any money to any City employe, let him come up here before the Board.

Mr. Howard Preston, Matawan, N. J. I have.

Commissioner Gillen: Come right along, sir.

Mr. DeBaun: It is funny, farmers have actually been bulldozed to the extent that they are afraid to come forth with the real facts.

Commissioner Gillen: Well, they

they have been a little bit afraid about getting in trouble with the carriers, too.

Mr. DeBaun: Who, the farmers?

Commissioner Gillen: Yes.

Mr. DeBaun: If the farmers hadn't had the carriers' assistance the last year or two, we would all have been on the rail.

Commissioner Gillen: What are you Mr. Preston, a farmer?

Mr. Preston; Farmer.

Commissioner Gillen: What did you do?

Mr. Preston: In the Center Market we have what is known as "The Board" or regular stands, and to get on those stands it is a very fine thing for the farmers, so when they come in they can have a stand of their own. I had goods and I thought I would like to get one. I went to the man who was in charge—

Commissioner Gillen: Which man?

Mr. Preston: Two men up in the office, George and Mac, and they said that it could be fixed.

Commissioner Gillen: George what?

Mr. Preston: I don't know what his last name is—a tall fellow.

Mr. DeBaun: George Goertz, a market cop.

Commissioner Gillen: What did you do then?

Mr. Preston. He said that could be fixed for a small sum. Myself and a friend went up there and placed a five dollar bill apiece on the table, and we were given a stand.

Commissioner Gillen: Who was there at the time?

Mr. Preston: My friend, myself and George and Mac.

Mr. DeBaun: McSpirit.

Commissioner Gillen: You paid a five dollar bill to each?

Mr. Preston: Right.

Commissioner Gillen: Did you hand them the money or leave it there?

Mr. Preston: Laid it on the table.

Commissioner Gillen: That was for what purpose?

Mr. Preston: To get on "The Board", to get a stand.

Commissioner Gillen: It wasn't a fee?

Mr. Preston: No, it wasn't a fee. And we have to pay "outs" when we aren't in. That is, pay your fees for the stand when you aren't in there. I got on "The Board" on May 16th, and I was out for seventeen trips and I was told that could be fixed without paying the whole sum. It was fixed for \$10.

Commissioner Gillen: You paid—May 16th of what year?

Mr. Preston: This year just past.

Commissioner Gillen: You paid \$10. more?

Mr. Preston: Paid 10. for the "outs".

Commissioner Gillen: To whom?

Mr. Preston: To McSpirit.

Mr. DeBaun: May I interrupt just a minute? Were you given any receipts—City receipts?

Mr. Preston: No receipt.

Mr. DeBaun: Or anything whatsoever?

Mr. Preston: No receipt whatsoever.

Mr. DeBaun: To show those "outs."

Mr. Preston: No receipts whatsoever.

Commissioner Gillen: Did you pay any more money?

Mr. Preston: No, that is all.

Commissioner Gillen: Is there anybody else here who paid money?

Mr. DeBaun: Are there any other men here? The carriers might know of some man here.

Commissioner Gillen: Anybody else here?

Mayor Raymond: Do you desire the presence of the other Commissioners at the hearing?

Commissioner Gillen: I think so.

Commissioner Murray: Wouldn't it be a good thing to have the other fellows come here and face each other?

Mayor Raymond: Suppose we meet next Tuesday at an earlier hour and give them a chance to be heard. It won't take long. Half-past ten, say. If that satisfies Commissioner Gillen. Of course, it is his function to hear these people himself, and it is only at his request that the other Commis-

sioners sit with him I assume he wants us to help him work it out.

Commissioner Gillen: I move you to that effect.

Commissioner Howe: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: The Commission will expect the farmers who have come here this morning and made charges, to appear here next Tuesday at half-past ten, when the city officials connected with the matter will be given a hearing also.

Mr. Henry S. DeRees, 329 Park Avenue: Your Honor, may I ask the attitude of this Commission on the beautifying between the curb and the sidewalk in the City of Newark, whether it should be ashes, grass or plain dirt? I have been told this Commission was against beautifying, and I don't believe it?

Mayor Raymond: Against what?

Mr. DeRees: Against beautifying anything between the curb and the sidewalk, that is, such as growing grass.

Mayor Raymond: I don't know of any such attitude.

Mr. DeRees: I didn't believe it.

Mayor Raymond: Mr. Costello has charge of the streets and I never heard of such a thing.

Commissioner Murray: The City takes care of those things by way of shade trees.

Mr. DeRees: They are very good, of course.

Mayor Raymond: We don't cut grass between the sidewalk and the curb.

Mr. DeRees: I think you shouldn't, but if the owners who own them want to do it, I don't think they ought to be impeded.

Mayor Raymond: What have you on your mind?

Mr. DeRees: What I have in mind

is this for the last three or four months I have a sort of a little running fight—supposed to be from the Mayor's office, which was mailed under that heading, coming from Mr. Andres' office, complaint apparently made by Mr. Amos, North Ninth Street, who lives five or six doors from me. I took this complaint into Mr. Gillen's office and Mr. Gillen wasn't in, and they said, "Why, this is spite." I took it over to Mr. Swain of the Mayor's Office and he called in Mr. Andres, and they all agreed it was spite on somebody—

Mayor Raymond: What was it all about?

Mr. DeRees: I had sticks up to protect the grass while we were growing it, and this man came down—

Mayor Raymond: Our inspectors didn't say that, did they?

Mr. DeRees. Mr. Caufield did. He has seen me a half dozen times, and I think it was either Friday or Saturday he told me, "Your get those things out of there or I am going to pull them out immediately." Now, I have gone over—

Mayor Raymond: He was planting grass and I suppose he had sticks around it.

Mr. DeRees: Sticks and this wide wire that can be seen; it is a wide ribbon half an inch wide.

Commissioner Murray: Interfered with walking on the grass.

Mayor Raymond: I don't think we have got time to have inspectors going around to bother with those things.

Mr. DeRees: I thought they ought to stop or take down 218 within four city blocks of our friend Mr. Congleton.

Mayor Raymond: I think you have a right to put up sticks to protect your grass. I don't think my inspectors will bother you any more. Will you see to that, Mr. Costello?

The Mayor directed Chief Engineer Costello to handle the situation.

Commissioner Brennan moved to adjourn.

The roll being called, the motion
was declared adopted by the following
votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

THOMAS L. RAYMOND
JOHN HOWE

CHARLES P. GILLEN
W. J. BRENNAN
JNO. F. MURRAY, JR.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk

Newark, N. J., November 22, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10.30 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.
The minutes of meeting of November 15th were read and approved.

Mayor Raymond: We have set for this morning, gentlemen, a further hearing of the matter of the market farmers, at the request of Commissioner Gillen. The Commission is now ready to proceed with the matter.

Commissioner Gillen: Where is Mr. DeBaun?

Mr. Breitkopf: I just called up and they are on their way here, Mr. Gillen. I called them ten minutes ago.

Commissioner Gillen: Are there any other farmers here?

Mr. Breitkopf: I guess they are all coming down en masse.

Commissioner Murray: 10:30 they were supposed to be here.

Mr. Breitkopf: I hold no brief for them. Here comes one of them. I guess they all must be here.

Commissioner Murray: It is ten minutes to eleven.

Mayor Raymond: Does Mr. Sherbondy want to be heard this morning?

Mr. Frederick G. Sherbondy, c/o The Biggs Boiler Works Company, Akron Ohio. I would like to address the Board with reference to your action taken last Tuesday concerning the rejection of bids that has been received on the electric welded pipe. Also, any contemplated action that you may have in mind concerning the future use of such pipe. I have a letter here on the subject, composed of about four pages, and I will be glad to read it, or leave it with you for further consideration; whichever you—

Mayor Raymond: You might leave it with me for further consideration.

Mr. Sherbondy: Well, the letter will practically cover—

Mayor Raymond: It is a departmental matter. It has not come before the Commission—I mean it has been before the Commission and settled, and now the matter is not before

the Commission because we have not brought any further resolution for advertising for bids. You may leave it here.

Mr. Sherbondy: I will be glad to leave the letter then with the Clerk, for you to give it consideration at the proper time.

Mayor Raymond: Yes, sir.

Mr. Sherbondy: Thank you.

The communication from the Biggs Boiler Works Company, Akron, Ohio, dated November 19, 1927 was received and ordered referred to Mayor Raymond.

Mayor Raymond: I see these other parties have appeared here.

Mr. Breitkopf: They are present now, Mr. Commissioner.

Mayor Raymond: Mr. Newman, whom do you appear for?

Mr. Jacob L. Newman: I represent Mr. Corbitt, and the gentlemen who are connected with the market administration.

Mayor Raymond: Who represents the farmers, anybody?

Mr. Newman: Mr. Breitkopf, I think represents them.

Mayor Raymond: Well, we want to make short work of this. The charges are very indefinite and vague.

Mr. Newman: Well, I don't know that it is necessary to take very much time with it. I don't know what Mr. Breitkopf's viewpoint is; I am here to represent these men, and they are all here and will be glad to give an account of their stewardship, if it be necessary so to do.

Mayor Raymond: Commissioner Gillen's point of view is that certain charges have been made, whether serious or not, and he feels that the employees in his department should have a right to be heard, and he would like to know about the charges so he can act upon them in his department; so I think the matter is largely in his hands, so far as our procedure here today goes.

Commissioner Gillen: I think that is the position, Mr. Mayor, Mr. Breitkopf appeared here first representing the carriers. Then he came representing the farmers, and he brought some

farmers, or alleged farmers, with him last meeting—

Mr. Breitkopf: Just a minute. I would like to interrupt here because I was not representing the farmers last week.

Commissioner Gillen: You brought them down here.

Mr. Breitkopf: Only as witnesses for me in my controversy with the Commissioner with reference to the passing of the ordinance. Their action was taken on their own initiative, and since then I have been engaged as counsel.

Commissioner Gillen: You prepared the statement for Mr. DeBaun.

Mr. Breitkopf: I did nothing of the kind.

Commissioner Gillen: You had it in your briefcase.

Mr. Breitkopf: I had a copy which was given to me by Mr. DeBaun.

Commissioner Gillen: Are there any farmers here who desire to make any statement regarding their treatment by the employes of the Farmers Market?

Mayor Raymond: Are there any person here who desire to make charges against the employes in the Farmers Market? Are there any others?

Mr. John S. Slatford, Caldwell Township, Essex County: Honorable Mayor, and gentlemen: I have been born and raised in Essex County, and farmed all my life in Essex County; sold about 90 per cent. and a little better of the produce that we have had in the Newark City Markets. I have come under the supervision of four different collectors outside of Mr. Nusbaum and the present collector, and I never had an issue forced upon me or brought to bear that I had to have a gun pulled out of a desk and shoved before me. In the spring of 1927, in April, I received a letter signed by Mr. Corbitt, stating if I was to retain my old stands or stalls in the market the same as usual—

Mayor Raymond: Have you got the letter with you?

Mr. Slatford: No, sir, I am sorry; I lost it.

Mayor Raymond: You lost it?

Mr. Slatford: It was mislaid; we

didn't think it was necessary to save it.

Mr. Newman: When was that?

Mr. Slatford: April, 1927; this spring, and we was to report at the Market Clerk's Office in the Center Market on or before April 30th. I complied with those rules and was told the situation was changed in regards to stalls being open any later than twelve o'clock and in regards to the fees being raised, and the market farmer's permit being raised. I went on the Board for May 15th and never had any arguments of any kind that I know of, and on August 2nd I came in and was out the last two trips, the Thursday and Saturday, in July. I went in on August second and paid three fees, \$4.50 to one of the Market Officers, and was told by this officer that I would have to come in later if I wanted to receive the checks—

Mr. Newman: Receipts, you mean?

Mr. Slatford: The receipts. I didn't do it, but I told this officer, a personal friend that we have know for years, and I asked him in a nice way if he would kindly bring the receipts up in the morning—I had often seen him—he said he would. And along about six o'clock in the morning I saw him and asked him if he had brought them up. He said he hadn't, but Mr. Mc-Spirit would give them to me if I would go down to the office. I went over and got something to eat and had missed my mind and went home without it. I wasn't in on August 4th, but on August 6th I came in, met Mr. Mc-Spirit out on the walk and met in the Market Plaza and never knowing we had any differences or anything—met him the same as I would meet any other friend and said "How do you do; good morning" or "good evening", and said I would be down to the office to get my tickets that I hadn't received. On the bottom of these tickets, which no doubt you are all familiar, with Mr. Gillen's and Mr. Corbitt's name on it—on the bottom of it it says, "To be retained." It doesn't say any definite time how long they should be retained, but Mr. Spiritt told me in the beginning of the year that it would be a good idea to save these tickets in case any time we were checked up that we would go to work and have

our proof with us I went in on August 6th; there wasn't anything more said, but I didn't get down until around about half-past three in the morning—between three and half-past three—and the first thing I got in the office I received a bulldozing and a great calling down which I wouldn't take from my own mother,—I got one of the best mothers that ever walked in shoe leather,—that I wouldn't take from her, and he told me I was suspended from these stands I had practically paid charges at, which these checks will show, and the majority of them will show I paid three trips for one trip in; that is for two trips and one trip in; two trips out and one trip in. I was suspended off those stands and told I couldn't go in on them anymore. I pulled in on Monday August 8th for the market on August 9th; raining very hard—and backed in on the usual stand into there, and I went down to the office to find out and one of the officers was in there, Mr. Goertz—told me he had orders not to let me pull in on those stands. I said I was satisfied to pull anywheres he told me if he would find me a place. He didn't find a place for me at the time; I was sent out from one walk to the other from different walks, to ask the different carriers if there was any room, and the only room that was left was those that was hired stands which was entitled to have those stands left open until 12 o'clock, and according to the rules and regulations of the market. Finally Mr. Goertz took me in on a stand himself—showed me where to pull, and it was on a hired stand. I went down on August 11th, and in the meantime I got back and Mr. Goertz said to me why I didn't go to work and see Mr. McSpirit and fix it up with him—said—wanted to know why I couldn't get together. I said I had no reason, that I could get together; that I had paid my fees, hadn't broke any rules or regulations that I knowed of, and I didn't see any reason why I had anything further than—to apologize for any misdemeanor I had made. In the course of the conversation Mr. McSpirit said I had insulted him by asking for the fees in the Market Plaza—or the tickets—receipts. I didn't see, as these tickets will show, which states very plainly

they should be retained—it doesn't give any definite time, or anything, and I thought we were entitled to receive them. I went down on August 11th and apologized to Mr. McSpirit for the misdemeanor that I had formed in the fact that I had asked for my receipts out in the Market Plaza. In the course of the conversation, it seemed to bring out the fact that I had come to the City Hall and tried to pull wires over his head, which I had never done. I told Mr. McSpirit that I had been a farmer for myself for 34 years; sold the majority of my produce in the Newark City Markets; had been an actual standholder for twenty-two, and that I thought I was entitled to a stand, as we had always hired our stands in the spring of the year with the exception of having them through the rush reason of August and September, which we did, knowing the market is all filled up at that time, and is kept so that we are a great many times that we are late and we can't get in the market, we have the privilege of knowing we have an open stand so we can pull there. In the course of the conversation he offered to give me a pair of stands in Walk 5. I pulled in there for three weeks that the stands were not open I was at the mercy of the different owners, and if it hadn't been for one or two of the carriers—there was no officers out there to seem to regulate things—and I was backed in on different stands. I was taken to stand for the form that I was in league with the carriers. We have another thing in there; I have been 34 years, been in the market all my life. Carriers seems to be a situation that we have always had, and have never had any trouble with outside of little petty things that don't amount to anything. They have been a great deal of protection. We haven't anybody out there to protect us at all. There is nobody has any regulations out there. I have had several over top coats—two different top coats stolen since August 6th, practically of no value, but to show that there is, we have barrels and crates and other things taken away from our wagons and nobody to look after them. After I had been run down there for about three weeks,

I was taken to task again and told I was in league with another carrier and that I didn't want to pull on these stands. I said I didn't figure I was in league with any carriers, but if these stands were left open that I would only be too willing to take them. I was told—that was on Saturday morning—I forget just the date—I was told on the following Tuesday morning that those stands would be left open. I went in on the following Monday night for the Tuesday market and there was a speculator with a large truck in there. This was about 8.30—unloaded—practically unloaded on the square; or on the walk, and Mr. Goertz came out there and told this speculator that he would have to get off, that those stands were taken. This speculator—just who he was or what he was or where he came from I couldn't say—he gave quite an argument and said he had a perfect right to stay in that market and he wasn't going to move until he had a stand. With that one of the carriers said I had a right to pull on an extra stand that had been sold out. I said I was willing to do it, but after that there was two stands kept open for me; not the stand that I had hired 52 and 54, but they were, I think, 38 and 40, or 40 and 42—I am not sure; it doesn't make any difference—and since that there hasn't been any time. We have been taken to task—I have, that I didn't get down there and pay my fees in a certain time. The fact is that up until the middle of August we never could get these receipts unless they were written out by Mr. McSpirit. If he wasn't in the office at the time we paid out fees we would always have to make an extra trip back there. We always put in a good many hours up there all night, and glad to get home, and sometimes we would miss them, and if we would have asked for them we would have been suspended, and that is the fact I was suspended on.

Mayor Raymond: What did he say to you? What reason did he give you for your suspension?

Mr. Slatford: He claimed that I had made misrepresentation of him before the farmer, claiming—by asking him for the fee. I asked him for these receipts. He claimed I was giving the

impression to the other farmers that he was grafting on the Farmers Market.

Mayor Raymond: And did he say who refused to give you receipts?

Mr. Slatford: He did refuse—

Mayor Raymond: Did he say that you said that?

Mr. Slatford: Sir?

Mayor Raymond: Did he say you refused—did he say that you told him he refused to give receipts?

Mr. Slatford: He didn't refuse to give receipts, but when I went down on August 6th to get these tickets that I had paid in on August 2nd, he seemed to feel that the fact was that the receipts was in proper collector's hands and that I shouldn't have asked for them. I thank you.

Mr. Congleton: What is your name?

Mr. Slatford: Slatford.

Mr. Congleton. Mr. Slatford, were you ever asked by any employe of the City Market for any money in addition to the regular market fees?

Mr. Slatford: Nothing, only on August 8th when Mr. Goertz said to me he wanted to know why I didn't see Mr. McSpirit and fix it up with him.

Mr. Congleton: Did he mention money?

Mr. Slatford: No, sir.

Mr. Congleton: Have you ever paid any money in addition to the regular fees to any employe of the Center Market?

Mr. Slatford: No, I have not. I refuse to do so.

Mayor Raymond: Anybody else want to be heard?

Mr. Morris Schulman, Pine Brook, Morris County.

Mayor Raymond: What do you want to say?

Mr. Schulman: I want to say that I was just pulled around in the market, all around for no reason at all—

Mayor Raymond: Have you got any charges to make against the market employes?

Mr. Schulman: Yes. I was pulled off my stand many times for no reason at all. I was standing on that first

walk for the last five years, and sometimes when I am getting in when it is busy and there is no place, I get the place between the farmers; simply give me room on their own stands; they got some extra stands, and then I go up and pay my market fee extra, and I don't see any reason in it why I should be pulled off it and I should gets the money paid anyhow when it was paid once and I paid it again.

Mr. Congleton: Have you even been asked by any City employe at the market for any money in excess of the regular fees?

Mr. Schulman: No.

Mr. Congleton: Have you ever paid any?

Mr. Schulman: No.

Mr. Congleton: Ever offered any to any employe?

Mr. Schulman: No, I don't. But I was just pulled around over the market all summer long and I never got any stand, and just without reason. I don't know why.

Mayor Raymond: Any one else want to be heard? If you haven't got any positive evidence why do you want to take out time? We are not investigating market conditions; we want to know whether there is any other basis for these charges?

Mr. Breitkopf: The allegations made last week, you don't want them renewed?

Mr. DeBaun: This fellow here would like to have an interpreter.

Mayor Raymond: What does he talk?

Mr. Breitkopf: Italian.

Mayor Raymond: Mr. Caprio, will help us out.

Mr. Joe Trungallo, Linden, New Jersey, (through Mr. Joseph Caprio, as interpreter).

Mr. Congleton: Ask this man if he ever paid any money to any of the market employes in addition to the regular market fees?

Mr. Trungallo: They wanted it but I wouldn't pay it.

Mr. Congleton: Who asked him for it?

Mr. Trungallo: The party that we used to go and pay upstairs.

Mr. Congleton: Does he know who that party is?

Mr. Trungallo: If I see him I know him.

Mr. Congleton: Tell him, to look around here and see if he sees him.

Mr. DeBaun: Walk right over there (indicating).

Mr. Congleton: Wait, Mr. DeBaun, Let him make the identification.

Mr. Trungallo: There he is (indicating).

Mr. Congleton: Touch the fellow.

(Trungallo indicates McSpiritt).

Mr. Congleton: What did he ask him for?

Mr. Trungallo: To let me stay all the time one place he wanted money.

Mr. Congleton: How much did he say.

Mr. Trungallo: \$50.

Mr. Congleton: And when was this?

Mr. Trungallo: I have all the tickets. I can tell by the tickets.

Mr. Newman: Did you give it to him?

Mr. Trungallo: No.

Mr. Congleton: What is the fee for a market stand such as you asked for, for the season?

Mr. Trungallo: All the time one dollar I used to pay.

Mr. Congleton: You say you didn't pay the money. Did you get a stand.

Mr. Trungallo: Yes.

Mr. Congleton: Now ask him to tell us just what he told him this \$50. was for?

Mr. Trungallo: He wanted the \$50. to let me stay all the time in one place.

Commissioner Gillen: For a permanent stand?

Mr. Trungallo: Yes.

Mr. Congleton: For the summer season.

Mr. Trungallo: I don't know

Mr. Newman: Ask him if that isn't the usual charge for a permanent stand?

Mr. Caprio: He doesn't know that.

Mr. Breitkopf: Will you ask the man what happened to him the day he was up in the Tower and he was

ordered out of there, or ordered to pay?

Mr. Trungallo: He took out a revolver and pointed it at me and said, "If you don't keep out of here you will get this."

Commissioner Gillen: Who did that?

Mr. Congleton: The same man?

Mr. Trungallo: The same man.

Mr. Congleton: When was that, the same time?

Mr. Trungallo: The same time.

Mr. Congleton: The same time he was asked for the \$50.

Mr. Trungallo: First he threatened me and then he pointed a revolver at me and told me to keep out.

Mr. Frank Quartier, Somerville, New Jersey.

Mr. Congleton: Were you ever asked by any of the market employes for any money in addition to the regular fees that you would pay there?

Mr. Quartier: Yes, sir.

Mr. Congleton: By whom?

Mr. Quartier: Well, the fellow that is in the Tower down there; I don't know his name.

Mr. Congleton: Do you know who he is?

Mr. Quartier: Yes, sir.

Mr. Congleton: Well, pick him out.

Mr. Quartier: Well, I don't know where he is.

Mr. Newman: He is looking us over pretty carefully.

Mr. Congleton: Officer Goertz is identified. When did this take place.

Mr. Quartier: Last May.

Mr. Congleton: What did he ask you for?

Mr. Quartier: Well, I went in there with a load of flowers and he told me I had to pay money—

Mr. Congleton: To pay more?

Mr. Quartier: He told me I had to give the money for license, see. And I asked him how much I had to give him, he said \$50. I said, "Well, I haven't got \$50." So he says, "Well", he says, "Give me a few dollars and I will give you a receipt," he says, "And that will carry you over for this year and next year," he says, "You

can get a license." So I give him \$10 and he give my brother a receipt. Two days later, or three days after he give the receipt, I was home sick, and we were there four or five days when he put my truck out of the market.

Mr. Congleton: But he did give you a receipt for the \$10?

Mr. Quartier: Yes, sir.

Mr. Congleton: Signed by an official of the market?

Mr. Quartier: Signed by himself.

Mr. Congleton: Out of a receipt book?

Mr. Quartier: No sir.

Mr. Congleton: What kind of a receipt was it?

Mr. Quartier: It was a plain piece of paper.

Mr. Congleton: Have you got it with you?

Mr. Quartier: No, I lost it, but Mr. Egan seen it.

Mr. Newman: Now let me ask you a question. This \$50. was for a license, wasn't it?

Mr. Quartier: Yes, but he told me—

Mr. Newman: One moment. That is what he asked you for, if you wanted a stand there permanently you were to pay \$50.

Mr. Quartier: Yes.

Mr. Newman: And you said you didn't have the \$50.

Mr. Quartier: Yes.

Mr. Newman: You want to make some temporary arrangement and you paid him \$10. is that right? Afterwards he gave your brother a receipt for it?

Mr. Quartier: Yes.

Mr. Newman: That is all.

Commissioner Gillen: On what date was that?

Mr. Quartier: Well, this was in May, and he had the receipt dated for September previous to that.

Commissioner Gillen: Was it May 1927—last May?

Mr. Quartier: Yes.

Commissioner Gillen: And that was the only money you paid in May?

Mr. Quartier: Yes.

Commissioner Gillen: We want to find out if the records show he paid that. You paid that money in May and got no receipt until three days later?

Mr. Quartier: No sir. And the receipt that he give me for the September previous to that.

Commissioner Gillen: Where is the receipt now?

Mr. Quartier: I mislaid it and lost it.

Mr. Congleton: How long did you go in on the stand after you paid that \$10?

Mr. Quartier: We were in there about three days when he put my truck out seven o'clock one morning.

Mr. Congleton: Is that the last time you ever went there?

Mr. Quartier: Yes, sir.

Commissioner Gillen: Why did he put your truck out?

Mr. Quartier: I don't know. He put out my truck at seven o'clock in the morning and my fee was paid until ten.

Mr. Newman: What you are complaining about is he put you out at seven when you ought to stay until ten; that is what you paid for, until ten?

Mr. Quartier: Yes.

Mr. Congleton: In addition to this \$10. did you pay any other fees?

Mr. Quartier: No, sir.

Mr. DeBaun: Are you a farmer or speculator?

Mr. Quartier: Speculator.

Mr. Murray: What is a speculator?

Mr. Congleton: Speculators are not regular farmers.

Commissioner Gillen: A speculator buys stock from the farmers who do not come in the market.

Mr. Congleton: Weren't you trying to get what they call a speculator's license there for which \$50. is charged? Isn't that what you asked for, for a speculators fees?

Mr. Quartier: Yes, sir.

Mr. Congleton: And isn't the fee \$50. for a speculator's fee, the kind of a permit that you had asked for?

Mr. Quartier: Yes.

Mr. Breitkopf: After you asked for that permit he made a deal with you, is that right?

Mr. Breitkopf: After you asked for that permit he made a deal with you, is that right?

Mr. Quartier: Yes, sir.

Mr. Breitkopf: Let you stay in there for \$10?

Mr. Quartier: Yes, sir.

Mr. Breitkopf: After you handed him \$10. he put you out, is that right?

Mr. Quartier: Yes.

Mr. Robert Kelly, 95 Baldwin Street, Newark:

Mr. Congleton: Mr. Kelly, were you ever asked by any of the market employes for any money, or anything of value in addition to the regular market fees?

Mr. Kelly: No, sir.

Mr. Congleton: Did you ever pay any to any of them?

Mr. Kelly: Yes, sir.

Mr. Congleton: Who?

Mr. Kelly: Why, one of the collectors.

Mr. Congleton: Who?

Mr. Kelly: One of the market collectors.

Mr. Congleton: Which one?

Mr. Kelly: Well, a young man right over there sitting down.

Mr. Congleton: Well, pick him out for us, (indicating Officer Goertz).

Mr. Congleton: Officer Goertz. And what did you give him money for?

Mr. Kelly: Why, I wanted to get a license out and he asked me for \$50.

Mr. Congleton: What kind of a license did you ask for?

Mr. Kelly: A speculator's license.

Mr. Congleton: That is the regular fee, \$50. isn't it?

Mr. Kelly: Yes, sir.

Mr. Congleton: Did you get it?

Mr. Kelly: No, sir.

Mr. Congleton: And you didn't pay him any money?

Mr. Kelly: \$10.

Mr. Congleton: For what?

Mr. Kelly: Why, I wanted to get a

license and he asked me for money, and I told him I got \$10. and I wanted to take a license out. He said, "Give me the \$10. while I cover you up."

Mr. Congleton: Did you go in on the market?

Mr. Kelly: Yes, sir.

Mr. Congleton: How long did you stay?

Mr. Kelly: I been there since and I am still there yet.

Mr. Congleton: You stayed the balance of the season for the balance of \$10. payment?

Mr. Kelly: Yes, sir.

Mr. Congleton: When did this take place? When was this?

Mr. Kelly: In April, I guess.

Mr. Congleton: Of this past year?

Mr. Kelly: Yes, sir.

Mr. Newman: Did he give you a receipt for the \$10?

Mr. Kelly: No, sir.

Mr. Newman: Did you ask him for a receipt?

Mr. Kelly: Yes, sir.

Mr. Newman: And he didn't give it to you?

Mr. Kelly: No, sir.

Mayor Raymond: What did you understand it was, a payment on account?

Mr. Kelly: No, sir.

Mayor Raymond: What did you think it was, a present?

Mr. Kelly: No, sir.

Mr. Newman: What did you think it was?

Mr. Kelly: Market fee--license.

Mayor Raymond: You were paying a fee to work there, is that it?

Mr. Kelly: Yes, sir.

Mr. Newman: And you did work there?

Mr. Kelly: I have been working there yet.

Mr. Newman: And you didn't get any receipt for it?

Mr. Kelly: Not as I know of.

Mr. Newman: Did you ask for one?

Mr. Kelly: Yes, sir.

Commissioner Gillen: Did you pay any further fees?

Mr. Kelly: Yes, sir; I am paying it yet.

Commissioner Gillen: You are paying fees?

Mr. Kelly: Yes, sir.

Commissioner Gillen: And you paid this in April?

Mr. Kelly: Yes, sir.

Commissioner Gillen: This \$10 in April?

Mr. Kelly: Yes, sir.

Mr. Congleton: After you paid that \$10, when did you next pay a fee?

Mr. Kelly: I have been paying it every day.

Mr. Congleton: What kind of a stand did you get?

Mr. Kelly: Why, a speculator's stand.

Mr. Congleton: And how much did you pay each day?

Mr. Kelly: A dollar a day and a dollar for the carriers.

Commissioner Gillen: A dollar for the carriers. Who do you pay the dollar for the carriers to?

Mr. Kelly: For him to carry my stuff.

Mr. Congleton: You didn't pay that to the market clerk?

Mr. Kelly: The market clerk collects one dollar.

Mr. Congleton: Did you get any receipts for these daily payments?

Mr. Kelly: No, sir.

Mr. Newman: Did you ever ask for any?

Mr. Kelly: Yes, sir.

Mr. Congleton: Did you ask for them?

Mr. Kelly: Yes, sir.

Commissioner Gillen: What did they say?

Mr. Kelly: "It is all right."

Mr. William Yehle, 127 Broad Street, Newark.

Mr. Congleton: Did you ever pay any money to any of the market employes in addition—

Mr. Yehle: Excuse us, Commissioner; we are no farmers; we are carriers.

Mr. Congleton: Did you ever pay

any money to any market employes?

Mr. Yehle: No sir; but what we would like to say is Mr. Corbitt had a party up there one day last year with all the city clerks, and everything, and give us booze, one bottle after the other, and told us if the carriers are willing to pay a little donation towards the officials that worked in the market, why, everything would be straightened out; there would be no arguments, no trouble.

Commissioner Gillen: What is your name?

Mr. Yehle: William Yehle.

Mr. Congleton: Did you pay the money?

Mr. Yehle: We didn't pay nothing; it was just a booze party working up there amongst Corbitt and a few officials, and McSpiritt himself.

Mr. Charles Lyons, Union Avenue, Murray Hill.

Commissioner Gillen: You are a farmer?

Mr. Lyons: No, sir, a carrier.

Mr. Congleton: Were you ever asked by any of the market employes for money?

Mr. Lyons: No, sir.

Mr. Congleton: Did you ever pay any of them any?

Mr. Lyons: No sir. I was in on that party, if you don't mind, the same party that Mr. Yehle is speaking about, and Mr. Corbitt last year he gave me a thousand shrubberies which he bought off one of the farmers down there and he told me to take the shrubberies and take them up on the first walk and sell them if I could. He says, "It will be a dollar for both of us." In the meantime, I took the shrubberies home and I brought them back once on a little business body "flivver" that I got, and I brought this thousand shrubberies back which Mr. Corbitt bought for \$10 a thousand, which is a cent apiece, and he told me, "You can get three or four dollars a hundred for them and we will split the profits." Well, I had no speculator's license, or no farmer's license, so he told me to bring them back, so I brought them back twice, but I didn't seem to sell any, so I took them back and heeled them in the

ground and I came back and told Mr. Corbitt about it. He said, "It is all right, we will make up for to get rid of them; if we don't, I will come and get the hedges myself." So he says, "If you fellows want to make a dollar down there, go ahead and make a dollar; don't let us deprive you of it, and we might be able to do a little business together."

Mr. Newman: Is that all?

Mr. Lyons: That is all.

Mr. DeBaun: I would like to have Mr. Lyons corroborate Mr. Yehle's statement in regards to the drinking party they had—

Mr. Lyons: Oh we had three or four drinking parties. We had them in the Tower and we had them up in Mr. Corbitt's office in the main market.

Commissioner Murray: Did you have to go to the party?

Mr. Lyons: Did I have to? I was invited to go, I was coaxed up there;— I didn't need a lot of coaxing, but I went just the same.

Mr. Congleton: You knew what was going to happen?

Mr. Lyons: I was told right there and then what it was.

Mr. Congleton: And you had to be coaxed?

Mr. Lyons: At that time I wasn't drinking so heavy. But we had it in places, and there has been plenty booze been there since.

Mr. Newman: That is a matter for Boulson, not the Commission.

Commissioner Gillen: Anybody else?

Mr. James Pinto, 306 East Union Street, Burlington, New Jersey.

Mr. Congleton: Were you ever asked by any of the market employes for money, or any other thing of value?

Mr. Pinto: No, I was never asked for money. Why, the first of the season I asked for a steady stand there, see, so they could put me on the Board. Well, I wanted a stand on the first walk and they didn't have none there, so he said, "We could fix you up on the second walk." Well, I told him I had to have plenty of room, so he says, "We will give you three stands." Well, I got my three stands, and I come in for about a month, see, and after I come in about a month,

when I would go up to pay the market fee he said, "I will have to take one stand away from you." I said, "What for?" "Well," he says, "You don't need three," he says, "you just need the two." So later on, another week later I go up again and he takes another away from me. That leaves me one. He says I told him I wasn't going to come in any more, I was going to ride the New York Market, and he would give the stand to somebody else because they had give some money, and because—

Mr. Congleton: You say, "They had give some money." How do you know that?

Mr. Pinto: Well, they told me.

Mr. Congleton: Who?

Mr. Pinto: The fellows there in the market.

Mr. Congleton: Who were the fellows?

Mr. Pinto: Well, Zipkin and Greenberg.

Mr. Congleton: Are they farmers that were in there with stuff?

Mr. Pinto: They are right next to me there.

Mr. Congleton: Did they state they got your stands because they paid market employees money?

Mr. Pinto: They said because I didn't give them nothing they took the stands away from me.

Mr. Congleton: Were you asked for anything?

Mr. Pinto: No, I wasn't asked for nothing, no. So I go up and they tell me I had to get out of that walk, they wouldn't let me in that walk any more because they said I told them I didn't want to come any more, that the market wasn't good and the stuff wasn't bringing any price, so Mr. Corbitt comes down one morning about half-past nine and he comes over to me and he says, "At ten o'clock pull out and don't pull in this walk any more," I said, "What for? I paid my fees every day." I says, "I had the steady stand all summer and I come in every day and pay my fees and I give \$50 and then they didn't give me the City's receipt, they give me one of their own receipts.

Mr. Breitkopf: Is this the receipt they gave you?

Mr. Pinto: Yes

Mr. Breitkopf: Who is that signed by?

Mr. Pinto: You read it.

Mr. Congleton: What is the date of it? What is the amount? Who has signed it?

Mr. Pinto: July 11th, 1927, made out to John Pinto, for speculator's license, 1927, John McSpiritt." Plain, ordinary receipt, and I offer it to the Commission.

Mr. Pinto: So Mr. Corbitt says, "Ten o'clock you pull out and don't pull in no more." So I waited there until ten o'clock and the fellows comes around to collect the second market fee. I offered him a dollar, see, and he wouldn't take it. So I put the dollar in my pocket, and he says, "if you ain't out by ten o'clock we will get a truck and pull you out and it will cost you expenses to get your truck back." So I waited there that day and nobody ever showed up to take the truck away, and every time I would go up there they would ask me, "Who told you to go back on that stand?" And every night I would back in I would go up to pay my fees, he told me, "Who told you to back in?" I said, "You gave me those stands. I am going to stay there." He said, "You can't pull in there; your stands belong to somebody else." He gave the stands at the first of the season and I wasn't going to pull out because I had steady customers to come there every day, and if I wasn't there and somewhere else they would look for me and I would be stuck on what I would have to sell. So I never pulled out every time they told me, and I told him, "I paid my fee, you give me the stands, and I am going to stay there."

Mr. Congleton: You did?

Mr. Pinto: I did.

Mr. Congleton: You paid your fees each day?

Mr. Pinto: Yes.

Mr. Congleton: You never got a receipt out of the City receipt book?

Mr. Pinto: What is that for the fee I paid?

Mr. Congleton: Yes.

Mr. Pinto: I got most all of them.

Mr. Newman: As a matter of fact you were told if you surrender this receipt you would get a formal receipt that had been prepared for you, weren't you? Didn't they tell you to bring back that receipt and they would give you a formal receipt?

Mr. Pinto: They told me that about a month ago.

Mr. Newman: Yes. And you never brought this receipt back. You just kept it, is that correct?

Mr. Pinto: What do you mean?

Mr. Newman: I mean you never brought this receipt back and asked for a formal receipt which had been prepared for you, did you?

Mr. Pinto: He asked me about a month ago, he says, "If you got your receipt," he says, "I will give you that other one."

Mr. Newman: You never brought it back? That is all we want to know. You just kept this receipt?

Mr. Pinto: Yes.

Mayor Raymond: That is obvious, isn't it

Commissioner Gillen: You gave that receipt to somebody, didn't you, some months ago? Didn't you give the receipt to Mr. Breitkopf, a lawyer?

Mr. Pinto: Yes.

Commissioner Gillen: How many months ago?

Mr. Pinto: Oh, it ain't been long; about a month and a half.

Commissioner Gillen: Two or three months ago?

Mr. Pinto: No, it isn't that long.

Commissioner Gillen: Does the record in the book there show that the \$50. was received?

Mr. Newman: Yes, the record in here shows it was received and turned over to the proper authorities and went to the credit of the City.

Mr. Breitkopf: Nothing in that book will show that fact.

Mr. Newman: What do you mean?

Mr. Breitkopf: Receipt of the money.

Mr. Newman: The stub shows.

Commissioner Gillen: And the audit of his accounts shows the money was received.

Mr. Newman: Here it is—"Pinto".

Mayor Raymond: Where did you say you come from, Burlington?

Mr. Pinto: Burlington.

Mr. Newman: There isn't any question about it going into the City Treasury?

Commissioner Gillen: We will check up all these accounts to determine whether they went into the City Treasury.

Mr. DeBaun: I would just like to add a word, and I have one or two speakers. I would like to say that these plain station receipts were very prevalent the first part of the season and up until about the middle of August when the fireworks commenced to get so hot, and I myself saw McSpiritt copying in this book, one after the other—I saw him copy two then he laid the book aside, out of the fake stub book?

Mr. Congleton: What do you mean, "fake stub books?"

Mr. DeBaun: I mean these plain receipts.

Mr. Congleton: You mean this book is a fake stub book?

Mr. DeBaun: No, simply little stubs on the end of these receipts. He was copying from the stationery receipt book.

Commissioner Gillen: You put those receipts right down there.

Mr. DeBaun: The lawyer has got the receipts; they belong to the lawyer.

Mr. Newman: You are making charges—

Mr. DeBaun: I am not making charges—

Mayor Raymond: You can't make the expression "fake stub books" here. State what you can. We will decide whether they are fake receipt books.

Mr. DeBaun: Plain stationery stub books. I saw McSpiritt copy several of those into the City books after the fire had got real warm, and I will say—

Commissioner Gillen: When was that? What time?

Mr. DeBaun: That was around the middle of August. There was a great deal of excitement down there and there has been—

Commissioner Gillen: When was this large book in operation?

Mr. Newman: You say it was in August?

Mr. DeBaun: About the middle of August.

Mr. Newman: This was in operation the 20th day of July, 1927.

Mr. DeBaun: They have been constantly covering up their tracks when the fire got pretty warm.

Mayor Raymond: You are a quite a poet, but not much of a witness.

Mr. DeBaun: All right; I had never met Mr. Corbitt until about the middle of the summer; I had never seen him in the Farmer's Market. Since then I have seen him half a dozen times. He has been out there, he knows that there is trouble. I would like to ask Mr. Preston to step forward.

Mr. Howard Preston, Wickatunk, N. J.

Mayor Raymond: You were here last time?

Mr. Preston: Yes, sir.

Mr. Congleton: Anything you want to say in addition to what you said last week?

Mr. Preston: Nothing more than what I have said.

Mr. Congleton: We have got your testimony here.

Mr. Mayor, and Gentlemen of the Commission: These are, to my mind, rather serious charges, and it is possible from the records to check up and see whether or not this so-called stationery receipt book is a fake book, by examining the records in the Auditor's Office to see whether or not the money was turned into the City at or about the time those stubs were made out. I think in fairness to these men that they ought not to be called upon just at this minute to testify with respect to this. We should have an opportunity to check up the stubs to see if the money was turned in at or about the time the money was received and the receipts given, and my suggestion is that we continue the hearing until a further date after we have had an opportunity to properly prepare to examine this man against whom these charges are made.

Mr. Breitkopf: I might say to you,

Mr. Corporation Counsel, that these receipts were submitted to Director Gillen some weeks ago.

Commissioner Gillen: Three receipts.

Mr. Breitkopf: Four receipts.

Mr. Congleton: I don't care how many, but there is a book there of a good many receipts.

Commissioner Gillen: And I checked them up and found the money had been paid in the City Treasury. Leave the rest of them there.

Mr. Breitkopf: I am going to give you the names of two others—

Commissioner Gillen: Why not leave them all there. Nobody will run away with them. Leave them all there.

Mr. Breitkopf. There is a receipt July 5th, 1927, \$50., speculator's use, year 1927, to John Whitcomb, signed by McSpirtt.

Mayor Raymond: What about the legal procedure under the statute? Have we any legal power to investigate this matter and act upon it as the Commission?

Mr. Congleton: You have a right to investigate with the idea of seeing whether or not the matter is of such a nature that formal charges should be preferred against these people, when witnesses will be called, and this is now for the purpose, as I say of investigating to see whether there is enough in this matter to formulate formal charges.

Mayor Raymond: In which event Commissioner Gillen—

Mr. Congleton: In which event Commissioner Gillen would have to sit as the trial official under the decisions in this state.

Mayor Raymond: Haven't we heard enough to put someone on his defensive?

Mr. Congleton: That is a question for you gentlemen.

Mayor Raymond: Why do we go forward with any such testimony on which no action can be taken later? If we have no power to act in the matter, why do we go further? I mean we now have assisted Commissioner Gillen, at his request, to see whether there was any evidence which he

could use as the basis of charges against these employees.

Commissioner Murray: Suppose it be admitted these receipts were given, the only question is whether the money was turned in or not.

Mayor Raymond: That would be easy for him to determine on a hearing of his own.

Commissioner Gillen: I think, Mr. Mayor, you should hear a word from the accused men.

George Henry Goertz, called.

Mr. Congleton: What is your full name?

Mr. Goertz: George Henry Goertz.

Mr. Congleton: How long have you been connected with the market?

Mr. Goertz: Nine years.

Mr. Congleton: In what capacity do you act?

Mr. Goertz: Why, I treat people that come up in that Tower with courtesy—

Mr. Congleton: I know that; how do you act? Are you—what is your official position?

Mr. Goertz: Officer.

Mr. Congleton: Do you have occasion, in connection with your business to collect fees?

Mr. Goertz: Yes, sir.

Mr. Congleton: Did you ever collect any fees that were not turned over to the City of Newark?

Mr. Goertz: Never.

Mr. Congleton: Did you ever offer for a consideration to let anybody have a stand, or accept money for giving him more than he was entitled to?

Mr. Goertz: No, sir.

Mr. Congleton: We have had produced here some paper receipts. Why were they issued, do you know?

Mr. Breitkopf: I object; he didn't sign them.

Mr. Congleton: Those paper receipts showing payment of \$50.

Mr. Goertz: That was for a speculator's license.

Mr. Congleton: Is that the usual charge?

Mr. Goertz: Yes, sir.

Mr. Congleton: Do you know why

those kind of receipts were given instead of these formal receipts?

Mr. Goertz: Yes, sir.

Mr. Congleton: Why was that?

Mr. Goertz: The clerk was absent at the time; he may be inside the building, or somewhere else, and I gave this temporary receipt out until that clerk returned to give him this receipt.

Mr. Congleton: To give the formal receipt?

Mr. Goertz: That is the idea.

Mr. Congleton: When was this receipt book printed, do you remember that?

Mr. Goertz: Why, I can't just recall the exact date.

Mr. Congleton: Do you know of your own knowledge whether the sum paid by Mr. Pinto of \$50. was turned over to the City Treasurer?

Mr. Goertz: Yes, sir, I think so.

Mr. Congleton: Will you tell me whether the amount paid by Max Zaller, was that turned over to the City?

Mr. Goertz: Yes, sr, I think it was

Mr. Breitkopf: Show me where there is a record of it?

Mr. Congleton: Will you let me examine him?

Mayor Raymond: When he gets through you can ask him questions?

Mr. Congleton: Do you know whether this amount of Mr. Whitcomb went to the City Treasury?

Mr. Goertz: That end of it, I turn my money over to McSpirtt and Mr. Corbitt and they take care of this money, turning the money over to the City.

Mr. Congleton: Now, I think someone testified—I don't know whether it was Office Goertz—did you receive \$10. for giving him permission to have a stand there?

Mr. Goertz: No, sir, I received payments or the speculator's license and never received money outside of that.

Mr. Congleton: Nothing outside of that?

Mr. Goertz: No, sir.

Commissioner Gillen: What was done with that money, Mr. Goertz?

Mr Goertz Turned over to Mr McSpiritt, and I believe he turned it to Mr. Corbitt.

Commissioner Gillen: The usual procedure?

Mr. Goertz: That receipt and numbers and so forth of whoever it may have been.

Commissioner Howe: But the man says he never got a receipt for the \$10. did he not, Mr. Newman?

Mr. Congleton: I don't know about that.

Commissioner Gillen: Did you ever take any money without giving any receipt?

Mr. Goertz: No, sir, I always gave a receipt out for every penny I collected in that market.

Mr. Congleton: That is all.

Mr. Breitkopf: You show me any record of having turned over the sum of \$50 collected from MaxZaller?

Mr. Goertz: Who did he pay that to, me or McSpiritt?

Mr. Breitkopf: John McSpiritt.

Mr. Goertz: Then I don't know anything about it.

Mr. Breitkopf: You don't know anything about those receipts?

Mr. Goertz: Not about that one.

Mr. Breitkopf: Do you know anything about this one?

Mr. Goertz: What is his name. Whitcomb? McSpiritt could tell you about that, I believe.

Mr. Newman: Here i is right here. It is all in the stubs.

Mayor Raymond: You showed him a bunch of papers and ask him if he knew anything about them and you didn't then show them to him.

Mr. Breitkopf: He tesifies about receipts. I don't know anything about that. I showed them to him and he said he didn't give them to him.

Commissioner Gillen: H. didn't give out the receipts that ar signed by Mr. McSpiritt.

Mr. John J. McSpiritt, called:

Mr. Newman: Mr. McSpiritt, what is your position in the market?

Mr. McSpiritt: Why, acting as collector.

Mr Newman How long have you been in that position?

Mr. McSpiritt: Since May first.

Mr. Newman: Did you ever, in the performance of your duty, receive any money for doing any favors or agreeing to give anyone any stands or any special privileges in the market?

Mr. McSpiritt: No, sir.

Mr. Newman: All the money that you received in the way of fees for market purposes, what did you do with it?

Mr. McSpiritt: Turned them into the City.

Mr. Newman: Did you retain any at all for yourself or anyone else?

Mr. McSpiritt: No, sir.

Mr. Newman: Now, Mr. McSpiritt, there has been some testimony here by—I think it was Pinto—that you agreed with him when he couldn't pay \$50. for a speculator's license, to let him remain there at the rate of \$10?

Mr. McSpiritt: No, Pinto paid by check.

Mr. Newman: What did he pay?

Mr. McSpiritt: \$50. It was made payable to the City of Newark.

Mr. Newman: And did he get a formal receipt for it.

Mr. McSpiritt: No, sir, he did not.

Mr. Newman: Why was it he didn't get a formal receipt for it?

Mr. McSpiritt: Why, as I understood, Mr. Breitkopf wanted to hold that receipt over my head as a club for the Comimssioners so they would block this resolution to regulate carriers.

Mr. Newman: If he had surrendered this informal receipt would he have received a formal receipt?

Mr. McSpiritt: Yes, It is right in here. His receipt is waiting.

Mr. Newman: And if he had surrendered this informal receipt you would have given him this formal receipt?

Mr. McSpiritt: Yes, sir, as soon as I could get back my personal receipt.

Mr. Newman: Was that so in regard to Kaufman also, No. 19?

Mr. McSpiritt: Yes, sir.

Mr. Newman: Why was it those

informal receipts were given out at that time?

Mr. McSpirtt: At the time the informal receipts were given out due to the fact that this book of certificates did not come over in time from the printers.

Mr. Newman: And were all these moneys that were given for speculator's licenses turned into the City?

Mr. McSpirtt: Why, some of them I deposited with Mr. Reilly, which is accountant in the market; others were deposited by Mr. Corbitt.

Mr. Newman: Now, let me see, does that apply to all those informal receipts there? Just let me see what they are—who their names are? Do you remember this one—Max Zaller?

Mr. McSpirtt: Yes, sir.

Mr. Newman: Where is his formal receipt?

(Mr. McSpirtt indicates).

Mr. Newman: There it is. He got his formal receipt, did he, then?

Mr. McSpirtt: No, sir, it is in the office.

Mr. Newman: Was that money turned over to the City?

Mr. McSpirtt: Yes, sir.

Mr. Newman: How about Whitcomb?

Mr. McSpirtt: He is one of the first ones that paid. There he is. (Indicates).

Mr. Newman: There is his formal receipt. Was that money turned into the City?

Mr. McSpirtt: Yes, sir.

Mr. Newman: How about I. Kaufman, July 7th?

Mr. McSpirtt: I: Kaufman is No. 19. This is waiting.

Mr. Newman: This formal receipt is waiting for him?

Mr. McSpirtt: Yes, sir.

Mr. Newman: Pinto, you have shown us.

Mr. McSpirtt: Yes, sir, Pinto is right here.

Mr. Newman: Was that money turned into the City?

Mr. McSpirtt: There is the receipt for it right there.

Mr. Newman: He has the formal receipt?

Mr. Breitkopf: For what?

Mr. McSpirtt: Here is my receipt for the deposit to the City.

Mr. Newman: This was turned over to the City and you have a receipt from a Mr. Reilly showing the payment?

Mr. McSpirtt: Yes, sir; he is the accountant.

Mr. Newman: So that all these \$50. items, formal receipts were issued and ready for them, and the money was turned over to the proper City authorities?

Mr. McSpirtt: Yes, sir.

Mr. Breitkopf: Now, Mr. McSpirtt, you never gave these receipts to these men—that is, the formal receipts?

Mr. McSpirtt: No, I wouldn't until I got my personal receipt back; absolutely no.

Mr. Breitkopf: These were made out in July, is that right?

Mr. McSpirtt: July, some of them. I didn't look at the date.

Mr. Breitkopf: And when did you offer to give these men the formal receipts?

Mr. McSpirtt: Why, different times I spoke in fact, I spoke to Pinto—well, I should judge about 8 or 9 times. I knew that you had possession of this receipt and Kaufman's.

Mr. Breitkopf: And it wasn't until after I got them that you wanted to give them one of those, is that right? It wasn't until after I got those receipts and showed them to Commissioner Gillen that you wanted them back?

Mr. McSpirtt: I asked them previous to that to turn them into me. He said they were home and he couldn't find them and the next thing I heard you were waving them around the City Hall.

Mr. Breitkopf: Before the Commissioner, you mean?

Mr. McSpirtt: Well—

Mr. Breitkopf: Now, what is your official designation in the market?

Mr. McSpirtt: Why, I am collecting the fees.

Mr. Breitkopf: Was that your designation when you were hired there, or watchman?

Mr. McSpirratt: Policeman.

Mr. Breitkopf: You were a policeman?

Mr. McSpirratt: Yes, sir.

Mr. Breitkopf: Now you are a collector over there?

Mr. McSpirratt: I am acting as collector.

Mr. Breitkopf: Do you know this old Italian fellow that pointed you out a few minutes ago?

Mr. McSpirratt: Let him step up.

Mr. Breitkopf: Do you know him?

Mr. McSpirratt: I know him very well, yes, sir.

Mr. Breitkopf: You heard his testimony here?

Mr. McSpirratt: Yes.

Mr. Breitkopf: Did you or did you not ask him for money in order to get a permanent stand in that market?

Mr. McSpirratt: I did not.

Mr. Breitkopf: You never did?

Mr. McSpirratt: Absolutely not.

Mr. Breitkopf: Did you wave a gun at him?

Mr. McSpirratt: Well, I don't think I would need a gun for him.

Mr. Breitkopf: The question is did you or did you not?

Mr. McSpirratt: No, sir.

Mr. Breitkopf: You didn't draw a gun on him or—

Mr. McSpirratt: Nor anybody else.

Mr. Breitkopf: Didn't back him downstairs?

Mr. McSpirratt: Nor anybody else.

Commissioner Brennan: For the matter of the record—you are a market policeman, are you not?

Mr. McSpirratt: Yes, sir.

Mr. Newman: Let me ask you one other question. As you received this money in this informal way a July, and issued these informal receipts, you immediately turned it over to Mr. Reilly, the representative of the City and got his formal receipt for it, didn't you?

Mr. McSpirratt: Yes, sir.

Mr. Newman: And these are the

receipts? That shows payment on July 23rd to the City for Pinto, does it not?

Mr. McSpirratt: Yes, sir.

Mr. Newman: And also for Kaufman on July 7th, 1927. That is about the time the receipt is dated, is it not?

Mr. McSpirratt: The same, yes, sir.

Mr. Breitkopf: Show me any place in your records where you turned money over to Mr. Reilly, or to Mr. Corbitt, showing the payment to the City for speculator's license of Max Zaller, July 26th? Never mind the book; show it to me where you turned it over to them?

Mr. McSpirratt: That is in the office here.

Mr. Breitkopf: You have a record of everybody else here.

Commissioner Gillen: It is in the book.

Mayor Raymond: You say, "Show it to me," and then you don't want him to look at it.

Mr. Breitkopf: I want to show it on the record that was turned in here by the gentleman, showing the moneys they turned over to the Commission—over to the City Market. It doesn't show on these papers.

Commissioner Howe: What is the number of the receipt?

Mr. McSpirratt: Here is the slip here.

Mr. Congleton: The question is: did the money find its way into the City Treasury?

Mayor Raymond: What is he talking about.

Mr. Breitkopf: I don't want to see that book?

Commissioner Gillen: What is that book?

Mr. McSpirratt: Book of certificates—City book of certificates.

Commissioner Gillen: That is the record of receipts?

Mr. McSpirratt: Yes, sir.

Mr. Breitkopf: These are the receipts which went up to the City Auditor who has charge of the money.

Mayor Raymond: You say it isn't shown on that?

Mr. Breitkopf: Yes, sir, that is the

receipt for every payment to the Market. Now, show me on these receipts where you made any payment for that money?

Mayor Raymond: It doesn't appear there, does it?

Mr. Newman: No, because this is only July 27th and July 7th.

Mr. Breitkopf: This is July 26th.

Mr. Newman: 23rd and 7th, and that is July 27th, I think.

Mr. McSpirtt: Produce dealers 1 to 47 turned in in the month of July, with Reilly's signature.

Mr. Newman: Here is the receipt showing the total amount paid, 1 to 47, and his receipt number is 43, showing payment to the City of \$2350.

Mayor Raymond: Who is that receipt by?

Mr. Newman: By Mr. Reilly, some attache up there.

Commissioner Howe: The record shows from 1 to 47 has been paid. What number is that?

Mr. McSpirtt: 43.

Commissioner Howe: That includes it?

Mr. McSpirtt: I to 47 inclusive.

Mayor Raymond: What date is that?

Commissioner Howe: It doesn't give the date; it just shows July 27th.

Mr. Congleton: This record shows at the end of July he received into the City Treasury the amount of money covering receipts 1 to 47, and this one, 43, which is talked about, was received into the City Treasury by the City Treasurer, by August 1st.

Mr. Newman: There are a lot of other men in the market, but I don't think they are necessary to meet this question at this time. I don't think there has been anything proven against these men.

Mayor Raymond: Commissioner Gillen, what is your desire in the matter? Do you think there is any evidence left now that you want to base charges on?

Mr. Newman: It seems to me, Mr. Commissioner, with all due respect for this body, there is not a bit of legal evidence of any kind or character that you can lay your hand on that reflects

in any way upon these men, and there seems to be some friction, as there is in all bodies, and they don't like some things that the market policemen do, and that sums it up; there is no evidence here that reflects on any one, and I think these proceedings should be dismissed. I do not think men should be called upon to answer charges on such a flimsy character of evidence as is here produced. It appears here that the main charge was on getting this money; it appears here they issued formal receipts therefor and the money went into the City Treasurer. Now, what is the complaint? If some one told the clerk he wanted three stands and was told that he could only have one stand, or the carrier didn't like some one because he said this or he said the other thing. Now, I do not think there is any legal evidence that ought to take up the time of you busy gentlemen to investigate any further, and I think these proceedings should be dismissed. That is the way I feel about it.

Mr. Breitkopf: I might say this: I am interested in this matter in this way, gentlemen: I represent a body of men who bring produce into the City of Newark for the purpose of selling—

Commissioner Gillen: You represent the farmers now, do you?

Mr. Breitkopf: Yes, I do.

Commissioner Gillen: You told me you didn't represent them a short time ago.

Mr. Breitkopf: I beg your pardon.

Commissioner Gillen: I want to get the record straight?

Mr. Breitkopf: I told you I didn't represent them on their first appearance last week, but since then I have been retained by them. I might say this: These gentlemen are all disinterested; they have no interest in this proceeding except to see that a square deal is given to the men who come into the City of Newark. They are not here to tell their story for any other reason, they are not going to benefit in any way except to better conditions, and the people produced by Mr. Newman are interested, they are interested parties; they are the parties against whom the charges are being made.

There is no question about the testimony of Preston, there was no question about his testimony that he was taken for money, as he said, "shook down"; no question about it. He says he paid \$10. for money that he should have paid \$27, and that money was told everything was all right, and then he paid an extra \$5. a piece to each one of those men to be allowed to have that stand.

Commissioner Gillen: Wait a minute.

Mr. Breitkopf: He laid \$5 on the table before each one of those men.

Commissioner Murray: He didn't say that; he just said he laid two \$5. bills on the table.

Mr. Breitkopf: That is my understanding of the testimony given. There was another gentleman that said he was taken for \$10.; his testimony is clear; there is nothing vague about that; there is nothing vague about the rousting around that those men got in the market, being jumped from stand to stand. Do you think Mr. Slatford came down here to perjure himself? He told exactly what the situation was, and because he wouldn't come through he was roused around the market. Some action should be taken on the conditions over there, and I think the Commissioner who has charge of that branch of the City, should go into that work thoroughly and root out the men who are responsible for the conditions there.

Commissioner Gillen: Mr. Mayor, I think that the charges have been made, particularly against two of the employees, Mr. McSpiritt and Mr. Goertz, and I believe the matter should be referred to me and I will try them on these charges and regard them as formal charges. But so far as the general scheme in all these statements made here today, I believe that they are manufactured—part of a scheme to prevent certain regulations of the market. If there are dishonest employees in the market it is up to us to get rid of them. We won't have them there long if you can prove they are dishonest, but if they are all right and they are trying to protect the market and they are running it to the best advantage of the City, then they

ought to be protected. But in any event, the charges ought to be heard?

Commissioner Brennan: I move you, Mr. Mayor, that this matter be referred to Director Gillen.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe: Mr. Mayor, I would suggest, so there would be no opportunity for any of this money to stick to anybody's fingers, not saying that any of it has,—that in the future no temporary receipt be given; nothing but a city receipt.

Commissioner Gillen: That was because the book was absent.

Commissioner Howe: Why should the book be absent?

Commissioner Gillen: It was a new system that was installed.

Mayor Raymond: Does any person desire to be heard?

Mr. John A. Matthews presented a petition containing a few facts on the Newark radio situation concerning the plight of Newark broadcasting stations.

The petition was ordered filed.

Mr. John A. Matthews, Essex Building, City: Mr. Mayor, I would like to address you as a citizen; not as a lawyer. I appear here as a citizen and as a radio enthusiast, on behalf of Station WGCP, in order to see whether I might interest our Commission to memorialize the Radio Commission at Washington, to give us a fairer break under the rulings that they have made. By the ruling of the Radio Commission Station WGCP, and indeed, her sister stations WAAM and WNJ, have been reduced to a wattage power, in wave length and in other facilities of audition, so as to render the station virtually worthless from a radio standpoint. Now, WGCP is the oldest station in the City of Newark, and the third oldest station in the Metropolitan area. It did not jump its wave length when radio regulation broke down and when they found the Secretary did not have charge of radio matters. Moreover, it has been a public spirited station from its very inception. At this very

moment, for instance, its studio is crowded with toys that are being contributed by citizens for the welfare of orphans at Christmas time, regardless of denomination, and this is not done in purview of this petition to you; it was done last year. Every denomination has had the service of this station. Your Doctor Craster from the Health Department has broadcast out from it. It is willing to have you, if you wish, adopt it as your own station; that is, you may have its services whenever you want it, prior to the contracts that have been entered into with manufacturers and so forth. Not to take more of your time, this is the situation: Newark, by the ruling of the Radio Commission has absolutely no local station. WJZ and other New York stations all have their antennae in our backyard, and as a result of that, the Newark stations have to suffer. Now, I am not the lawyer for the station---have not been and am not. There is another attorney for them. But as a citizen of Newark, interested and knowing what WGCP has done, it does seem to me that you gentlemen might perhaps assist us to this extent, that you might pass a resolution memorializing the Federal Radio Commission at Washington, Senator Edge, Senator Edwards, Congressmen, and so forth, to intercede in our behalf in order that Newark might have its radio facilities. The future of Newark demands we have it, and I dare say if any necessity arose for its use, the station would meet it. I thank you.

Mayor Raymond: Have you prepared a resolution for us?

Mr. Matthews: No, I did not.

Mayor Raymond: If you prepare a resolution we will pass it unanimously.

Mr. Matthews: I will do that before I leave the Hall with Mr. Egan's co-operation, and with his stenographer.

Mayor Raymond: I am sure the Commission will be very much interested in it.

The City Clerk presented an ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet, and stated that today was the time fixed for hearing on the same.

Mayor Raymond: I would like to lay this over for two weeks.

Mr. Hurley: We had a complete understanding last week, but that understanding has fallen through to some extent, and Mr. Newman and I have to have you to adjourn it.

Mayor Raymond: I have never been a party to that understanding, but I want to lay it over two weeks.

Commissioner Brennan: I move that the ordinance be laid over to December 6th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the grading and paving of Avenue I from Backus Street to Delancy Street with old granite block pavement on a cinder foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person wish to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading and paving of Avenue I from Backus Street to Delancy Street with old granite block pavement on a cinder foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

Board of Adjustment
City Hall

Newark, N. J., November 17, 1927.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

The Board of Adjustment has considered application of Harrison R. Van Dine, agent for Dr. William R. Ward, to amend the Building Zone Ordinance as to permit apartment houses Chancellor Avenue between Berger Street and Clinton Place, which application was referred by your Honorable body for recommendation and report.

The Board of Adjustment respectfully commends that the said ordinance be amended so as to include Chancellor Avenue between Van Velsor Place and the Irvington line in the 50-foot height district and the "B" area district.

Respectfully submitted,

The Board of Adjustment,
R. B. Rankin, Secretary.
Entered filed.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, do ordain

Section 1. That an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings, designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by changing the "B Area District" and the "50 ft Height District", so as to include the area described as follows:

Bounded on the south by a line 100 feet south of and parallel to Chancellor Avenue on the east by the Irvington line; on the north by a line 100 feet north of and parallel to Chancellor Avenue; and the east by the westerly line of Van Velsor Place;

and that the Area District Map and the Height District Map which accompany said ordinance to which is added is an amendment, be and the same are hereby changed so as to include the area above described.

The following communication was received and read:

Board of Adjustment, City Hall,

Newark, N. J., November 17, 1927.

The Board of Commissioners of
The City of Newark.

Honorable Sirs:

The Board of Adjustment has considered the application of Green and Green to amend the Building Zone Ordinance so as to permit the erection of business buildings on 13th Avenue opposite the Essex County Hall of Records, which application was referred to your Honorable Body for recommendation and report.

The Board of Adjustment respectfully recommends that the ordinance be amended so as to include within the business district that portion of the 13th Avenue between High Street and Boston Street. This change would place 13th Avenue in the business district as far west as Bergen Street.

The Board also recommends that Nelson Place be changed from a residence to a business district at the same time.

Respectfully submitted,

The Board of Adjustment

R. B. Rankin,
Secretary.

On motion the communication was ordered referred to the Law Department to prepare the necessary ordinance.

A communication dated November 21, 1927, from James M. Prendergast, Secretary of the Committee in charge of benefit to be given for the benefit of St. John's Orphanage, which was recently destroyed by fire, inviting the Commissioners to attend a benefit to be given at Proctor's Treatre, Thursday morning, November 24th, was re-

ceived, read, accepted with thanks and as many of the Commissioners as possible attend.

The following communication was received and read:

U. S. Engineer Office,
Second District,
New York, N. Y.,

Nov. 16, 1927.

Notice of Public Hearing.

The application of the Port of New York Authority for construction of a bridge across Kill von Kull between Bayonne, N. J., and Port Richmond, N. Y., will be considered at a public hearing on the subject, to be held by the undersigned at the Assembly Room, 2nd floor, Army Bldg., 39 Whitehall St., N. Y. City, N. Y., at 10:30 A. M., November 30, 1927.

All interested parties are invited to be present or to be represented at the above time and place, particularly navigation interests and the officials of any county, city, town, or local associations whose interests may be affected by the construction of the proposed work. They will be given an opportunity to express their views upon the suitability of the location and the adequacy of the plans in reference to navigation, and to suggest changes considered desirable in the interest of navigation.

Oral statements will be heard, but for accuracy of records all important facts and arguments should be submitted in writing, as the records of the hearing will be forwarded for consideration by the War Dept. Written statements may be handed to the undersigned at the hearing, or mailed to him beforehand.

The plans submitted by the applicants show single span bridge across Kill von Kull having a navigable opening of 1000 feet between points of 135' clearance above mean high water.

J. A. WOODRUFF,
Colonel, Corps of Engineers,
District Engineer.

Ordered referred to Mayor Raymond.

Mayor Raymond offered the following resolution:

WHEREAS, by ruling of the Federal Radio Commission the facilities of WGCP, one of the pioneer radio broadcasting stations of the metropolitan area, has been virtually deprived of its radio facilities in that its power, wave-length and time have been so cut as to virtually destroy the usefulness of the station; and

WHEREAS, the service of WGCP to the citizenry of Newark and to many of its worthy civic causes have been frequently noted by us; therefore be it

RESOLVED, that we, the Board of Commissioners of the City of Newark, N. J., do hereby respectfully protest against this ruling affecting WGCP and earnestly request and desire that the Federal Radio Commission modify its rulings to such extent that this station may be allowed to continue the efficient and serviceable work that it has been engaged in; and be it **further**

RESOLVED, that a copy of this resolution be sent to the Federal Radio Commission at Washington, D. C.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance providing for the regulation of vehicular traffic and parking of vehicles on Halsey Street, in the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any person desire to be heard on this ordinance?

Mr. Max L. Tannenbaum, Secretary, Halsey Street Association: Mr. Mayor and Commissioners, The Halsey Street Association at a meeting unanimously decided that they are in favor of the half-hour parking on Halsey Street, but they are not in favor of turning down on Branford Place—it isn't two-way traffic on Market Street, and avoid a lot of extra turns for anybody traveling east to go to the eastern part of the city. If we have the traffic two-way only to Branford Place we have got to turn down Branford Place, turn into Broad, turn into Mechanic, then in Mulberry and then into Market. Or you turn into Branford Place, into Broad, down Clinton Street into Mulberry and then Market. Five turns instead of one, which will not only make it hard to get around—

Commissioner Brennan: You have Washington Street.

Mr. Tannenbaum: And Washington Street you have three turns, and human nature doesn't go backwards. They would travel west and then east. We find they will go east; they will turn down Branford Place and make five turns instead of one, which is the only thing we object to, is Branford Place instead of Market Street. The half-hour parking we are very much in favor of.

Mayor Raymond: Any other person desire to be heard? Do you want to make a statement, Commissioner Brennan?

Commissioner Brennan: I am informed the principal reason for making Halsey Street a one-way street in the original ordinance was because of congestion at Market and Halsey. The

man in charge of traffic say it is impossible to run two-way traffic to Market Street and be able to clear Broad and Market, because of the narrowness of the street at that particular point, and the amount of pedestrian traffic you have to contend with occasioned because of the department store on the other side.

Mayor Raymond: I understand that was the settled policy of the City, that they would not make it two-way in that block.

Mr. Tannenbaum: Two-way north of Market Street we didn't ask for.

Mayor Raymond: Branford Place was the place named last time; everybody was here and it seemed to be satisfactory to everybody. This is the first I heard of this.

Commissioner Howe: Halsey Street is only thirty feet wide there at Market.

Mayor Raymond: You can not go north of Branford Place; we didn't widen it there.

Commissioner Brennan: You will have those big buses there, and it is absolutely impossible.

Mayor Raymond: I think we will have to put the ordinance through as it is. The Commission is of one mind on the matter.

Mr. Tannenbaum: We have others of the Association, but the attitude is the same as I am expressing for them.

Mayor Raymond: We have always tried to co-operate with the Association, and have great regard for them, and try to do what they like, but I don't see how we can.

Mr. Tannenbaum: It will make the traffic worse with five turns instead of one turn.

Mayor Raymond: It was not understood in the beginning when we widened that street that it was to be two-way north of Branford Place, or we would have widened it there.

Mr. Tannenbaum: We never asked to have it widened there because the street there has got parking on one side of the street only, which gives us more room.

Mayor Raymond: That is a matter of regulation; you can change parking.

Mr. Tannenbaum: There is more room there, in fact, than the other part of the street.

Mayor Raymond: Well, Commissioner Brennan has charge of Public Safety and he knows what he wants to do. His opinion is that we can not have two-way traffic at that point, is it not, Commissioner Brennan?

Commissioner Brennan: That is the opinion expressed by the men in charge of traffic.

Mayor Raymond: That is the police view of it?

Commissioner Brennan: As I previously said, the principal reason for making Halsey Street a one-way street originally was that the traffic backs up and ties up Broad and Market.

Mr. Tannenbaum: If that is the thing, we want to go on record as against that and we will ask for that later.

Mayor Raymond: Well, we may be able to widen it some day. In the meantime, let us move the hearing closed.

No one else appearing, Commissioner Brennan moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the regulation and control of vehicular traffic and parking of vehicles on Halsey Street, in the City of Newark.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The following communication was received, and read:

William R. Ward, M. D.
112 Chancellor Ave.
Newark, N. J.

My dear Mr. Raymond:

I am confined to my bed with illness and will be unable to be present at the hearing relative to changing a portion of Chancellor Avenue from a residence zone to an apartment zone.

If there is any question in the minds of the Commissioners as to the advisability of this change, may I most respectfully request that I be given the privilege of appearing personally before them.

I desire to assure you that I am most vitally interested in the welfare of this community, not only because of financial interests, but also because of the fact that I have lived here all my life and have a most vital personal interest in its future development.

William R. Ward,
JPW.

November 29, 1927.

Ordered filed.

The following petition was received and read:

We, the undersigned, owners and residents of property set opposite our respective names, protest against an ordinance requested by one Dr. Ward for the erection of apartment houses on Chancellor Avenue.

(Signed by Twenty-nine)

Ordered filed.

The City Clerk presented An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open

spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, and stated that today was the time fixed for hearing on the same. (Chancellor Avenue).

The Board then entered upon said hearing.

Mayor Raymond: Does any person wish to be heard on this ordinance?

Mr. William Hamilton Osborne, Kinney Building, Newark: If the Commission please, I move for an adjournment of this hearing for two weeks. I represent Dr. Ward, and Dr. Ward has sent in a letter to the Mayor which has been read. Now, that is one reason that I ask you for an adjournment. And another reason is that some opposition developed to the proposition of amending this ordinance, and we believe that most of it developed because the change was to be from Van Velsor Place to Clinton Place, instead of Parkview Terrace. The property that Dr. Ward is interested in is on the corner of Parkview Terrace, and I would request that a new advertisement be made amending this ordinance so that it extends only from Parkview Terrace to Clinton Place, and also, that it provides for the erection of apartment houses in here of five stories in height. The reason for that is that the present fifty foot height is not sufficient for a good apartment house building with an elevator. Now, we have in our possession consents of people along here running along for three-eighths of a mile, and representing 2500 feet of ownership to this change, and we believe that some of the persons who oppose this will no longer oppose it if they find that an application is made simply from Parkview Terrace to Clinton Place; therefore, I ask that a new advertisement be made running from Parkview Terrace to Clinton Place, and providing for a five-story apartment house. Across the way here are several apartment houses. Permission for six apartments across the way and six stores, and two apartments already built and another apartment going up.

Mayor Raymond: It is only fair that that should be done. The other

side of the street has apartments, and, of course, if that is done, Mr. Osborne, we will have to have the amendment made today and then advertise.

Mr. Congleton: If some one would move to amend the ordinance and say from Parkview Terrace instead of Van Velsor Place, and a fifty foot height area, then we would re-advertise the ordinance and take the matter up on the amended ordinance then—

Commissioner Brennan: Wouldn't it be better to strike out the ordaining clause?

Mr. Congleton: I haven't a new ordinance prepared.

Commissioner Brennan: I move the ordaining clause be stricken out.

Mayor Raymond: Now, then, it is moved that the ordaining clause of this ordinance be stricken out, which means that there will be no ordinance existing at all, but that a new ordinance may be prepared.

Mrs. Melinda Scott, 14 Mulford Place: I happen to be in that district where it is not going to be accepted that they are going to put an apartment house on that site, and I object to the postponement. We have had one hearing, and Dr. Ward was not here at that time. Now we have another hearing. I remember at the last hearing they asked for a postponement at that time. Now we are all here. Dr. Ward is ably prepared and aware of these objections, and he has plenty of people who can speak for him, so I rose at that time, Mr. Chairman, to object to the postponement. I want the hearing to go on.

Mayor Raymond: We would have been glad to hear you, but there were so many people around it would not have been so effective as by yourself.

Mrs. Scott: I don't know, I can generally make myself heard, Mr. Chairman.

Mayor Raymond: It has not been postponed; but you object to the postponement.

Mr. Lee Horland, 117 Parkview Terrace: Gentlemen, I am a practising attorney of the City of Newark. My father lives at 117 Parkview Terrace. We have lived there for four years. And I also represent a party at 115 Parkview Terrace, right opposite us,

and I wish to ask that the adjournment not be granted, and that there be no amendment to the ordinance, for the protection of the residents in that neighborhood. Now, Mr. Osborne has just stated that he has consents of several people of that vicinity permitting this amendment. I think it is no more than fair to you gentlemen here that if such a representation is made that the consents be shown right now. I think it is vital. I also would ask you gentlemen to note that if you ever were in that vicinity and noted the type of structures that is built around there you would unanimously decide that there will be no apartment or any apartment house on any place on Chancellor Avenue. Now, there are two apartment houses on Chancellor Avenue right, now, just opposite, between Maple Avenue and Maple Place, and they really are a hideous sight. There are one-family houses from Chancellor Avenue to Bergen Street and from Bergen Street to Van Velsor Place. Now, insofar as Dr. Ward is concerned, it is well rumored in that vicinity, and all the neighbors know, that Dr. Ward is anxious to dispose of his holdings for a price. It is also well rumored in that vicinity that these particular builders who put up these apartment houses do not consider the residents that live in the neighborhood at all, that they merely built these houses for speculation, and the structures that they do put up are far from that type of construction that beautifies the neighborhood. You can even see the two apartment houses that are up there now. They really are more or less in the nature of prisons than they are of apartments. I think the neighborhood as it is is beautiful, and that the building of apartment houses in there, at least on Chancellor Avenue, other than the two that are there now, will open up the way to a whole row of apartment houses and will merely mean that that beautiful part of Weequahic Park, that real home site of Newark, will be nothing but the upper Bronx of New York City. I think it is an utter disgrace. I have had visitors who have come down from Montreal, and they told me with pride that their own city protects its residents, and they pointed out about the new building of apartment houses along Elizabeth Avenue and vicinity as

another disgrace. I think that the City of Newark is more dignified, and is more honorable, and is more self-thoughtful as to protect residents of its own dear city in favor of large corporations. I therefore move, gentlemen of the Commission, that the adjournment be denied and that no further hearing on this particular ordinance—that there be no more hearing on this ordinance.

Mayor Raymond: Is all this property on Chancellor Avenue?

Mr. Horland: Parkview Terrace, I might add, there is a particular colony on Parkview Terrace from Lyons Avenue, clear across Kerr Avenue, that is so beautiful in its nature that it would absolutely mar its beauty, and there isn't an apartment house on Parkview Terrace, and there is no apartment house on Van Velsor Place; there is no apartment house on Mapes Avenue. Why should there be another apartment house there?

Mr. Congleton: Are there property restrictions on your property against apartments?

Mr. Horland: There are. There isn't anybody in that neighborhood, I am sorry to say, with all due deference to Mr. Osborne, that has consented to an apartment house being built. I don't think it is fair for him to come in with a letter from Dr. Ward and ask that this matter be adjourned, in view of the fact that there are every bit of fifty or sixty people down here who have taken time out of their business to come down here to object to this hearing. I do not think it is fair. He knew about it. He could have hired counsel. He put these people to the expense and time. I do not think an adjournment should be allowed. Thank you, gentlemen.

Mr. David Roskin, 115 Parkview Terrace: We have adjoining property there. This matter, gentlemen, was heard before the Zoning Board, and after strenuous objection, was refused. These people are bringing this matter before the Commission, and I personally believe not only an adjournment should not be granted, but the ordinance should be absolutely refused, and the matter be taken up through proper channels when the Legislature provides for a means of re-zoning the city, and

instead of bringing these residents of the neighborhood here continually. This is the third time I have been here and the second time I heard Dr. Ward is ill, and the same letter was produced, or statement made, at the last Zoning Board meeting, the effect of Dr. Ward's illness and an adjournment requested on that ground. I also understand from the Mayor that this ordinance is to be refused at the present time of an amendment granted.

Commissioner Gillen: The motion is to kill the ordinance altogether?

Mr. Congleton: You speak about that hearing before the Board of Adjustment.

Mr. Roskin: Yes.

Mr. Congleton: And that they denied the permit. Did you also know that they recommended to this Board of Commissioners a change of the ordinance permitting this apartment house?

Mr. Roskin: I didn't know that.

Mr. Congleton: Well, they did.

Mr. Roskin: Then what do I understand the present motion to be?

Mr. Congleton: That the ordaining clause of this present ordinance be stricken out so a new ordinance may be prepared providing for the change from Parkview Terrace west to the Irvington Line.

Commissioner Gillen: Do you object to that?

Mr. Roskin: Yes, we do object to it.

Mr. George H. Patterson, 16 Mulford Place:

Mr. Mayor Raymond: Are you opposed to it or in favor of it?

Mr. Patterson: I am opposed to this ordinance, I am opposed to adjournment on the question unless you would make the ordinance reach from Elizabeth Avenue all the way up. I would ordinance, I am opposed to adjournment of the hearing on this in that case, if that amendment is made.

Commissioner Howe: Why do you add from Elizabeth Avenue up?

Mr. Patterson: Because it spoils—well, for one reason, if you are going to run anything on Chancellor Avenue at all it should be the whole way. Why limit it to just Parkview

Terrace just to accommodate the Harrison R. Van Duyne Company?

Commissioner Howe: In other words, you want to make it worse than they suggest making it?

Mr. Patterson: I don't want apartments on the street at all.

Commissioner Howe: Neither do I.

Mr. Patterson: But if you must have apartments on the street, make it the whole distance on the street: If you must change your zone. In regard to property owners being in favor of this, I have the signatures of at least 49 property owners right around on each side of Chancellor Avenue to present to the Board if you are going to take action on this at the present time. If you adjourn it, why, we will bring it at the adjourned meeting.

Mayor Raymond: Instead of hearing all these people, what is the idea of the Board about adjourning it? There is no use of hearing these people today and then adjourning the matter and have them come down again.

Commissioner Murray: These people claim that they bought land restricted to a certain type of house to cost not less than a certain sum of money. If they did buy that land under those conditions, there is no reason why anybody who has a part of that land should be allowed to violate those conditions, I don't care where it is. If there has been a mistake in allowing them to put two or three apartment houses there, there is no reason why the mistake should be continued, and if the statement be true as given to me that many of these people bought from interests involved in the present situation, under these restricted conditions, it would be unfair to allow anybody to violate those conditions after they have spent their money, built their homes and tried to maintain a residential section.

Mr. Congleton: Commissioner Murray, may I make a statement with respect to that, because I happen to know something about this particular piece of property. It belonged to my mother-in-law's estate, and we owned from the north side of Chancellor Avenue through to the south side of Goldsmith Avenue. These people that speak about Parkview Terrace bought

from that estate I had charge of the matter. We endeavored to sell the Chancellor Avenue property with the same kind of restrictions. It was not a community plan at all; there was no map filed or any general set of restrictions. That property I could not sell to anyone with any restrictions in it, and at the time Dr. Ward bought it, which isn't very long ago, he owned next to Parkview Terrace, and he bought it at a very good price for the purpose of preventing stores from going up there, and these people, in my judgment, have reaped a very big benefit from having Dr. Ward buy that property and carry it at a time when we couldn't prevent stores, which is done, if you will ride along Chancellor Avenue and see what is there. Directly across the street are these apartments, we opposed them and the courts wanted them, and Dr. Ward bought this to prevent the very same thing, and his apartment house is not the type of apartment house, according to his booklet, that there is across the street. Now, I tried to sell that property with restrictions and couldn't do it. Dr. Ward bought it over night from me to prevent other speculators from putting up a one-story brick building for stores, and there are no property restrictions on that property at all.

Commissioner Murray: There are property restrictions on the property immediately around it?

Mr. Congleton: Not on Chancellor Avenue; on Vassar Avenue, Goldsmith Avenue and the side streets that they wanted to keep them one and two-family houses.

Mr. Roskin: I happen to know that came out of the Travis title.

Mr. Congleton: These deeds? It did not; it came out of the Jessie L. Tobin's Estate. She inherited it from Baily Van Velsor, and it has been in the family for almost a hundred years.

Mr. Roskin: The entire track was restricted.

Mr. Congleton: I beg pardon; it was not. I drew the deeds for every one of those lots.

Mr. Roskin: It is running to Dr. Ward; there is no restriction on his.

Mr. Congleton: There is no restric-

tion on any of the Chancellor Avenue frontage.

Mr. Roskin: I think there is.

Mr. Congleton: Because that was on what the development was up above, and we couldn't sell it to any one with restrictions.

Mr. Horland: I think Commissioner Murray is right. There has been a mistake made. There is no reason in the world that mistake should be furthered. All these people are down here; they all stand ready to raise their hand. I once more add it would be a travesty on the name of Justice if this thing is carried out any further.

Commissioner Howe: I have a map here, Mr. Mayor, showing that the property adjoining this now owned by Dr. Ward, is restricted until 1940.

Miss Frances Leventhal, 120 Parkview Terrace: Three years ago I bought ground which belonged to Dr. Ward, right on the corner of Parkview and Chancellor, and I built two-family house. Then there is another piece of ground next to my home. I went into Dr. Ward to buy that piece of ground so I can fix up my home more beautiful. He said, "Miss Leventhal, I will not sell it unless you guarantee me unless you never build." I said, "I am glad to do it, because I don't want to put any one-family or two-family house, I want to beautify my home". He said, "I will tell you what I will do: Fix up the ground, call it yours." I said, "No, why should I go to all the expense and call it mine when it doesn't belong to me." He said, "Well, I will help you fix it, let it beautify, and in case my mother dies I will guarantee I will move next to you; I will never build." Today they send around real estate offering me all kinds of money so I should sell my house so they can build apartments. He has got to keep 25 feet away from my house now there. Now they want to put apartment across my home after I spend all the money on it. I don't think it is fair to put an apartment right next to me now.

Mr. Jacob Horland, 117 Parkview Terrace: First I object as to the calling and changing of the ordinance in calling another ordinance. I came in here, I left my business, and I haven't got anybody there to take care of it.

I left my business, probably for the day, to come in here and sit here and listen and give my objections. Now, as I understand, we will be brought in here again, and Dr. Ward will probably send another letter in that he has been ill and don't feel well, and another ordinance will be brought on, which is not fair; it isn't fair for all of us in here. We are not wealthy people; we are people that bought these houses there with as little money as we could possibly get together, with the promise that we are going to have homes. I have spent almost every cent I could get together to get that home, and I was promised from the owner that there will be no restrictions, and the understanding is I think the Commissioners—I am a resident of the City of Newark for forty years, and I think you know and you should know that the Weequahic Section was a section there at that time opened up and poor people came in there and spent a few dollars; they went under obligations in order to have a home, and there is the congestion down town was such you couldn't live there, you couldn't bring up your family, and the only place you could find was to get out there and bring up a healthy family and healthy citizens of the City of Newark, and now look at the apartment house right across the street from me. Big apartment house. Look at them. If you ever went down there on Sunday—I generally go down on Sunday morning whenever I get over there, and look at it. It is terrible. It looks like one of these army's—I don't know what they call it—in Europe they have these big armories like that they call army quarters like, just with the bricks built away up to the skies, and everything, you know, is terrible. And the people that have these apartments at the present time don't look for this part to rent; they only want rent so they can get—they rent the rear part instead of having the front part. Now, you can picture: I have got a home there that I have spent all I could make to beautify that; that is the best I could do, and they decided to put right in front of me a building like that; no air, no sunshine, no nothing. I have spent almost everything to get a little sunshine in my home, and that is what they will do when the apartment will come up there. It

isn't fair, Commissioners. As citizens of the City of Newark we know that part of the City should, and it was designated and it was to be known to be for one or two family houses so that you can get in there and have a little sunshine. I think you would and I object very much to both. I object to the ordinance being held.

Mrs. Scott: I want to object because when we bought that property about four years ago we understood it was to be for a one-family house or two-family house, at that time we had certain restrictions, we had to put up a house of a certain price. We complied with that law. And I am objecting now to an apartment house coming around there, and it would seem to me that it is a question just now of might against right. Because here sometime ago—I remember a year ago so so, there was the question of having a bus come up Chancellor Avenue. We said no, we couldn't have a bus, because Dr. Ward objected to it coming up Chancellor Avenue. Someone else asked why another street where the curbing is all put in was not opened. Well, it would never be opened while Dr. Ward lived across the street. Now, who is this Frankenstein that we have got on Chancellor Avenue? Now, we are here and I am objecting on general principles. I put that house up in a one-family section and expected it to be so, and now in less than five years—and bought this of the people that come in and ask for this ordinance. That is what is going to happen all through Newark when the protests are so emphatic, that we are going to have it that the people's will will be thwarted? I want to object to it, and I hope the Commissioners will object to the re-zoning of this on purpose to get ahead of the people.

Mr. Henry Kohler, 126 Vassar Avenue: I object to this matter for the very reason I used to live up on Johnson Avenue and then these apartment houses came up and they drove me out, and I was thinking if I go to the end of the City I might get some peace, because there I had no peace. I couldn't open a window because they come in at two or three o'clock in the morning and they told each other what a nice time they had, and I was

trying to sleep and I went five blocks from the City Line on Vassar Avenue, and here I am just the same as before, like they are going up—there is another one going on Goldsmith Avenue, just like that story we heard all about the hand of Goliath appeared the people run away. But we try to run away there but we can not, because we are anchored there. That big apartment right across, I had a nice view from the rear of my house and it was closed off big. Now if they put up an apartment here they build within 50 feet on Johnson Avenue, and beginning a big Ambassador, and here it is only 100 feet away. If they build on Parkview Terrace and Lyons Avenue, I for my part I am looking for a David to knock out this big Goliath.

Mr. Ernest Anderson, 25 Austin Street: As for me, I am a poor colored man, I am trying to live where I can live. When I was down to see the Director on some particular business and I was kicked out of his office by the attendant. That is why I come up here. Can you gentlemen do anything to protect us people?

Mayor Raymond: Have you anything to do with this apartment business?

Mr. Anderson: Yes, I wanted to see Mr. Brennan. I went to see Director Brennan because of a personal affair between me and him. I was kicked out of his office.

Mayor Raymond: I don't think you are talking about this subject we are all talking about now.

Mr. Anderson: Is that a private affair between you and me?

Mayor Raymond: This is another matter.

Commissioner Gillen: Take the names of all opposed—

Mayor Raymond: There is a motion before the Commission to strike—

Mr. Thomas Selwyn, 116 Parkview Terrace: I simply want to say that I do not believe that Dr. Ward's personal convenience should be considered in this matter when the inconvenience of so many people who have so much at heart in this are opposed to it, and I want to put myself down on record as being opposed to the amendment as it now reads, and also as to the sug-

gested change in it. Both will be strongly opposed by the property owners in this neighborhood.

Mayor Raymond: If there is no other person who wishes to be heard, the motion before the Commission is that the ordaining clause of the present ordinance be stricken out and that the matter be laid over a week. Does the Commission wish to discuss the matter?

The roll was then called with the following result:

Ayes: Commissioners Brennan and Murray.

Nayes: Commissioner Howe.

Not voting: Commissioner Gillen and Mayor Raymond.

Commissioner Murray: There will be no ordinance then.

Mayor Raymond: Included in that motion was a motion to lay it over a week.

Commissioner Brennan: To prepare another ordinance.

Commissioner Murray: Therefore that is part of the motion. A motion to kill the ordaining clause kills the ordinance.

Commissioner Howe: What is the motion for, to kill the ordinance?

Mayor Raymond: To kill the ordinance and lay it over a week for further consideration, to lay the matter over for further consideration for a week, when a new ordinance may come in.

Commissioner Murray: A man may get a new ordinance drawn at any time; that is a separate matter.

Mayor Raymond: I suppose that isn't germane to the motion.

Commissioner Murray: If the motion is to kill the ordaining clause I will vote yes.

Mayor Raymond: That is the only motion I have got, and that is the motion I put before the Commission, and that is the motion you voted on.

Commissioner Murray: All right, then, I vote no.

Mayor Raymond: If you gentlemen don't like this, this is the time to take care of it. That is the motion Commissioner Brennan made and I put it.

The roll was then called with the following vote.

Naye: Commissioners Howe and Murray.

Commissioner Gillen: I am confused. As I understand it—

Commissioner Howe: I am opposed to the adoption of the ordinance.

Commissioner Gillen: I might make a suggestion that the Board go down there and inspect the street.

Mayor Raymond: I know the street well myself.

Commissioner Gillen: I do too, but that particular portion of it.

Mayor Raymond: I know it very well.

Commissioner Murray: We have the precedent mentioned by the Corporation Counsel, that they tried to get this before and couldn't get it, and the courts permitted—

Mayor Raymond: Does anybody know how many objectors there are here?

Mr. Lee Horland: Every bit of fifty.

Mayor Raymond: Well, Mr. Van Duyne, there are fifty or more objectors. You ask us in the face of this objection to put this ordinance through?

Mr. Osborne: We haven't met this—

Mayor Raymond: Dr. Ward's illness is unfortunate, but just the same, I do not think we can have these people lose all this time.

Mr. Osborne: Then we have got to be heard on the merits. Now, I haven't been heard on the merits of this application yet.

Mayor Raymond: Yes, you may be heard on the merits, now, I think, if that is the Commission's pleasure. I do not think the Commission wants to bring these people back again.

Mr. Osborne: Now, not on the merits of this present ordinance—

Mayor Raymond: I don't think we want to bring them back again, and that is why I wanted to make sure that the motion was put properly. There was a motion here which Commissioner Brennan made that this ordaining clause be stricken out.

Motion by Commissioner Brennan:

"I move the ordaining clause be stricken out."

Mayor Raymond: The Clerk will call the roll on that motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe: Now, what follows?

Mayor Raymond: Now the matter is in your hands. Now we haven't got anything to bother with.

Commissioner Howe: We haven't any ordinance; there isn't any ordinance, and the incident is closed.

Mr. Selwyn: What does that mean?

Commissioner Howe: It means there is no change.

Mr. Selwyn: For how long? The next thing there will be another ordinance. We are no lawyers. All I know I have got a beautiful home and I don't want an apartment put up.

Commissioner Howe: And we are trying to protect it for you.

Mayor Raymond: All these people have come down here this morning en masse and they are willing to have a hearing. Now, on this technicality we have stricken out the ordaining clause of the ordinance and there is no ordinance. If that ordinance is to come in again, how will it come through, Mr. Congleton?

Mr. Congleton: Any Commissioner can submit it.

Mayor Raymond: There is no department entrusted with that?

Mr. Congleton: No. I was going to suggest if Mr. Osborne wanted to see anybody and if he would request the introduction of another ordinance, you might go into the hearing on the merits of that now.

Mayor Raymond: If we have a new ordinance, we will have to have another hearing.

Mr. Selwyn: Well, we will be down for another hearing and we will fight again.

Mayor Raymond: You have to have a hearing on any ordinance; you cannot avoid it.

Mr Selwyn We will give up business and come down.

Mayor Raymond: If there is another ordinance you have another day here, another session. We will see whether any Commissioner has got the temerity to bring in an ordinance. There is nothing here to bother you now; you can go home and rest a while.

Miss Leventhal: I hope the next time we come down Dr. Ward isn't in California or laying in bed sick.

Mr. Osborne. The Commission understands that an application will be made?

Mayor Raymond: Yes, but I hope you don't understand that anything more will be done.

Mr. Osborne: Mr. Mayor, if the ordinance can not be introduced, or will not be introduced, then I want to be heard on the merits of this application anyway, the merits of this situation. The Commission will see that around here are 100 people. Where do they live? What property do they represent? How many live within a reasonable distance of this property? I don't know. I have 2400 feet here represented by people who are in favor.

Commissioner Howe: How many of these feet are owned by Dr. Ward?

Mr. Osborne: I think about 1200 feet.

Commissioner Howe: That is half of it.

Mr. Osborne: 1200 feet. Now, what I do want—

Mayor Raymond: What can you settle by this at all?

Mr. Osborne: I can't settle anything.

Mayor Raymond: What advantage do you gain by this argument?

Mr. Osborne: I perhaps get no benefit by it. I agree with you there.

Mayor Raymond: There is no advantage to you or anybody else by taking up this matter any further now. If you have another ordinance we will have to have a hearing and we will hear you.

Mr. Osborne: That is satisfactory to me.

Mayor Raymond. But it remains for some Commissioner to submit the ordinance, or, for that matter, you can make application by giving notice to the public that you are going to apply.

Commissioner Howe: You can't stop him, but just who is going to introduce the ordinance?

Mayor Raymond: And have a hearing in regular form, but this thing has been disposed of. These people have talked about not laying it over and we have stricken out the ordaining clause and that is where we are.

Mr. Osborne: Satisfactory to me.

Miss Leventhal: I want to thank you Commissioners for all the property owners.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended so as to include within the Business District the area described as follows:

tant 100 feet west of High Street, thence westerly along a line midway between 13th Avenue and Sterling Street to a point in the easterly side of Howard Street; thence westerly to a point in the west side of Howard Street distant 100 feet south of 13th Avenue; thence westerly along a line 100 feet south of and parallel to 13th Avenue to Boston Street; thence northerly along Boston Street to a point 100 feet north of 13th Avenue; thence easterly along a line 100 feet north of and parallel to 13th Avenue to a point 100 feet west of Howard Street; thence northerly along a line 100 feet west of and parallel to Howard Street to a point distant 100 feet south of Bank Street; thence easterly along a line 100 feet south of and parallel to Bank Street and Breintall Place to a point distant 100 feet west of High Street; thence southerly along a line 100 feet west of and parallel to High

Street to the place of BEGINNING. and that the Use District Map which accompanies said ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that December 6, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the opening and widening of Mt. Olivet Avenue at the southeasterly corner of the Road leading from McClellan Street to Mt. Olivet Avenue.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Mt. Olivet Avenue at the southeasterly corner of the road leading from McClellan Street to Mt. Olivet Avenue shall be opened and widened as a public street or highway by the addition thereto of the following described tract:

Beginning at the southeasterly corner of Mt. Olivet Avenue and the Road leading from McClellan Street to Mt. Olivet Avenue; thence along the southerly line of Mt. Olivet Avenue south 12 degrees 05½ minutes east, 26.54 feet; thence curving to the left with a radius of 12 feet, 27.50 feet to the easterly line of the road leading from McClellan Street to Mt. Olivet Avenue; thence along the same north 36 degrees 33½ minutes east, 26.54 feet to the place of beginning. Containing 153 square feet.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is also on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1272-O, dated October 17, 1927.

Saks, Markson & Company
39 Market Street
Newark, N. J.

Nov. 25, 1927

Commissioners,
City of Newark,
City Hall, Newark, N. J.

Honorable Sirs:—

We take the liberty of placing before you for your consideration the proposition of making Comes Alley a one way street and entrance thereto from Market Street and exit on Bank Street, and submit the following reasons to substantiate its necessity:

es Alley is mostly used by trucks delivering furniture.

We have seen trucks backing into Market Street endanger pedestrians crossing the alley because of the sudden appearance of the rear of the truck coming out without giving signal of its approach.

Confusion and danger is also caused to westbound traffic on Market Street by trucks backing out of the alley into that line of traffic.

The electric sign above our window has twice been broken by trucks backing out and our front window has also been damaged through that same cause.

We believe by making Comes Alley a one-way street with entrance from Market Street that the above faults will be eliminated and petition you to have this done.

We have also taken this matter up with Deputy Chief Harris' office, and was informed that they would recommend the above favorably to you.

Trusting you will give this your favorable consideration, I remain,

Sincerely yours,

Saks, Markson Company,

By ED. SAKS.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

December, 1927

Newark, N. J., December 6, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe, presided.

The minutes of meeting of November 29th were read and approved.

Commissioner Howe: Does any citizen wish to be heard?

Mr. Conrad J. Brotherly, 411 Springfield Avenue: Gentlemen, I am here representing a committee of merchants of that section of Springfield Avenue located above Belmont Avenue. I have with me Mr. Blum, Mr. Winch, Mr. Hoyer, Mr. Kenarik, Mr. Clinckinger, Mr. Marx, and Mr. Epstein. Here is a petition signed by 200 merchants and property owners of that section of Springfield Avenue.

The clerk then read the petition as follows:

The undersigned respectfully set forth:

That they are merchants and property owners of that section of Springfield Avenue which is located between

Belmont Avenue and South Twelfth Street.

That the City of Newark has recently augmented and improved the street lighting of that portion of Springfield Avenue which is located between High Street and Belmont Avenue.

That the generally recognized and congested business section of Springfield Avenue comprises all that portion which lies between High and South Twelfth Streets.

That that section which lies above Belmont Avenue attracts as high a percentage of trade and traffic as the lower portion which has been more favored with street illumination.

That the petitioning merchants and property owners are continually improving their stores and properties and have made more actual progress in this direction than is evident in the section which is being favored with better lighting.

That actual business and traffic conditions make improvement in street lighting as necessary between Belmont Avenue and South Twelfth Street as it is between Belmont Avenue and High Street and the undersigned merchants and property owners therefore

Respectfully petition you to give them equally fair and just consideration by improving the street lighting of the aforementioned section.

(Signed by 200 property owners)

Ordered referred to Mayor Raymond.

Mr. Brotherly: Now, when the street lighting was formerly improved, it included all that section between High Street and South 12th Street; there was no difference made. The progress, as a business section, of the upper end of the Avenue, that which we represent, has been perhaps more marked in recent years than the lower section. We have four flourishing department stores there, while department stores in the lower section had to go out of business; they have no department store in that section. We have made more improvements in the way of store improvements and property improvements. We certainly have as much traffic and trade, and we certainly can not understand why this more favorable consideration should be given to the merchants of a part of that whole business section.

Commissioner Howe: Mr. Brotherly, I wish to state there is no discrimination on the part of this Commission, or Mayor Raymond, in whose department this is. It is because the representatives of Springfield Avenue, that section lying between the Court House and Belmont Avenue, appeared here in a body and asked for that. Now, Mayor Raymond is absent because it was necessary for him to appear before the State Highway Commission at Trenton, otherwise he would have been here. If you will leave your petition with the City Clerk he will see that it gets in the hands of Mayor Raymond, and I am sure that every consideration will be shown you by the Mayor and the Commission. Then you will very likely hear from him and have an opportunity to bring the matter directly before him.

Commissioner Brennan: I would like to ask Mr. Brotherly, is this another Springfield Avenue organization that you represent?

Mr. Brotherly: We are really the oldest Springfield Avenue organization. We have the original association up there I don't want you gentlemen to get the impression that we have any

thought in our minds that there was any intentional discrimination on your part. It was simply because we are the merchants in that section we have presented our case—

Commissioner Brennan: Why not run it all the way to the City Line, or petition for it at this time, Mr. Brotherly?

Mr. Brotherly: Well, we hardly felt that the business conditions along the Avenue warranted that. We would like to have it, of course, if you gentlemen see your way clear to do it.

Commissioner Brennan: It is only about nine additional blocks.

Mr. Brotherly: Well, we would be glad to have that included, only we don't want to appear unreasonable in our demands.

Commissioner Howe: Leave your petition with the City Clerk.

Mr. Brotherly: Thank you, gentlemen, for your courtesy.

Commissioner Howe: Any other citizen wish to be heard?

The City Clerk presented An ordinance providing for the repaving of Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue. The area outside the headers, to be placed along the outer rails of the street railway tracks, to be paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation. The area between the headers to be paved with napped-reclipped granite block pavement on a new concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Charles Hardin: Gentlemen, I have appeared before in opposition to this and I appear again, with no new material. Petitions are on file, written objections of property owners in excess of two-thirds of the frontage along the street, and the frontage is in as good condition as it was when this ordinance last came up, and it has been for many, many years. Parallel streets are paved and accommodate through traffic. The street is mainly residential, and the property owners do

not need and do not want the improvement of that street; as a local improvement, certainly. Mayor Raymond said he was going to have that street improved, the last time I was here.

Commissioner Gillen: I move it be laid over to January 24th, 1928.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance providing for the vacation of Poinier Street from Avenue B easterly about 550 feet, and stated today was the time fixed for hearing on the same.

Commissioner Brennan moved taht the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance to license and regulate carriers in and about Farmers Market, and stated that today was the time fived for hearing on the same.

Commissioner Gillen: Mr. Myers isn't prepared with his new ordinance. I move it be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Michael Breitkopf: I was wondering whether that couldn't be laid over for a longer period of time, Mr. Gillen. Any objection?

Commissioner Gillen: It could be laid over for a hundred years, if you want it laid over that long.

Mr. Breitkopf: I don't want it laid over at all. In view of the fact it is being laid over, I don't want to be running down every week.

The City Clerk presented An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and

bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that following ordinance be taken up on second reading:

Second District Court
December 5, 1927.

The Commissioners of
The City of Newark,
City Hall, Newark, N. J.

Dear Sirs:—

A very unfortunate occurrence has taken place, due to the congestion here in the Second District Court. Our records, because of lack of room therefor, must be kept in an unlocked condition in the room that is used for Constables, Sergeant-at-Arms, Jury, witnesses, and, incidentally, lavatory. Somehow or other, a most important document, a part of the records, has disappeared from the files. Such a loss could not have occurred had the Clerk sufficient room for his records.

If I could only impress on your body the increase in Court work in the past ten years and the absolute necessity for more room.

Respectfully yours,

LOUIS R. FREUND,
Judge.

Introduced by Commissioner
Kenworthy.

BE IT RESOLVED by the Board of Commissioners of the Town of Belleville, in the County of Essex, N. J., as follows:

THAT WHEREAS, the State Highway Commission in the Development of the State Highway System laid out Route No. 21, which passes through the Town of Belleville but which only

includes that portion of Main Street between Mill Street and Rutgers Street; and

WHEREAS, the Board of Commissioners of the Town of Belleville deems it most advisable that the said route and highway be continued along said Main Street North from Rutgers Street to the Nutley Town Line, thereby making accessible to said highway all municipalities to the North of Belleville, including Nutley, Passaic and Paterson;

THEREFORE BE IT RESOLVED, that the Board of Commissioners of the Town of Belleville, does hereby petition the said State Highway Commission to reconsider the layout of route No. 21, so as to continue along Main Street in its entire length, through the Town of Belleville, as aforesaid; and

BE IT FURTHER RESOLVED, that a certified copy herewith be forwarded to the said State Highway Commission. Adopted November 29, 1927.

The Board of Commissioner of the City of Newark, Do Ordain:

Section 1. That Wilson Avenue from Ferry Street to London Street shall be repaved. The area outside of the headers to be placed along the outer

rails of the street railway tracks to be paved with asphalt pavement (1½" top-1½") binder on a new six (6) inch concrete foundation and the area between the headers to be paved with granite block pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 9th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement in proportion to the benefits received under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$119,600.00

is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$119,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the resolution
was declared adopted by the following
votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Murray: Mr. Samuel
B. Lesser represents a theatrical en-
terprise, and he would like the priv-
ilege of addressing the Commission
for a moment or two.

Mr. Lesser: I would like to take a
few moments of your valuable time.
I represent a very cultural group of
people in town who are endeavoring
to do what Commissioner Murray ade-
quately called "refined pleasurable
activities of the City of Newark."
They are known as the Newark Thea-
tre Guild, and some of you may have
heard of a Newark Theatre Guild who
did some work in this town, but I want
to allay the fears of the people. This
Newark Theatre Guild that we repre-
sent has done several very good
things in the city. They produced
plays for about eight years and did
everything that was classic. We are
endorsed by a great many people. I
think we will cater to a very excellent
group and do for the city what some
of our pleasures need; refinement;
treat them with a cultural aspect and
from an outlook toward leaving the
pleasures that people might take from
the theatre. We are going to produce
four plays this season; the first play
is the one by Walter Caponsachi,
which Walter Hampden produced in
New York, and the production will be
given on the 11th of January.

My purpose in being here today is
to receive from this Commission, if
we can, a public endorsement of the
work as a civic enterprise, so that the
city will realize that we have the good
friendship and good fellowship of the
group of people who are directing the
activities of the city. I would also like
to invite the members of the Commis-
sion to act as an Honor Board of
Trustees for that organization.

I would also like to extend an invi-

ation of the Commission to attend the first performance of that production to see whether the effort is worth while, and whether they would go further toward the endorsement of that activity.

Commissioner Murray: I move that the Board go on record as endorsing the activities of the Newark Theatre Guild.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Section 1. That Colden Street from Warren Street to Sussex Avenue shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be dis-

turbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or re-setting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 16th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$34,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meetings said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$34,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement

commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that January 10th, 1927, at 11 A. M. or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The Clerk then read the ordinance as follows:

An ordinance to provide for the opening and widening of Poinier Street from Broad Street to Frelinghuysen Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Poinier Street from Broad Street to Frelinghuysen Avenue shall be opened and widened as a public street or highway by the addition thereto of the three following described parts:

Part No. 1. A strip on the northerly side thereof: Beginning at the northwest corner of Broad Street and Poinier Street; thence along the westerly line of Broad Street north $24^{\circ} 20'$ east 75 feet; thence curving to the right with a radius of 74.98 feet 117.80 feet to a point in the northerly line of Poinier Street; thence along the same south $65^{\circ} 39'$ east 75 feet to the place of Beginning.

Part No. 2. On the southerly side thereof: Being a strip 30 feet in width included between the present southerly line of Poinier Street and a line parallel with and distant 90 feet measured at right angles from the present northerly line of Poinier Street and extending from Broad Street (formerly Essex and Middlesex Turnpike) to Pennsylvania Avenue.

Part No. 3. On the southerly side thereof: Beginning at the southwest corner of Poinier Street and Pennsylvania Avenue; thence along the southerly line of Poinier Street north $65^{\circ} 39'$ west 400 feet to the south-east corner of Poinier Street and Frelinghuysen Avenue; thence along the easterly line of Frelinghuysen Avenue south $24^{\circ} 21'$ west 75 feet; thence curving to the right with a radius of 45 feet 70.69 feet to a point distant 30 feet measured at right angles from the present southerly line of Poinier Street; thence south $65^{\circ} 39'$ east 355 feet to the westerly line of Pennsylvania Avenue; thence along the same north $24^{\circ} 21'$ east 30 feet to the place of Beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1270-0, dated August 16, 1927; under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits re-

ceived and in no case shall any assessments for said improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$300,000 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement temporary bonds or notes shall be issued from time to time in an amount not to exceed \$300,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized, to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Newark, N J, December 27, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Murray, Mayor Raymond.

Absent: Commissioners Gillen and Howe.

The minutes of meeting of December 20th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until January 24th, 1928.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Murray, Mayor Raymond.

The City Clerk presented An ordinance providing for the vacation of a triangular strip on the westerly side of Avenue "P" described as follows: Beginning at a point in the westerly line of Avenue "P" distant southerly 536.72 feet from the southwesterly corner of Avenue "P" and Allegheny Avenue: thence running along the westerly line of Avenue "P" south 17° 58' west 215.93 feet to a point in the division line between lands of the Central Railroad of New Jersey and the Amalgamated Dyestuff and Chemical Company; thence along said division line south 63° 49' east 10.12 feet to the westerly line of Avenue "P" as the same is laid out by the City of Newark Ordinance of November 12, 1924; thence north 15° 19' 40" east in the extension of the last mentioned line of Avenue "P" 217.61 feet to the place of Beginning, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until January 24th, 1928.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Murray, Mayor Raymond.

The following petition was received and read:

To the Honorable Board of City Commissioners,
City Hall, Newark, N. J.:

We, the following property owners and business people of Clinton Avenue, between Broad Street and Elizabeth Avenue, beg to call your attention to the deplorable lighting facilities on that thoroughfare. Property values and assessments have undergone numerous increases during the past two years. Traffic is heavier here than any other thoroughfare in the city, being fed by Broad Street, Washington Street, Elizabeth Avenue and adjacent streets and yet, as compared with other main arteries, the avenue is very poorly lighted.

We, therefore, respectfully petition your Honorable Body to improve the street lighting so that it might be continuous with that on Broad Street and properly safeguard the pedestrian and vehicular traffic on this thoroughfare.

(Signed by Fifty Property Owners.)

Ordered referred to Mayor Raymond.

Dr. Joseph Kussy, 82 Clinton Avenue: Gentlemen: We men are a committee representing the property owners on Clinton Avenue between Broad Street and Elizabeth Avenue, and we want to call your attention respectfully to the deplorable lighting conditions that exist there.

Mayor Raymond: Deplorable?

Dr. Kussy: Deplorable, under the circumstances. We probably have the heaviest traffic of any street in the city comparable with its size, and recently there have been four deaths that I have personal knowledge of, that occurred at night.

Mayor Raymond: Where is this?

Dr. Kussy: On Clinton Avenue between Broad Street and Elizabeth Avenue. We call attention to the fact that that street is fed by Broad Street, Washington Street, High Street, Elizabeth Avenue, and the adjoining streets, and lighting conditions are very, very poor. We believe it ought to be made continuous with Broad

Street, or else the duplex system installed, and I respectfully submit this petition.

Mayor Raymond: I will take the matter up right away with my department and see what can be done about it. Any other citizen wish to be heard? If not, the Clerk will proceed with the resolutions.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance providing for the opening of Mt. Vernon Place 60 feet in width from its present westerly terminus at Norman Road northwesterly to the Newark-Maplewood boundary line.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Mt. Vernon Place 60 feet in width from its present westerly terminus at Norman Road northwesterly to the Newark-Maplewood boundary line shall be opened as a public street or highway, as follows:

Beginning at a point in the westerly line of Norman Road distant 460.20 feet measured on a course south 31° 40' west along the westerly line of Norman Road from the southwesterly corner of Norman Road and Ivy Street; thence north 58° 20' west in straight continuation of the northerly line of Mt. Vernon Place, being partly along the proposed division line between property of the City of Newark and Essex County Park Commission, 1208.25 feet; thence still along said division line, curving to the right with a radius of 430 feet, 197.50 feet; thence still along said division line north 32° 01' west 561.81 feet to the Newark-Maplewood boundary line, the above described line to be the northeasterly line of a street 60 feet in width.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated at No. 1265-O, dated July 6, 1927.

Under and by virtue of the provision of an act entitled "An Act Con-

cerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, and in no case shall any assessment for said improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$23,000.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$23,000.00, under and by virtue of the provisions of an act entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Murray, Mayor Raymond.

Commissioner Brennan moved that January 17th, 1928, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting

room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance follows:

An ordinance changing and establishing the width of the sidewalks of Norfolk Street from Orange Street to South Orange Avenue and requiring the removal of obstructions, projections, or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of Norfolk Street, from Orange Street to South Orange Avenue, is hereby changed and established as follows:

On the easterly side thereof from Orange Street to South Orange Avenue 10½ feet;

On the westerly side thereof from Orange Street to the southerly line of lot, No. 25, block 224 of the Newark City Tax Map (about 100 feet north of the northerly line of South Orange Avenue) 10½ feet; from the southerly line of lot No. 25, block 224 of the Newark City Tax Map to South Orange Avenue, ranging from 10½ feet at the southerly line of lot No. 25, block 224 of the Newark City Tax Map and 35.85 feet immediately south of said property line to 15 feet at the northwesterly corner of South Orange Avenue and Norfolk Street.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting

thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate or cause to be taken out, removed and abated any vault, platform, area, sign or any post or erection, or any projection or otherwise in, over and upon said Norfolk Street between the limits herein stated, contrary to the provisions of this ordinance, and the expense thereof shall be recoverable of the owner or owners of the premises abutting thereon.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of all that part of Clinton Avenue lying south of a line parallel to and distant 80 feet measured southerly at right angles to the northerly line of Clinton Avenue, and extending from the easterly line of Clinton Place easterly 180 feet more or less to the point where the old line of Clinton

Avenue meets the above described parallel line.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That all that part of Clinton Avenue lying south of a line parallel to and distant 80 feet measured southerly at right angles to the northerly line of Clinton Avenue, and extending from the easterly line of Clinton Place easterly 180 feet more or less to the point where the old line of Clinton Avenue meets the above described parallel line, as shown on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1372-V, dated December 5th, 1927, shall be vacated as a public street or highway; under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas. Commissioners Brennan, Murray, Mayor Raymond.

J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas. Commissioners Brennan, Murray, Mayor Raymond.

Commissioner Murray introduced

he following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving and resurfacing of Pacific Street including the street railway track area from Elm Street to South Street with asphalt pavement (1½" top-1½" binder) on the old base built up with concrete or on a new six (6) inch concrete base, as directed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Pacific Street including the street railway track area from Elm Street to South shall be repaved or resurfaced with asphalt pavement (1½ top-1½" binder) on the old base built up with concrete or on a new six (6) inch concrete base, as directed, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 22, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department

of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$125,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$125,100.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes, shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The following communications were received and read:

Alexander Potter, C. E.,
Consulting Engineer
50 Church Street

New York City, December 23, 1927.

Mr. Wm. J. Egan, City Clerk,
City of Newark,
Newark, N. J.

Dear Mr. Egan:

I have been requested to advise you of the amount of appropriation required from the City of Newark in connection with the construction of the Supplementary Joint Trunk Sewer during 1928.

In my judgment, the amounts will be as given below. Will you kindly bring these figures to the attention of the proper authorities:

Section 1,	\$ 44,000.
Section 2,	33,000.
Section 5,	110,000.
Sewage Treatment Plant	47,000.
Total	\$234,000.

The above figures are based upon the estimated cost of the work which I anticipate will probably be done in 1928. The apportionment of the total cost for each section to the various municipalities is in accordance with the terms of the contract between them relating to the Supplementary Joint Trunk Sewer.

Very truly yours,

Office of Alexander Potter.

FOR CERTAIN MUNICIPALITIES
IN ESSEX AND UNION COUNTIES.

Office of the Secretary,
City Hall,

Newark, N. J., December 23, 1927.

Dear Sir:

Referring to the resolution passed by the Joint Meeting on December 8th, 1927, a copy of which we mailed you, it has developed that an error was made in the estimated cost of maintaining the Joint Outlet Sewer for the year 1928, and it is probable that a meeting will be held on January 5th, at which this estimated cost will be increased from \$7,000. to \$8,400.00.

Very truly yours,

E. S. Rankin,
Secretary.
